**To:** FSIS RegulationsComments  
**Subject:** Federal Register: July 5, 2006 (Volume 71, Number 128)

We have completed several studies that may be applicable to the following request. Most of them are in press, but I have attached one published article for your review. Let me know if you would like our in press/unpublished manuscripts, or raw data...

Thanks, Laura

[Docket No. FSIS-2006-0008] Retail and Home Food Handling and Preparation Behaviors That May Lead to Cross-Contamination by Bacterial Pathogens of Foods That Are Not Likely To Undergo Cooking or Additional Cooking  
AGENCY: Food Safety and Inspection Service, USDA.
