Dear Sir or Madame!

I am writing this letter to urge you NOT to allow downed animals to be slaughtered. Animals (All animals) too sick to walk can easily transmit their illness to the food supply putting citizens at risk. Further it is inexcusably cruel to allow the animals to become this debilitated & worse yet to keep them alive & suffering solely for a profit.

Please do not allow Agri business to victimize both the animals & the American public. Do not allow any downed animal - cattle, pigs, sheep, goats or poultry to be slaughtered.

Thank you.
