

DATA FORM
IVERMECTIN CORN TREATMENT

Lot Number: _____ Date Treated: _____

Location of Treatment: _____ Who Treated: _____

Total Pounds (lbs) of Corn treated: _____ Total Liters (L) of Ivermectin used: _____

Date Samples Sent: _____ Requested by: _____

Lot numbers consist of the date followed by either “**DR**” for Del Rio, “**L**” for Laredo or “**S**” for Starr County

Example – February 10th, 2007 in Laredo would be Lot Number “**2/10/07-L**”

Corn samples should only be sent in from the places where it is mixed. One sample should be taken near the beginning of treatment and another sample should be taken near the end of treatment for the lot, not to exceed 2 samples per day. **Each sample should be submitted in the Whirlpak bags supplied by NVSL and labeled with the Lot Number and either “A” for the beginning or “B” for the end samples.**

Place the 2 labeled samples in the large ziploc bag, seal it and place it in the shipping box. Fill out a Data Form and the highlighted areas of the NVSL submission form. Place forms in the shipping box. Send to:
