Alexander, Vitter Announce Grant Funding for Mansura

(Washington D.C.) – U.S. Rep. Rodney Alexander and U.S. Sen. David Vitter announced today that Mansura will receive a USDA Rural Development grant totaling \$150,690.

The funding will be used to construct and renovate community sidewalks. The project will be the first phase of Mansura’s downtown revitalization program. As a result of the project, access to as many as 15 businesses will be improved.

“This project will enhance the appearance of the community, which I think will inspire the residents of Mansura to spend more time out enjoying their community,” Alexander said.

“These renovations in the downtown area will provide improved access for customers to local businesses, boosting the local economy and marking an important first step in restoring vibrancy to the community,” said Vitter.
