

“Where Am I?” -- :60

SFX: Soundscape: city street, light traffic/activity

ANNCR: WELL, THERE’S ANOTHER BANK GOING IN, RIGHT NEXT TO
THE NEW BOOKSTORE, AND THERE DOWN THE STREET,
THEY’RE STARTING WORK ON A NEW OFFICE PARK.

HEARD TELL, WE’RE GETTING ANOTHER SOFTWARE
COMPANY THAT’S LOOKING AT BUILDING A CAMPUS AT THE
EDGE OF TOWN. WITH ALL THE COMPUTERS THEY HAVE AT
THE SCHOOL, SEEMS LIKE EVERY GRADUATE IS SOME KIND
OF ENGINEER.

IT MAY SOUND LIKE SILICON VALLEY, BUT THIS IS OUR
TOWN.

IT’S BEEN LIKE THIS FOR A WHILE NOW – NEW BUSINESSES
CROPPING UP ALL OVER TOWN, JOB LISTINGS IN THE
PAPER, AND NEW FACES ON THE STREET. ALL THANKS TO
USDA RURAL DEVELOPMENT.

THEY GOT US THE RESOURCES AND INFORMATION TO PUT
OUR TOWN ON THE MAP – UPDATED UTILITIES,
GUARANTEED LOANS FOR BUSINESSES AND FUNDS FOR
NEW HOUSING, EVEN HIGH-SPEED INTERNET ACCESS. AND
ALL IT TOOK WAS A CALL.
