Amendment in the Nature of a Substitute to HR 6849
September 18, 2008

Section 1(a) suspends, for the 2008 and 2009 crop years, the farm bill provision that prohibits receipt of direct payments, counter-cyclical payments, or average crop revenue election payments when the sum of the base acres of a farm is 10 acres or less.

Section 1(b) provides an offset of \$20 million by reducing funds available under section 515(k)(1) of the Federal Crop Insurance Act for Federal Crop Insurance Corporation information management systems upgrades.
