

Storage Project Currently in Pre-Filing

This page shows natural gas storage projects that are currently in the pre-filing process. The purpose of the Pre-Filing Process is to encourage the early involvement of interested stakeholders, facilitate interagency cooperation, and identify and resolve issues before an application is filed with FERC

Specific information about any of these projects can be obtained on the web at www.ferc.gov using the “eLibrary” link. Enter the appropriate date range and docket number in the appropriate field and click “submit” to browse the official record for each case. For assistance, contact FERC at FERCOnlineSupport@ferc.gov or call toll-free (866) 208-3676 or TYY, (202) 502-8659.

For more information on the pre-filing process see the following web page:
www.ferc.gov/industries/gas/indus-act/pre-filing.asp

For questions or suggestions for how this page can be improved, please contact Cyrus Zarraby at cyrus.zarraby@ferc.gov or call (202)502-8218.
