Office of Ethics – Science Ethics Branch (OE-SEB)

PART I: INSTRUCTIONS

In accordance with the Ethics in Government Act of 1978, you are required to complete and submit this certification **within 30 days of your designation** as an Agency Representative on any contract or extramural agreement. Employees serving as Agency Representative on a Cooperative Research and Development Agreement (CRADA) must complete this certification prior to the effective date of the CRADA. Agency Representatives may also be required to submit OGE Form 450, Confidential Financial Disclosure Report, should the permanently assigned duties and responsibilities of the employee's position meet financial disclosure criteria. The OE-SEB will notify you if a financial disclosure report is required. **Failure to complete this certification as required will preclude you from serving as an Agency Representative. Carefully review and consider all statements before signing this document.**

This certification is effective based on your signature date and extends through the ending date of the specific agreement. If recertification is required based on the length of the agreement, you will be contacted by the OE-SEB. You are required to notify your supervisor, Area Ethics Advisor and the OE-SEB, should a change occur in your financial interests or outside activities which may affect this original certification. Your duties as an Agency Representative subject you to USDA Supplemental regulations which require that you seek prior approval for outside activities.

Print this form and review all statements. Sign, date, and mail this original certification to:

USDA Office of Ethics - Science Ethics Branch
