100.1 - Claims Related to an HH PPS Episode

110 - Crosswalk to CWF Documentation

10 - General Information About the Common Working File (CWF) System

(Rev. 1, 10-01-03)

A3-3800, B3-6000

The Common Working File (CWF) is comprised of nine localized databases called Hosts. Hosts maintain total beneficiary claim history and entitlement information for the beneficiaries in their jurisdiction. Each jurisdiction is a network of intermediaries and carriers (Satellites) located in a defined geographic area (sector). Each Satellite within the sector is linked to its Host via telecommunications. The Satellites transmit daily files with claims ready for payment to the Host. The Host returns approvals, rejects, or adjustments and informational trailers daily.

Each beneficiary is assigned to only one Host site. Beneficiaries are assigned to a Host site based on where the beneficiary signs up for their Social Security Administration (SSA) benefits. For example, if a beneficiary signs up for their SSA benefits in Dallas, Texas, the Southwest Host will get the beneficiary. The information the Host site maintains for its beneficiaries is called a CWF Master Record. This record contains complete entitlement, utilization, history, Medicare Secondary Payer (MSP), and Health Maintenance Organization (HMO) data. All Part A and B claims for a beneficiary are processed against this single file prior to claims payment. The record is updated daily with data from adjusted and approved claims.

When a Satellite receives a claim, it processes the claim to the point of payment or denial, using data from its own files and the data on the claim. Prior to payment, the claim is transmitted to the Host site. The Host uses the CWF files to determine the beneficiary's most recent utilization and entitlement status and uses that information to decide whether the claim should be approved for payment. The Host determines whether to accept the claim as submitted, accept the claim with adjustments, or reject the claim for corrective action by the Satellite.

Each Host site is responsible for processing those claims submitted for beneficiaries on its database. These claims are processed through a shared software system supplied to each Host by the CWF Maintenance Contractor (CWFM). Each change made to the CWF software is released to all Host sites in a uniform manner. This software performs consistency and utilization editing on claims for corrective action by the Satellite.

20 - Communication Between Host and Satellite Sites

(Rev. 1, 10-01-03)

A3-3800, B3-6001, B3-6003

The local CWF database for each sector resides at a Host. Each Satellite within the sector is linked to its Host's database. Communication between them is electronic, with claims ready for payment or denial communicated to the Host, and adjustments,

approvals, rejects, and informational trailers returned from the Host via a daily process. The Satellite usually initiates this process. On occasion, the CWF Host will initiate an "unsolicited response" to the Satellite as a result of a new claims action that affects a previously processed claim action.

Each file the Satellite transmits is preceded by a header record and followed by a trailer record. These records indicate the beginning and end of each file. Complete documentation including record formats, can be reviewed and downloaded at the <http://cms.csc.com/cwf>.

Claims are processed by CWF in the same order that they are received, regardless of the dates on which expenses were incurred. This first-in-first-out method of processing requests for payment facilitates prompt handling of claims.

20.1 - Records the Satellites Transmit to Their Host

(Rev. 1, 10-01-03)

A3-3800.1, B3-6004

20.1.1 - Medicare Secondary Payer (MSP) Maintenance Transaction Record/Fiscal Intermediary (FI) and Carrier MSP Auxiliary File Update Responsibility

(Rev. 1, 10-01-03)

A3-3800.1, B3-6004.2, AB-00-74, AB-02-107

See Chapter 6 of the MSP Manual.

20.1.2 - Claim Records

(Rev. 1, 10-01-03)

A3-3800.1, B3-6004.1

The CWF Claim Record is a record of a claim that the Satellite has processed and is ready for payment or denial. It is submitted in daily files to the Host for approval. The Host clears the claim record through regular CWF consistency edits, MSP consistency edits, regular CWF utilization edits and then MSP utilization edits, in that order, and makes its approval, adjustment or rejection determination. The final determination is returned on a Basic Reply Record. (See §20.2.1.) Claim records can be of the following types:

Part B (Carrier) Claim Record

Carrier bills are input on the HUBC record. Refer to CWF Systems Documentation (<http://cms.csc.com/cwf/downloads/docs/pdfs/copyxtnl.pdf>), Record Name: CWF Part B Claim, for the complete record layout and field descriptions.

DMEPOS Claim Record: DMEPOS bills are input on the HUDC record. Refer to CWF Systems Documentation (<http://cms.csc.com/cwf/downloads/docs/pdfs/copyxtnl.pdf>), Record Name: CWF Part B and DMEPOS Claim, for the complete record layout and field descriptions.

Inpatient/Skilled Nursing Facility Claim Record: Inpatient hospital and SNF bills are input on the HUIP record. (See <http://cms.csc.com/cwf/downloads/docs/pdfs/copyxtnl.pdf> for the record format.)

Outpatient Claim Record: Outpatient bills are input on the HUOP record. (See <http://cms.csc.com/cwf/downloads/docs/pdfs/copyxtnl.pdf> for the record format.)

Home Health Claim Record: Home health bills are input on the HUUH record. (See <http://cms.csc.com/cwf/downloads/docs/pdfs/copyxtnl.pdf> for the record format.)

Hospice Claim Record: Hospice bills on the HUHC record. (See <http://cms.csc.com/cwf/downloads/docs/pdfs/copyxtnl.pdf> for the record format.)

20.1.3 - Hospice Notice of Election

(Rev. 1, 10-01-03)

A3-3800.1

Hospice Notices of Election are input on the HUHC record (Type of Bill 81A, 81B, 81C, 81D, 82A, 82B, 82C, or 82D). See <http://cms.csc.com/cwf> for the record format. Regional Home Health Intermediaries (RHHIs) use the HUHC record described in <http://cms.csc.com/cwf> for subsequent hospice bills.

20.1.4 - Adjustments to Posted Claims

(Rev. 1, 10-01-03)

A3-3800.1, B3-6004.3

Two actions can be taken on a claim that is already posted to CWF history. These actions are the same whether submitted by a carrier or an FI; however, the codes used are different:

- **Void** - Use a void to cancel original data on the beneficiary database and totally remove the dollar amounts. To void a posted claim, send the claim with the original document control number and a "Full Credit" code (Entry Code 3 for carriers and Action Code 4 for FIs).

- **Change** - Send a full claim with a "Replacement Debit" code (Entry Code 5 for carriers and Action Code 3 for FIs) and the original document control number to make a change to a posted claim. This code is used to change most claims information. The old claim information will be backed out and replaced with the new claim information. The CWF will keep a record of the old claim so that any investigation of the actions taken on the claim will include the fact that there was a replacement action taken.

20.1.5 - Form CMS-382, ESRD Beneficiary Selection

(Rev. 1, 10-01-03)

A3-3644.4

Each Medicare home dialysis beneficiary chooses the method by which Medicare pays for his/her dialysis services. To do this, the beneficiary completes the Beneficiary selection Form CMS-382 and the facility forwards the form to its intermediary. See Chapter 8, §70.1 for information about the ESRD Method Selection process.

20.2 - Records the Host Transmits to its Satellites

(Rev. 1, 10-01-03)

A3-3800.2, B3-6005

20.2.1 - Basic Reply Record

(Rev. 1, 10-01-03)

A3-3800.2, B3-6005.1

When the Host receives each claim or adjustment, it searches the Beneficiary File to find the Beneficiary Record. If the Beneficiary Record is found, the record is processed and a reply record is transmitted to the Satellite. See §20.2.2, for an explanation of the procedure if the Beneficiary Record is not found ("Not in File.")The record type returned by CWF is dictated by the claim record type as follows:

- **Part B/Carrier Basic Reply Record** - Reply record for each CWF Part B/carrier bill (HUBC) processed. Refer to CWF Systems Documentation, Record Name: CWF Part B Basic Reply Record (<http://cms.csc.com/cwf/downloads/docs/pdfs/copyxtnl.pdf>), for the complete record layout and field descriptions.
- **DMEPOS Basic Reply Record** - Reply record for each CWF DMEPOS bill (HUDC) processed. Refer to CWF Systems Documentation, Record Name: CWF DMEPOS Claim Response Record (<http://cms.csc.com/cwf/downloads/docs/pdfs/copyxtnl.pdf>), for the complete record layout and field descriptions.

- **Inpatient/SNF Bill Basic Reply Record** - Reply record for each Inpatient/SNF bill (HUIP) processed. Refer to CWF Systems Documentation, Record Name: CWF Inpatient/SNF Bill Basic Reply Record (<http://cms.csc.com/cwf/downloads/docs/pdfs/copyxtnl.pdf>), for the complete record layout and field descriptions.
- **Outpatient/Home Health/Inpatient Part B Bill Basic Reply Record** - Reply record for each Outpatient/Home Health/Inpatient Part B bill (HUOP and HUUH) processed. Refer to CWF Systems Documentation, Record Name: CWF Outpatient/Home Health/Inpatient Part B Bill Basic Reply Record (<http://cms.csc.com/cwf/downloads/docs/pdfs/copyxtnl.pdf>), for the complete record layout and field descriptions.
- **NOE/Hospice Bill Basic Reply Record** - Reply record for each Hospice Notice of Election and all subsequent Hospice bills (HUHC) processed. Refer to CWF Systems Documentation, Record Name: CWF NOE/Hospice Bill Basic Reply Record (<http://cms.csc.com/cwf/downloads/docs/pdfs/copyxtnl.pdf>), for the complete record layout and field descriptions.

Each reply record will contain a disposition code in field 11 that indicates the action taken on the bill by the Host and what action the Satellite should take next.

The following is a list of actions that CWF may take on a claim record. Disposition codes, cross-reference/alpha search/NIF situations, their associated trailers, and bill recycling instructions are also included:

20.2.1.1 - Accepted (as is) for Payment

(Rev. 1, 10-01-03)

The claim record is posted to CWF history as submitted to the Host. The Satellite pays the claim accordingly.

- Disposition code 01.
- **Basic Reply Trailers** - These are informational trailers that contain entitlement, utilization, MSP, or other information, as appropriate, and are returned with the Reply. They give the Satellite the most recent information available about the beneficiary's claim history and other important data. Satellites must use this information to update their own data to improve the accuracy of future claims processing.
- **Return Alerts** - These are sent to the Satellite when CWF believes that there is a potential problem or error in the claim. The presence of an alert indicates that the Satellite should examine the information and make adjustments if necessary.

20.2.1.2 - Adjusted and Then Accepted for Payment

(Rev. 1, 10-01-03)

The deductible and/or payment limitations field(s) on the claim record were in error and CWF recalculated the field(s). The Host posts the record to CWF after these corrections are made. The Satellite must make the same adjustments to its files using information from basic reply Trailers 07 and 11 and pay the claim accordingly. Satellites must not resubmit the claim to CWF.

- Disposition code 02
- Basic Reply Trailers (07 and 11)
- A/B Crossover Alerts

20.2.1.3 - Cancel/Void Claim Accepted

(Rev. 1, 10-01-03)

This action cancels or voids a previously processed claim posted to CWF History. All utilization and deductibles associated with the claim are backed out. The Satellite receives a disposition code informing it that the cancel/void action was accepted.

- Disposition code 03
- Basic Reply Trailers

20.2.1.4 - Rejected

(Rev. 1, 10-01-03)

The claim record contains errors that prevent CWF from posting the claim to history. The claim is returned to the Satellite with codes explaining the errors. The Satellite must correct the CWF Claim Record and resubmit it.

- **Disposition Code ER, UR, CR, or RT, as Appropriate** - There will never be a combination of ER, UR, CR, and RT error codes on the same reply.
- **Consistency Error Codes (ER)** - Consistency edits examine the information on the claim itself. The consistency error codes indicate the errors in consistency found on the claim. These codes are returned on Basic Reply Trailer 08 and can contain up to four consistency error codes. Refer to CWF Systems Documentation, <http://cms.csc.com/cwf/downloads/docs/pdfs/editcons.pdf>, for a detailed description of these error codes.
- **Utilization Error Codes (UR)** - Utilization edits compare the information on the CWF Claim Record with the information found on the CWF Beneficiary Master

Record. The utilization error codes indicate discrepancies between the CWF Claim Record and the CWF Beneficiary Master Record. Since the CWF Beneficiary Master Record is presumed to be correct, these codes inform the Satellite what corrections it must make. The code is returned on basic reply Trailer 08 and contains only one utilization error code. Refer to CWF Systems Documentation, <http://cms.csc.com/cwf/downloads/docs/pdfs/editutil.pdf>, for a detailed description of these error codes.

- **A/B Crossover Edits (CR)** - When the Host receives a Part A bill, CWF automatically checks the information in the record against the beneficiary's history files for both Part A and Part B utilization. If there is a conflict (or "crossover") of services, CWF will generate an A/B Crossover error code. These are returned on the reply Trailer 13 and will contain only one A/B crossover error code. Refer to CWF Systems Documentation, <http://cms.csc.com/cwf/downloads/docs/pdfs/desclv3b.pdf>, for a description of these error codes.

Refer to CWF Systems Documentation, <http://cms.csc.com/cwf/downloads/docs/pdfs/editutil.pdf>, for detailed descriptions and resolutions of these error codes.

20.2.2 - Not in Host's File (NIF)

(Rev. 1, 10-01-03)

A3-3800.2, B3-6005.2

When the Host receives a claim record from a Satellite, it first searches its beneficiary and cross reference files. If it does not find the beneficiary's record in either place, it searches the Transfer Not in File (TNIF) file. If the record is not found there, the Host puts a response on the reply record in the form of a disposition code 50 or 52, indicating that the Beneficiary Record for which the Satellite submitted a claim record is not located at the Satellite's Host.

The TNIF file contains a record of every beneficiary for whom the Host has received a claim, and whose records are located at another Host. It shows at which Host the beneficiary file resides. If the Beneficiary Record is located at another Host, the original Host checks the out-of-service area response file to see if the claim record response is already waiting there. If there is not a response waiting, the claim is sent to the proper Host for processing. If there is a response, the Host gives that information to the Satellite.

There are many disposition codes that are returned to the Satellite for various NIF situations. Following is a list of codes and actions the Satellite takes in response to each disposition code.

20.2.2.1 - Disposition Code 50 (Not in File)

(Rev. 1, 10-01-03)

Disposition code 50 can come with any of the following seven error codes:

1. With Error Code 5052 - Beneficiary Identification Incorrect - The name and/or claim number shown on the bill is incorrect or claim number is not in file. If the TNIF file does not indicate another Host, the beneficiary's records may not have been assigned to a Host and are still resident at CMS or they were assigned to another Host site and the TNIF File was not updated. When the Host is not sure which is the case, it gives disposition code 50 and Trailer 08 with error code 5052 on the reply to the Satellite. Carriers and FIs verify through inquiry to the Host that the HICN is correct on the bill. If the bill is correct, and the Host HIMR agrees with the reject (no record), carriers and FIs must notify the Host of the error. The Host will contact CMS to determine eligibility.

2. With Error Code 5054 - The Host returns code 50 with Trailer 08 and error code 5054 when an auxiliary indicator is present on the CWF Beneficiary Master Record, but no auxiliary record is found.

- Concurrent with this response to the Satellite, the Host sends a request for transfer to CMS requesting the beneficiary's records from CMS' Master File.
- The carrier or FI must recycle the claim every four working days until an approval, adjustment or reject (AAR) response is received, or 45 working days have passed since receipt of the original code 50.
- The carrier or FI reports through locally established procedures to the Host if 45 days pass with no AR response.

3. With Error Code 5055 - The Host returns code 50 with Trailer 08 and error code 5055 (Beneficiary Blocked at CWF Host and CMS Batch Pending Clerical Update) if CMS must investigate a beneficiary's entitlement because of suspicion of fraud or abuse. The Satellite recycles the claim every 15 working days until otherwise notified.

Definition of Day One for CWF Satellite Recycle - Day one is the day that the Satellite receives the disposition code back from the Host. For example, a Satellite sends the update file to the Host on Monday, April 1, at 10 p.m. The Satellite receives the response file from its Host site at 9 a.m. Tuesday, April 2. Tuesday, April 2, is day one for Satellite recycle.

4. With Error Code 5056 - The Host returns code 50 with Trailer 08 and error code 5056 (Skeleton - No Beneficiary Record on HI Master File) when the HICN involved is for a beneficiary whose date of death is prior to 1975.

- The records for these beneficiaries have been purged from the file.

- Carriers and FIs research the HICN and confirm that the HICN submitted on the claim is correct. If incorrect, it resubmits the claim with the correct HICN.
- If the originally submitted HICN was correct, carriers or FIs refer the case to the RO.

5. With Error Code 5057 - The Host returns disposition code 50 with Trailer 08 and error code 5057 (Skeleton on HI Master File). This indicates that the beneficiary has died.

- There has been no claims activity for six months since date of death, and the beneficiary information is located on the inactive file.
- Carriers and FIs research the HICN and confirm that the HICN submitted on the claim is correct. If incorrect, resubmit the claim with the correct HICN.
- If the originally submitted HICN was correct, the carrier or FI recycles the claim every 15 working days to allow CMS time to retrieve the records.
- After 45 working days have passed with no approval, adjustment, or reject (AAR) response, Satellites contact their RO.

6. With Error Code 5058 - The Host returns disposition code 50 with Trailer 08 and error code 5058 (Blocked). The records have been blocked due to cross-reference activity. There are two numbers for one beneficiary, both of which show claims activity. The information is manually placed under one primary number in one record.

- Satellites recycle the claim every 15 working days to allow time for CMS processing.
- After receiving a second code 58, they contact the RO.

7. With Error Code 5059 - The Host returns this as disposition code 50 and Trailer 08 with error code 5059 (Frozen). Miscellaneous clerical corrections are being made to these beneficiary records.

- Satellites recycle the claim every 15 working days.
- After receiving a second code 59, they contact the RO.

**20.2.2.2 - Disposition Code 51 (True Not in File on CMS Batch System)
(Rev. 1588; Issued: 09-05-08; Effective/Implementation Date: 08-18-08)**

The Host gives this response with a 08 Trailer and error code 5052. The CMS has performed an alpha search of its records and cannot locate the beneficiary's records. Alpha search is the process of searching for the records based on the first six positions of the surname. All beneficiaries with the same first six letters in their surnames are listed with their HICNs. The system checks for possible matches, including the possibility that

numbers were transposed. This search is performed only if no match is found during the search by HICN.

This code can be given in two forms:

1. With Trailer 01 - Trailer 01 will contain a possible corrected HICN. The carrier or FI investigates the possible HICN and, if it believes the new HICN is for the same beneficiary, it resubmits the claim with the new HICN to the Host. The CWF will respond with the appropriate disposition code and any associated trailers for processing the claim.

2. Without Trailer 01 - This response indicates that after performing the alpha search operation, no match is found against the HICN submitted and CMS records. Since Medicare eligibility cannot be established, contractors shall return the claim to the provider as unprocessable and take the following actions:

- Contractors shall return to provider (RTP) Part A claims. Contractors shall not mail an MSN for these claims.
- Contractors shall return as unprocessable Part B claims. Contractors shall use Reason Code 140 (Patient/Insured health identification number and name do not match). Contractors shall not mail an MSN for these claims.
- For assigned and unassigned Part B claims submitted by the beneficiary on the Form CMS-1490S or Form CMS-1500, contractors shall manually return the claim in accordance with Pub.100-04, chapter 1, section 80.3.2 A. "Special Considerations."

20.2.2.3 - Disposition Code 52 (Beneficiary Record at Another Host) (Rev. 1, 10-01-03)

- When CMS receives a request for transfer, it searches its Master File to determine if the Beneficiary Record resides at another Host.
- The CMS first searches the record based on the HICN. If a match is found, and the beneficiary has not already been assigned to a Host, CMS sends the records to the requesting Host. After the Host receives the record, it can process the claim from the Satellite on its next cycle.
- If a match is found that indicates the beneficiary has been assigned to another Host, CMS sends the requesting Host a code 52. The requesting Host then sends the claim information to the receiving Host that has the Beneficiary Record.
- The requesting Host will give the processing Satellite a code 52 and Trailer 08 with a 5052 error code.
- The Satellite holds the claim and resends (recycles) it in five working days to see if there is a response waiting.

- If the response is present on the first recycle of the claim, the Satellite finishes processing the claim according to the response.
- If a response is not present, the Satellite receives another disposition code 52 and the claim is sent to the proper Host for processing.
- The Satellite recycles the claim after another five working days, and continues recycling the claim until it receives an approval, adjustment, or reject (AAR) response, or until 45 working days have passed.
- After 45 working days have passed with no AAR response, the Satellite reports the problem to the Host through locally established reporting procedures.

20.2.2.4 - Disposition Code 53 (Record in CMS Alpha Match)

(Rev. 1, 10-01-03)

- If CMS sends a claim to alpha search, it must send a disposition code 53 to the Host. The Host puts a code 53 on its TNIF file.
- The Satellite receives code 53 and Trailer 08 with a 5052 error code on the next recycle of the claim.
- The Satellite must recycle the claim 15 working days after receiving this code.
- If an AAR response is not received after the receipt of the third code 53 for the same claim, the Satellite must deny the claim using the following messages:

MSN message 5.1: "Our records show that you do not have Medicare entitlement under the number shown on this notice. If you do not agree, please contact your local Social Security office."

Remittance remark code MA61: "Did not complete or enter correctly the patient's social security number or health insurance claim number."

20.2.2.5 - Disposition Code 54 (Matched to Cross-referenced HICN)

(Rev. 1, 10-01-03)

- The Host provides the Satellite with disposition code 54 and Trailer 08 with error code 5052 when it discovers a cross-reference number in its own files for the name or number the Satellite submitted. Disposition Code 54 applies only to carrier submitted claims. The possible number and the new full name is returned to the Satellite on Trailers 1 and 10.
- The carrier or FI investigates the information provided and corrects the information on the claim and resends it.

- If the Satellite continues to receive a code 54, it contacts the Host through locally established procedures.

20.2.2.6 - Disposition Code 55 (Personal Characteristic Mismatch) **(Rev. 1588; Issued: 09-05-08; Effective/Implementation Date: 08-18-08)**

- The Host provides the Satellite with this disposition code and Trailer 08 with error code 5052 when it discovers a mismatch of name and personal characteristics such as sex or date of birth.
- The Host returns what it believes to be the proper information on Trailer 10. The header portion of the response also contains the corrected sex and birth date, if applicable.

If CWF rejects a claim and sends back disposition code 55 with the 08 trailer containing Error Code 5052 when the beneficiary name does not match the HICN, contractors shall return the claim to the provider as unprocessable and take the following actions:

- Contractors shall return to provider (RTP) Part A claims. Contractors shall not mail an MSN for these claims.
- Contractors shall return as unprocessable Part B claims. Contractors shall use Reason Code 140 (Patient/Insured health identification number and name do not match). Contractors shall not mail an MSN for these claims.
- For assigned and unassigned Part B claims submitted by the beneficiary on the Form CMS-1490S or Form CMS-1500, contractors shall manually return the claim in accordance with Pub.100-04, Chapter 1, Section 80.3.2 A. "Special Considerations."

20.2.3 - MSP Maintenance Response Record **(Rev. 1, 10-01-03)**

B3-6005.3

This informational record is sent in response to the MSP Maintenance Transaction Record sent by the Satellite (See [§20.1.1](#) for MSP Maintenance Transaction Record processing procedures. Note that there have been significant changes in this process.) It acknowledges the Host's receipt of the MSP Maintenance Transaction Record and indicates any errors or informational data. Following are the types of codes and other information associated with this record:

- Disposition codes;
- MSP consistency error codes;
- MSP utilization error codes; and

- Basic Reply Trailers.

For more detailed information about MSP processing in CWF see the MSP Manual, Chapters 4 and 5.

30 - Online Health Insurance Master Record (HIMR) Display

(Rev. 1, 10-01-03)

A3-3800.3, B3-6007

Beneficiary entitlement and utilization data on all nine CWF databases is available online through the HIMR transaction. It allows the Satellite to do further investigation about a claim or inquire about beneficiary entitlement and utilization status. This function is a display of information only. The user at the Satellite site cannot make changes to the screens accessed through HIMR. Refer to CWF Systems Documentation for detailed information about individual HIMR screens. Or see <http://cms.csc.com/cwf/downloads/docs/pdfs/himrnav.pdf> and <http://cms.csc.com/mgmtcwf/docmgmt/pdfs/promptr.pdf> for an explanation and layouts of all the available HIMR screens.

This information is applicable only to Satellites and Host site staff. Providers do not have access to the HIMR screens, but they can request eligibility information via the ELGA and ELGB transaction through their shared system. The response to the ELGA/ELGB is limited to a subset of information from the HIMR screen. See <http://cms.csc.com/cwf/downloads/docs/pdfs/scrHost.pdf> for more information on the HIQA transaction.

40 - Requesting Assistance in Resolving CWF Utilization

(Rev. 1, 10-01-03)

B3-6008

40.1 - Requesting Assistance in Resolving CWF Utilization Problems

(Rev. 1, 10-01-03)

B3-6008.1

This section applies only to Satellites; it does not apply to providers.

In the normal course of claims processing activities, Satellites can expect to encounter problems involving the CWF Claim Record and/or basic reply record procedures. The action necessary to resolve the problem depends upon the problem identified. For utilization problems, the Satellite sends all master beneficiary, summary history, and inpatient summary history screen-prints for the beneficiary to the CWF HICR contractor for investigation. The Satellite takes the following steps:

- Put the error code causing the problem in the upper right-hand corner of the Beneficiary Master screen print;
- Mark on all of the screen prints exactly what the problem is and what is believed to be the correction needed;
- The Satellite (contractor) sends these marked screen prints to the CWF HICR contractor. They coordinate with the other contractor to determine who needs to correct the problem; and
- The CWF HICR contractor will investigate the problem and correct it. If a response is not received within 45 days of mailing the request for assistance, the contractor sends a second request marked "SECOND REQUEST."

NOTE: Congressionals are faxed to the CWF HICR contractor. Faxes must be reviewed and corrective action taken within 24-48 hours of receipt.

For problems involving the Host CWF Site, the Satellite utilizes the HICR transaction. This transaction provides the Host CWF site a method of creating transactions that correct the local database.

For more information, see CWF System Documentation, <http://cms.csc.com/mgmntcwf/docmgmt/pdfs/scrHost.pdf>.

40.2 - Social Security Administration (SSA) Involvement

(Rev. 1, 10-01-03)

B3-6008.4

SSA maintains the Master Beneficiary Record (MBR) from which the Health Insurance (HI) Master Record is established. The CWF's eligibility record is accreted from this HI Master Record. The HI Master Record is updated periodically from a variety of sources, including the MBR, and in turn updates the Host maintaining the CWF record. However, errors occur where the MBR fails to correctly update the HI Master Record or where the HI Master Record fails to correctly update the CWF record.

If the problem is caused by difficulties in determining the beneficiary's correct entitlement status, the carrier or FI must request assistance of the SSO. The SSO is responsible for processing the case. Examples of situations covered by this procedure are:

- Problems involving Railroad Retirement Board (RRB) jurisdiction, i.e., the RRB has jurisdiction of the beneficiary's Medicare, and the claim was erroneously referred to the area carrier;

- Evidence that a beneficiary has utilization under more than one health insurance claim number (HICN), but the Satellite is not aware of any cross-reference action taken by CMS; or
- Assistance is needed to obtain or verify a beneficiary's name and/or HICN. (See specific procedures in §20.2.2.6 under disposition code 55.)

In the event the SSO is unable to resolve the entitlement problem, e.g., a disposition code 55 is received after SSA verified the beneficiary's name and/or HICN, the Satellite requests assistance from the RO. It includes complete details of the nature of the problem and a description of its efforts to resolve it.

40.3 - Critical Case Procedure - Establishing Entitlement

(Rev. 1, 10-01-03)

A3-3524, B3-6008.2

The Satellite uses the "critical case" procedure (see §40.4, below) to expedite the processing of claims which have been delayed because of an error in the beneficiary's CWF Master Record. The "critical case" procedure provides speedy correction of the master record. The Satellite uses this procedure when there is an error in the CWF Master Record, which prevents the receipt of an approval disposition code on the basic reply record. This may occur when one of the following conditions exists:

- The Satellite is unable to make payment on a claim even though the beneficiary apparently has entitlement because CWF transmitted a Basic Reply Record with an inaccurate or repeated disposition code of "50," "51," "52," "53," "54," "55," "57," "58," "59," "60," "61," "AB," "CI," "ER," "UR," "CR;" or
- The Satellite received a Basic Reply Record and the recycled CWF Claim Records have not received a disposition code, which permits processing the claim to payment or denial.

40.4 - Referral of Critical Cases to the Regional Office

(Rev. 1, 10-01-03)

A3-3524, B3-6008.3

When the Satellite identifies a claim meeting the criteria listed below, it contacts the RO via established referral methods. The Satellite identifies the beneficiary by name and HICN, specifies the nature of the problem, states that the criteria are met, and gives the dates of all actions. The Satellite provides all available supporting documentation. Examples of such documentation are:

- Social Security Administration's (SSA) reply to Form CMS-1980 in the case of entitlement questions; and

- A copy of the Health Insurance Master Record Entitlement Status Query (ESQ) received from an SSA District Office.

The criteria are:

- Two follow-ups have been made to the Social Security Office (SSO) and the CWF Master Record has not been corrected;
- At least 60 days have elapsed since the correction procedures were initiated;
- A serious hardship to the beneficiary or a public relations problem has developed;
- Corrections or changes to HMO termination dates are necessary; and
- The SSO response indicates that both the MBR and HI Master Records are correct.

The Satellite marks the information "CRITICAL CASE." The Satellite flags the file for special handling and expedites the claim as soon as the reply is received.

The Satellite must diary the case for 30 calendar days. By that time the RO should have a response and advise the Satellite. If the Satellite receives a positive basic reply record before hearing from the RO, it notifies the RO.

50 - Requesting or Providing Assistance to Resolve CWF Rejects

(Rev. 1, 10-01-03)

A3-3860

When a Satellite has difficulty processing a bill because a prior bill was incorrectly processed and posted to CWF by another Satellite (carrier or FI), the two contractors must work together to resolve the error. Where help is needed from another contractor (carrier or FI), the submitting Satellite requests assistance from the contractor whose bill was processed incorrectly. The contractor that processed the bill is identified in the CWF reject trailer.

50.1 - Requesting Contractor Action

(Rev. 1, 10-01-03)

A3-3860

The requesting contractor furnishes the assisting contractor with sufficient information to identify the issue, and perform the necessary resolution actions. The data shown on the Request for Assistance Form (see [Exhibit 1](#)) is needed. This format must be used when designing a form letter so that both the requesting contractor's address and the assisting contractor's address will be visible through a window envelope. A separate page is used

for each request to enable the assisting contractor to return each claim as completed instead of holding claims until all claims on a request are completed. The requesting contractor enters its request after "The following action is requested." The requesting contractor provides claim-identifying information as shown. The requesting contractor adds information to help it associate the response with its pending record, if needed.

If a response has not been received within 30 calendar days of the request, the requesting contractor sends a follow-up request. If no response is received within an additional 15 days, follow-up with the RO responsible for the assisting contractor. A status report indicating and defining problems that prevent processing of the request is considered a response in deciding whether to follow-up with the RO.

In addition, the requesting contractor considers whether an interim payment to the provider without CWF approval is appropriate. (See §60 of this chapter for procedures for paying without CWF approval.)

50.2 - Assisting Contractor Action

(Rev. 1, 10-01-03)

A3-3860

Upon receipt of a request for assistance, the assisting contractor adjusts or cancels the posted bill, as appropriate, and informs the requesting contractor by annotating the request form (under explanation of action taken by assisting contractor) with a description of its action (e.g., adjustment cleared CWF (date), current dates of service are _____.)

The assisting contractor completes corrective actions within 30 calendar days of receiving the request. If it cannot complete action within 30 days, provide a status reply explaining the reasons on a copy of the request form. The assisting contractor sends a copy of the reply to the RO.

The assisting contractor uses the request form on all correspondence to the requesting contractor to facilitate association of its response with the pending action.

50.3 - Format for Requesting Assistance From Another Contractor on CWF Edits

(Rev. 1, 10-01-03)

A3-3860

Exhibit 1 contains the required format for requesting assistance. The requesting contractor uses that format in designing its form letter so that both its address and the assisting contractor's address will be visible through a window envelope. The requesting contractor completes all data elements. Note that the form is designed so that a standard number 10 - 4 1/8 by 9 1/2 inch window envelope can be used for your request. The

assisting contractor may refold the form and use the same size window envelope in its reply. The requesting contractor enters its address in the bottom address space, and uses the following in the top address space:

Medicare Intermediary Claims Processing Department (if FI),

or

Medicare Carrier Claims Processing Department (if carrier)

Name of Contractor

PO Box or Street Address

City, State, ZIP Code

60 - Paying Claims Without CWF Approval

(Rev. 1, 10-01-03)

A3-3800.4, A3-3863, B3-6009

The CWF must approve each claim before it is paid. There may be special circumstances, however, when it is necessary to pay claims outside of the CWF system. The CMS will notify the contractor of these instances. They include:

- New coverage policies are enacted by Congress with effective dates that preclude making the necessary changes to CWF timely; and
- Errors are discovered in CWF that cannot be corrected timely. Carriers and FIs are responsible for reporting CWF problems to their host sites.

60.1 - Requesting to Pay Claims Without CWF Approval

(Rev. 1, 10-01-03)

A3-3800.4, A3-3863, B3-6009.1

The contractor may also request approval from the RO in specific situations to pay claims without CWF approval. Examples of such situations are:

- Other contractors cannot complete action to remove an impediment that blocks a contractor from processing of a claim; and/or
- A systems error cannot be corrected timely, and the provider's cash flow will be seriously endangered.
- Administrative Law Judge (ALJ) decisions, court decisions, and CMS instructions in particular cases may necessitate that payment be made outside the normal CWF process.

60.2 - Procedures for Paying Claims Without CWF Approval

(Rev. 1, 10-01-03)

A3-3800.4, A3-3863, B3-6009.2, R1886A3

Before a claim can be paid outside of CWF, the contractor must obtain approval from CMS Central Office or the RO. In all instances involving payment outside CWF, the contractor applies the following procedures:

- FIs submit the claim with an "X" in the tape-to-tape flag, and the system will determine payment as if the payment were final. Process inpatient PPS payments through MCE, Grouper and Pricer. Make hospice payments using the appropriate

hospice rate. Pay for ESRD visits using the composite rate. Use the appropriate fee schedules or interim rates. Apply deductible and coinsurance based on the most current data available. Do not apply the 70 percent reduction applicable to accelerated payment;

- Carriers should follow shared system procedures to avoid sending claim to CWF at time of payment, but maintain a record for later submission.
- Pay interest accrued through the date payment is made on clean claims. Do not pay any additional interest.
- Maintain a record of payment and implement controls to be sure that duplicate payment is not made, i.e., when the claim record is updated to CWF, or in response to a duplicate request by the provider.
- Monitor CWF to determine when the impediment to CWF processing is removed. Update CWF when the impediment is removed. Show the actual payment date outside CWF in the scheduled payment data field.
- Consider the claim processed for workload and expenditure reports when it is paid.
- Submit to the RO Consortium Contractor Manager (CCM) by the 20th of each month a monthly report of all claims paid without CWF approval. The list of claims paid outside of CWF is to include the following information:
 - HICN
 - Name
 - Provider number
 - Total charges
 - From and through date
 - Amount paid
 - Paid date
 - CWF error condition preventing payment.

Also, include summary data for each edit code showing claim volume and payment.

Send a copy of the summary data to:

CMS, OIS
7500 Security Blvd.
Baltimore, MD 21244-1850

70 - Change Control Procedures

(Rev. 1, 10-01-03)

A3-3800.5, B3-6010

The CWF software is changed quarterly to accommodate revised CMS requirements, new provisions of law, to correct errors, or to enhance the system. Carriers and FIs may also request changes to CWF through certain change control procedures.

70.1 - Satellite Procedure

(Rev. 1, 10-01-03)

A3-3800.5, B3-6010.1

When a Satellite has a recommendation for software changes, it follows the change control process below:

- Enter change requests into the CWF Information Management System (INFOMAN). For specific instructions about INFOMAN, refer to CWF Systems Documentation chapter on the Information Management System at <http://cms.csc.com/cwf/downloads/docs/pdfs/overcwf.pdf>
- After entering change requests into INFOMAN, submit all supporting documentation to the Host for review and forwarding to both CMS and the CWF Maintenance Contractor (CWFM) for consideration and entry into the Change Control System.
- Monitor progress of all changes submitted from your site through INFOMAN.
- Review implementation of all changes from your own site to insure that needs are addressed.

70.2 - Process Flow of a Change Request

(Rev. 1, 10-01-03)

A3-3800.5, B3-6010.2

- Complete a CMS CWF Change Request (CR) through INFOMAN. When the CR is created a CR number will automatically be assigned.
- Forward three copies of all supporting documentation to the Host site. Include the CR number on all documentation. The Host will review it and the CR for accuracy, completeness, and relevance. The review may also determine whether a problem reported is a CWF problem or a problem with the Satellite's software.

- When the Host approves the CR, it releases the Change Request to the CWFM and to the CMS central office in accordance with current procedures.
- The CMS and the CWFM review the Change Requests as received throughout the month.
- The CMS distributes all change requests to the appropriate CMS component for review and approval as they are received.
- A monthly Change Control meeting of CMS and CWFM staff is held to schedule approved Change Requests for release.
- Following the meeting, the CWFM enters approval and priority status of all Change Requests into the automated system. As work progresses, the CWFM enters the status of all changes, Quality Assurance (QA) activities and work performed.

70.3 - Handling Emergency Problems and Problems With Recent CWF Releases

(Rev. 1, 10-01-03)

A3-3800.5, B3-6010.3

A problem is considered an emergency if a large number of claims are paid incorrectly, cannot be paid, or the Satellite/Host system abnormally ends (abends). When an emergency occurs, the Satellite follows these procedures:

1. The Satellite will convey information about the emergency to the Host immediately. The Satellite must be able to submit documentation of the problem.
2. The Host will report the problem to the CWFM immediately via CWFM customer service. The service is available 24 hours a day, 7 days a week.
3. During business hours, CWFM will respond immediately. After business hours, CWFM will contact the Host within one hour of report of the problem.

70.4 - Distribution of "CWF Change Control" Reports

(Rev. 1, 10-01-03)

A3-3800.5, B3-6010.4

- CWFM distributes a monthly "Status of CWF Changes" report and "Schedule of CWF Changes" report to all Host sites, CMS ROs, and CMS CO staff.
- Each Host site distributes the reports to its Satellite sites within three working days of receipt.

70.5 - Channels of Communication

(Rev. 1, 10-01-03)

A3-3800.5, B3-6010.5

All Satellite inquiries should be made to the Host staff, according to locally established procedures.

70.6 - Schedule of CWF Software Releases

(Rev. 1, 10-01-03)

A3-3800.5, B3-6010.6

- **Regular Releases** - Approved CWF Change Requests are programmed into the regular releases of updated CWF software. These releases are quarterly.
- **Emergency Releases** - If there is a serious problem with a release of CWF software, CMS CO and the CWFPM have the option to prepare and issue emergency releases of CWF software to resolve the problem(s).
- **Special Releases** - The CWFPM will issue special releases as directed by CMS, which contain software changes that affect a specific topic or subject.

80 - Processing Disposition and Error Codes

(Rev. 1, 10-01-03)

B3-6006, CWF DispCode

<http://cms.csc.com/cwf/downloads/docs/pdfs/dispcode.pdf>

The results of CWF processing are communicated through a set of codes categorized as either disposition or error codes. There are specific disposition codes for inquiry, transfer/not in file request, and each claim type. Claims have consistency, utilization, A/B crossover, and duplicate error codes. Transactions for End Stage Renal Disease (ESRD), Medicare Secondary Payer (MSP), and Certificate of Medical Necessity (CMN) error codes are also available.

If the Host rejects a claim, the FI or carrier must suspend the claim and review it. After the review is complete and corrections made, they resubmit the claim with an indication that a review was performed and corrections made.

80.1 - Disposition Codes

(Rev. 1, 10-01-03)

80.1.1 - CWF Part A Inquiry Reply Disposition Codes

(Rev. 1, 10-01-03)

- 01 - Approved (never used Part A services)
- 02 - Approved (used some Part A services)
- 03 - Reject
- 20 - Qualified approval, may require further investigation
- 25 - Qualified approval, begins a new benefit period
- 50 - Not in file
- 51 - Not in file on CMS batch system
- 52 - Master Record housed at another CWF site
- 53 - Record in CMS alpha match
- 55 - Does not match master record
- 60 - I/O error on database
- 61 - Cross reference/database problem
- 62 - Beneficiary Master Hospice Auxiliary Indicator is on, but no Hospice Auxiliary record found
- 63 - Beneficiary Master HMO900 Auxiliary Indicator is on, but no HMO900 Auxiliary record found
- ER - Consistency Edit Reject
- AA - Auto Adjust error
- AB - Transaction caused CICS ABEND
- CI - CICS processing problem
- SV - Security Violation

80.1.2 - CWF Part B/Carrier Inquiry Reply Disposition Codes

(Rev. 1, 10-01-03)

- 01 - Accepted item

- 03 - Reject
- 20 - Qualified approval, may require further investigation
- 50 - Not in file
- 51 - Not in file on CMS batch system
- 52 - Master Record housed at another CWF site
- 53 - Record in CMS alpha match
- 55 - Does not match master record
- 60 - I/O error on database
- 61 - Cross reference/database problem
- 62 - Beneficiary Master Hospice Auxiliary Indicator is on, but no Hospice Auxiliary record found
- 63 - Beneficiary Master HMO900 Auxiliary Indicator is on, but no HMO900 Auxiliary record found
- ER - Consistency Edit Reject
- AA - Auto Adjust error
- AB - Transaction caused CICS ABEND
- CI - CICS processing problem
- SV - Security Violation

80.1.3 - CWF Transfer Request Reply Disposition Codes

(Rev. 1, 10-01-03)

These reply disposition codes are used in response to a Host site's request for a transfer of beneficiary records.

- 01 - Accept; record will be requested from CMS central office
- 02 - Reject; request already in progress
- 50 - Reject; record is already on CWF database
- 60 - I/O error on data base
- ER - Consistency Edit Reject

AB - Transaction Caused CICS ABEND

CI - CICS processing problem

SV - Security Violation

80.1.4 - Consolidated Claims Crossover Process

(Rev. 1, 10-01-03)

01 - Debit accepted. No automatic adjustment

02 - Debit accepted automatic adjustment applies

03 - Cancel accepted

05 - Cancel returned

50 - Not in file

51 - Not in file on CMS Batch System

52 - Master Record housed at another CWF site

53 - Record in CMS Alpha Match

55 - Name/Personal Characteristics mismatch

60 - I/O error on data

61 - Cross Reference/Data Base problem

AA - Auto Adjust error

AB - Transaction caused CICS ABEND

BT - History Claim not present to support spell

CI - CICS processing error

CR - Crossover Reject

ER - Consistency Edit Reject

UR - Utilization Reject

80.1.5 - Claims Crossover Disposition Indicators

(Rev. 1, 10-01-03)

- 01 - Debit accepted. No automatic adjustment
- 02 - Debit accepted automatic adjustment applies
- 03 - Cancel accepted
- 04 - History accrete accepted
- 50 - Not in file
- 51 - Not in file on CMS Batch System
- 52 - Master Record housed at another CWF site
- 53 - Record in CMS Alpha Match
- 55 - Name/Personal Characteristics mismatch
- 60 - I/O error on data
- 61 - Cross-Reference/data base problem
- AA - Auto Adjust error
- AB - Transaction caused CICS ABEND
- BT - History claim not present to support spell
- CI - CICS processing error
- CR - Crossover Reject
- ER - Consistency Edit Reject
- RT - Retrieval pending
- UR - Utilization Reject

80.1.6 - CWF Hospice Bill Basic Reply Record Disposition Codes

(Rev. 1, 10-01-03)

- 01 - Debit accepted. No automatic adjustment
- 03 - Cancel accepted
- 50 - Not in file
- 51 - Not in file on CMS Batch System

- 52 - Master Record housed at another CWF site
- 53 - Record in CMS Alpha Match
- 55 - Name/Personal characteristics mismatch
- 60 - I/O error on data
- 61 - Cross-Reference/database problem
- AA - Auto Adjust Error
- AB - Transaction caused CICS ABEND
- CI - CICS processing error
- CR - Crossover Reject
- ER - Consistency Edit Reject
- UR - Utilization Reject

80.1.7 - Part B/Carrier Claim Basic Reply Record Disposition Codes

(Rev. 1, 10-01-03)

B3-6011

- 01 - Debit Accepted. No automatic adjustment.
- 02 - Debit Accepted. Automatic adjustment applies.
- 03 - Cancel Accepted
- 04 - Entry Code 9 Accepted (Accrete Bill History)
- 50 - Not in File
- 51 - Not in File on CMS Batch System
- 52 - Master Record Housed at Another CWF Site
- 53 - Record in CMS Alpha Search
- 54 - Match to Cross Reference Number
- 55 - Name/Personal Characteristics Mismatch
- 60 - I/O Error on Data

61 - Cross Reference/Database Problem
AA - Auto Adjust Error
AB - Transaction Caused CICS ABEND
CI - CICS Processing Error
CR - Crossover Reject
ER - Consistency Edit Reject
RT - Retrieve Pending
SV - Security Violation
UR - Utilization Reject

80.2 - Inpatient, SNF, Outpatient, Home Health, and Hospice Utilization Error Codes

(Rev. 1, 10-01-03)

A3-3807, CWF Editutil (<http://cms.csc.com/cwf/downloads/docs/pdfs/editutil.pdf>), B-02-049, A-02-068

Utilization edit rejects are denoted by a value of UR in the disposition field on the Part A reply record. Trailer 08, containing one utilization error code, will follow. Trailer 12 will be returned for UR and AA dispositions. Listed below are the possible utilization error codes with a general description.

Inpatient, SNF, Outpatient, Home Health, and Hospice Utilization Error Codes

Error Code	Explanation
-------------------	--------------------

AAAA	HOSPITAL
------	----------

UR "AAAA" is set for VA claims which have passed all consistency and utilization edits.

Purpose:

To indicate that no errors have been set.

Resolution:

No resolution necessary.

Error Code	Explanation
RT01	<p data-bbox="389 310 438 344">OP</p> <p data-bbox="389 380 1373 455">Claim is waiting retrieval of archived history. Claim is to be recycled in six days.</p> <p data-bbox="389 489 516 522">Purpose:</p> <p data-bbox="389 556 1373 590">To recall archived outpatient history that relates to current claim processing.</p> <p data-bbox="389 623 548 657">Resolution:</p> <p data-bbox="389 690 1373 766">The Host retrieves the archived history records. This retrieval process executes weekly. Resubmit the claim in six days.</p>
RT02	<p data-bbox="389 793 438 827">OP</p> <p data-bbox="389 863 1373 896">Attempted history retrieval, but the beneficiary history pointers were full.</p> <p data-bbox="389 930 516 963">Purpose:</p> <p data-bbox="389 997 1373 1073">The retrieval process found a matching record, but the pointers are full, and the record cannot be retrieved from archived history.</p> <p data-bbox="389 1106 548 1140">Resolution:</p> <p data-bbox="389 1173 1373 1249">Contact the Host to perform an ARCMINI purge (archiving and purging of pointers) to retrieve the history record.</p>
28#1	<p data-bbox="389 1276 438 1310">OP</p> <p data-bbox="389 1346 1373 1455">The claim contains an Occurrence Span Code "36," the Occurrence Date is greater than the claim Thru Date of Service, and the claim From Date of Service is less than 12/21/2000; or</p> <p data-bbox="389 1488 1373 1522">The accumulated days are greater than the Transplant Allowed days; or</p> <p data-bbox="389 1556 1373 1665">The service From Date is less than or equal to the Earliest Transplant Discharge Date or greater than or equal to the covered Thru Date of the transplant.</p> <p data-bbox="389 1698 516 1732">Purpose:</p> <p data-bbox="389 1766 1373 1837">To ensure that post transplant services are approved only during the post transplant coverage period.</p>

Error Code	Explanation

Error Code	Explanation
-------------------	--------------------

5107	HOSP
------	------

Hospice NOE to add a new election period (Bill Type 81A or 82A) with a Start Date that falls between two previously posted Hospice election periods (only two periods are present with at least 90 days between the periods) and the second period has a Date of Last Billing Action greater than 30 days beyond the second period Start Date. (CWF will not insert a new election period between two current election periods if by doing so a third period would be created with a Date of Last Billing Action greater than the last date of the new third election period.)

or

An NOE (8xA) with a Start Date that falls between two previously posted Hospice election periods (only 2 periods are present with at least 90 days between the periods) and the second period has a Date of Last Billing Action greater than 30 (prior to 08/05/1997) or 60 (08/05/1997 and after) days beyond the second period Start Date.

Purpose:

To prevent the creation of improper election periods.

Resolution:

Verify election period dates, resubmit NOE with adjusted dates or revoke second period then resubmit NOE.

5109	HOSP
------	------

Hospice NOE for revocation (8xB), Change of Change of Provider (8xC), Void of Election Period (8xD), or Change of Ownership (8xE) does not match to a posted election period on the Hospice Master Record for this beneficiary.

Purpose:

To ensure that the requested activity is recorded against the correct election period.

Resolution:

Return to provider indicating that there is no matching Hospice election period present for this beneficiary.

Error Code	Explanation
5110	<p>HOSP</p> <p>Hospice NOE for revocation (8xB), Change of Provider (8xC), Void of Election Period (8xD), or Change of Ownership (8xE), and Hospice Start Date on transaction is equal to previously posted Hospice election period Termination Date, and the Revocation Indicator is other than zero.</p> <p>Purpose:</p> <p>To disallow action on a period that has already been terminated.</p> <p>Resolution:</p> <p>Return to provider indicating that the Hospice election period has been previously terminated.</p>

5112	<p>HOSP</p> <ul style="list-style-type: none"> • Hospice NOE for revocation (Bill Type 8XB); Start Date matches a posted Hospice election period Start1 Date, but Provider Number does not match Provider 1 on the Hospice Auxiliary File; • Start Date matches a posted Hospice election Change of Ownership Start1 Date, and Provider Number does not match the Change of Ownership Provider 1 Number on the Hospice Auxiliary File; • Start Date matches a posted Hospice election Start2 Date, and Provider Number does not match Provider 2 Number on master; or • Start Date matches a posted Hospice election Change of Ownership Start2 Date, and Provider Number does not match the Change of Ownership Provider 2 Number on the Hospice Auxiliary File.

**Error
Code**

Explanation

Purpose:

To prevent activity from any provider other than the current provider on file.

Resolution:

Return to provider indicating that the Billing Provider Number does not match the Provider Number on file.

If billing provider verified as correct, reject using MSN 26.4 - "This service is not covered when performed by this provider."

5113

HOSP

Hospice NOE for revocation (Bill Type 8XB); Start Date matches a posted Hospice election period Start Date but new Revocation Date matches current Termination Date and Revocation Indicator is other than zero. (This is a duplicate revocation notice, or a claim has processed with Occurrence Code 23 Date of Cancellation, or 42 Date of Hospice Revocation, and has caused the revocation information to be posted to the master record.)

Purpose:

To ensure duplicate transactions are not processed.

Resolution:

Return to provider indicating that the election period has already been terminated.

5114

HOSP

Hospice NOE for revocation (Bill Type 8XB); Start Date matches a posted Hospice election period Start Date, but the Thru Date on the transaction is greater than the current Termination Date on the Hospice Master Record.

Purpose:

To ensure that revocations are processed only against active election periods.

Resolution:

Return to provider indicating that the requested Revocation Date is after the election period terminated.

Error Code **Explanation**

Purpose:

To ensure a Hospice election period cannot be deleted after bills have been processed against it unless posted claims are cancelled.

Resolution:

Return to provider indicating that a bill or bills have been processed against this election period and that the provider will need to cancel all posted bills before voiding the period.

5121 HOSP

Hospice NOE for Void of Election Period (Bill Type 8XD) matches a posted Hospice first, second, or third election period, but a fourth period is present on the Hospice Master File.

Purpose:

To ensure that Hospice election periods one, two, or three cannot be deleted if a fourth period is present.

Resolution:

Return to provider indicating that election period 1, 2, or 3 cannot be voided because a fourth period is on file, the fourth period must be voided prior to an earlier election period void.

5126 HOSP

Hospice NOE (Bill Type 8XA) with Action Code 2 and no Hospice master data is present for this beneficiary.

Purpose:

To ensure that Hospice transactions are processed correctly.

Resolution:

Change the Action Code to 1 and resubmit.

Error Code	Explanation
5127	<p data-bbox="391 310 477 346">HOSP</p> <p data-bbox="391 380 1404 527">Hospice NOE (Bill Type 8XA) with Action Code 2 and original Hospice Start Date (field 29) does not match a posted Hospice period Start1 or Start2 Date, or matches a posted Start1 or Start2 Date but Provider Number and/or Intermediary Number does not match Election Period Date.</p> <p data-bbox="391 560 518 596">Purpose:</p> <p data-bbox="391 627 1318 699">To identify a Hospice NOE that does not match on one of the following: Hospice Start Date, Provider Number or Intermediary number.</p> <p data-bbox="391 732 552 768">Resolution:</p> <p data-bbox="391 800 1364 909">Verify the Intermediary Number, if a discrepancy is found, correct the error and resubmit the NOE to CWF. Or, return to the provider to verify the Start Date and/or Provider Number.</p>
5128	<p data-bbox="391 942 477 978">HOSP</p> <p data-bbox="391 1010 1404 1157">Hospice NOE (Bill Type 8XA) with Action Code 2 and Original Hospice Start Date (Field 29) matches a current posted Hospice Period Start1 Date, but the new Start Date is equal to or greater than the posted Change of Ownership Start1 Date, or the new Start1 Date is greater than the Start2 Date.</p> <p data-bbox="391 1190 518 1226">Purpose:</p> <p data-bbox="391 1257 1360 1329">To ensure that election periods are consistently established according to the beneficiary's entitlement.</p> <p data-bbox="391 1362 552 1398">Resolution:</p> <p data-bbox="391 1430 1367 1577">Return to provider indicating that the period they are attempting to establish has a start date that conflicts with a Change of Ownership or a subsequent period. The provider will need to investigate and resubmit, if appropriate, with corrected information.</p>
5129	<p data-bbox="391 1610 477 1646">HOSP</p> <p data-bbox="391 1677 1404 1820">Hospice NOE (Bill Type 8XA) with Action Code of 2 and original Hospice Start Date (field 29) matches a current posted Hospice second, third, or fourth Period Start Date and the new Hospice Start Date is greater than the current posted Start1 Date and prior election period is not revoked.</p>

Error Code **Explanation**

Purpose:

CWF will not allow a gap to be created between two established Hospice periods unless a revocation of Hospice benefits has occurred on the prior period. For claims and periods after August 4, 1997, this edit will apply to periods 2 up to a maximum of 180 periods.

Resolution:

Return to provider indicating that the period they are attempting to establish has a start date that would create a gap between election periods. The provider will need to investigate and resubmit, if appropriate, with corrected information.

512A HOSP

Hospice NOE (Bill Type 8XA) with Action Code of 2 and original Hospice Start Date (Field 29) matches a current posted Hospice period Start2 Date, but the new date is equal to or greater than the Change of Ownership Start2 Date for this election period.

Purpose:

To ensure that election periods are consistently established according to the beneficiary's entitlement.

Resolution:

Return to provider indicating that the period they are attempting to establish has a start date that conflicts with a Change of Ownership start date. The provider will need to investigate and resubmit, if appropriate, with corrected information.

5130 HOSP

Hospice NOE (Bill Type 8XA) with Action Code of 2 and original Hospice Start Date (field 29) matches a current posted Hospice period Start Date, and the new Hospice Start Date is less than current posted Start Date and is less than the prior Hospice period's Termination Date.

Error Code	Explanation
-------------------	--------------------

Purpose:

If a gap does not exist between the Hospice periods that will allow posting of the new Start Date, the prior period must be adjusted with a change of election notice prior to acceptance of change notices for subsequent periods. For claims and periods after August 4, 1997, this edit will apply to periods two up to a maximum of 180 periods.

Resolution:

Return to provider indicating that the period they are attempting to establish has a start date that conflicts with a prior period. The provider will need to investigate and resubmit, if appropriate, with corrected information.

5132 HOSP

Hospice NOE (Bill Type 8XA) with Action Code of 2 and original Hospice Start Date (field 29) matches a current posted Hospice Start1 Date and the new Hospice Start Date is greater than the Date of Earliest Billing Action (DOEBA) in the matching Hospice election period.

Purpose:

To ensure that election periods are consistently established according to the beneficiary's entitlement.

Resolution:

Return to provider indicating that the period they are attempting to establish has a start date that conflicts with the Date of Earliest Billing Action (DOEBA). The provider will need to investigate and resubmit, if appropriate, with corrected information.

5133 HOSP

Hospice NOE (Bill Type 8XA) with Action Code of 2 and Original Hospice Start Date (field 29) matches a current posted Hospice Start Date and the new Hospice Start Date is greater than the Termination Date of the period and the period has been revoked by the beneficiary (Revocation Indicator is equal to 1).

Purpose:

To ensure that election periods are consistently established according to the beneficiary's entitlement.

Error Code **Explanation**

Resolution:

Return to provider indicating that the period they are attempting to establish has a start date that conflicts with the Termination Date of the period. The provider will need to investigate and resubmit, if appropriate, with corrected information.

5134 HOSP

Hospice NOE Bill Type 8XA with Action Code of 2 and Original Hospice Start Date (field 29) matches a current posted Hospice Start Date and the new Hospice Start Date is greater than the Start1 Date of the next posted Hospice election period (when present).

Purpose:

To ensure that election periods are consistently established according to the beneficiary's entitlement.

Resolution:

Return to provider indicating that the period they are attempting to establish has a start date that conflicts with a subsequent election period. The provider will need to investigate and resubmit, if appropriate, with corrected information.

5135 HOSP

Hospice NOE Bill Type 8XA with Action Code of 2 and original Hospice Start Date (Field 29) matches an existing Start Date but the new date is more than 90 days earlier than a Change of Ownership Start1 Date, Start2 Date, or Change of Ownership Start2 Date within the period being changed.

Purpose:

To ensure that election periods are consistently established according to the beneficiary's entitlement.

Resolution:

Return to provider indicating that the period they are attempting to establish has a start date that conflicts with a Change of Ownership start date. The provider will need to investigate and resubmit, if appropriate, with corrected information.

5142	<p data-bbox="391 1642 477 1677">HOSP</p> <p data-bbox="391 1709 1375 1818">Hospice NOE Bill Type 8XB with Action Code of 2 and NOE Hospice Start Date matches a posted Hospice period Start1, or Start2 Date, but the election period has not been revoked, or canceled (Revocation Indicator is zero).</p>

Error Code **Explanation**

Purpose:

To ensure that election periods are consistently established according to the beneficiary's entitlement.

Resolution:

Return to provider indicating that the period they are attempting to terminate has previously been revoked or canceled. The provider will need to investigate and resubmit, if appropriate, with corrected information.

5143 HOSP

Hospice NOE Bill Type 8XB with Action Code of 2 and NOE Hospice Start Date matches a posted Hospice period Start1 or Start2 Date but the NOE new Hospice Thru Date is greater than the CWF calculated Termination Date (Hospice Start1 Date +89 for the first and second periods, or +29 for the third period).

Purpose:

To ensure that election periods are consistently established according to the beneficiary's entitlement.

Resolution:

Return to provider indicating that the period they are attempting to terminate has a Thru Date that conflicts with the CWF calculated Termination Date. The provider will need to investigate and resubmit, if appropriate, with corrected information.

5144 HOSP

Hospice NOE Bill Type 8XB with Action Code of 2 and NOE Hospice Start Date matches a posted Hospice period Start1 or Start2 Date and the NOE original Revocation Date (Field 29) is equal to the Hospice period Revocation Date but NOE Hospice Through Date is less than the Date of Last Billing Action (DOLBA) for the Hospice period.

Purpose:

To ensure that election periods are consistently established according to the beneficiary's entitlement.

Error Code **Explanation**

Resolution:

Return to provider indicating that the period they are attempting to terminate has a Thru Date that conflicts with a previously posted claim. The provider will need to investigate and resubmit, if appropriate, with corrected information.

5145 HOSP

Hospice NOE (Bill Type 8XB) with Action Code of 2, NOE Hospice Start Date matches a posted Hospice period Start1, or Start2 Date, and the NOE original Revocation Date (Field 29) is equal to the Hospice period Revocation Date, but a posted Hospice history is present with Occurrence Code 23 (Canceled Date), or 42 (Revocation Date).

Purpose:

CWF will not update a Hospice Revocation Date with a NOE transaction if a claim was the source of the posted Revocation Date. In this situation a debit/credit action must be performed to adjust the Hospice Revocation Date.

Resolution:

Return to provider indicating that the period they are attempting to terminate conflicts with a previously posted claim, a debit/credit action must be performed to adjust this revocation date.

5146 HOSP

Hospice NOE type 8xB with Action Code of 2 and NOE Hospice Start Date matches a posted Hospice period Start1 or Start2 Date and new Hospice Revocation Date is equal to zeros, and a later period is present with a Start1 Date not equal to the new calculated Hospice Termination Date plus one.

Purpose:

CWF will not accept a removal of a Revocation Date if a gap or an overlap would be created in the Hospice enrollment by doing so.

Resolution:

Return to provider indicating that the termination they are attempting to reverse would cause conflict with a later period. The provider will need to investigate and resubmit, if appropriate, with corrected information.

5163	<p data-bbox="391 1535 477 1570">HOSP</p> <p data-bbox="391 1604 1401 1782">Hospice claim From Date falls within a posted Hospice election period and claim Thru Date is greater than the next posted election period and no subsequent election period is posted or a subsequent period is present but is not contiguous with the prior period, i.e., A gap exists between the two periods.</p>

Error Code **Explanation**

Purpose:

CWF will not create a new Hospice election period from a bill that spans across two or more posted periods.

Resolution:

Return to provider indicating that either the claim should be split or a new NOE should be submitted for the gap.

5165 HOSP

Hospice claim From Date falls within a posted Hospice election period and claim Thru Date is greater than Termination Date on the period and a subsequent election period is posted but is not contiguous with the prior period; i.e., A gap exists between the two periods.

Purpose:

CWF will not create a new Hospice election period from a bill with a Thru Date greater than a Termination Date if a gap exists between two periods. A gap should exist only if one period has been revoked.

Resolution:

Return to provider indicating that a new NOE should be submitted for the gap in election periods before resubmitting this claim.

5166 HOSP

Hospice claim From Date falls within a posted Hospice election period, and both the Change of Ownership Start1 Date and Start2 Date are equal to zeros (neither a Change of Ownership nor a Change of Provider has occurred), and the Provider Number on the claim is not equal to Provider 1 in effect for the billing period on the posted Hospice election period.

Purpose:

To ensure that only the provider that the beneficiary has elected is paid for Hospice services.

Resolution:

Return to provider for verification of provider number, the NOE provider is different than the billing provider.

Error Code	Explanation

**Error
Code**

Explanation

Purpose:

To provide for Hospice benefits only after notice of election by the beneficiary.

Resolution:

Check with the Host via inquiry to determine the status of the beneficiary. The Satellite should check their records for a Hospice notice of election. If there is evidence that a notice of election has been received and processed, the Satellite should notify the Host.

5203

H, S, HOSP

The Dates of Service do not fall within a period of Hospice election.

Purpose:

To ensure that Hospice benefits are covered only during a period of Hospice election.

Resolution:

The Host will start a new period of Hospice care based on the bill, if the From Date on the bill is within a 90 day period of election or one day after the 90 day period ends. (A period ending by the beneficiary's action will not be extended). If three Hospice periods have already been established, the Host will not start a fourth period.

5210

H, S, HH, HOSP, OP

Services are after benefits terminated.

Effective January 1, 2003, only the start date of claims for HCPCS code A4253, A4255, A4256, and A4259 is considered for this edit (not the entire span of service dates).

Purpose:

To prevent coverage of benefits after coverage termination.

**Error
Code**

Explanation

Resolution:

Deny the claim. If the provider disagrees, research the termination information through the local SSO.

Use MSN 5.1 - "Our records show that you do not have Medicare entitlement under the number shown on this notice. If you do not agree, please contact your local Social Security office."

5211

H, S, HH, HOSP, OP

The statement From/Thru Date is greater than the Date of Death on Beneficiary Master Record.

HOSP

The statement Thru Date is greater than the Date of Death on the Beneficiary Master Record.

HH

The statement Thru Date does not fall within the same month as the beneficiary's Date of Death or the statement Thru Date is not within the month after the Date of Death on Beneficiary Master Record.

Effective January 1, 2003, only the From Date of claims for HCPCS codes A4253, A4255, A4256, and A4259 is considered for this edit (not the entire span of service dates).

Purpose:

To prevent payment of services after the beneficiary's death.

Resolution:

Deny the claim indicating that services were furnished after the date of death on file. The provider must submit the correct Dates of Service. If the provider indicates that the beneficiary is not dead, validate the information by checking the Date of Death Update Field. If a "2" appears in this field, adjust the prior claim. If the beneficiary is dead and the date is wrong, verify through the SSO.

Use MSN 5.3 - "Our records show that the date of death was before the date of service."

Error Code	Explanation
5212	<p>H, S, HH, HOSP, OP</p> <p>The claim has a patient status of beneficiary deceased with a Thru Date prior to another claim with a patient status of beneficiary deceased.</p> <p>Purpose:</p> <p>To ensure that patient status of beneficiary deceased is submitted on only one bill.</p> <p>Resolution:</p> <p>Return to provider for correction of patient status.</p> <p>Use remittance message MA 130 - "Resubmit this claim with the missing or correct information."</p>

(Error does not apply to GHO option one).</p>

Error Code	Explanation
-------------------	--------------------

Purpose:

To ensure that required GHO data is on the claim.

Resolution:

Obtain proper M+C Organization number from provider and resubmit the claim to CWF with required M+CO number in GHO data field.

5235 H, S, HH, OP

Services fall within a risk GHO period and within a Hospice election period, and Condition Code 07 is not present on the claim;

An RNHCI Notice of Election (41A), the Admission Date falls within a risk GHO period and a Hospice election period; or

An MCCD Notice of Election (89A), the From Date falls within a risk GHO Period and a Hospice election period.

Purpose:

To prevent overlapping Hospice and GHO periods.

Resolution:

Reject indicating that transaction conflicts with an active GHO period and Hospice election period.

Use MSN 11.3 - "Our records show that you are enrolled in a health maintenance organization. Your provider must bill this service to them."

**Error
Code**

Explanation

5236

H, S, HH, OP

For PPS claims:

The Admission Date is not within a risk GHO period, but the GHO Pay Code on the claim is one, or the Condition Code 69 is present;

The Admission Date falls within a risk GHO period, but the Statement Dates fall on, or after, the Hospice Revocation Date, but before the month following the Revocation Date, the GHO Pay Code indicated on the claim is other than zero, or the Condition Code 69 is present, however a risk GHO is not liable for claims during the month of Hospice revocation; or

The Statement Dates are within a Hospice period and the claim has a Condition Code 07 indicating treatment of a non-terminal illness. This includes abbreviated Encounter (TOB 11z) records.

H, S

For Non-PPS Inpatient and SNF claims:

The Statement Dates do not fall within a risk GHO period but the GHO Pay Code on the claim is one, or the Condition Code 69 is present;

The Statement Dates fall within a risk GHO period, but on, or after, a Hospice Revocation Date, but before the month following the Revocation Date, the GHO Pay Code indicated on the claim is one, or the Condition Code 69 is present, however a risk GHO is not liable for claims during the month of Hospice revocation; or

The Statement Dates are within a Hospice period and the claim has a Condition Code 07 Indicating treatment of a non-terminal illness. This includes abbreviated Encounter (TOB 11z) records.

HH, OP

Service Dates do not fall within a risk GHO period but the GHO Pay Code on the claim is one;

Service Dates fall within a risk GHO period, but on, or after, the Hospice Revocation Date, but before the month following the Revocation Date, the GHO Pay Code indicated on the claim is one however, a risk GHO is not liable for claims during the month of Hospice revocation; or

The Statement Dates are within a Hospice period and the claim has a Condition Code 07 indicating treatment of a non-terminal illness.

**Error
Code**

Explanation

Purpose:

To ensure that GHO and Hospice claims are processed correctly.

Resolution:

Return to provider indicating that there is conflicting information on the claim and/or the beneficiary's master file pertaining to GHO/Hospice status or GHO/Hospice only billable items.

5237

H, S, HH, HOSP, OP

Claim indicates a CHOICES GHO site but the beneficiary does not have a GHO Auxiliary record, or the GHO Auxiliary record is not associated with a CHOICES GHO site;

The claim indicates a CHOICES site, but the GHO Pay Code on the claim is not equal to one;

For PPS claims: The claim Admit Date does not fall within a CHOICES GHO period;

For Non-PPS/SNF claims: The claim From and Thru Dates do not fall within a CHOICES GHO period;

Claim indicates an ESRD Managed Care Demonstration GHO site but the beneficiary does not have a GHO Auxiliary Record, or the GHO Auxiliary Record is not associated with an ESRD Managed Care Demonstration GHO site;

Claim indicates an ESRD Managed Care Demonstration site, but the GHO Pay Code on the claim is not equal to one;

For PPS claims: The claim Admit Date does not fall within an ESRD Managed Care Demonstration GHO period; or

For Non-PPS/SNF claims: The claim From and Thru Dates do not fall within an ESRD Managed Care Demonstration GHO period.

Purpose:

To ensure that CHOICES/ESRD services are paid for only in the time period for which the beneficiary is eligible.

**Error
Code**

Explanation

Resolution:

Deny the claim using MSN 18.13 - "This service is not covered for beneficiaries under 50 years of age."

5383

Medicare will not pay for two digital rectal examinations (G0102 Prostate Cancer Screening) within eleven months of each other;

Purpose:

To ensure that Medicare pays for certain services (or similar services) only within their allowed frequency.

Resolution:

Deny the claim using MSN 18.4 - "This service is being denied because it has not been 12 months since your last examination of this kind." (NOTE: Insert appropriate number of months.)

5384

HH

Bill Type 34X is present with Revenue Code 0636, HCPCS Code J0630 (injection, calcitonin salmon, up to 400 units), the Dates of Service are on or after October 1, 2000, and the Provider Number is not the same as the Home Health PPS episode.

Purpose:

If an open HH episode exists, only the provider on the episode record can bill this service.

Resolution:

Reject claim using MSN 26.4 - "This service is not covered when performed by this provider."

Error Code **Explanation**

Resolution:

Reject claim with reason code B15 (Claim denied/reduced because this procedure/service is not paid separately) and the following messages:

Remittance:

N70: "Home Health consolidated billing and payment applies. Ancillary providers/suppliers must contact the HHA for reimbursement."

MSN:

16.29: "Payment is included in another service you have received."

EOMB:

9.55" "Payment is included in another service you have received."

539A OP

Medicare will not pay for HCPCS Code G9008 more than two times per month.

Purpose:

To ensure that Medicare pays for certain services (or similar services) only within their allowed frequency.

Resolution:

Deny the claim using MSN 15.6 - "The information provided does not support the need for this many services or items within this period of time."

5390 OP

The detail line item Date of Service or From and Thru Date (if detail line item Date of Service is not present) is within the Start and DOLBA of the Home Health PPS episode, and a Therapy Revenue Code/HCPCS code is present.

Purpose:

To ensure that duplicate payment is not made for services included as part of other services.

**Error
Code**

Explanation

Resolution:

Reject claim with reason code B15 (Claim denied/reduced because this procedure/service is not paid separately) and the following messages:

Remittance:

N70: "Home Health consolidated billing and payment applies. Ancillary providers/suppliers must contact the HHA for reimbursement."

MSN:

16.29: "Payment is included in another service you have received."

EOMB:

9.55: "Payment is included in another service you have received."

5391

HH

Invalid Final claim with Action Code 1; or

LUPA Final claim with Action Code 1, an episode exists on file, and the RAP (3x2) has not been canceled.

Purpose:

To ensure the correct processing of final claims.

Resolution:

Correct Action Code and resubmit claim.

5392

OP

The MCCD/DMD Notice of Election (89A) matches the MCCD Aux. file, which already indicates an election period and the period has no Revocation Date posted, or the Election Date is prior to the previous Revocation Date on the MCCD Aux. File.

Purpose:

To ensure that duplicate or overlapping election periods are not posted.

5430	<p>OP</p> <p>Outpatient immunosuppressive drug bill shows a discharge date for a covered transplant (Occurrence Code 36) and there is no covered inpatient hospital transplant stay.</p>

**Error
Code**

Explanation

Purpose:

To prevent erroneous payment.

Resolution:

Verify with provider that a covered transplant was performed. If so, verify that an inpatient bill has been submitted. If an inpatient bill has been submitted, but has not processed through CWF hold claim and resubmit. If there was no covered transplant, deny the claim.

5520

H

Current psychiatric utilization days are greater than zero and current psychiatric utilization days plus total pre-entitlement psychiatric days are greater than 150.

Purpose:

To limit a psychiatric first spell of illness to 150 days, including pre-entitlement days.

Resolution:

The total of pre-entitlement days, plus post-entitlement psychiatric days, cannot exceed 150 days for the first spell of illness when a beneficiary is in a psychiatric hospital prior to entitlement, and is still a patient in a psychiatric hospital on the day of entitlement. Determine the amount of any applicable reduction. Investigate if the current admission is to a psychiatric hospital. Investigate any utilization in the 150-day period before entitlement.

5530

H

Over-utilization of Lifetime Psychiatric Days or over-utilization of psychiatric benefits in a benefit period where a pre-entitlement reduction is applicable.

Purpose:

To ensure that the maximum number of psychiatric days (190) are not exceeded.

Error Code	Explanation

5600	<p data-bbox="391 1079 670 1115">H, S, HH, HOSP, OP</p> <p data-bbox="391 1148 607 1184">Duplicate Claim</p> <p data-bbox="391 1218 1391 1360">HUIP Bills - This HUIP bill matches a posted HUIP bill on the From Date and Thru Date fields. This bill has Action Code 1, 3, or 9 (if posted bill Action Code is other than an 8). An incoming pay bill will overlay a posted no-pay bill unless the posted bill is an MSP bill.</p> <p data-bbox="391 1394 1391 1577">HUOP Bills - This bill matches a posted bill on Provider Number, Bill Type, Dates of Service (or Span Code 72, first and last service dates, if present), Revenue Codes, Revenue Charges and Total Charges; the last digit of Bill Type is not a 5 (late charges); and the Action Code is a 1, 3 or a 9 (if the posted bill Action Code is other than an 8).</p> <p data-bbox="391 1610 516 1646">Purpose:</p> <p data-bbox="391 1680 946 1711">To prevent duplicate payments to provider.</p>

Error Code	Explanation
-------------------	--------------------

Resolution:

Check bill history to determine if the posted bill was sent by the provider. If not, obtain a Host HIMR to determine which Satellite processed the posted bill. Correct the bill or notify the provider that the bill has been canceled as a duplicate bill. If another FI processed the bill incorrectly, have the other FI submit credit, debit, or cancel-only bills to correct the Host history.

5601	H, S
------	------

This bill overlaps a posted bill From Date and Thru date.

Purpose:

To prevent payment to providers for overlapping claims.

Resolution:

For HUIP Bills - The Satellite checks its bill history to determine if the posted HUIP bill was sent by them. If not, request a HIMR from the Host to determine the origin of the posted bill, and contact the originating Satellite to determine where the error in billing dates occurred. The Satellite at fault takes action to correct the error and submits either credit/debit actions or corrects the bill and resubmits it. If this bill needs to be corrected, notify the provider and prepare a remittance advice, if indicated.

For HUOP Bills - This bill overlaps the service dates of a posted HUOP bill and matches Provider Number, Bill Type, Revenue Codes; the last digit of the Bill Type is not a 5 (late charges), and the Action Code is a 1 or 3. Check the bill history to determine if the posted bill was sent by that provider. If another FI processed the posted bill, determine who is at fault. The FI at fault should prepare either a credit/debit adjustment or correct this bill and resubmit. The final remittance advice(s) reflects payment to the provider.

5603	H
------	---

Payment request (Action Code 9) service date does not fall within an existing spell of illness.

Purpose:

A payment request (Action Code 9) must have a corresponding debit with no pay code "R" on history.

Error Code	Explanation
-------------------	--------------------

5901	H
------	---

This bill is identified as a Kron bill, but does not meet the Kron bill criteria as:

(1) Occurrence Codes 21, 22, or 23, Occurrence Span Code 77, or Nonpayment Codes R or X appears in history within 60 days of the Kron bill "from" date;

(2) The "through" date on a hospital history bill is within 60 days of the Kron bill "from" date;

(3) A SNF history bill contains all covered days and the "through" date is within 60 days of the Kron bill "from" date; or

(4) A SNF history bill contains covered and noncovered days, but no Span Codes or Occurrence Codes specifying the noncovered period, and the calculated covered "through" date (determined when CWF subtracts the number of noncovered days from the SNF "through" date) is within 60 days of the Kron bill "from" date.

Purpose:

To assure proper calculation of spell of illness.

Resolution:

Verify validity of use of KRON Indicator and/or history. Correct as necessary and resubmit the claim.

5902	S
------	---

A claim was submitted within 60 days prior to a spell of illness that contains a KRON bill as the earliest claim.

Purpose:

To assure proper calculation of spell of illness.

Resolution:

The Kron Indicator must be on the first claim in the spell. Adjust the Kron bill accordingly.

Error Code	Explanation
5903	<p data-bbox="389 310 422 344">H</p> <p data-bbox="389 380 1395 636">This Kron bill received within 60 days before the "from" date of an inpatient bill with Nonpayment Code B, benefits exhausted or beneficiary chose not to use lifetime reserve days. Nonpayment code B no longer applicable due to Kron bill's establishment of a new spell of illness. The incoming inpatient claim contains the Kron Indicator and will split the posted spell of illness into two spells. However, the split would cause an under-utilization situation in the "first" spell.</p> <p data-bbox="389 667 516 701">Purpose:</p> <p data-bbox="389 737 1328 770">To prevent an under-utilization situation in a previously processed claim.</p> <p data-bbox="389 806 548 840">Resolution:</p> <p data-bbox="389 875 1395 1092">CWF Trailer Code 06, overlap/duplicate bill trailer, is returned with edit 5903 to identify the Nonpayment Code B bill. Cancel the Nonpayment Code B bill. Reprocess the Kron bill to payment, and then re-enter the B bill, but without Nonpayment Code B. If the B bill was processed by a different FI than that processing the Kron bill, the Kron FI must notify the B FI to cancel and subsequently resubmit the corrected B bill.</p>

**Error
Code**

Explanation

Resolution:

Input an MSP Maintenance Transaction Record to annotate MSP data to CWF.

Resolution:

(1) Create an "I" MSP Auxiliary Record.

(2) Resubmit claim.

6806

H, S, OP, HH, HOSP

The bill shows an MSP Override Code of M or N and no MSP Auxiliary Record is found with dates that fall within the Dates of Service on the bill.

Purpose:

To assure proper primary payer on all bills.

**Error
Code**

Explanation

Resolution:

Change the bill to indicate Medicare primary payer and notify the provider unless development has assured the contractor that it is correct. Send an MSP maintenance transaction record to update the Host MSP Auxiliary File and resubmit the bill.

Resolution: (AB-00-107)

(1) Resubmit claim without an override code; or

(2) Create an "I" MSP auxiliary record. An auxiliary record must be present to process a claim using an override code.

Override Codes will be used as follows:

Override code M = GHP services involved. Verify MSP auxiliary record exists. Matching criteria: Dates of Service on claim fall within Effective and Termination Dates on auxiliary record and validity indicator is equal to "Y."

The service provided is:

Not a covered service under the primary payer's plan;

Not a covered diagnosis under the primary payer's plan; or

Benefits have been exhausted under the primary payer's plan.

Override Code N = Non-GHP involved. Verify MSP auxiliary record exists. Matching criteria are: Dates of Service on the claim fall within Effective and Termination Dates on auxiliary record and validity indicator is equal to "Y."

The service provided is:

Not a covered service under the primary payer's plan;

Not a covered diagnosis under the primary payer's plan; or

Benefits have been exhausted under the primary payer's plan.

NOTE: Part B/carrier - Override Code "M" or "N" should be placed in MSP Code (field 95) of the CWF Part B claim record. When processing any primary claim not using an Override Code, this field must be left blank.

6810

Part A claim was processed and only a Part B/carrier (Insurer type K) matching record was found.

80.3 - Part B/Carrier and DMEPOS Utilization Error Codes

(Rev. 1, 10-01-03)

B3-6011, CWF Editutil (<http://cms.csc.com/cwf/downloads/docs/pdfs/editutil.pdf>), B-02-049,

Utilization edit rejects are denoted by a value of "UR" in the disposition field on the Part B/carrier Reply Record. A Trailer 08, containing four utilization error codes, will always follow. A Trailer 12 will also be returned for UR & AA dispositions. Listed below are the possible utilization error codes with a general description of the error and a general description of the corrective action to be taken. This action is meant to be a re-examination of the claim information the contractor has on hand, and correction of the information submitted on the CWF Part B/carrier or DMEPOS Claim Record, not an exhaustive search for additional information.

Part B/Carrier and DMEPOS Utilization Error Codes

Error Code	Explanation
-------------------	--------------------

RT01	Claim is waiting retrieval of archived history.
------	---

Purpose:

To inform the FI that archived history is being retrieved and that they should hold claim before attempting to reprocess.

Resolution:

The Host retrieves the archive history records, a process that is executed weekly. Resubmit the claim in 6 working days.

RT02	Attempted history retrieval, but the beneficiary history pointers were full.
------	--

Purpose:

To notify the carrier that a history retrieval was unsuccessful.

Resolution:

Request the record manually or use the accrete process.

5050	Beneficiary record has been deleted by CMS.
------	---

Purpose:

To notify the carrier/DMERC that a Beneficiary Record has been deleted.

Error Code **Explanation**

Resolution:

The beneficiary number requested by this claim is not available to the HOST. This record has been deleted at the CMS central office. The number the contractor is trying to use is a possible incorrect number and should be investigated through Social Security.

If beneficiary number is correct, deny claim using MSN 5.1 - "Our records show that you do not have Medicare entitlement under the number shown on this notice. If you do not agree, please contact your local Social Security office."

5052 Beneficiary Identification Incorrect - The Name and/or Claim Number shown on the bill is incorrect or claim number is not in file (not used for UR, used only for Disposition Codes 50, 51, 52, 53, 54, 55).

Purpose:

To ensure that the correct beneficiary is identified.

Resolution:

Take action indicated by the disposition code received. (See §20.2.2)

5053 Beneficiary is temporarily blocked due to a merge of beneficiary data mandated by CMS.

Purpose:

To prevent processing of transactions while beneficiary history data is being merged.

Resolution:

Recycle claim every 15 days until approval, adjustment, or reject response is received, or until otherwise notified.

5054 Beneficiary Auxiliary record missing and requested from CMS.

Purpose:

To inform the carrier/DMERC that a Beneficiary Record is temporarily unavailable and that they should hold claim before attempting to reprocess.

Error Code	Explanation
	<p>Resolution:</p> <p>Recycle claim in specified number of days.</p>
5055	<p>Beneficiary blocked at CWF Host and CMS batch pending clerical update.</p> <p>Purpose:</p> <p>To inform the carrier/DMERC that a Beneficiary Record is temporarily unavailable and that they should hold claim before attempting to reprocess.</p> <p>Resolution:</p> <p>Recycle claim every 15 days until an approval, adjustment, or reject response is received, or until otherwise notified.</p>
5056	<p>The beneficiary number requested on this claim is not available to the Host. This record is marked as a skeleton at CMS central office and has been purged. The number being used is a possible incorrect number.</p> <p>Purpose:</p> <p>To inform the carrier/DMERC that a Beneficiary Record is unavailable and that further investigation may be necessary.</p> <p>Resolution:</p> <p>Check with the SSO to determine the proper HICN for this beneficiary. If the HICN and ID are correct, resubmit the bill in 15 working days.</p>
5057	<p>The beneficiary number requested by this claim is not available to the Host at this time because the Beneficiary Record at CMS central office has a skeleton record. (This is done when the beneficiary has a date of death and the beneficiary has not had claims activity for at least 6 months.)</p> <p>Purpose:</p> <p>To inform the carrier/DMERC that a Beneficiary Record is temporarily unavailable and that they should hold claim before attempting to reprocess.</p> <p>Resolution:</p> <p>Recycle claim every 15 working days. If 45 days pass without an approval, adjustment or reject (AAR) response, contact the RO.</p>

Error Code	Explanation
5058	<p>The beneficiary number requested by this claim is not available to the Host at this time because the Beneficiary Record at CMS central office is blocked. (This is done during cross-reference processing.)</p> <p>Purpose:</p> <p>To inform the carrier/DMERC that a Beneficiary Record is temporarily unavailable and that they should hold claim before attempting to reprocess.</p> <p>Resolution:</p> <p>Recycle claim every 15 working days. If no AAR response after receipt of second "58," contact the RO.</p>
5059	<p>The beneficiary number requested by this claim is not available to the Host at this time because the Beneficiary Record at CMS central office is frozen. (This is done while clerical corrections are being done.)</p> <p>Purpose:</p> <p>To inform the carrier/DMERC that a Beneficiary Record is temporarily unavailable and that they should hold claim before attempting to reprocess.</p> <p>Resolution:</p> <p>Recycle claim every 15 working days. If no AAR response after receipt of second "59," contact the RO.</p>
5189	<p>Part B Only</p> <p>The excepted/nonexcepted care indicator is not a 1, or 2, and the Dates of Service are during an RNHCI election period on file.</p> <p>Purpose:</p> <p>To suspend for review all non-RNHCI claims for a beneficiary with a posted RNHCI election period.</p>

Error Code	Explanation
	<p data-bbox="391 310 553 346">Resolution:</p> <p data-bbox="391 380 1401 489">Review claim to determine if the care received by the RNHCI beneficiary was excepted or nonexcepted. Resubmit the claim to CWF indicating what type of care was received:</p> <p data-bbox="391 522 769 558">Indicator 1 for excepted care.</p> <p data-bbox="391 592 818 627">Indicator 2 for nonexcepted care.</p>
5200	<p data-bbox="391 661 1401 732">No entitlement - There is no record of the beneficiary's entitlement to the type of service on the claim.</p> <p data-bbox="391 766 521 802">Purpose:</p> <p data-bbox="391 835 1354 907">To ensure that Medicare pays only for services for which the beneficiary is entitled.</p> <p data-bbox="391 940 553 976">Resolution:</p> <p data-bbox="391 1010 1097 1045">Investigate. If appropriate, correct and resubmit claim.</p>
5210	<p data-bbox="391 1079 829 1115">Services after benefits terminated.</p> <p data-bbox="391 1148 1365 1257">Effective January 1, 2003, only the start date of claims for HCPCS Code A4253, A4255, A4256, and A4259 is considered for this edit (not the entire span of service dates).</p> <p data-bbox="391 1291 521 1327">Purpose:</p> <p data-bbox="391 1360 1354 1432">To ensure that Medicare pays only for services for which the beneficiary is entitled.</p> <p data-bbox="391 1465 553 1501">Resolution:</p> <p data-bbox="391 1535 1401 1606">Investigate (Trailer 04 and 09 will be present). Correct and resubmit claim, if appropriate.</p>
5211	<p data-bbox="391 1635 1365 1745">Services after death (Note: DME rental billing allowed within 30 days of Date of Death regardless of month end as long as the From Date is less than the Date of Death.)</p> <p data-bbox="391 1778 1365 1887">Effective January 1, 2003, only the From Date of claims for HCPCS Code A4253, A4255, A4256, and A4259 is considered for this edit (not the entire span of service dates).</p>

Error Code **Explanation**

Purpose:

To ensure that Medicare pays only for services for which the beneficiary is entitled.

Resolution:

Validate expense dates. Trailer 04 will be present. Resubmit claim if appropriate.

5220 Services prior to date of entitlement.

Purpose:

To ensure that Medicare pays only for services for which the beneficiary is entitled.

Resolution:

Validate expense dates. If appropriate, correct and resubmit claim.

5232 Services overlap GHO entitlement and override code is not = "1"
(investigation shows not applicable).

Purpose:

To ensure that Medicare pays only for services for which the beneficiary is entitled.

Resolution:

Validate expense dates and HMO Override Code. Trailer 05 will be present. Correct and resubmit claim.

Error Code	Explanation
5237	<p>Claim indicates a CHOICES site, but Beneficiary either does not have a GHO Auxiliary Record, or the GHO Auxiliary Record is not associated with a CHOICES site, or the service dates overlap a CHOICES entitlement period; or</p> <p>Claim indicates an ESRD Managed Care Demonstration site, but Beneficiary either does not have a GHO Auxiliary Record, or the GHO Auxiliary Record is not associated with an ESRD Managed Care Demonstration site, or the service dates overlap an ESRD Managed Care Demonstration entitlement period; or</p> <p>Claim indicates an ENCOUNTER, but Beneficiary either does not have a GHO Auxiliary Record, or the GHO Auxiliary Record is not associated with a ENCOUNTER GHO ID, or the Service Dates overlap a risk GHO entitlement period.</p>
	Purpose:
	To ensure that CHOICES/ESRD/ENCOUNTER services are paid for only in the time period for which the beneficiary is eligible.
	Resolution:
	Return to provider indicating that the billed services do not match the CHOICES/ESRD/ENCOUNTER information on file.
5239	<p>Both the claim and the GHO Auxiliary record indicate a CHOICES site, but the CHOICES Identifiers are different; or</p> <p>Both the claim and the GHO Auxiliary Record indicate an ESRD Managed Care Demonstration site, but the ESRD Managed Care Demonstration Identifiers are different.; or</p> <p>Both the claim and the GHO Auxiliary Record indicate and ENCOUNTER site, but the ENCOUNTER Identifiers are different.</p>
	Purpose:
	To ensure GHO beneficiary claims are processed only for the GHO in which the beneficiary is enrolled.
	Resolution:
	Reject claim indicating that Medicare records do not show the beneficiary as enrolled in the billing GHO.

Error Code	Explanation
5240	<p>Part B Only</p> <p>CWF site processing non-RRB Beneficiary. This edit will be bypassed for all CHOICES, ESRD Managed Care Demonstration, and VA bills.</p> <p>Purpose:</p> <p>To ensure the appropriate carrier processes claim.</p> <p>Resolution:</p> <p>Validate processing carrier number and BIC. Have appropriate carrier resubmit claim.</p> <p>Use MSN 11.1 - "Your claim has been forwarded to the correct Medicare contractor for processing. You will receive a notice from them." (NOTE: Use for carriers, FIs, RRB, United Mine Workers.</p>
5242	<p>Part B Only</p> <p>CWF site cannot process RRB beneficiary. This edit will be bypassed for all CHOICES, ESRD Managed Care Demonstration, VA bills, Encounter claims, and Indian Health Demo claims.</p> <p>Purpose:</p> <p>To ensure the appropriate carrier processes claim.</p> <p>Resolution:</p> <p>Check HICN to confirm RRB. Send claim to Palmetto RRB for processing. Do not deny claim.</p> <p>Use MSN 11.1 - "Your claim has been forwarded to the correct Medicare contractor for processing. You will receive a notice from them." (NOTE: Use for carriers, FIs, RRB, United Mine Workers.</p>
5243	<p>Cannot process United Mine Workers beneficiary.</p> <p>Purpose:</p> <p>To ensure the appropriate carrier processes claim.</p>

**Error
Code**

Explanation

Resolution:

Confirm UMW beneficiary. Forward claim to UMW.

Use MSN 11.1 - "Your claim has been forwarded to the correct Medicare contractor for processing. You will receive a notice from them." (NOTE: Use for carriers, FIs, RRB, United Mine Workers.

5244

Part B Only

Claim contains a CABG or Participating Center of Excellence Demonstration Number but the beneficiary does not have both Part A and Part B entitlement.

Purpose:

To ensure that claims are paid appropriately based on the beneficiary's status. Beneficiaries are not eligible for PCOE or CABG demonstrations if they do not have both Part A and Part B entitlement.

Resolution:

Reject indicating that beneficiaries not having both Part A and Part B entitlement are not eligible for claims payment under PCOE or CABG demonstration rules.

Use MSN 5.5 - "Our records show you did not have Part A (B) coverage when you received this service. If you disagree, please contact us at the customer service number shown on this notice."

5245

Part B Only

RRB Beneficiary contains a CABG or Participating Center of Excellence Demonstration Number.

Purpose:

To ensure that claims are paid appropriately based on the beneficiary's status. RRB beneficiaries are not eligible for PCOE or CABG demonstrations.

Error Code	Explanation
	<p data-bbox="391 310 553 346">Resolution:</p> <p data-bbox="391 380 1312 451">Return to provider indicating that RRB beneficiaries are not eligible for claims payment under PCOE or CABG demonstration rules.</p> <p data-bbox="391 485 1380 596">Use MSN 29.13 - "Medicare does not pay for these services because they are payable by another government agency. Submit this claim to that agency." (NOTE: Use Add-on message as appropriate.)</p>
5246	<p data-bbox="391 625 548 661">Part B Only</p> <p data-bbox="391 695 1333 766">GHO/Medicare CHOICES Beneficiary contains a CABG or Participating Center of Excellence Demonstration Number.</p> <p data-bbox="391 800 521 835">Purpose:</p> <p data-bbox="391 869 1380 976">To ensure that claims are paid appropriately based on the beneficiary's status. GHO/Medicare CHOICES beneficiaries are not eligible for PCOE or CABG demonstrations.</p> <p data-bbox="391 1010 553 1045">Resolution:</p> <p data-bbox="391 1079 1393 1150">Return to provider indicating that GHO/Medicare CHOICES beneficiaries are not eligible for claims payment under PCOE or CABG demonstration rules.</p>
524Z	<p data-bbox="391 1180 1312 1251">Service dates fall within Hospice Period and Override Code is not = "1" (investigation shows not applicable).</p> <p data-bbox="391 1285 521 1320">Purpose:</p> <p data-bbox="391 1354 1352 1425">To ensure that Medicare pays for only services for which the beneficiary is entitled.</p> <p data-bbox="391 1459 553 1495">Resolution:</p> <p data-bbox="391 1528 1347 1600">Validate first and last expense dates. Trailer 02 will be present. Resubmit claim.</p>
5255	<p data-bbox="391 1629 548 1665">Part B Only</p> <p data-bbox="391 1698 1386 1848">Outpatient (Action Code 7), or Part B (Entry Code 9) history only bill for PAP Smear codes (G0141, G0143-G0145, G0147-G0148), or Mammography, but the service date on the claim does not match a Technical, or Professional Component Date on the Beneficiary Master Record.</p>

**Error
Code**

Explanation

Purpose:

To ensure that the technical and professional components of a PAP or Mammography claim are not in conflict.

Resolution:

Investigate dates on this claim and claim on history, make correction to claim in error.

5256

Part B Only

Lung Volume Reduction Demonstration Number (30) is present on claim record, but the HIC number is not on the Lung Volume Reduction Eligibility file.

Purpose:

To ensure that Medicare paid LVRS only for beneficiaries enrolled in the NETT/LVR Demonstration.

**Error
Code**

Explanation

Resolution:

Reject claim with reason code 96 and the following messages:

Provider Remittance Notice:

MA84: "Patient identified as participating in the National Emphysema Treatment Trial, but our records indicate that this patient is either not a participant, or has not yet been approved for this phase of the study. Contact the Johns Hopkins University, the study coordinator, to resolve if there was a discrepancy."

MSN:

16-10: "Medicare does not pay for this item or service."

15-4: "The information provided does not support the need for this service or item."

15-16: "Your claim was reviewed by our medical staff" (add on to other messages as appropriate).

EOMB:

16-17: "Medicare does not pay for this item or service."

15-9: "The information we have in your case does not support the need for this service." (If the claim was reviewed by your Medical Staff, add: "Your claim was reviewed by our Medical staff.")

5257

Part B Only

A Demonstration Number of 30 is on an incoming claim and the line item Service Date is not equal to, or within, the Effective Date/Termination Date range on the Lung Volume Reduction Eligibility file.

Purpose:

To ensure that Medicare paid LVRS only for beneficiaries enrolled in the NETT/LVR Demonstration.

**Error
Code**

Explanation

Resolution:

Reject claim with reason code 96 and the following messages:

Provider Remittance Notice:

MA84: "Patient identified as participating in the National Emphysema Treatment Trial, but our records indicate that this patient is either not a participant, or has not yet been approved for this phase of the study. Contact the Johns Hopkins University, the study coordinator, to resolve if there was a discrepancy."

MSN:

16-10: "Medicare does not pay for this item or service."

EOMB:

16-19: "Medicare does not pay for this because it is a treatment that has yet to be proved effective."

5258

Part B Only

A Demonstration Number of 30 is on an incoming claim and the line item has a CPT Code of "32491," and the claim First-Expense Date for the associated line item is prior to the Phase "3A" Effective Date on the Lung Volume Reduction Eligibility File.

Purpose:

To ensure that Medicare paid LVRS only for beneficiaries enrolled in the NETT/LVR Demonstration.

Error Code	Explanation
-------------------	--------------------

Resolution:

Reject claim with reason code 96 and the following messages:

Provider Remittance Notice:

MA84: "Patient identified as participating in the National Emphysema Treatment Trial, but our records indicate that this patient is either not a participant, or has not yet been approved for this phase of the study. Contact the Johns Hopkins University, the study coordinator, to resolve if there was a discrepancy."

**Error
Code**

Explanation

Purpose:

To ensure that Medicare pays only for services for which the beneficiary is entitled.

Resolution:

Validate last screening date and first expense date. Resubmit claim if appropriate. Or, deny the claim using MSN 18.4 - "This service is being denied because it has not been 12 months since your last examination of this kind." (NOTE: Insert appropriate number of months.)

5374

Part B Only

Medicare will not pay for two Screening Fecal Occult Blood test (G0107) services within 11 months of each other.

Purpose:

To ensure that Medicare pays only for services for which the beneficiary is entitled.

Resolution:

Validate last screening date and first expense date. Resubmit claim if appropriate. Or, deny the claim using MSN 18.4 - "This service is being denied because it has not been 12 months since your last examination of this kind." (NOTE: Insert appropriate number of months.)

5375

Part B Only

Medicare will not pay for two Screening Flexible Sigmoidoscopy services performed on different dates within 47 months of each other nor two Screening Barium Enemas performed as an alternative to Screening Flexible Sigmoidoscopy services performed on different dates, within 47 months of each other.

Purpose:

To ensure that Medicare pays only for services for which the beneficiary is entitled.

16.29: "Payment is included in another service you have received."

EOMB:

9.55: "Payment is included in another service you have received."

5395

Part B Only

MCCD/DMD Outpatient claims with no MCCD master file for the Beneficiary.

Purpose:

To ensure that MCCD claims are not paid for Beneficiaries that are not enrolled in the demo.

**Error
Code**

Explanation

Resolution:

Deny the claim with group code CO, reason code 96, and the following messages:

Provider Remittance Notice:

(M138) Patient identified as a demonstration participant but the patient was not enrolled in the demonstration at the time services were rendered. Coverage is limited to demonstration participants.

MSN or EOMB:

60.6: "A claim has been submitted on your behalf indicating that you are participating in the Medicare Coordinated Care Demonstration project. However, our records indicate that you are not currently enrolled or your enrollment has not yet been approved for the demonstration."

5396

Part B Only

MCCD/DMD Part B Claims (HUBC) with Dates of Service that do not fall within a posted election period, or the Dates of Service are after the Revocation Date.

Purpose:

To ensure that MCCD claims are not paid for Dates of Service outside of a posted election period.

**Error
Code**

Explanation

Resolution:

Deny the claim with group code CO, reason code 96, and the following messages:

Provider Remittance Notice:

M138: "Patient identified as a demonstration participant but the patient was not enrolled in the demonstration at the time services were rendered. Coverage is limited to demonstration participants."

MSN or EOMB:

60.7: "A claim has been submitted on your behalf indicating that you are participating in the Medicare Coordinated Care Demonstration project. However, our records indicate that you have either terminated your election to participate in the demonstration project or the dates of service are outside the demonstration participation dates."

5397

Part B Only

MCCD/DMD Part B claims (HUBC) with a Demo Number 37 and a HCPCS code is present that is not in Category 74.

Purpose:

To ensure that services not approved for the MCCD demo are processed under normal Medicare coverage policy.

Resolution:

Split the claim, placing all MCCD services on one claim and all non-MCCD services on another claim, resubmit both claims.

5398

Part B Only

Medicare will not pay MMCD/DMD HCPCS Codes (G9001, G9002, G9003, G9004, G9005, G9009, G9010, or G9011) twice in the same calendar month.

Purpose:

To ensure that Medicare pays only for certain services (or similar services) within the allowed frequency.

Error Code	Explanation
6805	MSP Type Code equals "C" and MSP record found with Validity Indicator not equal to "I" or "Y."
	Purpose:
	To ensure that MSP data is captured on CWF for possible future MSP involvement.
	Resolution:
	Input an MSP Maintenance Transaction Record to annotate MSP data to CWF.
	Resolution:
	(1) Create an "I" MSP Auxiliary Record.
	(2) Resubmit claim.
6806	DMEPOS Only
	MSP Override Code "M" or "N" and no MSP record found with overlapping Dates of Service.
	or
	MSP cost avoid of "E," "F," "G," "H," "J," "K," "Q," "T," "U," "V," "Y," "00," "12," "13," or "14" with no MSP record originated by COB contractor.
	Purpose:
	To assure proper primary payer on all bills.

**Error
Code**

Explanation

Resolution:

Change the bill to indicate Medicare primary payer and notify the provider unless development has assured the contractor that it is correct. Send an MSP Maintenance Transaction record to update the Host MSP Auxiliary File and resubmit the bill.

Resolution: (AB-00-107)

(1) Resubmit claim without an override code; or

(2) Create an "I" MSP auxiliary record. An auxiliary record must be present to process a claim using an override code.

Override codes will be used as follows:

Override code M = GHP services involved. Verify MSP auxiliary record exists. Matching criteria: Dates of service on claim fall within effective and termination dates on auxiliary record and validity indicator is equal to "Y."

The service provided is:

Not a covered service under the primary payer's plan;

Not a covered diagnosis under the primary payer's plan; or

Benefits have been exhausted under the primary payer's plan.

Override code N = Non-GHP involved. Verify MSP auxiliary record exists. Matching criteria are: Dates of service on the claim fall within effective and termination dates on auxiliary record and validity indicator is equal to "Y."

The service provided is:

Not a covered service under the primary payer's plan;

Not a covered diagnosis under the primary payer's plan; or

Benefits have been exhausted under the primary payer's plan.

NOTE: Part B - Override code "M" or "N" should be placed in MSP Code (field 95) of the CWF Part B Claim record. When processing any primary claim not using an override code, this field must be left blank.

Error Code **Explanation**

D903 DMEPOS Only

For HCPCS codes that require a CMN (Category 59):

Capped Rental, Electric Wheelchair and PEN pump claims (without the "MS" or "RP" modifiers) are not allowed once the purchase option or rental cap has been met. CHOICES and ESRD Managed Care Demonstration claims are not subject to this edit under these circumstances.

For HCPCS codes that do not require a CMN:

Paid Claims History (PCH) indicates that the rental cap has been met for HCPCS codes of E0452, E0570, or E0600 and claims with these HCPCS codes are not allowed once the rental cap has been met. CHOICES and ESRD Managed Care Demonstration claims are subject to this edit under these circumstances.

Purpose:

To limit the duration that Medicare will pay for rental equipment.

Resolution:

Deny the claim.

D904 DMEPOS Only

Claims for the maintenance of DMEPOS items are allowed only if the rental cap has been met and cannot take place until six months have passed from the Certification End Date (three months for parenteral pumps).

Purpose:

Maintenance fees are paid only after a rental cap has been met and can be billed only once every 6 months.

Resolution:

Deny the claim using MSN 8.14 - "Your equipment supplier must furnish and service this item for as long as you continue to need it. Medicare will pay for maintenance and/or servicing for every 6-month period after the end of the 15th paid rental month."

Error Code	Explanation
D906	<p data-bbox="391 310 597 346">DMEPOS Only</p> <p data-bbox="391 380 1406 485">Inexpensive/Routinely Purchased item rental payments cannot exceed the cost of the item. 80.4 - IP, SNF, OP, HH, and Hospice Consistency Error Codes

(Rev. 1, 10-01-03)

A3-3809, CWF Editcons (<http://cms.csc.com/cwf/downloads/docs/pdfs/editcons.pdf>), A-02-031, A-02-064

The following are Part A consistency edits and the Bill Types each edit is applied to: General-all; H-Hospital; S-Skilled Nursing Facility; HH-Home Health; HOSP-Hospice; OP-Outpatient; NOE-Hospice Notice of Election.

Consistency edit rejects are denoted by a value of "ER" in the disposition field on the Part A Reply Record. A Trailer of 08 containing up to four Consistency error codes will always follow. Listed below are the possible Consistency error codes with a general description.

IP, SNF, OP, HH, and Hospice Consistency Error Codes

Error Code	Explanation	Action
A001	General Invalid response code.	Contact Host.
A002	General Invalid claim number.	Validate claim number. Resubmit claim.
A003	General Invalid BIC.	Validate BIC. Resubmit claim.
A004	General Invalid surname.	Validate surname. Resubmit claim.
A005	General Invalid first initial.	Validate first initial. Resubmit claim.
A006	General Invalid date of birth.	Correct date of birth. Resubmit claim.
A007	General Invalid sex code.	Correct sex code (0, M, F). Resubmit claim.
A008	General Invalid intermediary number.	Correct intermediary number. Resubmit claim.
A009	General Invalid Contractor Number for Host site	Contact Host.

Error Code	Explanation	Action
A010	General Requestor id (internal testing of transactions) field missing.	Correct Requestor Id field and resubmit claim.
A011	Hospital, SNF, OUP, HHA, Hospice Invalid Printer Destination.	Internal CWF edit, notify CWF Host.
A024	General Invalid second initial.	Validate second initial. Resubmit claim.
A025	OP For Financial or Revenue Override Code 0004, Bill Type must be Outpatient (13X), Federally Qualified Health Center (73X), Ambulatory Surgery Center (83X), or Rural Primary Care Hospital (85X).	Validate override code. Resubmit claim.
A026	OP For Bill Type 73X expenses subject to deductible cannot be greater than zero.	Correct deductible applied. Resubmit claim if appropriate.
A027	M+CO Bill Type is 11Z and the GHO Id is spaces or low values.	Correct the GHO Id field and resubmit claim.
A028	M+CO Bill Type is 11Z and the Medicare Provider Number is spaces.	Correct the Medicare Provider Number and resubmit claim.

Error Code	Explanation	Action
A029	M+CO Bill Type is 11Z and the principal diagnosis code is spaces or low values.	Return to provider for correction of principal diagnosis code.
A030	M+CO The record is for Encounter Start-Up Data (Bill Type 11Z) but the GHO plan ID Number is for CHOICES, or ESRD.	Reject claim.
A031	M+CO Bill Type is 11Z and Condition Code 04 is not present; Condition Code 69 is present and Condition Code 04 is not present; or The first 2 digits of the Bill Type are 11 or 21, a GHO number is present, the GHO Pay Code is 1, and the Condition Code 04 is not present.	Verify claim is a GHO Encounter; if so, plug Condition Code 04. Resubmit claim if appropriate.
A033	M+CO Bill Type is 11Z and the Approval Date is zero.	Correct the Approval Date and Resubmit claim.
A034	H The record is for IME/GME payment (Condition Code 69), but the GHO paid code is a 1.	Verify Condition Code 69 and GHO paid code. Resubmit claim.
A035	General The record/segment count is missing one or more segments.	Correct record count and resubmit.
A036	General The record/segment count has extra segment records.	Correct record count and resubmit.

Error Code	Explanation	Action
A037	General A segment record without segment 01.	Contact Host.
A038	General The total line count for claim is invalid.	Correct total line count and resubmit claim.
A039	General The total line count for segment is invalid.	Correct total line count and resubmit claim.
A040	General The record/segment count cannot be more than 01 for a Hospice NOE.	Correct record count and resubmit NOE.
A041	HH LUPA indicator L is valid only for Bill Type 32X or 33X with four or less visits and the Dates of Service are on or after October 1, 2000.	Verify LUPA indicator, Bill Type, and Dates of Service. Resubmit claim if appropriate.
0011	H Invalid action code, or, for Hospice NOE, action code not "1."	Validate action code, resubmit claim.
0012	HOSP Only Outpatient claims are allowed to "Post to History" with Action Code 7.	Verify Action Code and resubmit claim if appropriate.
0013	H, S CABG demonstration number 06 is present but the Admission Date is before 05/01/1997; or Participating Center of Excellence Demonstration Number 07 is present but the Admission Date is before 10/01/1997.	Verify demo number and admission date. Resubmit claim if appropriate.

Error Code	Explanation	Action
0014	<p>H</p> <p>Claim classified as a Demo claim, but a Demonstration Numbers other than 03, 05, 06, 07, 08, 15, 30, 31, 38, 39, or 40 was submitted; or</p> <p>Claim classified as a Demo claim, but the proper Demonstration Project Identifier is not available.</p>	<p>Verify demo number and project id. Resubmit claim if appropriate.</p>
0015	<p>General</p> <p>Bill is submitted as an ESRD Managed Care Demonstration but Demo Number 15 is not present; or</p> <p>Demo Number 15 is present but the bill is not submitted as an ESRD Managed Care Demonstration.</p>	<p>Verify demo number and resubmit claim.</p>
0016	<p>H</p> <p>Inpatient claim with Provider Number 670899 or 674499 and VA Demonstration Number 31 is not present; or</p> <p>Inpatient claim with VA Demonstration Number 31 and the Provider number is not 670899, or 674499.</p>	<p>Verify demo number and provider number. Resubmit claim.</p>
0018	<p>H</p> <p>An Inpatient claim is submitted with VA Demonstration Number 31, and the Action Code is not equal to 1.</p>	<p>Correct the Action Code and resubmit claim.</p>
0019	<p>H, S</p> <p>Demonstration Number "07" (Participating Centers of Excellence) "08" (Provider Partnership) is present with Condition Code "B1."</p>	<p>Return to provider for removal of either the demonstration number or the "B1" Condition Code.</p>

Error Code	Explanation	Action
0020	<p>General</p> <p>The cancel-only adjustment bill does not contain the cancel-only Adjustment Code , or contains a code other than A, B, C, D, E, F, H, P, or S.</p> <p>A - Do not remove the home health episode period.</p> <p>B – Do not remove the home health episode period and set the cancel indicator to A 1.</p> <p>C - Coverage only code.</p> <p>D - Duplicate billing.</p> <p>E – FI removing the home health episode period.</p> <p>F - Provider removing the home health episode period.</p> <p>H – Other</p> <p>P - Plan transfer</p> <p>S – Scramble</p>	<p>Validate the cancel-only Adjustment Code and resubmit claim.</p>
0021	<p>H, S</p> <p>A demonstration claim with criteria that matches more than one demonstration project.</p>	<p>Return to provider for clarification and correction.</p>
0022	<p>HH</p> <p>Invalid cancel only code for a Home Health record.</p>	<p>Correct the Action Code and resubmit claim.</p>
0401	<p>General</p> <p>The Bill Type is impossible, incomplete, missing, or is inconsistent with the provider number.</p>	<p>Correct the Bill Type and resubmit claim.</p>

Error Code	Explanation	Action

Error Code	Explanation	Action
0402	HOSP TOB 815 or 825 (Hospice late charge claim) and Revenue Codes other than 0657 are present. TOB 815 or 825 is valid when only Revenue Code 0657 is present.	Return to provider for correction.
0406	OP Mammography bill with revenue code 403 and HCPCS Codes 76092, G0202, or G0203 is missing (and HCPCS code 76085 after 01/01/2002).	Validate revenue and HCPCS codes. Resubmit claim.
0407	HH, OP For respite care bills with From Date after 12/31/90, Bill Type not 34X, but revenue code 66X is present.	Validate Bill Type and revenue code, resubmit claim if appropriate.
0410	OP Outpatient immunosuppressive drug bill with occurrence code 36 present, but no revenue code 25X or 636.	Validate occurrence code and revenue code, resubmit claim if appropriate.
041A	H Bill Type is 11A or 11D and Demonstration Number "07" or "08" is not present.	Return to provider for inclusion of demo number.
0412	H, S, OP Late Charge Bill (Bill Type 115, 125, 185, 225, or 285) contains Accommodation Revenue Codes.	Return to provider for correction.
0413	OP, HH, HOSP Claim contains a CABG or Participating Center of Excellence or Provider Partnership demonstration number that is valid only for Bill Type 11X.	Verify TOB and resubmit if appropriate.

Error Code	Explanation	Action
0414	HOSP, HH Value Code 61 and corresponding MSA Code greater than zero is not present on Bill Type 81X or 82X with Revenue Code 0651 and/or 0652; or Value Code 61 is present but corresponding MSA Code is not present on Bill Type 32X, 33X, or 34X.	Verify Value Code and MSA Code. Resubmit claim.
0415	HH The RIC must be W if the Bill Type code is 32X and V if the Bill Type code is 33X, unless RIC is U, than allow either Bill Type 32X, or 33X.	Verify RIC and TOB. Resubmit claim.
0416	General Record is a Non-PPS claim (not Bill type 21X) and a Revenue Code of 0022 is present.	Verify TOB and Revenue Code. Resubmit claim.
0417	HH Revenue Code 0023 is valid only with Bill Type 32X or 33X with Dates of Service on, or after, October 1, 2000.	Verify Revenue Code and TOB. Resubmit claim.
0418	HH Bill Type 3x5 and the Dates of Service are on or after October 1, 2000.	Reject claim.
0419	HH Invalid RIC based on Value Code submitted.	Verify RIC and Value Code. Resubmit claim.
0701	General Provider number positions 1-2 not numeric.	Correct provider number and resubmit claim.

Error Code	Explanation	Action
0702	H, S Provider number not consistent with the Bill Type 11X. IP Position 1 Position 3 Position 3-6	Validate Bill Type and resubmit claim if appropriate. E, F Zero, S, T 0999 1200-1299 1990-2499 3000-3099 3300-3399 4000-4499
	SNF Position 1 Position 3-6	 U, 5 6000-6499
0703	OP Sex is male on mammography screening bill.	 Validate sex and resubmit claim if appropriate.
1001	OP The PRO indicator is not consistent with the action code, total charges, or reimbursement amount.	 This edit is obsolete, if received. Contact CWF Host.
1501	H, S, HH Date of admission is impossible or incomplete.	 Correct date of admission and resubmit claim.

Error Code	Explanation	Action
1502	H, S, HH Date of admission is later than From Date.	Validate date of admission and From Date, resubmit claim.
1503	S Date of admission is more than 30 days after the Thru Date of the qualifying hospital stay and there is no Condition Code 55, 56, 57, or 58 present.	Validate date of admission and condition codes, resubmit claim if appropriate or deny. Use MSN 13.2 - "Skilled nursing facility benefits are available only after a hospital stay of at least 3 days."
1504	H, S Date of admission or stay From or stay Thru Date is greater than the current date.	Verify dates; return to provider if necessary.
2101	H, S, HOSP Patient status code omitted or impossible.	Correct patient status code and resubmit claim.
2102	H, S, HOSP Patient status code is not correct. Code is 40, 41, or 42, and bill is not a Hospice Bill, or code is 20 and bill is a Hospice bill.	Validate patient status code and resubmit claim if appropriate.
2103	H Invalid patient status with CMG rate code. Patient status should be 20.	Correct patient status and resubmit claim.
2201	General From date is impossible or incomplete.	Correct From Date and resubmit claim.

Error Code	Explanation	Action

Error Code	Explanation	Action
2206	H Invalid Dates of Service. The Discharge Date on an IME/GME (Condition Code 69) record is before 01/01/1998.	Deny claim using MSN 21.11 - "This service was not covered by Medicare at the time you received it."
2207	OP Mammography bill First Service Date on claim or first Span Code 72 Date must be equal to, or greater than, 01/01/1991.	Deny claim using MSN 21.11 - "This service was not covered by Medicare at the time you received it."
2208	S Invalid Date of Service on a SNF Claim.	Verify date and resubmit or deny as appropriate.
2209	H Home Health claim Dates of Service overlap July 1, 1999; or Home Health claim Dates of Service overlap October 1, 2000.	Return to provider.
2210	HOSP Hospice NOE Bill Type 8xA, or 8xB with Action Code 2 and Field 29 does not contain a valid MMDDYY entry. This field should contain the original Hospice Election Period start date for claim type 8xA, or the original Hospice revocation date for 8xB.	Correct date and resubmit claim.
2211	H A RNHCI Notice of Election (41A), Notice of Revocation (41B), or Notice of Cancellation (41D) is received, and the Admission Date is prior to July 1, 2000.	Return to provider for date correction.

Error Code	Explanation	Action
2212	H, S Bill Type 51X and the Dates of Service are on, or after, July 1, 2000.	Return to provider for Bill Type correction.
2213	HH Bill Type 32X or 33X should not be greater than 60 days, when the Dates of Service are on, or after, October 1, 2000.	Return to provider to be split into multiple claims.
2214	OP A MCCD/DMD Notice of Election (89A), Notice of Revocation (89B), or Notice of Cancellation (89D) and the From Date is prior to January 1, 2001. Value Code (Coinsurance) A2, B2, or C2 is present.	Return to provider for correction, coinsurance amounts should not appear on these transactions.
2215	OP A MCCD/DMD Outpatient record with Demo Number 37 or Outpatient Encounter record and Value Code (Coinsurance) A2, B2, or C2 is present.	Return to provider for correction, coinsurance should not apply to MCCD claim.
2216	OP An MCCD/DMD Outpatient record with Demo Number 37 and the expenses subject to Deductible is greater than 0 or Outpatient Encounter record, or Clinical Trail record with Condition Code 30 and Dates of Service on or after September 19, 2000	Return to provider for correction, deductible should not apply to MCCD claim.

Error Code	Explanation	Action
2301	<p>H, S</p> <p>Bill contains utilization days entry other than a number;</p> <p>Psychiatric facility (Provider range 4000-4499 or S001-S999) contains utilization days exceeding 150; or</p> <p>Bill with dates of service before or after 1989. A hospital bill exceeds 150. A SNF bill exceeds 100.</p>	<p>Correct utilization days field and resubmit claim.</p>
2302	<p>H, S</p> <p>The sum of utilization days plus non-utilization days must equal the difference between the Thru Date minus the From Date in the Statement Covers Period.</p> <p>Exception: If a patient status code is 30 or if the From Date is equal to the thru date, the sum of utilization days plus non-utilization days must equal the difference between the thru date minus the From Date in the Statement Covers Period, plus 1.</p>	<p>Verify utilization days, non-utilization days, From Date, and Thru Date. Resubmit claim if appropriate.</p>
2303	<p>H, S</p> <p>The number of Cost Report Days exceeds the number of Accommodation Days, but the date of admission and discharge are not the same.</p>	<p>Verify Cost Report Days, Accommodation Days, admission date, and discharge date. Resubmit claim if appropriate.</p>
2304	<p>H</p> <p>No utilization days are shown on patient filed bill.</p>	<p>Correct utilization days and resubmit claim.</p>

Error Code	Explanation	Action
2305	H, S Utilization and/or non-utilization days are present on a Hospital Inpatient or SNF Inpatient late-charge claim.	TOB 115 and 215 should not be accepted by FI, if this edit is received confirm TOB and reject if appropriate.
2306	H, S Utilization days are shown as 0. The From Date covered by the statement is not the same as the Thru Date. A nonpayment code is present, and some payment is being made. (Does not apply to credit or cancel only adjustment bills).	Verify utilization days, nonpayment code, and payment. Resubmit claim if appropriate.
2307	H, S Same day transfer bill should not show utilization, deductible, or coinsurance when the bill has: Admission date, From Date and Thru Date equal; Patient status 02 or 03; or Condition code 40 present.	Verify utilization, deductible, and coinsurance. Resubmit claim if appropriate.
2308	H, S No-pay Code of R must have utilized days. Utilization days are shown as 0; the Admission Date is not the same as the Thru Date; the patient status is not 02, 03, 05, 61, 71, or 72.	Verify the no-pay code, utilization days, and patient status. Resubmit claim.
2401	H, S Non-utilized days are other than numeric or spaces (when spaces defaults to zero).	Correct non-utilized days field and resubmit claim.

Error Code	Explanation	Action
2501	H, S The 1st and 2nd year coinsurance days' entry is incomplete or other than a number.	Correct coinsurance days field and resubmit claim.
2502	H, S Coinsurance days or lifetime reserve days exceed the number of utilization days.	Verify coinsurance days, lifetime reserve days, and utilization days
2503	H, S If hospital bill, utilization days minus coinsurance days exceed 60. If SNF bill, utilization days minus coinsurance days exceed 20.	Verify utilization days and coinsurance days.
2504	H, S The coinsurance rate (Coinsurance Amount divided by Coinsurance Days) exceeds the rate that applies to the calendar year in which the coinsurance days occur.	Recalculate the coinsurance rate.
2506	H, S Coinsurance days are shown, but no amount is shown for either Value Code 09 or Value Code 11.	Verify coinsurance days, Value Code 09, and Value Code 11. Resubmit claim if appropriate.
2507	H The sum of coinsurance days plus lifetime reserve days in either the year of admission or the year of discharge on a bill that spans a calendar year end, is greater than the number of days in the period covered by the statement for either the year of admission or discharge on the bill.	Verify coinsurance days, lifetime reserve days, admission date, and discharge date. Resubmit claim.

Error Code	Explanation	Action
2601	H, S On a hospital bill, this item contains an entry other than a number or a number that exceeds 60. An entry for a SNF bill is inappropriate as lifetime reserve days apply only to inpatient hospital stays.	Verify lifetime reserve days and resubmit claim.
2602	H The lifetime reserve days are shown, but no amount is shown for either value code 08 or value code 10; or A valid Value Code 08 or 10 amount is present, but no lifetime reserve days are present.	Verify lifetime reserve days, value code 08 amount, and value code 10 amount. Resubmit claim if appropriate.
2603	H The lifetime reserve rate (lifetime reserve amount divided by lifetime reserve days) exceeds the rate that applies to the calendar year in which the lifetime reserve days occurred. Occurrence Codes The third digit of the following error codes represents the sequence in which the code occurred. The sequence is 1 through 0, with 0 representing the 10th code.	Recalculate the lifetime reserve rate and resubmit claim.
28#1	H, S, HH, HOSP, OP Invalid occurrence code.	Correct the occurrence code and resubmit claim.
28#2	S Date Guarantee of Payment Began--entry is inappropriate as this item applies only to hospital bills.	Remove date from claim and resubmit.

Error Code	Explanation	Action
28#3	H Date Guarantee of Payment Began-- Hospital Bill. Date is earlier than the admission date or later than the statement covers Thru Date.	Verify dates and resubmit claim.
28#4	H Date of Guarantee of Payment Began-- Utilization days cannot exceed 12 days beyond the admission date, if admission date and the statement covers period From Date are the same, unless the billing dates cover the period 12/24 through 1/2, in which case 13 days cannot be exceeded.	Verify dates and resubmit claim or return to provider for correction.
28#5	H If the Guarantee of Payment Date is shown and the admission date and From Date are not equal, utilization days cannot exceed 12 days, unless the billing dates cover the period 12/24 thru 1/2, in which case 13 days cannot be exceeded.	Verify dates and resubmit claim or return to provider for correction.
28#6	H The Date Guarantee of Payment Began is earlier than the Date Benefits Exhausted (Occurrence Code 23).	Verify dates and resubmit claim or return to provider for correction.
28#7	H The Date Guarantee of Payment Began plus utilization days (less coinsurance and non-utilization days) cannot exceed the statement covers period Thru Date, unless the patient status code is 30 (Still Patient), in which case the Thru Date cannot be exceeded by more than 1 day.	Verify dates and resubmit claim or return to provider for correction.

Error Code	Explanation	Action
28#8	H, S Active Care Ended date is after the Thru Date.	Verify dates and resubmit claim or return to provider for correction.
28#9	H, S Utilization days exceed the number of days between the From Date and the Date Active Care Ended (Occurrence code 22) minus any days for Noncovered Level of Care (Occurrence Span Codes 74, 76, 77, 79, and M1) reported on the bill.	Recalculate utilization days and resubmit claim.
28#A	H, S Utilization days are greater than the number of days between the From Date and the date benefits exhausted and on a hospital bill, and Guarantee of Payment Began Date is not present.	Recalculate utilization days and verify all dates. Resubmit claim if appropriate.
28#B	HH, HOSP, OP The benefits exhausted date is prior to the From Date.	Verify the benefits exhausted date and the From Date. Benefits exhaust date should be later than From Date on claim. Resubmit claim.
28#C	HH, HOSP, OP The date the benefits were exhausted is not greater than the stay From Date.	Verify the benefits exhausted date and the stay From Date. Resubmit claim if appropriate, otherwise deny.
28#E	H, S, OP, HH More than one Benefits Exhausted Date Occurrence Code (A3, B3, C3-in any combination) is present on the claim.	Verify appropriate Occurrence Code and remove others. Resubmit claim.

Error Code	Explanation	Action
28#L	H More than one Occurrence Code 20 has been found on a single claim.	Verify Occurrence Code 20 date and remove all other occurrences from claim. Resubmit claim.
28#M	HOSP Occurrence Code 42 date does not equal the service Thru Date on the claim.	Verify dates and resubmit claim.
28#N	H, S, OP Claim indicates benefits exhausted, Medicare is primary and the Occurrence Code present is not A3; Claim indicates benefits exhausted, Medicare is secondary and the Occurrence Code present is not B3; or Claim indicates benefits exhausted, Medicare is tertiary and the Occurrence Code present is not C3.	Correct Occurrence Code and resubmit claim.
28#O	H, S Benefits Exhausted--This Date is outside the "Statement Covers Period" Dates. HOSP Invalid or missing Occurrence Code 23 or 42 Date.	Verify Benefits Exhausted Date and resubmit claim if appropriate.
28#P	HOSP Occurrence Code 23 Date does not equal the service Thru Date on the claim.	Verify dates and resubmit claim.

Occurrence Span Codes and Dates Required

The third digit of the following error codes represents the sequence of the Occurrence Span Code reported on the bill.

Error Code	Explanation	Action
33#1	H, S A span code from or Thru Date is an invalid or inconsistent date entry.	Verify span code dates and resubmit claim.
33#2	S Qualifying Stay Dates--The Thru Date is the same as, or prior to, the From Date.	Correct dates and resubmit claim.
33#3	S Qualifying Stay Dates--The 3-day stay requirement is not met or in the case of a Rural Primary Care Hospital (RPCH) 2 days. The Thru Date is not 3 or more days later than the From Date or in the case of a RPCH 2 days.	Verify dates. Resubmit claim if appropriate or deny for lack of a qualifying stay. Use MSN 13.2 - "Skilled nursing facility benefits are available only after a hospital stay of at least 3 days."
33#4	S Qualifying Stay Dates--the Thru Date is later than the current admission date.	Verify dates. Resubmit if appropriate or deny for lack of qualifying stay. Use MSN 13.2 - "Skilled nursing facility benefits are only available after a hospital stay of at least 3 days."
33#5	H Occurrence span code 70 dates are invalid due to: 1) Span code From Date is equal to the From Date of the statement and it is not a catastrophic transition claim; or 2) The claim from and Thru Dates are catastrophic.	Verify dates and resubmit or deny claim if appropriate.
33#6	OP Screening Colorectal or Screening Prostate Cancer are billed multiple times on the same claim.	Deny duplicate line items using MSN 7.1 - "This is a duplicate of a charge already submitted."

Error Code	Explanation	Action
	Condition Codes	
	The second and third digit of the following error codes represents the sequence of the condition code reported on the bill.	
35#1	H Condition Codes 61/66 cannot be present on a non-PPS claim or there is more than one PPS Condition Code present or; Condition Code "65" is present on a PPS claim.	Return to provider for verification of Condition Codes.
35#2	H Condition Code 61 (Cost Outlier) is present and Value Code 17 is not present.	Return to provider for addition of Value Code 17 and amount.
35#4	SNF, OUTP, HHA, Hospice Condition Code 69 is invalid on Bill Type other than 11X.	Verify Condition Code and TOB. Resubmit claim.
3900	General ICN is blank, or invalid.	Correct ICN and resubmit claim.
	Value Code The third digit of the following error codes represents the sequence of the Value Code reported on the bill.	
4600	H PPS capital total amount not equal to the sum of its parts.	Recalculate total and resubmit claim.

Error Code	Explanation	Action
46#1	General Valid Value Code contains an impossible amount.	Correct value code amount and resubmit claim.
46#2	General Blood deductible amount present with no blood deductible pints.	Validate blood deductible fields. Resubmit claim if appropriate.
46#3	H, S, OP Value Code 06--Medicare blood deductible is reported, but the total charges and noncovered charges for revenue center code 001 are equal, indicating that blood cannot be applied towards the blood deductible.	Validate blood deductible, total charges, and noncovered charges. Resubmit claim if appropriate.
46#4	H Value Code A1, B1, or C1 and the Inpatient deductible amount shown exceeds Inpatient deductible for the year.	Recalculate deductible and resubmit claim.
46#5	S Value Code A1, B1, or C1-Inpatient Deductible is present on a SNF Bill.	Correct Value Code. Resubmit claim.
46#6	H Value Code 17--Outlier amount is present, but neither a Day Outlier (Condition Code 60) nor Cost Outlier (Condition Code 61) is reported.	Add appropriate Condition Code (60 or 61) as appropriate or remove Value Code 17.
46#7	H Value Code 17 - Outlier amount is greater than the reimbursement amount or the Y4 amount with Demo Number 06, 07, or 08; plus the total deductible and primary payer amount.	Verify outlier amount and resubmit claim.

Error Code	Explanation	Action
46#8	H, OP More than one Cash Deductible Value Code (A1, B1, or C1 - in any combination) is present on the claim.	Remove inappropriate value codes and resubmit claim.
46#9	General Incorrect deductible application on MSP claims.	Validate deductible. Resubmit claim if appropriate.
46#A	General Invalid Value Code with Condition Code 26.	Correct or remove value code and resubmit claim.
46#B	HH, HOSP, OP More than one Coinsurance Value Code (A2, B2, or C2 - in any combination) is present on the claim.	Remove inappropriate value codes and resubmit claim.
46#C	H, S Deductible or coinsurance amount is present on a late-charge claim.	Remove deductible and/or coinsurance and resubmit claim.
46#D	OP The number of Blood Deductible Pints is greater than 3.	Recalculate Blood Deductible and resubmit claim.
46#E	H, S, OP Blood Deductible number of pints is entered but no blood usage is shown in Blood Pints Furnished.	Remove Blood Deductible and resubmit claim.

Error Code	Explanation	Action
46#F	H, S, OP Blood Deductible number of pints is more than the number left after subtracting the number of pints replaced from the number 3.	Recalculate Blood Deductible and resubmit claim.
46#H	H, S, OP "Blood Pints Furnished" is zero with charges shown for Value Code 06. For Outpatient, "Blood Furnished Pints" is zero with charges shown for "Verified Patient Liability, Blood Deductible field."	Return to provider for correction.
46#I	OP Blood Deductible Pints greater than 0 but Blood Pints Furnished = 0.	Remove Blood Deductible and resubmit claim.
46#J	OP Cash Deductible exceeds Expenses Subject to Deductible.	Recalculate deductible and resubmit claim.
46#K	OP Invalid Cash Deductible.	Correct cash deductible and resubmit claim.
46#L	H, S, OP Blood Pints Furnished cannot be less than Blood Pints Replaced.	Verify Blood Pints Furnished and Blood Pints Replaced. Resubmit claim.
46#M	General Blood Pints (Value Codes 37, 38, 39) must be reported as full pints; partial pints are not accepted.	Round Blood Pints to next highest whole amount and resubmit claim.

Error Code	Explanation	Action
46#N	General If blood furnished pints (Value Code 37), blood deductible (Value Code 38), or blood replaced pints (Value Code 39) are present, then the amount must be greater than zero.	Return to provider.
46#O	H, S, OP Blood Deductible pints (Value Code 38) is present, but Blood Deductible dollars (Value Code 06) is missing.	Recalculate Blood deductible dollars and resubmit claim.
46#P	H, S, OP Blood furnished (Value Code 37) minus blood replaced (Value Code 39) is greater than zero, but claim does not contain Revenue Code 0380, 0381, or 0382; or The claim contains Revenue Code 0380, 0381, or 0382 but the number of units associated with the Revenue Code does not equal the difference between blood furnished and blood replaced.	Return to provider.
46#Q	H, S, OP Blood furnished (Value Code 37) and blood replaced (Value Code 39) are equal, but Blood Deductible Pints are present.	Recalculate Blood Deductible Pints and resubmit claim.
46#R	H, S, OP Blood furnished pints (Value Code 37) minus blood replaced pints (Value Code 39) is equal to zero but Revenue Code 0380, 0381, or 0382 is present.	Return to provider.

Error Code	Explanation	Action
46#S	H Claim contains a CABG (06), Participating Center of Excellence (07), or Provider Partnership demonstration number but Value Codes Y1, Y2, Y3, and Y4 are not present or the codes are present without an amount.	Return to provider.
46#T	H MSP Value Codes are present on a CABG, Participating Center of Excellence, or Provider Partnership demonstration claim.	Remove MSP Value Codes and resubmit claim.
46#U	HH Value Codes 62 and 64, or Value Codes 63 and 65, must be present on a Home Health claim when the Dates of Service are on, or after, October 1, 2000. 62- HH visits under A. 63- HH visits under B. 64 HH dollars under A. 65 HH dollars under B.	Return to provider.
46#V	HH The visits in Value Code 62 and 63 do not equal the Revenue Center Code for 042x, 043x, 044x, 055x, 056x, and 057x. Visits should = units for the listed revenue codes.	Return to provider for correction
46#W	H Condition Code 30 and Value Code A1, B1 or C1 are present on the same claim.	Verify Condition Code and Value Code. Resubmit claim if appropriate or return to provider.

Error Code	Explanation	Action
	Financial Data	
	For error codes involving the revenue code and associated items, # equals 1-R. Where 1 is the 1st revenue code, 2 is the 2nd revenue code, 0 is the 10th revenue code, A is the 11th revenue code, Q is the 27th revenue code and R is the 28th revenue code.	
5A#1	OP	
	An MCCD/DMD Outpatient record with Demo Number 37 and the units are greater than 1 for HCPCS Codes G9001-G9005 or G9007-G9015.	Deny access units. Use MSN 16.25 - "Medicare does not pay for this much equipment, or this many services or supplies." Use CO 57 if denied as this quantity is not medically necessary.
511H	S	
	RUGS SNF claims must contain a Revenue Code in the range of: 9000 - 9044. A RUGS SNF claim is indicated with the values 2, 3, or 4 placed in the RUGS Provider Indicator field.	Return to provider.
51#3	H,S,HH,HOSP, OP	
	Revenue Code Unit entry is missing or invalid; units are required for these revenue codes:	Correct units field and resubmit claim.
	Revenue Code Description	Bill Type Code
	a. 100-169 Inpatient accommodations	11X, 18X, 41X, 21X
	b. 200-219 Inpatient accommodations	11X, 41X
	c. 510-519 Clinic Visits	13X, 71X, 73X
	d. 450 & 456 Emergency Room	13X, 85X
	e. 381-382 Blood	11X, 13X, 21X, 23X, 71X, 72X, 18X

Error Code	Explanation	Action

	m. 821, 831, 841, 851, Dialysis Sessions	13X, 74X, 72X
	n. 410-419 Respiratory Services	13X, 22X, 74X
	o. 440-449 Speech Language Pathology	22X, 23X, 32X, 33X, 74X, 71X
	p. 472 Audiology	13X, 22X, 23X, 32X, 33X, 74X, 71X
	q. 300-319 Laboratory	13X, 14X, 22X, 23X, 24X, 71X, 72X
	r. 403 Mammography	14X, 22X, 23X, 71X
51#4	H, S, HH, HOSP, & OP Total Charges or Noncovered Charges field is invalid.	Correct charge fields and resubmit claim.
51#5	H, S, HH, HOSP, & OP Noncovered Charges exceed Total Charges.	Verify and correct charge fields. Resubmit claim.

Error Code	Explanation	Action
51#6	H, S, HH, HOSP, & OP A revenue center code is shown, but total charges for the revenue center is zero and special action code is not 4.	Determine if revenue code is appropriate without charges and add action code "4." Otherwise return to provider for addition of charges.
51#7	OP Outpatient mammography bill with first From Date of service after 12/31/90. Revenue code 403 invalid for Bill Type other than 14X, 22X, 23X, 71X, or 85X.	Return to provider for correction of Bill Type.
51#8	OP For screening mammography bills, revenue code 403 is reported more than once, or other revenue codes are present.	Deny additional line items.
51#9	OP IOL insertion (HCPCS Codes 66983, 66984, 66985) can be used only with Revenue Code 036X or 049X and Bill Type 13X, 83X, or 85X.	Verify Revenue Code and Bill Type. Resubmit claim.
51#A	HH, HOSP, OP Eyewear must be billed only with Revenue Code 274.	Correct Revenue Code and resubmit claim.
51#C	HH, HOSP, OP Anti-cancer drugs (HCPCS codes J8510, J8520, J8521, J8530, J8560, J8600, J8610, J8999) and oral anti-emetic drugs (Q0163-Q0181) can be billed only with a Diagnosis Code of cancer (140-239.9 and/or V58.0-V58.1). Bypass the edit for HCPCS Codes J8530 and J8610 when Occurrence Code 36 is present.	Deny claim. Use MSN 14.9 - "Medicare cannot pay for this service for the diagnosis shown on the claim."

Error Code	Explanation	Action
51#D	HH, HOSP, OP Anti-cancer drugs and anti-emetic drugs require units.	Return to provider for addition of units.
51#E	HH, HOSP, OP Anti-cancer drugs and the oral anti-emetic drugs can be used only with Revenue Code 0636 for all Types of Bill, and for Home Health Bill Type 32X, 33X, or 34X only Revenue Code 294 can be used.	Correct revenue code and resubmit claim.
51#F	HH, HOSP, OP Anti-cancer drugs and oral anti-emetic drugs can be used only with these Bill Types: 12X, 13X, 14X, 22X, 23X, 24X, 32X, 33X, 34X, 71X, 72X, 73X, 75X, 81X, 82X, 83X, 85X.	Correct Bill Type and resubmit claim.
51#G	H, S Blood clotting factor (HCPCS Codes J7190, J7191, J7192, J7193, J7194, J7195, J7196, J7198, J7199, Q0160, Q0161, Q0187, Q2022) can be billed only with a principal or other diagnosis of hemophilia (286.0, 286.1, or 286.4).	Deny claim. Use MSN 14.9 - "Medicare cannot pay for this service for the diagnosis shown on the claim."
51#O	S A SNF/PPS claim contains a Revenue Code of 0022 and the total charges on the 0022 revenue line are greater than zero and override code "4" is not present.	Return to provider indicating that 0022 revenue line(s) should not contain any total charges.

Error Code	Explanation	Action
51#P	<p>HH, OP</p> <p>For Revenue Codes 042x-044x and 055x-059x, a line item Date of Service is required if the Bill Type is 32X or 33X, and the Dates of Service are on, or after, June 1, 1998; or</p> <p>For Revenue Codes 0274, 029x, 060x, or 0636 (with only HCPCS Code J0630), a line item Date of Service is required if the Bill Type is 32X, 33X, or 34X and the Dates of Service are on, or after, October 1, 2000.</p>	<p>Return to provider for addition of line item dates.</p>
51#R	<p>S</p> <p>A SNF/PPS claim contains a Revenue Code of 0022 and an invalid line item Date of Service is present on the revenue line.</p>	<p>Verify and correct the line item date of service. Resubmit claim.</p>
51#S	<p>S</p> <p>A SNF/PPS claim contains a Revenue Code of 0022 with HIPPS Code of RUAXX, RUBXX, and/or RUCXX, a minimum of two Rehab Therapy Codes (042x and/or, 043x and/or, 044x) is not present with the covered units greater than 10.</p>	<p>Return to provider for verification. If two rehab services were not performed, refer claim to medical review.</p>
51#T	<p>S</p> <p>A SNF/PPS claim contains Revenue Code of 0022 with HIPPS Code of RHAXX, RHBXX, RHCXX, RLAXX, RLBXX, RMAXX, RMBXX, RMCXX, RVAAXX, RVBXX, and/or RVCXX, a minimum of one Rehab Therapy Code (042x, 043x, and/or 044x) is not present with the covered units greater than 10.</p>	<p>Return to provider for verification. If one rehab services were not performed, refer claim to medical review.</p>

Error Code	Explanation	Action
51#U	S The sum of the Accommodations Units (Revenue Code 010x- 017x and Revenue Code 019x-021x) is not equal to the sum of the SNF PPS units (Revenue Code 0022)	Return to provider for recalculation of SNF/PPS Units.
51#V	S Missing a valid HIPPS Code (AAA00-SSC78) on Revenue Code 0022 for a SNF PPS claim.	Return to provider for addition of missing information
51#W	OP, HH HCPCS Code 97504 cannot be billed with HCPCS Code 97116 on the same day.	Deny line item using MSN 16.8 - "Payment is included in another service received on the same day."
51#X	HH For Revenue Code 029x, 060x, or 0636 a HCPCS code is required if the Bill Type is 32X, 33X, or 34X, and the Dates of Service are on, or after, October 1, 2000.	Return to provider for addition of HCPCS code.
51#Y	HH Revenue Code 0023 requires a HRG code in the HCPCS code field for Bill Type 32X or 33X, and the Dates of Service are on, or after, October 1, 2000.	Return to provider for addition of HRG code.
51#Z	HH Revenue Code 0624 is present on Bill Type 32X or 33X and the Dates of Service are on, or after, October 1, 2000.	Deny claim, use MSN 16.13 - "The code your provider used is not valid for the date of service billed."

Error Code	Explanation	Action
5241	H IME/GME claim, with Condition Code "04/69," is during a non-risk HMO period. For PPS IME/GME claims, the Admission Date is within a non-risk HMO period. Option Code is equal to "1" or "2."	Return to provider indicating that claims paid by HMOs should be submitted to Medicare with a non-payment code of B or N.
538J	OP HCPCS Codes G0245 or G0246 has been paid within six months.	Deny claim.
5800	General On all claim types submitted by FIs (HUIP, HUOP, HUHH, and HUHC), with Action Codes 3 and 9 the original ICN cannot be blanks, or nulls.	Correct ICN and resubmit claim.
5802	HH Reimbursement Amount exceeds amount allowed for billing period. This edit is bypassed if Condition Code M2 is present.	Deny claim, use MSN 17.8 - "Payment was denied because the maximum benefit allowance has been reached."
5803	HH Units exceed number allowed for billing period.	Deny excess units using 16.25 - Medicare does not pay for this much equipment, or this many services or supplies. Use CO 57 if denied as this quantity is not medically necessary.
6101	H, S, HH, HOSP, & OP Total Charges (revenue code 001) are not equal to the sum of the charges for all other revenue codes.	Correct total charges field and resubmit claim.

Error Code	Explanation	Action
6102	General Noncovered charges (revenue code 001) are not equal to the sum of the noncovered charges for all other revenue center codes.	Correct the total noncovered charges field and resubmit claim.
6103	H, S Prior Payment Amount greater than Total Charges and either Reimbursement Amount or Utilization Days are present.	Recalculate reimbursement amount and utilization days and resubmit claim.
6105	H, OP, HOSP, HH Multiple 0001 Revenue Codes present on bill.	Verify correct 0001 line and delete all other 0001 lines. Resubmit claim.
6106	HH Revenue Code line 0023 on a RAP claim (3x2) does not equal the sum of Revenue Code line 0001.	Return to provider for recalculation of the 0001 revenue line.
61#6	OP, HH Payment method in the financial data is missing, or invalid. As of January 1, 2003, hospitals that provide Part B only services to their inpatients will be excluded from the Outpatient Prospective Payment System (OPPS) and this edit. This policy was effective for dates of service starting January 1, 2002.	Correct payment method and resubmit claim.
61#8	OP Blood Deductible Cash Amount missing, or invalid.	Correct deductible amount and resubmit claim.

Error Code	Explanation	Action
61#9	OP Cash Deductible Amount missing, or invalid.	Correct deductible amount and resubmit claim.
61#E	OP Provider Payment Amount in the financial data is invalid, or missing.	Correct payment amount and resubmit claim.
61#F	OP Beneficiary Payment Amount invalid.	Correct payment amount and resubmit claim.
61#H	OP, HH Medicare Payment Amount invalid.	Correct payment amount and resubmit claim.
61#I	General The line item Date of Service is invalid, or not within the Dates of Service of the claim.	Return to provider for date correction.
61#J	OP HCPCS Code 55873 has been billed more than once on the same claim with the same Dates of Service.	Deny the duplicate line item using MSN 7.1 - "This is a duplicate of a charge already submitted."
61#K	OP Screening Glaucoma billed more than once on the same claim.	Deny the duplicate line using MSN 7.1 - "This is a duplicate of a charge already submitted."
61#L	H Revenue Code 0024 reported more than once.	Return to provider indicating that 0024 revenue lines should not be reported more than once on the same claim.

Error Code	Explanation	Action
61#M	H Provider Number not in the IRF Provider range (digits 3-6, "3025-3099," of the 13-digit Provider Number, or a third digit of "T") when Revenue Code 0024 is present.	Return to provider indicating that 0024 revenue lines should not be reported by this provider.
61#N	H Not a valid HIPPS code range ("A0101 - A5104," "B0101 - B2102," "C0101 - C2102," and "D0101-D2102") with Revenue Code 0024.	Return to provider indicating that this is not a valid HIPPS code for Revenue Code 0024
61#O	H IRF PPS interrupted stay greater than three days.	Return to provider indicating that Span Code "74" dates must be for 3 days or less.
61#R	OP Invalid Bill Type or Revenue Code for Screening Glaucoma.	Return to provider for correction of Bill Type.
61#S	OP HCPCS Codes G0247 cannot be paid when HCPCS Codes G0245 or G0246 are not payable.	Deny line item.
61#T	OP HCPCS Codes G0245 or G0246 billed multiple times on same record, with a Date of Service that is within six months.	Deny line item.
6201	H, S Total Deductions (the sum of Value Codes "06" through "11") is greater than the difference between the charges and noncovered charges for revenue code 001.	Correct the total deductions field and resubmit claim.

Error Code	Explanation	Action
6901	H, S The Kron indicator is not allowed on SNF bills, and the hospital bill must contain utilization days, unless Medicare is secondary to another insurer.	Remove Kron indicator and resubmit.
6902	H, S The Kron indicator is not allowed with non-payment codes of B, C, E, F, G, H, J, K, N, Q, T, U, V, X, or Y.	Remove Kron indicator and resubmit.
6910	HH, HOSP, OP Use of Revenue Codes 0291, 0292, 0293, 0299, or 060X are allowed only on Home Health Bill Types (32X, 33X, 34X).	Return to provider for correction of revenue codes.
6911	HH, HOSP, OP Use of Revenue Code 0274 is allowed only on Outpatient and Home Health Bill Types (12X, 13X, 22X, 23X, 32X, 33X, 34X, 74X, 75X, 76X, and 83x), (also, 71X with Provider ranges 3400-3499, 3975-3999 and 8500-8899, and 85X with Provider range 1300-1399).	Verify revenue code. Return to provider for correction if necessary.
6912	HH, HOSP, OP Invalid Revenue Code (other than 0270, 0272, 0274, 0278, or 0624) for prosthetics and orthotics. As of October 1, 2002, this edit applies only to Bill Types 12x, 13x, 22x, 32X, 33X, 34X, 74x, 75x, 83x, and 85x.	Verify revenue code. Return to provider for correction if necessary.
6913	HH, HOSP, OP Invalid Revenue Code (other than 060X) for oxygen equipment, supplies, or contents.	Verify revenue code. Return to provider for correction if necessary.

Error Code	Explanation	Action
6914	<p>HH, HOSP, OP</p> <p>Invalid Revenue Code (other than 0291, 0292, 0293, or 0299) for DME (inexpensive or routinely purchased, items requiring frequent maintenance, and capped rental).</p> <p>As of October 1, 2002, this edit applies only to Bill Types 32X, 33X, and 34X.</p>	<p>Verify revenue code. Return to provider for correction if necessary.</p>
6916	<p>HH, HOSP, OP</p> <p>Purchase (Revenue Codes 0292 or 0293) of DME items requiring frequent maintenance are not allowed on or after 06/01/1989.</p>	<p>Deny claim using MSN 8.7 - "This equipment is covered only if rented."</p>
6917	<p>HH, HOSP, OP</p> <p>Purchase of seat lift chairs (Revenue Code 0292 or 0293 and HCPCS Code E0620) is not allowed on or after 01/01/1991 and prior to 01/01/2002.</p>	<p>Deny claim using MSN 21.11 - "This service was not covered by Medicare at the time you received it."</p>
6918	<p>HH, HOSP, OP</p> <p>Use of HCPCS Codes Q0078-Q0080 is not allowed after 02/29/1992.</p>	<p>Deny claim using MSN 21.11 - "This service was not covered by Medicare at the time you received it."</p>
6920	<p>HH, HOSP, OP</p> <p>When HCPCS Codes A4214, A4310-A4455, A4481, A4622, A4623, A4625, A4629, and A5051-A5149 are present on a claim with a Bill Type equal to 32X or 33X, Revenue Code 0270 must be present.</p>	<p>Return to provider for addition/change of revenue code.</p>
6922	<p>HH, HOSP, OP</p> <p>If HCPCS Codes A5119-A5131 are present on Bill Type 83X, along with HCPCS Codes 44340-44346, 44380, 44382, 44388-44392, or 50953-50961, the Revenue Code must be 0274.</p>	<p>Return to provider for addition/change of revenue code.</p>

Error Code	Explanation	Action
6923	HH, HOSP, OP Rental of certain DME customized items (HCPCS Codes = E1220, K0008, K0013, or K0109) is not allowed with Revenue Code 0291.	Return to provider for removal/change of revenue code.
6924	HH, HOSP, OP Invalid modifier for capped rental (other than QR, QP, QA, BP, BR or BU) on Bill Type 32X, 33X, or 34X.	Return to provider for correction of modifier.
6925	HH, HOSP, OP HCPCS Codes E0720, E0730, E0731, A4557, and A4595 are allowed only on Bill Types 32X, 33X, or 34X.	Verify Bill Type and resubmit claim or return to provider for correction.
7266	OP HCPCS Codes 11055, 11056, 11057, 11719, 11720, or 11721 paid within six months of HCPCS Codes G0245, G0246, or G0247.	Deny line item.
7601	H Invalid diagnosis or Procedure Codes not allowed with Bill Type 11x.	Return to provider for correction of diagnosis or procedure code.
7602	H Invalid diagnosis fourth or fifth digit, not allowed with Bill Type 11x.	Return to provider for verification.
7603	H E-Code as principal diagnosis, not allowed with Bill Type 11x.	Return to provider for verification.

Error Code	Explanation	Action
7604	H Duplicate of principal diagnosis not allowed with Bill Type 11x.	Return to provider for verification.
7606	H Sex conflict with diagnosis, not allowed with Bill Type 11x.	Correct sex and resubmit if appropriate or if sex is correct, return to provider for diagnosis verification.
7607	H Manifestation Code as principal diagnosis, not allowed with Bill Type 11X.	Return to provider for verification.
7608	H Unacceptable principal diagnosis, not allowed with Bill Type 11x.	Return to provider for verification of diagnosis.
7609	H Invalid sex, not allowed with Bill Type 11x.	Verify sex and resubmit if appropriate.
7610	H Invalid Discharge date, not allowed with Bill Type 11x.	Correct discharge date, and resubmit claim if appropriate or return to provider for discharge date correction.
8301	OP PAP Smear screening bill with inconsistent Sex, Diagnosis, or Bill Type.	Verify the sex, diagnosis, and Bill Type. Resubmit claim if appropriate.
8302	OP Cervical/vaginal Cancer Screening pelvic/breast examination bill with inconsistent sex or diagnosis.	Verify the sex and diagnosis. Resubmit claim if appropriate.

Error Code	Explanation	Action
8303	OP Invalid sex code for a Prostate Screening (G0102, G0103, G0160, G0161, or 55873).	Verify sex and resubmit claim if appropriate.
9101	H, S, OP An Investigational Device Exemption (IDE) number contains zeros or special characters.	Correct IDE number and resubmit claim.
9201	General Attending physician identification is required and was not entered. UPIN, last name, and first initial must be present.	Verify and complete UPIN, last name, and first initial fields. Resubmit claim.
9202	General Attending physician identification is not valid. Bytes 1-3 must not be spaces. Byte 1 must be alpha and bytes 2-3 must be alpha or numeric.	Correct physician id and resubmit claim.
9203	General Attending physician identification number is not valid. Positions 4-6 must be numeric.	Correct physician id and resubmit claim.
9300	H, OP Operating physician identification number is required and was not entered.	Enter operating physician id and resubmit claim.
9301	H, OP, HH, HOSP If the operating physician UPIN is present, the last name and first initial must be present.	Return to provider for additional physician information.
9302	H, OP, HH, HOSP Operating physician UPIN is present, but first three characters not alpha or numeric.	Return to provider for correction of operating physician UPIN.

Error Code	Explanation	Action
9303	H, OP, HH, HOSP Operating physician UPIN is present, but fourth and sixth characters not numeric.	Return to provider for correction of operating physician UPIN.
9351	General Other physician data incomplete. Enter UPIN, last name and first initial.	Return to provider for additional physician information.
9352	General Other physician identification number is not valid. Bytes 1-3 must not be spaces. Byte 1 must be alpha and bytes 2-3 must be alpha or numeric.	Return to provider for correction of other physician UPIN.
9353	General Other physician identification number is not valid. Bytes 4-6 must be numeric.	Return to provider for correction of other physician UPIN.
9401	H Invalid principal diagnosis. The principal diagnosis is a valid code, but cannot be used as principal diagnosis.	Return to provider for correction of principle diagnosis.
9402	H Claim does not meet the criteria for any DRG in a major diagnostic category (MDC) based on principal Diagnosis Code.	Return to provider for correction of principle diagnosis.
9403	H Invalid Beneficiary Age (not between 0 and 124).	Verify and correct beneficiary age. Resubmit claim.

Error Code	Explanation	Action
9404	H Sex is not male or female.	Correct sex field and resubmit claim.
9407	H The code used as principal diagnosis is not a valid ICD-9-CM code.	Return to provider for correction of diagnosis code.
9408	H Invalid DRG Code.	Correct DRG code and resubmit claim.
9409	H DRG calculated by CMS does not match DRG.	Correct DRG code and resubmit claim.
9410	H Claim contains a CABG demonstration number and DRG is not 106, or 107; or Claim contains a Participating Center of Excellence demonstration number and DRG is not one of the following: 104, 105, 106, 107, 109, 112, 124, 125, 209, or 471.	Return to provider for correction or deny using MSN 60.11- "This payment is being retracted because the services provided are covered under a demonstration project in which the hospital receives payment for all physician and hospital services related to this admission. The provider should seek reimbursement directly from the hospital where the care was provided. Any deductible or coinsurance paid by you or your supplemental insurer for these services should be returned by the provider."

Error Code	Explanation	Action
94A1	H, S Verified Noncovered Stays--The From date is impossible or incomplete.	Correct the From date and resubmit claim.
94A2	H, S Verified Noncovered Stays--The From date is later than the Thru Date.	Verify the From and Thru date. Resubmit claim.
94A3	H, S Verified Noncovered Stays--The Thru Date is impossible or incomplete.	Correct the Thru Date and resubmit claim.
94A5	H, S The Thru Date is more than 60 days prior to the admission date.	Return to provider for verification of dates.
94C1	H This item (Prior Psychiatric Days) contains an entry other than a number.	Correct data and resubmit.
94C3	H For psychiatric hospital bills, the Utilization Days plus Prior Psychiatric Days Used exceed 150.	Deny portion of bill that exceeds 150 days
94F2	H Amount Paid--The GHO Paid Code indicates that an GHO paid on behalf of Medicare, but a payment amount greater than zero is shown.	Recalculate payment amount and resubmit claim.

Error Code	Explanation	Action
94G1	OP, HH Non-Payment Code, the code entered is other than B, C, E, F, G, H, J, K, N, Q, R, T, U, V, W, X, Y, or Z (for RAP, or LUPA final).	Correct the Nonpayment Code and resubmit claim.
94G2	H, S, OP, HH, HOSP Nonpayment Code--No code is entered in this field, but the total noncovered charges are equal to the total charges, and bill is not an HMO paid.	Correct the Nonpayment Code and resubmit claim.
94G3	H, S, OP, HH, HOSP Nonpayment Code (B, C, or N) is shown with total deductions and/or payment present. A nonpayment bill may not contain Value Codes 06 (Blood Deductible), 07 (Part A Cash Deductible), 08 (Lifetime Reserve Amount First Year), 09 (Coinsurance First Calendar Year), 10 (Lifetime Reserve Amount Second Year), or 11 (Coinsurance Second Calendar Year) and may not contain a payment amount.	Validate deductible, nonpayment code, and payment fields. Resubmit claim if appropriate.
94G4	H, S Nonpayment Code--Code R is shown in this item with payment present.	Validate nonpayment code, and payment fields. Resubmit claim if appropriate.
9901	H, S, HH, HOSP, & OP No detail revenue code shown on this bill.	Return to provider.
9902	H, S The inpatient bill contains no accommodation charges, i.e., the bill does not contain a revenue code between 100 and 219 (between 100 and 169 for SNF bills) and From and Thru dates are not equal.	Return to provider for correction.

Error Code	Explanation	Action
9903	OP No clinic visits are shown for an independent RHC.	Return to provider for correction.
9904	S Neither Occurrence Span Code 70 (Qualifying Stay Dates) nor Condition Code 16 (SNF Transition Exemption) is present on an initial SNF bill.	Return to provider for verification and addition of qualifying stay or exemption if appropriate.
9920	OP Verified Patient Liability - cash deductible is other than a number or larger than \$75.	Correct deductible. Resubmit claim.
9933	OP Outpatient mammography bill with Rate on financial data line greater than allowed amount.	Recalculate rate and resubmit claim.
9940	OP Provider Payment Distribution is other than a number.	Correct the Provider Payment Distribution and resubmit claim.
9941	OP Payment Amount greater than zero for Condition Code 77, indicating primary payer is liable for entire claim; or Total Charges equal Primary Payer Amount (Amount for Value Codes 12, 13 or 43, or for MSP codes A, B, or G).	Recalculate payment amount and resubmit claim.
9942	OP Patient Payment Distribution is other than a number.	Correct the Patient Payment Distribution and resubmit claim.

Error Code	Explanation	Action
9945	OP Medicare will not pay for Colorectal Cancer Screening services performed prior to 1/1/1998.	Deny claim. Use MSN 21.11 - "This service was not covered by Medicare at the time you received it."
9946	OP Medicare will pay for only Colorectal Cancer Screening services performed at an appropriate facility under the correct bill classification.	Deny claim. Use MSN 21.21 - "This service was denied because Medicare covers this service only under certain circumstances."
9947	OP Medicare will not pay for cervical or vaginal cancer screening pelvic/breast examination services performed prior to 01/01/1998.	Deny claim. Use MSN 21.11 - "This service was not covered by Medicare at the time you received it."

80.5 - Part B and DMEPOS Consistency Error Codes

(Rev. 1, 10-01-03)

B3-6011, CWF EditCons (<http://cms.csc.com/cwf/downloads/docs/pdfs/editcons.pdf>)

Consistency edit rejects are denoted by a value of "ER" in the disposition field on the Part B Reply Record. A Trailer 08, containing up to four consistency error codes, will always follow. Listed below are the possible consistency error codes with a general description of the error and a general description of the corrective action to be taken. This action is meant to be a reexamination of the claim information the contractor has on hand, and correction of the information submitted on the CWF Part B or DMEPOS Claim Record, not an exhaustive search for additional information.

Part B and DMEPOS Consistency Error Codes

Error Code	Explanation	Action
A0x1	Part B Only Invalid Zip Code.	Verify ZIP code and resubmit claim.

Error Code	Explanation	Action
A1x1	<p>Part B Only</p> <p>Invalid value in Percentage Allowed field.</p> <p>Valid values are 0 - N/A</p> <p>1 - 65% Physician assistants (PA) prevailing charges for assistant at surgery services.</p> <p>2 - 75% PA services furnished in a hospital other than assistant at surgery services.</p> <p>3 - 85% PA services for other than assistant at surgery.</p>	<p>Verify Percentage Allowed and resubmit claim if appropriate.</p>
D101	<p>DMEPOS Only</p> <p>Ordering Physician UPIN is incorrectly formatted.</p>	<p>Correct UPIN and resubmit claim.</p>
D102	<p>DMEPOS Only</p> <p>Invalid Date of Birth.</p>	<p>Return to supplier for correction of birth date.</p>
D2x5	<p>DMEPOS Only</p> <p>Invalid Waiver of Provider Liability.</p>	<p>Return to supplier for correction.</p>
D3x1	<p>DMEPOS Only</p> <p>Invalid National Drug Code.</p>	<p>Return to supplier for correction of drug code.</p>
D4x1	<p>DMEPOS Only</p> <p>Invalid Beneficiary Residence State Code.</p>	<p>Verify and correct residence state code.</p>
D4x2	<p>DMEPOS Only</p> <p>DMERC is processing a claim for a Beneficiary residing outside the DMERC's service area.</p>	<p>Verify permanent address, deny claim if correct or contact CWF for a change if incorrect.</p>

Error Code	Explanation	Action
D4x3	DMEPOS Only Invalid Supplier State Code	Verify and correct supplier state code and resubmit claim.
D5x1	DMEPOS Only Invalid HCPCS code for a DMEPOS HUDC claim.	Deny claim, use MSN 8.20- "Medicare does not pay for this equipment or item."
D5x2	DMEPOS Only NOC (Not Elsewhere Classified) Descriptor missing and the line item HCPCS code is categorized as a NOC.	Return to supplier for addition of descriptor.
D5x3	DMEPOS Only Invalid use of "MS" modifiers. Type of Service must be R for capped rental items, electric wheelchairs and PEN pumps.	Return to supplier for correction.
D5x4	DMEPOS Only NDC not present online item.	Return to supplier for addition of NDC code.
D5x5	DMEPOS Only NDC must be present on anti-cancer line item.	Return to supplier for addition of NDC code.
D5x6	DMEPOS Only Payment not allowed for condition and drug submitted.	Return to supplier for verification of diagnosis code.
D6x1	DMEPOS Only Supplier number missing.	Correct supplier number and resubmit claim.
D7x1	DMEPOS Only Invalid DME Purchase Allowable Amount.	Recalculate the allowable amount and resubmit claim.

Error Code	Explanation	Action
0013	<p>Part B Only</p> <ul style="list-style-type: none"> • CABG Demonstration Number "06" is present, but the Admission Date is before 05/01/1997; • Participating Center of Excellence demonstration Number "07" is present but the Admission Date is before 10/01/1997; or • Demonstration Number "08" is present and the Date of Service is before 01/01/2002. 	Verify demonstration number and admission date. Resubmit claim if appropriate.
0014	Demonstration Numbers other than "01," "04," "05," "06," "07," "08," "15," "30," "31," "37" or "38" are invalid.	Verify the demo number and project id. Resubmit claim if appropriate.
0015	<ul style="list-style-type: none"> • Claim is submitted as ESRD Managed Care Demonstration but Demo Number 15 is not present; or • Demo Number 15 is present but the claim is not submitted as an ESRD Managed Care Demonstration. 	Verify demo number and ESRD Managed Care Demo status. Resubmit claim.
0016	<p>Part B Only</p> <ul style="list-style-type: none"> • A Part B physician claim is submitted with "V" in the first position of the HUBC-Provider Number field, Contractor "00900," and the Demonstration Project Number is not equal to 31; or • A Part B physician claim is submitted with Demonstration Project Number equal to 31, and the first character of the HUBC-Provider Number field is not equal to "V," and/or Contractor "00900" is not present. 	Verify the HUBC-Provider Number, the Contractor Number, and the Demonstration Project Number. Resubmit claim.
0018	<p>Part B Only</p> <p>A claim is submitted with Demonstration Project Number 31 and the Entry Code is not equal to 01.</p>	Verify Demo Project Number and Entry Code. Resubmit claim if appropriate.

Error Code	Explanation	Action
0021	Part B Only A Part B Demonstration Claim with criteria that matches more than one Demonstration Project.	Verify Demonstration Number, GHO Id, and HCPCS code. Resubmit claim if appropriate or return to provider for correction.
0101	Invalid record id.	Enter valid record id (HIBC, HIDC, HUBC, HUDC)) and resubmit claim.
0301	Invalid claim number.	Validate claim number. Resubmit claim.
0302	Invalid BIC.	Validate BIC. Resubmit claim.
04A1	Invalid surname.	Validate surname. Resubmit claim.
04B1	Invalid first initial.	Validate first initial. Resubmit claim.
05x4	Part B Only UPIN required for Type of Service 3, 4, 5.	Return to provider for addition of UPIN.
05x5	Ordering Physician UPIN required for HCPCS code on specified line item.	Return to provider for addition of UPIN.
0601	Invalid sex code.	Correct sex code (0, M, F). Resubmit claim.
0701	Invalid processing Carrier or DMERC.	Correct Carrier/DMERC id and resubmit claim.
0702	Invalid Contractor Number for Host Site.	Contact Host.
0703	Part B Only Invalid contractor number for a CABG or PCOE demonstration claim.	Reject claim.
1301	Number of line items is less than 1 or greater than 13.	Enter correct number of line items. Resubmit claim.

Error Code	Explanation	Action
13x2	<p>Part B Only</p> <p>Multiple line items for the same type of service not allowed for mammography (type of service B or C).</p> <p>The only situation where multiple mammography lines are allowed is, if the Procedure Code is "76092" or "76085," two line items can occur when one has a modifier of "TC," the other has a modifier of "26."</p>	<p>Review number of line items. If submitted number is more than 1, deny claim. If submitted number is 1, correct claim record and resubmit.</p>
1501	Invalid entry code.	Correct entry code (1, 3, 5, 9). Resubmit claim.
1601	Invalid investigation indicator.	Correct indicator (X, 0). Resubmit claim.
1701	Invalid split indicator.	Correct indicator (Y, N, R, B). Resubmit claim.
1801	Invalid payment/denial Code.	Correct payment/denial codes. They are 0-9 and A, B, D, E, F, G, H, J, K, Q, T, U, V, X, or Y). Resubmit claim.
1802	Claim is allowed but all line items are denied.	Investigate line items. Submit new claim, if necessary.
1803	<p>Part B Only</p> <p>Claim is MSP cost avoided but all line items are not cost avoided with the same value.</p>	Investigate line items. Submit new claim, if necessary.
1901	Invalid ED override code.	Correct override code (0, 1). Resubmit claim.
2001	Invalid Hospice override code.	Correct override code (0, 1). Resubmit claim.
2101	Invalid GHO override code.	Correct override code (0, 1). Resubmit claim.

Error Code	Explanation	Action
2201	Invalid HCPCS code year.	Correct HCPCS code year. Resubmit claim.
2301	Document control number missing.	Assign claim control number. Resubmit claim.
2501	Impossible receipt date.	Correct receipt date (MMDDYY). Resubmit claim.
2503	Receipt date after paid/denied date.	Correct receipt date (MMDDYY). Resubmit claim.
2601	Impossible paid/denied date.	Correct paid/denied date (MMDDYY). Resubmit claim.
2602	Paid/denied date after current date plus 30 days.	Correct paid/denied date. Resubmit claim.
33x6	Part B Only Screening colorectal or screening prostate cancer are billed multiple times on the same claim.	Review number of services. If submitted number is more than 1, deny extra line items. If submitted number is 1, correct claim record and resubmit.
3701	Invalid assignment indicator.	Correct assignment indicator (A, N). Resubmit claim.
3702	Part B Only ESRD claim for home dialysis is unassigned. Supplier must accept assignment.	Confirm assignment indicator properly set. Correct and resubmit or deny claim. Use MSN 16.6 - "This item or service cannot be paid unless the provider accepts assignment."
3801	Amount paid by beneficiary not numeric.	Enter numeric amount (\$\$\$\$cc). Resubmit claim.
4201	Part B Only Invalid CPO Number.	Verify CPO Number and resubmit claim. Valid numbers are: 1500-1799, 1800-1989, 3100-3199, 7000- 8499, and 9000-9999.
4501	Primary diagnosis must be present.	Enter primary diagnosis code (ICD-9-CM). Resubmit claim.

Error Code	Explanation	Action
4801	Invalid Investigative Devices (IDE) Number.	Correct IDE Number and resubmit claim.
49x1	<p>Part B Only</p> <ul style="list-style-type: none"> • Claim contains a CABG, Provider Partnership, or Participating Center of Excellence demonstration number but Denial Code D is not present in Field 18; or • Denial Code D is present in Field 18 but a Participating Center of Excellence demonstration number 07, Provider Partnership demonstration number 08, or CABG Demonstration 06 is not present in Field 49. 	Verify Demo Number and Denial Code. Resubmit claim if appropriate.
49x2	<p>DMEPOS Only</p> <p>Claim contains a CABG or Participating Center of Excellence Demonstration Number 06 or 07 that is not valid on DME claims.</p>	Verify demonstration enrollment and deny claim if accurate.
538J	<p>Part B Only</p> <p>HCPCS Codes G0245 or G0246 has been paid within six months.</p>	Deny the line item.
57x1	Invalid specialty code - CMS assigned.	Correct line item physician specialty code. Resubmit claim.
57x2	<p>Part B Only</p> <p>Physical therapy service must have a physician specialty code of 65.</p>	Correct line item physician specialty code if service is for physical therapy. Resubmit claim.

Error Code	Explanation	Action				
57x3	<p>Part B Only</p> <p>Reimbursement indicator of 1 (100%) and a deductible indicator of 1 (not subject to deductible) at place of service 81 (independent lab) for type of service 5 (diagnostic lab) must have a physician specialty code of 69.</p>	<p>Correct line item physician specialty code if corresponding line item fields meet described criteria. 59x4	Part B Only Reimbursement indicator of 1 (100%) and a deductible indicator of 1 (not subject to deductible) must have a type of service of N (Kidney Donor), V (Pneumococcal Vaccine), 5 (Diagnostic Lab), or 2 (Surgery).	Correct line item type of service if corresponding line fields meet the described criteria. Resubmit claim.
59x5	Part B Only Sex is male on a screening mammography bill (line item type of service B or C).	Validate sex code and line item type of service. Resubmit claim.
59x7	Purchase of capped DME is not allowed (line item type of service = A or P).	Validate line item type of service. Resubmit claim.
59x8	Purchase of DME requiring frequent and substantial servicing is not allowed (line item type of service = A or P).	Validate line item type of service. Resubmit claim.
59x9	Rental of DME HCPCS Code E1220 is not allowed (line item type of service = R).	Validate line item HCPCS code and type of service. Resubmit claim.
59xA	Rental of prosthetic and orthotic devices is not allowed (with the exception of codes E0720, E0730, E0731) (line item type of service = R).	Validate line item type of service and HCPCS code. Resubmit claim.

Error Code	Explanation	Action
59xB	Purchase of oxygen service HCPCS Codes E0425, E0430, E0435, E0440, E1400-E1406, Q0036, or Q0037 is not allowed (line item type of service = A or P).	Validate line item type of service and HCPCS code. Resubmit claim.
59xE	Part B Only Type of service is B (high risk screening mammography) and diagnosis code indicates low risk; Type of service is C (low risk screening mammography) and diagnosis code indicates high risk; or The Primary Diagnosis Code is low-risk (V76.1 2) and a Secondary Diagnosis Code is high-risk (V15.89, V103, V163).	Validate risk indicator and diagnosis code. Resubmit claim if appropriate.
59xH	Purchase of seat lift chairs (HCPCS code E0620) is not allowed on or after 1/1/91 (line item Type of Service = A or P) and prior to 01/01/02.	Deny claim. Use MSN 21.11 - "This service was not covered by Medicare at the time you received it."
59xK	DMEPOS Only Invalid TOS for PEN Pump or PPMP mnemonic.	Correct TOS and resubmit claim.
60x1	Invalid assignment indicator.	Correct assignment indicator. Resubmit claim.
61x1	Invalid process indicator.	Correct payment/denial line item field (A-J, L-V, X, or Y). Resubmit claim.
61x2	Denied claim but line item is not denied.	Validate payment/denial line item field and payment/denial code. Resubmit claim.
61x3	Line item allowed but allowed charges not greater than zero.	Validate payment/denial line item field and allowed charges line item field. Resubmit claim.

Error Code	Explanation	Action
62x1	Invalid reimbursement indicator.	Correct reimbursement indicator (0-3). Resubmit claim.
62x6	Part B Only Place of service 21 (Inpatient Hospital - Rad/Path) must have a reimbursement indicator of 0 (80%) and a deductible indicator of 0 (subject to deductible).	Validate line item fields. Resubmit claim.
62x7	Part B Only Place of service 24 (Ambulatory Surgical Center) must have a reimbursement indicator of 1 (100%) and a deductible indicator of 1 (not subject to deductible).	Validate line item fields. Resubmit claim.
62x8	Part B Only Type of service N (Kidney Donor) or Modifier Q3 must have a reimbursement indicator of 1 (100%) and a deductible indicator of 1 (not subject to deductible).	Validate line item fields. Resubmit claim.
62x9	Part B Only The only HCPCS codes that should be allowed with TOS V, and Reimbursement Indicator 1 are G0008, G0009, 90724, 90657, 90658, 90659, 90660, and 90732.	Validate type of service. If valid, correct line item indicators. Resubmit claim, if appropriate.
62xA	Part B Only Type of service W (Physical therapy), U (Occupational therapy), B (High Risk Mammography), or C (Low Risk Mammography) must have a reimbursement indicator of 0 (80%).	Validate type of service. If valid, correct reimbursement indicator. Resubmit claim.

Error Code	Explanation	Action
62xC	Part B Only An MCCD/DMD Part B claim with Demo Number 37 and the Reimbursement Indicator is not equal to 1, or the Deductible Indicator is not equal to 1.	Verify demo number, reimbursement indicator, and deductible indicator. Resubmit claim.
63x1	Invalid deductible indicator.	Correct deductible indicator (0 or 1). Resubmit claim.
63x2	Part B Only Deductible and/or coinsurance is present on a CABG, Provider Partnership, or Participating Center of Excellence claim.	Verify demo number, coinsurance, and deductible. Resubmit claim.
64x1	Part B Only Invalid provider id indicator.	Correct provider sample indicator (0-4). Resubmit claim.
65x1	Invalid payment indicator.	Correct payment screen indicator (1-9). Resubmit claim.
66x1	Invalid units amount.	Correct units. Resubmit claim.
66x2	Units indicator equals 1 - 5 but unit amount not greater than 0.	Validate units indicator and units field. Resubmit claim.
66x3	Units indicator equals 0 but unit amount not equal to 0.	Validate units indicator and units field. Resubmit claim.
66x4	Units indicator is equal to 3 but the number of units not equal to number of services.	Validate units indicator and units field. Resubmit claim.
66x7	Part B Only An MCCD/DMD Part B record with Demo Number 37 and the units are greater than 1 for HCPCS Codes G9001 - G9015.	Verify demo number and units. Resubmit claim if appropriate or deny excess units using MSN16.25 - "Medicare does not pay for this much equipment, or this many services or supplies."

Error Code	Explanation	Action
67x1	Invalid units indicator.	Correct units indicator (0-5). Resubmit claim.
67x2	Allowed charge greater than 0 but units indicator = 0.	Validate units indicator and allowed charge field. Resubmit claim.
67x3	Part B Only Type of service and HCPCS code indicates anesthesia, but MTU indicator not = 2.	Validate MTU indicator. Correct and resubmit claim if appropriate.
67x4	Part B Only HCPCS code indicates ambulance, but MTU indicator not = 1.	Validate HCPCS code and MTU indicator. Correct and resubmit claim.
67x6	Part B Only Invalid Procedure Code for Units Indicator 2 (anesthesia).	Verify procedure code and units indicator. Resubmit claim.
67x7	Part B Only Invalid Units Indicator with Type of Service 0 (blood).	Verify units indicator and resubmit claim.
67x8	Part B Only Invalid Procedure Codes for units indicator 4 (oxygen).	Verify units indicator and resubmit claim.
68x1	Invalid HCPCS procedure code.	Validate HCPCS procedure code. Resubmit claim.
68x2	HCPCS procedure code for a screening mammography bill (type of service = B or C) should be 76092.	Validate type of service/HCPCS code. Resubmit claim.
68x4	HCPCS code invalid for Date of Service.	Deny claim. Use MSN 21.11 - "This service was not covered by Medicare at the time you received it."

Error Code	Explanation	Action
68x5	Part B: Invalid type of service for units indicator 5 (blood units). DMEPOS: KH, KI, or KJ modifier appropriate only with Capped Rental, Pen Pump, or TENS Units HCPCS code.	Verify units indicator and resubmit claim.
68x7	DMEPOS Only ZX modifier is required with all Therapeutic Shoes, Inserts, or Modification HCPCS code.	Return to supplier for verification of modifiers.
68xA	Screening Glaucoma billed more than once on the same claim.	Deny the claim using MSN 7.1 - "This is a duplicate of a charge already submitted."
69xA	Part B Only Modifier not valid for HCPCS code action.	Return to provider for correction of modifier.
69xB	Part B Only A Part B claim with HCPCS Code 97504 and 97116 on the same day.	Deny claim. Use MSN 16.8 - "Payment is included in another service received on the same day."
71x1	Submitted charge not numeric.	Correct submitted charge field. Resubmit claim.
71x2	Part B Only Allowed charges exceed limit for mammography screening claim.	Correct allowed charge field and resubmit claim.
72x1	Allowed charge not numeric.	Correct allowed charge field. Resubmit claim.
72x2	Allowed charges are greater than submitted charges.	Validate charges. Resubmit claim if appropriate.
72x3	Allowed charges are greater than 0 for denied line item.	Validate allowed charges and payment/denial indicator. Resubmit claim if appropriate.

Error Code	Explanation	Action
73x1	Provider/supplier tax number missing.	Furnish provider tax number and resubmit claim if appropriate.
73x2	DMEPOS Only Carrier assigned Provider number must be present.	Add provider number and resubmit claim.
74x1	Part B Only Invalid pricing locality code.	Correct pricing locality code. Resubmit claim if appropriate.
76x1	Place of service code is other than 11, 21, 22, 23, 25, 26, 33, 50, 51, 61, 62, 71 or 99 on mammography screening claim.	Correct place of service code and resubmit claim.
77x1	Invalid place of service.	Correct place of service field. Resubmit claim if appropriate.
77x2	Part B Only Type of service W (physical therapy) must have a place of service of 11 (office), 12(home), 25 (Birthing Center), 26 (Military Treatment Center), 32 (nursing facility), 33 (Custodial Care Facility), 54 (Intermediate Care Facility/Mentally Retarded), 55 (Substance Abuse Treatment Facility), 56 (Psychiatric Treatment Facility), 71 (Public Health Clinic) or 72 (Rural Health Clinic).	Correct place of service if service is physical therapy. Resubmit claim if appropriate.

Error Code	Explanation	Action
77x3	Part B Only Physician specialty 65 (physical therapy) performing service type 9 (other medical) or A (used DME) must be performed at a place of service 11 (office), 12 (home), 25 (Birthing Center), 26 (Military Treatment Center), 32 (Nursing Facility), 33 (Custodial Care Facility), 54 (Intermediate Care Facility/Mentally Retarded), 55 (Substance Abuse Treatment Facility), 56 (Psychiatric Treatment Facility), 71 (Public Health Clinic), or 72 (Rural Health Clinic).	Correct place of service if service is physical therapy and type is other medical or used DME. Resubmit claim.
77x5	Part B Only Place of service is other than home and ESRD claim is for home dialysis supplies.	Validate place of service and correct and resubmit claim, or deny as appropriate.
77x6	Part B Only Place of Service must be 24 for Type of Service of F.	Verify POS and TOS, resubmit claim.
78x1	From date impossible.	Validate first expense date. Resubmit claim if appropriate.
78x2	From Date is less than 07/01/1966.	Validate first expense date. Resubmit claim if appropriate.
78x3	From date is later than through date.	Validate first and last expense dates. Resubmit claim.
78x4	Part B Only From date is later than receipt date.	Validate first expense date and receipt date. Resubmit claim if appropriate.
78x5	Part B Only From date is later than paid-deney date.	Validate first expense date and paid/denied date. Resubmit claim if appropriate.

Error Code	Explanation	Action
79x1	Through date impossible.	Validate last expense date. Resubmit claim if appropriate.
79x2	Thru Date is less than 07/01/1966.	Validate last expense date. Resubmit claim if appropriate.
79x3	Part B Only Through date is later than receipt date.	Validate last expense date and receipt date. Resubmit claim.
79x4	Part B Only Through date is later than paid-deny date (excluding DME).	If service is not for DME, validate last expense date and paid/denied date. Resubmit claim if appropriate.
81x1	<ul style="list-style-type: none"> • Total Number of Services not numeric or less than 1; or • Mammography Bill and Number Services greater than 1. 	Correct number of services field. Resubmit claim if screening appropriate.
83x1	Line item diagnosis code required.	Provide line item diagnosis. Resubmit claim if appropriate.
84x1	Part B Only Sex and HCPCS code not consistent with diagnosis; screening PAP smear involved.	Validate sex, HCPCS code, and diagnosis. Resubmit claim.
84x2	Part B Only Impossible DME coverage period start date.	Correct date and resubmit claim.
84x3	Part B Only DME coverage period start date is required.	Correct date and resubmit claim.
84x4	Part B Only Cervical/vaginal cancer screening pelvic/breast examination claim with inconsistent sex or diagnosis.	Verify sex and diagnosis. Resubmit or deny claim as appropriate. Use MSN 14.9 - "Medicare cannot pay for this service for the diagnosis shown on the claim."

Error Code	Explanation	Action
84x5	<p>Part B Only</p> <p>Oral anti-emetic drugs HCPCS Codes Q0163 - Q0181, or anti-cancer drugs HCPCS Codes J8510, J8520, J8521, J8530, J8560, J8600, J8610, or J8999 with service dates on or after 04/01/1998 can be billed only with a Diagnosis Code of cancer (140-239.9 and/or V580 and/or V581).</p>	<p>Verify diagnosis and resubmit claim if appropriate. Use MSN 14.9 - "Medicare cannot pay for this service for the diagnosis shown on the claim."</p>

9402	Part B Only Blood furnished totaled from each line item less than blood deductible.	Correct limitations applied field. Resubmit claim.
94x1	Part B Only Limitations/blood deductible amount not numeric.	Correct limitations applied field. Resubmit claim.
94x2	Part B Only Blood deductible amount greater than 3 for blood services.	Validate limitations applied field. Resubmit claim.

Error Code	Explanation	Action
94x3	Part B Only Yearly limits exceeded for non-blood Services.	Validate limitations applied field. Resubmit claim.
94x4	Part B Only Blood furnished less than blood deductible.	Validate limitations applied field and blood furnished. Resubmit claim if appropriate.
94x5	Part B Only Computed limit not equal to submitted limits for EGHP.	Validate limitations applied field. Resubmit claim.
95x1	Invalid MSP code.	Correct MSP code. Resubmit claim if appropriate.
95x2	MSP amount not numeric.	Correct MSP data. Resubmit claim if appropriate.
95x3	MSP amount greater than submitted charges.	Validate MSP data. Resubmit claim if appropriate.
95x4	MSP amount not equal to zero for Medicare primary payor.	Validate MSP data. Resubmit claim if appropriate.
95x7	Part B Only An MSP or Cost Avoid Code is present on a CABG or Participating Center of Excellence demonstration claim.	Remove MSP or Cost Avoid Code and resubmit claim.
96x1	One or more Other Amounts Applied not numeric.	Correct Other Amounts Applied field. Resubmit claim.
96x2	Other amounts value is interest.	Validate other amounts applied field. Resubmit claim.

Error Code	Explanation	Action
97x1	One or more other amounts indicators invalid.	Correct other amount indicators and resubmit claim.
98x1	Coinsurance amount is not numeric.	Validate coinsurance field. Resubmit claim if appropriate.
<p>Note: This edit is bypassed for the following psych claims: CMS type of service is T, cash deductible equals (allowed charges X .625) and coinsurance amount is zero.</p>		
98x3	No MSP involvement and coinsurance is not 20% of the allowed charge on a Immunosuppressive Drug Bill when Type of Service = G.	Recalculate coinsurance and resubmit claim.
98x5	When the allowed charge is greater than the deductible and the reimbursement indicator is 0, coinsurance must be greater than zero.	Verify deductible and reimbursement indicators and recalculate coinsurance. Resubmit claim.

80.6 - A/B Crossover Error Codes

(Rev. 980, Issued: 06-14-06, Effective: 10-01-06, Implementation: 10-02-06)

A3-3808, A-02-038, CWF EditXov

<http://cms.csc.com/cwf/downloads/docs/pdfs/editabx.pdf>

A/B Crossover edit rejects are denoted by a value of CR in the disposition field on the Reply Record. A Trailer 08 containing one crossover error code, will always follow. Also, Trailer 12 will be returned. A/B Crossover alerts are denoted by a value of 01 in the disposition field on the Reply Record. A Trailer 13 containing one crossover Alert Code, will always follow. Listed below are the possible crossover Error and Alert Codes with a general description.

A/B Crossover Error Codes

Error Code	Explanation
-------------------	--------------------

Error Code	Explanation

Error Code**Explanation**

7050

Reject

- An Outpatient claim (Bill Type 12X, 13X, 14X, 22X, 23X, 24X, 71X, 72X, 73X, 74X, 75X, 83X, or 85X) has From/Thru Dates (or Occurrence Span Code 72 From/Thru Dates), which are equal to, overlap, or are within the From/Thru Dates on a Hospital Inpatient claim (Bill Type 11X, 21X, or 41X) in history. The Provider Number on the incoming claim is the same as the Provider Number on the history claim; or
- An Outpatient claim (Bill Type 12X, 13X, 14X, 22X, 23X, 33X, 34X, 74X, or 75X) for physical therapy, occupational therapy, and/or speech –language pathology has From/Thru Dates (or Occurrence Span Code 72 From/Thru Dates) which are equal to, overlap, or are within the From/Thru Dates on an SNF Inpatient claim (Bill Type 18X, 21X, or 28X,) for physical therapy, occupational therapy, or speech –language pathology. The Provider Number on the incoming claim is the same as the Provider Number on the history claim.

Purpose:

To detect duplicate bills for physical therapy, speech-language pathology and/or occupational therapy.

Resolution:

Deny the bill as a duplicate, use MSN 7.1 - "This is a duplicate of a charge already submitted."

7055

Reject

Outpatient services (Bill Types 13X, 14X, or 83X) billed with From/Thru Dates that are equal to, within, or overlapping the From/Thru Dates on an outpatient ambulatory surgical claim (ASC - Bill type 83X). The Provider Number of both claims are the same.

Purpose:

To ensure that Medicare does not pay for the same services more than once.

**Error
Code**

Explanation

Resolution:

Review claim to ensure both claims are valid and not duplicate billings, deny if duplicate, override error and resubmit if both bills are valid.

If denied, use MSN 7.1 - "This is a duplicate of a charge already submitted."

7080

Reject

OP, HH

- An Outpatient claim has a From/Thru Date that overlaps an Inpatient claim and the Provider Numbers are different; or
- A Home Health claim has a detail line item Date of Service that overlaps an Inpatient, SNF, or RNHCI claim on history.

Purpose:

To detect outpatient claims that should have been bundled into the inpatient bill.

Resolution:

Deny the bill, use MSN 21.7 - "This service should be included on your inpatient bill. The provider must review the original (paid) inpatient bill to determine that all charges were included. The hospital pays the supplier."

7108

Alert

An outpatient bill for physical therapy (PT), speech –language pathology (SLP), or occupational therapy (OT) for the same or overlapping dates of service (or Occurrence Span Code 72 dates), and a revenue code, HCPCS code, or a revenue to HCPCS code match for PT, SLP, or OT bill on history. Billed by the same provider or another provider, physician, or independent therapist. The incoming outpatient bill is matched against both Part A outpatient and Part B carrier claims.

Purpose:

To detect duplicate billings either by the same provider or for a beneficiary receiving the same services from multiple provider specialties that can perform physical therapy, speech-language pathology, and/or occupational therapy services.

**Error
Code**

Explanation

Resolution:

Deny the bill if the same provider submitted a duplicate claim, use MSN 21.7 - "This service should be included on your inpatient bill." If the services are furnished by a different provider or are not duplicated, refer the bill to medical review for determination of medical necessity. If the claim is denied as a duplicate or as the result of medical review, recover the erroneous payment and process an adjustment to the Host.

7109

Reject

An Outpatient claim with the Thru date (or Occurrence Span Code 72 Thru Date) greater than the Inpatient Admission Date minus four days or is equal to the Inpatient Admission Date and one or more diagnostic Revenue Codes or procedure codes are present.

Purpose:

To detect outpatient bills that should be included on an inpatient history bill.

Resolution:

Return the outpatient bill to the provider. The provider may adjust the inpatient bill if charges were omitted. If Part B deductible or coinsurance were collected by the provider, any monies collected must be returned to the beneficiary.

7111

Reject

An inpatient PPS bill (type 111, condition code 65 not present) is posted to the Host history and the From date (on the posted bill) is equal to the Through date on the incoming inpatient PPS bill (type 111, condition code 65 not present) and the patient discharge status is 01 (discharged to home or self care).

As of October 1, 2002, this edit is bypassed if one of the bills, either history or incoming has an IRF provider number (XX-3025 – XX-3099 or the third position of the provider number is "T").

Purpose:

To identify transfers between PPS hospitals. This reject prevents incorrect DRG payments.

**Error
Code**

Explanation

Resolution:

Change the patient status code to 02 (transferred to another acute care facility) and reprocess the bill.

7112

Reject

Inpatient claim (HUIP record) From Date or From Date minus 1 day equals the last service date (or Occurrence Span Code 72 First/Last Visit Date) on a posted Part B claim (HUOP record) and the provider numbers are the same.

Purpose:

To detect inpatient bills that have posted Part B bills with charges that should have been bundled into the inpatient bill.

Resolution:

Cancel the outpatient bill, use MSN 21.7 - "This service should be included on your inpatient bill." Notify the provider why the outpatient bill was canceled. If any beneficiary Part B deductible was collected on the canceled Part B bill, the beneficiary must be paid any amounts collected towards that outpatient bill. Ensure that the inpatient bill has the outpatient charges included. After the outpatient bill is canceled, resubmit the inpatient bill for processing.

7113

Reject

An inpatient claim with the Admission Date less than 4 days from the Through Date (or Occurrence Span Code 72 date) on an outpatient history record and the outpatient claim is for diagnostic services only.

Purpose:

To detect outpatient bills for diagnostic services that should have been bundled into the inpatient bill.

Resolution:

Cancel the outpatient claim and recover any payment, use MSN 21.7 - "This service should be included on your inpatient bill." Return the inpatient bill for verification that the appropriate charges are posted to the inpatient bill.

One or more therapeutic Revenue Codes are on the Outpatient claim. The Inpatient history claim has a Condition Code of 65.</p>

**Error
Code**

Explanation

Purpose:

To detect outpatient bills for therapeutic services that should have been bundled into the inpatient bill.

Resolution:

Cancel the outpatient claim and recover any payment, use MSN 21.7 - "This service should be included on your inpatient bill." Return the inpatient bill for verification that the appropriate charges are posted to the inpatient bill.

7122

Reject

An Inpatient claim with Condition Code 65, with the Admission Date or the Admission Date minus one day equal to an Outpatient history Thru Date (or Occurrence Span Code 72 Thru Date), and the Outpatient history claim has one or more therapeutic Revenue Codes present.

Purpose:

To detect outpatient bills for therapeutic services that should have been bundled into the inpatient bill.

Resolution:

Cancel the outpatient claim and recover any payment, use MSN 21.7 - "This service should be included on your inpatient bill." Return the inpatient bill for verification that the appropriate charges are posted to the inpatient bill.

7171

Alert

Outpatient claim with From/Thru Dates of Service or if present Occurrence Span Code "72" Dates equal or overlap Part B Date of Service.

Purpose:

To detect duplicate billings of physician services for a RHC.

Resolution:

Determine if the physicians charge is a duplicate charge. If the RHC is in error, adjust the claims. If the carrier billing is in error, send all pertinent information to the carrier for necessary action. Use MSN 7.1 - "This is a duplicate of a charge already submitted."

Error Code	Explanation
7172	<p data-bbox="406 304 503 346">Reject</p> <p data-bbox="406 378 1399 451">An outpatient bill for a screening pap smear matches an outpatient or Part B history claim for a screening pap smear and the dates of service are equal.</p> <p data-bbox="406 483 535 525">Purpose:</p> <p data-bbox="406 556 1250 630">To reject either the hospital outpatient bill or the Part B physician nonprofessional component for billing duplicate services.</p> <p data-bbox="406 661 568 703">Resolution:</p> <p data-bbox="406 735 1399 840">Reject the bill and notify the beneficiary and the provider that this service (a screening pap smear) is allowed only once every 3 years. **Error
Code**

Explanation

Purpose:

To ensure that Medicare does not pay for the same service twice.

Resolution:

Deny the claim, use MSN 7.1 - "This is a duplicate of a charge already submitted."

7244

Reject

A Part B service for physical therapy, occupational therapy, or speech – language pathology has From/Thru Dates which are equal to, overlap, or are within the From/Thru Dates on an Inpatient stay in history.

Purpose:

To ensure that physical, occupation, and speech–language pathology services are not paid by Part B during hospitalization.

Resolution:

Deny the claim, use MSN 16.27 - "This service is not covered since our records show you were in the hospital at this time."

7245

Reject

Duplicate billing for oral anti-emetic drugs or anti-cancer drugs on the incoming claim, SURG900 file, or in history.

An Outpatient or DME claim is submitted with an anti-emetic drug HCPCS code, and there is no "matching" claim for anti-cancer drugs on history, or there is a Duplicate anti-emetic drug claim.

Purpose:

To ensure that anti-emetic drugs are not billed without a matching anti-cancer drug and to ensure that duplicate anti-emetic drugs claims are not paid.

Resolution:

Deny the claim. Use MSN 21.21 - "This service was denied because Medicare covers this service only under certain circumstances;" or MSN 7.1 - "This is a duplicate of a charge already submitted."

Error Code	Explanation
7246	<p data-bbox="406 304 503 346">Reject</p> <ul data-bbox="406 378 1401 745" style="list-style-type: none"> <li data-bbox="406 378 1401 535">• The incoming Part B/DME claim does not contain a CABG demonstration number but there is an Inpatient CABG demonstration claim in history with Covered Service Dates that are equal to, within, or overlapping the service dates on this claim; or <li data-bbox="406 556 1401 745">• The incoming Inpatient claim contains a CABG demonstration number and there is a Part B/DME claim in history with Service Dates that are equal to, within, or overlapping the Part A Covered Service Dates, but Demonstration Number 06 is not present on the history Part B/DME claim. <p data-bbox="406 777 544 808">Purpose:</p> <p data-bbox="406 840 1258 913">To ensure that Medicare does not pay for services not covered for beneficiaries enrolled in a CABG demonstration.</p> <p data-bbox="406 945 576 976">Resolution:</p> <p data-bbox="406 1018 1401 1207">Investigate claim dates of service if part B/DME claim is for the same date as a transfer in or out of the CABG demonstration and the service was medically necessary pay both the part B/DME and the Inpatient claim. Otherwise, pay the Inpatient claim and deny the part B/DME claim or recoup payment if necessary.</p>

7530	<p data-bbox="418 1690 488 1726">Alert</p> <p data-bbox="418 1759 1383 1904">An outpatient bill (Bill Types 13X, 14X, 34X, 74X, or 75X) is one of three or more in a series of outpatient bills from different providers for the same beneficiary, same revenue and/or HCPCS Code(s), and dates of service within 30 days.</p>

**Error
Code**

Explanation

Purpose:

To detect inappropriate utilization of services by beneficiaries.

Resolution:

Forward the bill to medical review. If services are subsequently denied, recover the erroneous payment and process an adjustment to CWF. If denied, use MSN 15.5 - "The information provided does not support the need for similar services by more than one doctor during the same time period."

7531

Alert

The Discharge Date of one PPS Inpatient claim is equal to the Admission Date of another PPS Inpatient claim.

An inpatient PPS bill (type 111, condition code 65 not present) is posted to the Host history with a patient discharge status code other than 02 (discharged/transferred to another acute care facility), 05 (discharged/transferred to another type of institution) or 07 (left against medical advice or discontinued care). Condition code 61 (cost outlier) is not present or the DRG is not equal to 385 or 456 and an inpatient PPS bill with a From date equal to the Through date of the posted bill.

As of October 1, 2002, this edit is bypassed if one of the bills, either history or incoming has an IRF provider number (XX-3025 – XX-3099 or the third position of the provider number is "T").

Purpose:

To identify transfers between PPS hospitals. This alert identifies the posted bill that had an inappropriate patient discharge status.

Resolution:

Adjust the original bill using a 11I Bill Type and change the patient status code to 02 (discharged/transferred to another acute care facility). Process the adjustment according to the transfer payment guidelines.

Error Code	Explanation
7532	<p>Alert</p> <p>The same provider bills outpatient services monthly or more frequently for the same beneficiary for a period of 6 months or more. The Bill Type(s) is 13X, 23X, 34X, 71X, 74X, 75X. The revenue code(s) is 42X, 43X, 44X, 51X, 52X, 90X, 91X, 94X.</p> <p>Purpose:</p> <p>To detect over-utilization of services.</p> <p>Resolution:</p> <p>Refer the claim to medical review. If services are subsequently denied, recover the erroneous payment and process an adjustment to CWF. If denied, use MSN 15.6 - "The information provided does not support the need for this many services or items within this period of time."</p>
7533	<p>Alert</p> <p>A home health bill (33X or 34X) for a DME or prosthetic device with dates of service equal to or overlapping a supplier billing for the same DME/prosthetic device.</p> <p>Purpose:</p> <p>To detect duplicate billing for DME by an HHA and a DME supplier.</p> <p>Resolution:</p> <p>Deny duplicate bills, use MSN 7.1 - "This is a duplicate of a charge already submitted." Recover the erroneous payment from the HHA and process an adjustment to CWF. If the bill is not a duplicate, release the bill.</p>
7534	<p>Alert</p> <p>An outpatient hospital bill (Bill Type 13X) with cardiac rehabilitation revenue code (943) has charges for repeat cardiovascular stress testing (HCPCS Codes 93015, 93017, and/or 93018) in a period of less than 90 days since prior testing.</p> <p>Purpose:</p> <p>To detect billing for cardiac rehabilitation where stress testing is performed more frequently than allowed by coverage guidelines.</p>

**Error
Code**

Explanation

Resolution:

Determine if stress testing meets the cardiac rehab coverage screens. If tests exceed, deny the charges and recover the inappropriate payment. Process an adjustment to CWF. Use MSN 15.6 - "The information provided does not support the need for this many services or items within this period of time."

7535

Reject

An outpatient hospital bill is for a service for which the related physicians service has been denied.

Purpose:

To detect medically unnecessary Part A services when the related physicians component has been denied.

Resolution:

Refer the claim to medical review for a determination of the medical necessity of the provider service. If the alerted claim is subsequently denied, recover the erroneous payment and process an adjustment to CWF. Use MSN 15.4 - "The information provided does not support the need for this service or item."

7545

Alert

An Inpatient claim (TOB 11x) with From and Thru Dates that equal, or overlap, the From and Thru Dates (or Occurrence Span Code 72 From and Thru Dates) on an Outpatient claim (TOB 12x, 13x, 14x, 32X, 33X, 34X, 72x, 73x, 74x, 75x, 76x, or 83x) in history.

Purpose:

To eliminate outpatient billings for the same services which should have been included in the inpatient claim.

Resolution:

Cancel the outpatient bill. Send a notice to the provider explaining that the charges should have been included on the inpatient bill and they should look to the hospital for payment. Use MSN 21.7 - "This service should be included on your inpatient bill."

Error Code	Explanation
7546	<p data-bbox="406 304 487 346">Alert</p> <p data-bbox="406 378 470 420">HH</p> <p data-bbox="406 451 1396 556">The Outpatient record (Bill Type 34X) with Revenue Code 0636, HCPCS Code J0630 on history, does not have the same Provider Number as the incoming Home Health claim.</p> <p data-bbox="406 588 544 630">Purpose:</p> <p data-bbox="406 661 1396 724">If an open HH episode exists, this service can be billed only by the same provider as is on episode record.</p> <p data-bbox="406 756 576 798">Resolution:</p> <p data-bbox="406 829 1396 913">Verify service dates, deny if claim dates overlap. Use MSN 21.18 - "This item or service is not covered when performed or ordered by this provider."</p>
7547	<p data-bbox="406 934 487 976">Alert</p> <p data-bbox="406 1008 487 1050">DME</p> <p data-bbox="406 1081 1112 1123">Method II ESRD supplies billed during Inpatient stay.</p> <p data-bbox="406 1144 544 1186">Purpose:</p> <p data-bbox="406 1218 1396 1396">During an inpatient stay, the hospital or SNF is responsible for providing all supplies and equipment needed for dialysis. In the month following a home dialysis patient's hospitalization, the supplier must reduce the monthly delivery of, and billing for, new supplies to account for the supplies the Method II beneficiary did not use during his or her hospitalization.</p> <p data-bbox="406 1428 576 1470">Resolution:</p> <p data-bbox="406 1501 1396 1648">If the Inpatient stay was 3 or more days, deny the portion of the claim that coincided with the inpatient stay (do not deny the admission or discharge day), or return to provider for correction. Use MSN 16.27 - "This service is not covered since our records show you were in the hospital at this time."</p>
8100	<p data-bbox="406 1669 487 1711">Alert</p> <p data-bbox="406 1743 1396 1881">An inpatient claim (11X), outpatient claim (13X) or ASC claim (83X) for the same beneficiary, having the same one time only surgical procedure performed on different dates of service in the same or a different place of service as a claim on history.</p>

Error Code	Explanation
-------------------	--------------------

Purpose:

To detect billings for surgical procedures that are not bilateral procedures that had been previously performed.

Resolution:

Review the bill to determine if the correct procedure code(s) was entered into the system. If the corrected code is not a duplicate of the code in the Trailer 13 record, release the claim for processing. If the coding is correct, forward the claim to medical review. If the alerted claim is subsequently denied, recover the erroneous payment and process an adjustment to CWF, use MSN 7.1 - "This is a duplicate of a charge already submitted." If the alerted claim is correct but a prior claim is in error, adjust the prior claim or contact the appropriate servicing FI for the prior claim.

80.7 - MSP Maintenance Transaction Error Codes

(Rev. 1, 10-01-03)

A3-3810, CWF EditMnts

<http://cms.csc.com/cwf/downloads/docs/pdfs/editmnts.pdf>

MSP Maintenance Transaction edit rejects are denoted by a value of SP in the disposition field on the Reply Record. A Trailer of 08 containing up to four error codes will always follow. Listed below are the possible MSP Maintenance Transaction error codes with a general description.

MSP Maintenance Transaction Error Codes

Error Code	Explanation
-------------------	--------------------

SP11	Invalid MSP transaction record type (Mandatory).
------	--

Purpose:

To ensure a valid record type: nonblank, "HUSP," "HISP," "HCSP," or "HBSP."

Resolution:

Correct the transaction record type and resubmit.

SP12	Invalid HICN (Mandatory).
------	---------------------------

Error Code	Explanation
	<p data-bbox="415 310 540 346">Purpose:</p> <p data-bbox="415 380 976 415">To ensure validity for equitable conversion.</p> <p data-bbox="415 449 574 485">Resolution:</p> <p data-bbox="415 518 829 552">Correct the HICN and resubmit.</p>
SP13	<p data-bbox="415 585 959 621">Invalid beneficiary Surname (Mandatory).</p> <p data-bbox="415 655 540 690">Purpose:</p> <p data-bbox="415 724 1019 760">To ensure a valid format: nonblank, alphabetic.</p> <p data-bbox="415 793 574 829">Resolution:</p> <p data-bbox="415 863 1146 898">Verify and correct the beneficiary surname and resubmit.</p>
SP14	<p data-bbox="415 928 1053 963">Invalid beneficiary first name initial (Mandatory).</p> <p data-bbox="415 997 540 1033">Purpose:</p> <p data-bbox="415 1066 1019 1102">To ensure a valid format: nonblank, alphabetic.</p> <p data-bbox="415 1136 574 1171">Resolution:</p> <p data-bbox="415 1205 1206 1241">Verify and correct beneficiary first name initial and resubmit.</p>
SP15	<p data-bbox="415 1270 997 1306">Invalid beneficiary date of birth (Mandatory).</p> <p data-bbox="415 1339 540 1375">Purpose:</p> <p data-bbox="415 1409 997 1444">To ensure a valid format: nonblank, numeric.</p> <p data-bbox="415 1478 574 1514">Resolution:</p> <p data-bbox="415 1547 859 1583">Correct date of birth and resubmit.</p>
SP16	<p data-bbox="415 1608 967 1646">Invalid beneficiary Sex Code (Mandatory).</p>

Error Code	Explanation
	<p data-bbox="415 310 540 346">Purpose:</p> <p data-bbox="415 380 1268 415">To ensure only valid values are used: nonblank, must be 0, 1, or 2:</p> <p data-bbox="415 449 586 485">0 = unknown</p> <p data-bbox="415 518 529 554">1 = male</p> <p data-bbox="415 588 553 623">2 = female</p> <p data-bbox="415 657 574 693">Resolution:</p> <p data-bbox="415 726 813 762">Correct sex code and resubmit.</p>

SP18	<p data-bbox="415 1169 1284 1239">Invalid document control number. Mandatory for HUSP and HBSP Transactions. Only blank for all others.</p> <p data-bbox="415 1272 540 1308">Purpose:</p> <p data-bbox="415 1341 1357 1411">To ensure only valid values are used: alphabetic, numeric, space, comma, & - ' . @ # / ; :</p> <p data-bbox="415 1444 574 1480">Resolution:</p> <p data-bbox="415 1514 769 1549">Correct DCN and resubmit.</p>
SP19	<p data-bbox="415 1589 1065 1625">Invalid maintenance transaction type (Mandatory).</p> <p data-bbox="415 1659 540 1694">Purpose:</p> <p data-bbox="415 1728 1127 1764">To ensure only valid values are used: nonblank, 0, or 1:</p> <p data-bbox="415 1797 911 1833">0 = Add/change MSP Data transaction</p> <p data-bbox="415 1866 841 1902">1 = Delete MSP Data transaction</p>

**Error
Code**

Explanation

Resolution:

Correct maintenance transaction type and resubmit.

SP20

Invalid Validity Indicator (Mandatory).

Purpose:

To ensure only valid values are used: nonblank, Y, I, or N:

Y = Beneficiary has MSP coverage

I = Beneficiary has MSP coverage

N = Beneficiary does not have MSP coverage

Resolution:

Correct validity indicator and resubmit.

SP21

Invalid MSP Code (Mandatory).

Purpose:

To ensure only valid values are used: nonblank, A, B, D, E, F, G, H, or I:

A = Working Aged

B = ESRD

D = Auto Liability

E = Workers Comp

F = Federal (Public Health)

G = Disabled

H = Blank Lung

I = Veterans

Resolution:

Correct MSP code and resubmit.

**Error
Code**

Explanation

SP22

Invalid diagnosis Code.

Purpose:

To ensure only valid values are used: Alphabetic, Numeric, Space. All spaces, if not used.

Resolution:

Correct diagnosis code and resubmit.

SP23

Invalid Remarks Code.

Purpose:

To ensure only valid values are used: 1-3, 01-12, 20-26, 30-44, 50-62, 70-72, and spaces:

**Error
Code****Explanation**

- 01 = Beneficiary retired as of Termination Date.
- 02 = Beneficiary's employer has less than 20 employees.
- 03 = Beneficiary's employer has less than 100 employees.
- 04 = Beneficiary is dually entitled to Medicare, based on ESRD, and age, or ESRD and disability.
- 05 = Beneficiary is not married.
- 06 = The Beneficiary is covered under the group health plan of a family member whose employer has less than 100 employees.
- 07 = Beneficiary's employer has less than 20 employees, and is in a multiple, or multi-employer plan which has elected the working aged exception.
- 08 = Beneficiary's employer has less than 20 employees, and is in a multiple, or multi-employer plan which has not elected the working aged exception.
- 09 = Beneficiary is self-employed.
- 10 = A family member of the Beneficiary is self-employed.
- 20 = Spouse retired as of Termination Date.
- 21 = Spouse's employer has less than 20 employees.
- 22 = Spouse's employer has less than 100 employees.
- 23 = Spouse's employer has less than 100 employees but is in a qualifying multiple, or multi-employer plan.
- 24 = Spouse's employer has less than 20 employees, and is multiple, or multi-employer plan which has elected the working aged exception.
- 25 = Spouse's employer has less than 20 employees, and is multiple, or multi-employer plan which has not elected the working aged exception.

**Error
Code****Explanation**

- 26 = Beneficiary's spouse is self-employed.
- 30 = Exhausted benefits under the plan.
- 31 = Preexisting condition exclusions exist.
- 32 = Conditional payment criteria met.
- 33 = Multiple primary payers, Medicare is tertiary payer.
- 34 = Information has been collected indicating that there is not a parallel plan that covers medical services.
- 35 = Information has been collected indicating that there is not a parallel plan that covers hospital services.
- 36 = Denial sent by EGHP, claims paid meeting conditional payment criteria.
- 37 = Beneficiary deceased.
- 38 = Employer certification on file.
- 39 = Health plan is in bankruptcy, or insolvency proceedings.
- 40 = The Termination Date is the Beneficiary's Retirement Date.
- 41 = The Termination Date is the spouse's Retirement Date.
- 42 = Potential non-compliance case, Beneficiary enrolled in supplemental plan.
- 43 = GHP coverage is a legitimate supplemental plan.
- 44 = Termination Date equals Transplant Date.
- 50 = Employment related accident.
- 51 = Claim denied by workers comp.
- 52 = Contested denial.
- 53 = Workers compensation settlement funds exhausted.
- 54 = Auto accident - no coverage.

**Error
Code**

Explanation

- 55 = Not payable by black lung.
- 56 = Other accident - no liability.
- 57 = Slipped and fell at home.
- 58 = Lawsuit filed - decision pending.
- 59 = Lawsuit filed - settlement received.
- 60 = Medical malpractice lawsuit filed.
- 61 = Product liability lawsuit filed.
- 62 = Request for waiver filed.
- 70 = Data match correction sheet sent.
- 71 = Data match record updated.
- 72 = Vow of Poverty correction.

Resolution:

Correct remarks code and resubmit.

SP24

Invalid insurer type.

Purpose:

To ensure only valid values are used: A-M and spaces:

A = Insurance or Indemnity

B = GHO

C = Preferred Provider Organization (PPO)

D = Third Party Administrator arrangement under an Administrative Service Only (ASO) contract without stop loss from any entity.

E = Third Party Administrator arrangement with stop loss insurance issued from any entity.

F = Self-Insured/Self-Administered.

Error Code**Explanation**

G = Collectively-Bargained Health and Welfare Fund.

H = Multiple Employer Health Plan with at least one employer who has more than 100 full and/or part-time employees.

I = Multiple Employer Health Plan with at least one employer who has more than 20 full and/or part-time employees.

J = Hospitalization Only Plan - A plan which covers only Inpatient hospital services.

K = Medical Services Only Plan - A plan which covers only non-Inpatient medical services.

M = Medicare Supplemental Plan, MEDIGAP, Medicare Wraparound Plan or Medicare Carve Out Plan.

SPACES = Unknown

Resolution:

Correct insurer type and resubmit.

SP25

Invalid insurer name.

Purpose:

To ensure only valid values are used: alphabetic, numeric, space, comma, & - ' . @ # / ; : . Spaces if not used. Insurer Name must be present if Validity Indicator = y.

Resolution:

Correct insurer name and resubmit.

SP26

Invalid Insurer Address 1 and/or Address 2.

Purpose:

To ensure only valid values are used: alphabetic, numeric, space, comma, & - ' . @ # / ; : . Spaces, if not used.

Resolution:

Correct insurer address and resubmit.

Error Code	Explanation
SP27	<p>Invalid Insurer City.</p> <p>Purpose:</p> <p>To ensure only valid values are used: alphabetic, space, comma, & - ' . @ # / ; :. Spaces if not used.</p> <p>Resolution:</p> <p>Correct insurer city and resubmit.</p>
SP28	<p>Invalid Insurer State.</p> <p>Purpose:</p> <p>To ensure only valid values are used: alphabetic, spaces if not used. Must match on valid state table.</p> <p>Resolution:</p> <p>Correct insurer state and resubmit.</p>
SP29	<p>Invalid Insurer Zip Code.</p> <p>Purpose:</p> <p>To ensure only valid values are used: Cannot be low values. If present, the first five positions must be numeric and the last four positions may be spaces. If foreign country, "FC" State code then nine positions may be spaces, if not used.</p> <p>Resolution:</p> <p>Correct insurer ZIP code and resubmit.</p>
SP30	<p>Invalid Policy Number.</p> <p>Purpose:</p> <p>To ensure only valid values are used: alphabetic, numeric, space, comma, & - ' . @ # / ; :. Spaces if not used.</p> <p>Resolution:</p> <p>Correct policy number and resubmit.</p>

**Error
Code**

Explanation

Other Effective Date coverage edits:

SP31 Invalid MSP Effective Date (Mandatory).

Purpose:

To ensure only valid values are used: nonblank, nonzero, numeric.
Number of days must correspond with the particular month. MSP Effective Date must be less than, or equal to, the current date.

If MSP Code = A (Working Aged and Spousal Working Aged), effective date must be the later of:

- January 1, 1983; or
- Calculated date beneficiary turned 65 (first day of month).

If MSP Code = B (ESRD).

Effective date must be the later of:

- October 1, 1981; or
- Prior to the 1st day of the month the beneficiary turns 65.

If MSP Code = D (Auto/No-fault/Liability), effective date must be later than December 5, 1980.

If MSP Code = E (Workers' Compensation), effective date must be later than July 1, 1966.

If MSP Code = F (Federal/Public Health), effective date must be later than July 1, 1966.

If MSP Code = G (Disabled), effective date must be later than January 1, 1987.

If MSP Code = H (Black Lung), effective date must be later than July 1, 1973.

If MSP Code = I (Veterans' Administration), effective date must be later than July 1, 1966.

If MSP Code = L (Liability), effective date must be later than December 1, 1980.

Resolution:

Correct MSP effective date and resubmit.

**Error
Code**

Explanation

Other Termination Date coverage edits:

SP32 Invalid MSP Termination Date must be numeric, may be all zeros if not used, if used, date must correspond with the particular month.

Purpose:

To ensure only valid values are used: Must be numeric. May be all zeros, if not used. If used, date must correspond with the particular month.

- Must be greater than the MSP effective date by 1 month. If validity indicator is N, then termination date may equal effective date.
- Cannot be greater than the current date plus 6 months, except when MSP Code = B.
- If MSP effective date is 2/1/90 or later, the termination date cannot exceed the MSP effective date by more than 18 months if MSP Code = B.
- If the MSP effective date is prior to 2/1/90, the termination date cannot exceed the MSP effective date by more than 12 months if MSP Code = B.
- Cannot be greater than the first day beneficiary turned 65 if the MSP code is B or G.
- Termination date must be present on type A, B, or G record when accreting a new record with type A, B, or G.

Resolution:

Correct MSP Termination Date and resubmit.

SP33 Invalid patient relationship.

Purpose:

To ensure only valid values are used: 01-19:

**Error
Code**

Explanation

01 = Patient is Insured

02 = Spouse

03 = Natural child, insured has financial responsibility

04 = Natural child, insured does not have financial responsibility

05 = Step child

06 = Foster child

07 = Ward of the court

08 = Employee

09 = Unknown

10 = Handicapped Dependent

11 = Organ donor

12 = Cadaver donor

13 = Grandchild

14 = Niece/Nephew

15 = Injured plaintiff

16 = Sponsored dependent

17 = Minor dependent of a minor dependent

18 = Parent

19 = Grandparent

Resolution:

Correct Patient Relationship and resubmit.

SP34

Invalid subscriber first name.

Error Code	Explanation
	<p>Purpose:</p> <p>To ensure only valid values are used: alphabetic, numeric, space, comma, & - ' . @ # / ; :. Spaces, if not used.</p> <p>Resolution:</p> <p>Correct subscriber first name and resubmit.</p>
SP35	<p>Invalid subscriber last name.</p> <p>Purpose:</p> <p>To ensure only valid values are used: alphabetic, numeric, space, comma, & - ' . @ # / ; :. Spaces, if not used.</p> <p>Resolution:</p> <p>Correct subscriber last name and resubmit.</p>
SP36	<p>Invalid employee ID number.</p> <p>Purpose:</p> <p>To ensure only valid values are used: alphabetic, numeric, space, comma, & - ' . @ # / ; :. Spaces, if not used.</p> <p>Resolution:</p> <p>Correct employee id number and resubmit.</p>
SP37	<p>Invalid payer source code.</p> <p>Purpose:</p> <p>To ensure only valid values are used: A, B, C, D, E, F, G, H, I, J, K, L, M, N, O, P, Q, R, S, T, U, V, W, 00, 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, or 14.</p> <p>Resolution:</p> <p>Correct payer source code and resubmit.</p>
SP38	<p>Invalid employee information data code.</p>

Error Code	Explanation
	<p>Purpose:</p> <p>To ensure only valid values are used: Spaces, if not used. Alphabetic values P, S, M, F:</p> <p>P = Patient</p> <p>S = Spouse</p> <p>M = Mother</p> <p>F = Father</p> <p>Resolution:</p> <p>Correct employee information data code and resubmit.</p>
SP39	<p>Invalid employer name.</p> <p>Purpose:</p> <p>To ensure only valid values are used: alphabetic, numeric, space, comma, & - ' . @ # / ; ;. Spaces, if not used.</p> <p>Resolution:</p> <p>Correct employer name and resubmit.</p>
SP40	<p>Invalid employer address.</p> <p>Purpose:</p> <p>To ensure only valid values are used: alphabetic, numeric, space, comma, & - ' . @ # / ; ;. Spaces, if not used.</p> <p>Resolution:</p> <p>Correct employer address and resubmit.</p>
SP41	<p>Invalid employer city.</p> <p>Purpose:</p> <p>To ensure only valid values are used: alphabetic, space, comma, & - ' . @ # / ; ;. Spaces, if not used.</p>

Error Code	Explanation
	<p>Resolution:</p> <p>Correct employer city and resubmit.</p>
SP42	<p>Invalid employer State.</p> <p>Purpose:</p> <p>To ensure only valid values are used: alphabetic, spaces if not used. Must match on valid State table.</p> <p>Resolution:</p> <p>Correct employer state and resubmit.</p>
SP43	<p>Invalid employer ZIP code.</p> <p>Purpose:</p> <p>To ensure only valid values are used: nonzero, all spaces if not used. Must be within valid ZIP code range on ZIP code table. If foreign country, "FC" state code. The first five digits can be zeros and last four can be blanks.</p> <p>Resolution:</p> <p>Correct employer ZIP code and resubmit.</p>
SP44	<p>Invalid insurance group number.</p> <p>Purpose:</p> <p>To ensure only valid values are used: alphabetic, numeric, space, comma, & - ' . @ # / ; :. Spaces, if not used.</p> <p>Resolution:</p> <p>Correct insurance group number and resubmit.</p>
SP45	<p>Invalid insurance group name.</p> <p>Purpose:</p> <p>To ensure only valid values are used: alphabetic, space, comma, & - ' . @ # / ; :. Spaces, if not used.</p>

Error Code	Explanation
	<p>Resolution:</p> <p>Correct insurance group name and resubmit.</p>
SP46	<p>Invalid prepaid health plan date.</p> <p>Purpose:</p> <p>To ensure only valid values are used: numeric, number of days must correspond with the particular month.</p> <p>Resolution:</p> <p>Correct health plan date and resubmit c.</p>
SP47	<p>Beneficiary MSP indicator not on for delete transaction.</p> <p>Purpose:</p> <p>To ensure proper processing of MSP information.</p> <p>Resolution:</p> <p>Verify MSP indicator and resubmit if appropriate.</p>
SP48	<p>MSP Auxiliary Record not found for delete data transaction.</p> <p>Purpose:</p> <p>To notify Host of missing MSP data.</p> <p>Resolution:</p> <p>Verify MSP applicability and resubmit if appropriate.</p>
SP49	<p>MSP auxiliary occurrence not found for delete data transaction.</p> <p>Purpose:</p> <p>To notify Host of missing MSP data.</p> <p>Resolution:</p> <p>Verify MSP applicability and contact Host.</p>
SP50	<p>Invalid function for update or delete. Contractor number unauthorized.</p>

Error Code	Explanation
	<p data-bbox="415 310 540 346">Purpose:</p> <p data-bbox="415 380 1052 415">To ensure correct contractor number is submitted.</p> <p data-bbox="415 449 574 485">Resolution:</p> <p data-bbox="415 518 1027 552">Verify contractor number, correct and resubmit.</p>
SP51	<p data-bbox="415 585 1300 621">MSP Auxiliary Record has 17 occurrences and none can be replaced.</p> <p data-bbox="415 655 540 690">Purpose:</p> <p data-bbox="415 724 1382 760">To notify Host when MSP Auxiliary Record has reached its maximum size.</p> <p data-bbox="415 793 574 829">Resolution:</p> <p data-bbox="415 863 594 894">Contact Host.</p>
SP52	<p data-bbox="415 928 1352 999">Invalid Patient Relationship Code which is mandatory for MSP Codes A, B, and G when the Validity Indicator is I or Y.</p> <p data-bbox="415 1033 540 1068">Purpose:</p> <p data-bbox="415 1102 1203 1138">To ensure only valid Patient Relationship Indicators are used:</p> <ul data-bbox="415 1157 672 1757" style="list-style-type: none"> <li data-bbox="415 1157 672 1192">• MSP code A = <li data-bbox="415 1211 548 1247">01 Patient <li data-bbox="415 1276 548 1312">02 Spouse <li data-bbox="415 1331 672 1367">• MSP code B = <li data-bbox="415 1386 548 1421">01 Patient <li data-bbox="415 1451 548 1486">02 Spouse <li data-bbox="415 1516 529 1551">03 Child <li data-bbox="415 1581 634 1617">04 Natural Child <li data-bbox="415 1646 594 1682">05 Step Child <li data-bbox="415 1711 540 1747">18 Parent

**Error
Code**

Explanation

- MSP code G =
01 Patient
02 Spouse
03 Child
04 Natural Child
05 Step Child
18 Parent

Resolution:

Correct Patient Relationship Code and resubmit.

SP53

The maintenance transaction was for Working Aged EGHP, and there is a Disability EGHP entry on file that has a Termination Date after the Effective Date on the incoming transaction, or is not terminated, and the Contract Number on the maintenance transaction is not equal to 11102, 11104, 11105, 11106, 33333, 66666, 77777, or 88888.

Purpose:

To ensure overlapping MSP records are not created.

Resolution:

Verify dates and resubmit.

SP54

MSP Code A, B, or G has an effective date that is in conflict with the date the beneficiary attained age 65. For MSP Code A, the effective date must not be prior to the date the beneficiary attains age 65. For MSP Code B and G, the effective date must not be later than the date the beneficiary attains age 65.

Purpose:

To ensure that MSP record effective dates are accurate and correspond to Medicare eligibility.

Resolution:

Verify dates and resubmit.

Error Code	Explanation
SP55	<p>MSP effective date is prior to beneficiary's Part A or Part B entitlement dates.</p> <p>Purpose:</p> <p>To ensure that MSP record effective dates are accurate and correspond to Medicare eligibility.</p> <p>Resolution:</p> <p>Verify dates and resubmit.</p>
SP56	<p>MSP PHP Date must be equal to, or greater than, MSP Effective Date, or less than MSP Termination Date.</p> <p>Purpose:</p> <p>To ensure that MSP record effective dates are accurate and correspond to Medicare eligibility.</p> <p>Resolution:</p> <p>Verify dates and resubmit.</p>
SP57	<p>Termination Date is greater than six months prior to date added for Contractor Numbers other than "11100-11114," "33333," "55555," "77777," "88888," or "99999."</p> <p>Purpose:</p> <p>To ensure that MSP record effective dates are accurate and correspond to Medicare eligibility.</p> <p>Resolution:</p> <p>Verify dates and resubmit or contact Host.</p>
SP58	<p>Invalid Insurer Type, MSP Code, and Validity Indicator combination.</p> <p>Purpose:</p> <p>To ensure that codes do not contradict each other.</p> <p>Resolution:</p> <p>Verify Insurer Type, MSP Code, and Validity Indicator. Resubmit.</p>

Error Code	Explanation
SP59	Invalid Insurer type, and Validity Indicator combination.
	Purpose:
	To ensure that codes do not contradict each other.
	Resolution:
	Verify Insurer Type and Validity Indicator. Resubmit.
SP60	Other Insurer Type for same period on file (Non J or K), Insurer Type on incoming maintenance record is equal to J, or K, and Insurer Type on matching Auxiliary record is not equal to J, or K.
	Note: Edit applies only to MSP codes
	A - Working Aged
	B - ESRD EGHP
	G - Disability EGHP
	Purpose:
	To ensure proper processing of MSP information.
	Resolution:
	Verify Insurer Type and resubmit.
SP61	Other Insurer type for same period on file (J or K) Insurer type on incoming maintenance record is not equal to J or K, and Insurer type on matching Aux. record is equal to J or K.
	Note: Edit applies only to MSP codes
	A - Working Aged
	B - ESRD EGHP
	G - Disability EGHP
	Purpose:
	To ensure proper processing of MSP information.

Error Code	Explanation

80.8 - ESRD Maintenance Transaction Error Codes

(Rev. 1, 10-01-03)

A3-3644.4, CWF EditMnts

<http://cms.csc.com/cwf/downloads/docs/pdfs/editmnts.pdf>

The "50xx" series of beneficiary edits that are returned on claim transaction response records that receive a Disposition "50," "51," etc. can also be returned on this maintenance transaction.

ESRD Maintenance Transaction Error Codes

Error Code	Explanation
------------	-------------

Consistency Edits	The following are consistency edits for ESRD method selection transactions.
--------------------------	---

RD02	Invalid HICN (mandatory).
------	---------------------------

Purpose:

To ensure equitable BIC conversion and identification of correct beneficiary.

Resolution:

Verify HICN, correct and resubmit if appropriate.

RD03	Invalid beneficiary surname (mandatory).
------	--

Purpose:

To ensure proper format and identification of correct beneficiary: cannot be blank or null, there may be non-alphabetic characters.

Resolution:

Verify surname, correct and resubmit if appropriate.

RD04	Invalid beneficiary first initial (mandatory).
------	--

Purpose:

To ensure proper format and identification of correct beneficiary: must not be blank or null.

Error Code	Explanation
	<p>Resolution:</p> <p>Verify first initial, correct and resubmit if appropriate.</p>
RD05	<p>Invalid beneficiary date of birth (mandatory).</p> <p>Purpose:</p> <p>To ensure proper format and identification of correct beneficiary: must be numeric and a valid date prior to the current date.</p> <p>Resolution:</p> <p>Verify birth date, correct and resubmit if appropriate.</p>
RD06	<p>Invalid beneficiary sex code (mandatory).</p> <p>Purpose:</p> <p>To ensure proper identification of beneficiary sex, valid codes:</p> <p>1= Male</p> <p>2= Female</p> <p>Resolution:</p> <p>Verify and correct sex code and resubmit.</p>
RD07	<p>Invalid provider number (mandatory). Must not be blank or null.</p> <p>Purpose:</p> <p>To ensure proper format:</p> <p>If Override Code is equal to 4, Provider Number must be either blank or it must be numeric in positions 1-2 and 4-5, and alphabetic or numeric in position 3 and 6.</p> <p>If Override Code is not equal to 4, Provider Number must be numeric in positions 1-2 and 4-5 and alphabetic or numeric in positions 3 and 6.</p> <p>Resolution:</p> <p>Correct Provider Number or use Override Code 4 and resubmit.</p>
RD08	<p>Invalid method (mandatory).</p>

Error Code Explanation

Purpose:

To ensure only valid values are submitted:

If Override Code is equal to 4, Method Code must equal 1, 2, or blank.

If Override Code is not equal to 4, Method Code must be equal 1 or 2.

Resolution:

Correct Method Code or use Override Code 4 and resubmit.

RD09 Invalid dialysis type (mandatory).

Purpose:

To ensure only valid values are submitted:

If Override Code is equal to 4, dialysis type must equal 1, 2, 3, 4, or blank.

If Override Code is not equal to 4, dialysis type must equal 1, 2, 3, or 4.

Resolution:

Correct dialysis type or use Override Code 4 and resubmit.

RD10 Invalid Select Date (mandatory).

Purpose:

To ensure only valid dates are submitted:

If Override Code is blank, Select Date must be numeric, a valid date, and prior to current date.

If Override Code is 1, 2, or 3, Select Date must be blank; or numeric, a valid date, and prior to current date.

If Override Code is 4, Select Date is edited under edit code RD14.

If Override Code does not have a valid value, Select Date must still be numeric, a valid date, and prior to current date.

Resolution:

Correct Select Date and/or Override Code and resubmit.

Error Code	Explanation
RD11	<p>Invalid Exception Indicator.</p> <p>Purpose:</p> <p>If Override Code is blank, Exception Indicator must equal Y or N.</p> <p>If Override code is 4, Exception Indicator must be blank.</p> <p>If Override Code is 1, 2, or 3, and either the Option Year, or Select Date is entered, the Exception Indicator must equal Y or N.</p> <p>If Override Code is 1, 2, or 3, and both the Option Year and Select Date are blank, Exception Indicator must equal Y, N, or blank.</p> <p>If Override Code does not have a valid value, Exception Indicator must still be Y, N, or blank.</p> <p>Resolution:</p> <p>Correct Exception Indicator and/or Override Code and resubmit.</p>
RD12	<p>Invalid override code.</p> <p>Purpose:</p> <p>To ensure only valid values are submitted: must be blank, null, 1, 2, 3, or 4.</p> <p>Resolution:</p> <p>Correct Override Code and resubmit.</p>
RD13	<p>Invalid option year.</p> <p>Purpose:</p> <p>To ensure valid values are submitted:</p> <p>If Override Code is a 1, 2, or 3, Option Year cannot equal 0 or low-values.</p> <p>If Override Code is not a 1, 2, or 3, Option Year must be blank.</p> <p>Resolution:</p> <p>Correct Option Year and/or Override Code and resubmit.</p>
RD14	<p>Invalid select date.</p>

Error Code	Explanation
	<p>Purpose:</p> <p>To ensure only valid Select Dates are submitted:</p> <p>If Override Code is 4, Select Date must be numeric, a valid date, and prior to current date.</p> <p>Resolution:</p> <p>Correct Select Date and resubmit.</p>
RD15	<p>Invalid Contractor Number.</p> <p>Purpose:</p> <p>To ensure Contractor Number in valid: must be numeric.</p> <p>Resolution:</p> <p>Correct Contractor Number and resubmit.</p>
RD16	<p>Invalid Document Control Number (DCN).</p> <p>Purpose:</p> <p>To ensure DCN is present: must not be blank or null.</p> <p>Resolution:</p> <p>Correct DCN and resubmit.</p>
RD17	<p>Invalid Contractor Number for Host site.</p> <p>Purpose:</p> <p>To ensure that Host site processes only transactions for "member" contractors.</p> <p>Resolution:</p> <p>Correct Contractor Number and resubmit or submit to correct Host site.</p>
Utilization Edits	<p>The following are utilization edits for ESRD Method Selection Transactions:</p>
RD31	<p>No match on beneficiary surname.</p>

Error Code	Explanation
	<p>Purpose:</p> <p>To ensure processing for correct beneficiary.</p> <p>Resolution:</p> <p>Verify surname, correct and resubmit if appropriate.</p>
RD32	<p>No match on beneficiary first initial.</p> <p>Purpose:</p> <p>To ensure processing for correct beneficiary.</p> <p>Resolution:</p> <p>Verify first initial, correct and resubmit if appropriate.</p>
RD33	<p>No match on beneficiary date of birth.</p> <p>Purpose:</p> <p>To ensure processing for correct beneficiary.</p> <p>Resolution:</p> <p>Verify date of birth, correct and resubmit if appropriate.</p>
RD34	<p>No match on beneficiary sex code.</p> <p>Purpose:</p> <p>To ensure processing for correct beneficiary.</p> <p>Resolution:</p> <p>Verify sex code, correct and resubmit if appropriate.</p>
RD36	<p>Select Date not equal to a Select Date in any method selection iteration and not greater than the Select Date in the current iteration.</p>

Error Code	Explanation
	<p>Purpose:</p> <p>If the Override Code is blank, the Select Date must either:</p> <p>Match one of the existing select dates on the ESRD Auxiliary record; or</p> <p>Be greater than the most recent select date on the ESRD Auxiliary record.</p> <p>Resolution:</p> <p>Verify data submitted, correct and resubmit if appropriate.</p>
RD37	<p>Override Code is a 1, 2, or 3, but the iteration requested does not exist.</p> <p>Purpose:</p> <p>To ensure that if the Override Code is 1, 2, or 3, an iteration with that value already exists.</p> <p>Resolution:</p> <p>Verify data submitted, correct and resubmit if appropriate.</p>
RD38	<p>Override Code is a 1, 2, or 3, and based upon the Exception Indicator and Select Date year, the Option Year is incorrect.</p> <p>Purpose:</p> <p>If the Override Code is 1, 2, or 3, and the Option Year has been entered:</p> <p>If the Exception Indicator is Y, the Option Year on the transaction must equal the Select Year on the transaction (or the Select Year on the ESRD Auxiliary Record if there is none on the transaction).</p> <p>If the Exception Indicator is N, the Option Year on the transaction must be 1 greater than the Select Year on the transaction (or the Select Year on the ESRD Auxiliary Record if there is none on the transaction).</p> <p>Resolution:</p> <p>Verify data submitted, correct and resubmit if appropriate.</p>
RD39	<p>Override Code is a 4, and the Select Date is not equal to a Select Date on any of the method selection iterations on the Beneficiary Master Record.</p>

Error Code	Explanation
	<p>Purpose:</p> <p>If Override Code is 4, Select Date must match one of the existing Select Dates on the ESRD Auxiliary Record.</p> <p>Resolution:</p> <p>Verify data submitted, correct and resubmit if appropriate.</p>
RD40	<p>If override code is 1, 2, 3, or 4, the ESRD auxiliary record must already contain method selection data.</p> <p>Purpose:</p> <p>To ensure Override Code corresponds to information on the ESRD Auxiliary Record.</p> <p>Resolution:</p> <p>Verify data submitted, correct and resubmit if appropriate.</p>
RD41	<p>If Override Code is 1, 2, or 3, and the Select Date is changed, the Select Date must not match the Select Date on any other existing iteration.</p> <p>Purpose:</p> <p>To ensure a change in the Select Date does not duplicate an existing iteration.</p> <p>Resolution:</p> <p>Verify data submitted, correct and resubmit if appropriate.</p>

80.9 - Duplicate Checking Alert Error Codes

(Rev. 1, 10-01-03)

B-02-065, B-02-049, CWF EditAlert

(<http://cms.csc.com/cwf/downloads/docs/pdfs/editalrt.pdf>)

The following error codes refer to the duplicate claim Alert Codes. These codes will be included on the Trailer 06 returned on PAID claims. The alert is given so that the contractor can investigate if a duplicate claim exists and cancel the inappropriate claim if necessary.

To resolve these ALERT codes, the contractors investigate if a duplicate exists and cancel the duplicate claim and/or adjust the first claim and recover any overpayments if appropriate.

Duplicate Checking Alert Error Codes

Error Code	Explanation
761x	Duplicate claim processed with different ICN. ("x" equals 1, 2, 4, 5, or 6 only).
762x	Beneficiary receiving duplicate services from different providers.
763x	Beneficiary receiving duplicate services where only the revenue codes are different.
764x	Beneficiary receiving duplicate services where only the HCPCS codes are different.
765x	Beneficiary receiving duplicate services where only the charges are different.
766x	Beneficiary receiving duplicate services from different FIs.

Part B Alerts

7600	Duplicate claim being processed except for Document Control Number (DCN).
76x1	Duplicate billing(s) by the same provider.
76x2	Beneficiary receiving duplicate billing(s) from multiple providers.
76x3	Beneficiary receiving duplicate billings by the same provider but is not contractor specific.

DMEPOS

DA01	A DMEPOS claim has capped rental, electrical wheelchair, or PEN pump items, and 60 days have passed since the last claim without an intervening Inpatient or SNF bill. Claims with modifiers "MS" and "KH" are excluded.
DA02	A claim for DMEPOS items with service dates that overlap an Inpatient admission are not allowed. This edit is bypassed for Therapeutic Shoe Insert claims, and select NOC code claims. Effective January 1, 2003, only the start date of claims for HCPCS codes A4253, A4255, A4256, and A4259 is considered for this edit (not the entire span of service dates). Beginning April 1, 2003, override of this edit is allowed.

Error Code	Explanation
DA03	Maintenance/service allowed only every 6 months. DMEPOS Claims for the maintenance or servicing (Modifier MS) of rental items and rented enteral pumps (HCPCS Code B9000 and B9002) that have met their cap are allowed only every 6 months following the 22nd month after delivery.
DA04	Maintenance/service allowed only every 3 months. DMEPOS claims for the maintenance or servicing (Modifier MS) for rented parenteral pumps (HCPCS Code B9004 and B9006) that have met their cap are allowed only every 3 months after the rental limit has been met.
DA05	For immunosuppressive drug claims duplicate billing by the same supplier detected. This edit is bypassed for Therapeutic Shoe insert claims, and claims with selected NOC HCPCS codes. Beginning April 1, 2003, override of this edit will be allowed.

80.10 - Duplicate Checking Reject Error Codes

(Rev. 1, 10-01-03)

B-02-065, B-02-049, CWF EditUtil

(<http://cms.csc.com/cwf/downloads/docs/pdfs/editutil.pdf>)

The following error codes refer to the duplicate claim Reject Codes. **To resolve these error codes contractors verify and correct invalid data, then resubmit transaction or deny as duplicate claim.**

Duplicate Checking Reject Error Codes

Error Code	Explanation
5613	OP, HH Duplicate claim being processed with different ICN.
5700	Part B Possible split global surgical claim.

Error Code	Explanation
5701	Part B Non-Utilization Days, as indicated by Noncovered Occurrence Span Code, and Benefit Exhaust Dates, are less than the Non-Utilization field submitted on the claim. Complete global fee for the same surgery may already have been paid. Bypass Non-Payment Codes "B," "C," "E," "F," "G," "H," "J," "K," "N," "Q," "T," "U," "V," "W," or "Y."
5702	Part B Complete global fee for the same post-op procedure may already have been paid.
5703	Possible duplicate billing - billing by the same physician for the same surgery within 90 days.
5704	Possible duplicate billing - billing by the same physician for any procedure within 90 days.
5705	Possible split global surgical claim within 90 days.
BD01	Duplicate billing by the same supplier detected.
BD02	More than one supplier may be billing for the same items to the same beneficiary.
BD03	The same service provided by the same supplier using its NSC assigned number, and its Part B carrier assigned number. There is a DMEPOS claim on history for the same item which is being submitted on the Part B claim. The Provider HIC Number corresponding to the NSC assigned Supplier HIC Number on the DMEPOS claim matches the Provider HIC Number on the Part B claim.
DA05	Duplicate billing by the same supplier detected. This edit is bypassed for Therapeutic Shoe Insert claims and claims with selected NOC HCPCS codes. Beginning April 1, 2003, override of this edit will be allowed.
DA06	More than one supplier may be billing for the same items to the same beneficiary. This edit is bypassed for claims with selected NOC HCPCS codes. Beginning April 1, 2003, override of this edit will be allowed.

Error Code	Explanation
DA07	Same service provided by the same supplier using its Part B carrier HIC Number, and the NSC HIC Number of a business owned by the supplier. There is a Part B claim on history for the same supply that is being submitted on the DMEPOS claim. The NSC Supplier Number corresponding to the Provider Number on the Part B claim matches the NSC Supplier number on the DMEPOS claim. This edit is bypassed for claims with selected HCPCS codes. Beginning April 1, 2003, override of this edit will be allowed.
DA09	A claim for the purchase of an inexpensive and routinely purchased DMEPOS item with Service Dates that overlap an Inpatient admission is not allowed, unless the purchase date is equal to the Date of Admission, or Date of Discharge. Effective January 1, 2003, only the start date of claims for HCPCS code A4253 is considered for this edit (not the entire span of service dates). Beginning April 1, 2003, override of this edit is allowed.

80.11 - Certificate of Medical Necessity (CMN) Maintenance Transaction Error Codes

(Rev. 1, 10-01-03)

B-02-043, CWF EditMnts

<http://cms.csc.com/cwf/downloads/docs/pdfs/editmnts.pdf>

Certificate of Medical Necessity (CMN) Maintenance Transaction error codes indicate either a consistency error in the CMN Transaction Record (HUCM), or an error attempting to update the Host CMN Auxiliary file with an HUCM transaction. Consistency errors and file update errors can be encountered by the Hosts during Satellite Auxiliary file processing. Such transactions will be rejected with a "CM" Disposition Code in the CMN Transaction Reply Record. A trailer 08 with up to four error codes will always follow.

Consistency errors are numbered C001 through C069. General file update errors are numbered starting with the C100 code. Other update errors are numbered according to the type of CMN transaction being processed: C2xx for initial certifications, C3xx for revisions, and C4xx for re-certifications.

Listed below are the possible CMN consistency and file update errors. The consistency errors are documented with the requirements for the specific field, and a corrective action to be taken in case the error occurs. Each file update error includes a description of the error, and a corrective action. File update errors should always be investigated by querying the current information for the beneficiary at the CWF Host.

To resolve these error codes verify and correct invalid data according to the information specified under "purpose," then resubmit transaction.

CMN Maintenance Transaction Error Codes

Error Code	Explanation
C001	Invalid CMN transaction record type. Purpose: To ensure valid values: HUCM, HBCM, HICM
C004	Invalid beneficiary surname. As of January 1, 2003, CWF will accept apostrophes, hyphens, and periods in a beneficiary's name. Purpose: To ensure presence and proper alphabetic format.
C005	Invalid beneficiary first name initial. As of January 1, 2003, CWF will accept apostrophes, hyphens, and periods in a beneficiary's name. Purpose: To ensure presence and proper alphabetic format.
C007	Invalid beneficiary date of birth. Purpose: To ensure presence and proper numeric format.
C008	Invalid beneficiary sex code. Purpose: To ensure valid values: 0, 1, or 2.
C009	Invalid DMERC Number. Purpose: To ensure valid numeric format.
C010	Invalid CMN Control Number. Purpose: To ensure presence of CMN Control Number.
C014	Invalid DMEPOS certification type.

Error Code	Explanation
	<p>Purpose:</p> <p>To ensure valid values:</p> <p>1 = Initial CMN</p> <p>2 = Revision</p> <p>3 = Re-certification (Cat 5 and 7 only)</p>
C015	<p>Invalid DMEPOS CMN transaction type.</p> <p>Purpose:</p> <p>To ensure valid values:</p> <p>1 = Add</p> <p>2 = Update</p> <p>3 = Delete</p>
C016	<p>Invalid approved HCPCS code.</p> <p>Purpose:</p> <p>To ensure presence of HCPCS code.</p>
C017	<p>Invalid DMEPOS category.</p> <p>Purpose:</p> <p>To ensure valid values: 1, 2, 3, 4, 5, 6, 7, 8, 9, or A.</p>
C018	<p>Invalid initial certification date.</p> <p>Purpose:</p> <p>To ensure format is valid date and date is not more than 60 days in the future.</p>
C019	<p>Invalid re-certification/revision date.</p>

Error Code	Explanation
C020	<p data-bbox="406 304 544 346">Purpose:</p> <p data-bbox="406 378 1364 451">To ensure re-cert/revision date is greater than initial certification date and not more than 60 days in the future.</p>
C021	<p data-bbox="406 483 909 514">Invalid scheduled re-certification date.</p> <p data-bbox="406 556 544 598">Purpose:</p> <p data-bbox="406 619 714 661">To ensure valid values:</p> <p data-bbox="406 682 617 724">If cert. type = 1</p> <ul data-bbox="406 745 1364 892" style="list-style-type: none"> <li data-bbox="406 745 1364 808">• Initial cert. date plus 3 months if category 5 and medical necessity length = 3. <li data-bbox="406 819 1364 892">• Initial cert. date plus 12 months if category 5 and medical necessity length = 12. <p data-bbox="406 913 633 955">If Cert. Type = 3</p> <ul data-bbox="406 966 1364 1039" style="list-style-type: none"> <li data-bbox="406 966 1364 997">• Re-certification date plus 3 months if medical necessity length = 3. <li data-bbox="406 997 1364 1039">• Re-certification date plus 12 months if medical necessity length = 12.
C022	<p data-bbox="406 1060 893 1092">Invalid discontinue certification date.</p> <p data-bbox="406 1123 544 1165">Purpose:</p> <p data-bbox="406 1186 1364 1270">To ensure valid values: Can be used only if adding cert. type 2. Must be greater than, or equal to, the initial certification date.</p>
C022	Invalid medical necessity length.

Error Code	Explanation
	<p data-bbox="418 310 542 346">Purpose:</p> <p data-bbox="418 380 716 415">To ensure valid values:</p> <p data-bbox="418 449 1211 485">Must be 00-15 or 99, if Category is 4 and Cert. Type is 2 or 3.</p> <p data-bbox="418 518 1151 554">Must be 01-15 or 99, if Category is 4 and Cert. Type is 1.</p> <p data-bbox="418 588 1136 623">Must be 00-36, if Category is 6 and Cert. Type is 2 or 3.</p> <p data-bbox="418 657 1078 693">Must be 01-36, if Category is 6 and Cert. Type is 1.</p> <p data-bbox="418 726 1338 798">Must be 00-15 or 99, for PEN pumps, and must be 03-99 for other PEN items, if Category is 7 and Cert. Type is 2 or 3.</p> <p data-bbox="418 831 1338 903">Must be 01-15 or 99, for PEN pumps, and must be 03-99 for other PEN items, if Category is 7 and Cert. Type is 1.</p> <p data-bbox="418 936 1136 972">Must be 00-99, if Category is 5 and Cert. Type is 2 or 3.</p> <p data-bbox="418 1005 1070 1041">Must be 01-99 if Category is 5 and Cert. Type is 1.</p>
C024	<p data-bbox="418 1066 737 1102">Invalid diagnosis code 1.</p> <p data-bbox="418 1136 542 1171">Purpose:</p> <p data-bbox="418 1205 1172 1241">To ensure only valid ICD9 Diagnosis Codes are submitted.</p>
C025	<p data-bbox="418 1268 753 1304">Invalid Diagnosis Code 2.</p> <p data-bbox="418 1350 542 1386">Purpose:</p> <p data-bbox="418 1419 1172 1455">To ensure only valid ICD9 Diagnosis Codes are submitted.</p>
C026	<p data-bbox="418 1470 753 1505">Invalid Diagnosis Code 3.</p> <p data-bbox="418 1551 542 1587">Purpose:</p> <p data-bbox="418 1621 1172 1656">To ensure only valid ICD9 Diagnosis Codes are submitted.</p>
C027	<p data-bbox="418 1671 753 1707">Invalid Diagnosis Code 4.</p> <p data-bbox="418 1753 542 1789">Purpose:</p> <p data-bbox="418 1822 1172 1858">To ensure only valid ICD9 Diagnosis Codes are submitted.</p>

Error Code	Explanation
C028	Invalid date last seen. Purpose: To ensure only spaces or valid dates are submitted.
C029	Invalid patient residence. Purpose: To ensure valid values: 12, 31-34, 54-56, 61, or spaces.
C030	Invalid ordering physician UPIN. Purpose: To ensure valid format: Positions 1-3, alphabetic or numeric. Positions 4-6, numeric only.
C032	Invalid ordering physician surname. Purpose: To ensure presence of ordering physician surname.
C033	Invalid ordering physician initial. Purpose: To ensure presence of ordering physician initial.
C034	Invalid supplier number. Purpose: To ensure the presence of a valid supplier number.
C036	Invalid delivery date. Purpose: To ensure valid format: Zeros if not used, or valid date.
C037	Invalid warranty information.

Error Code	Explanation
	<p>Purpose:</p> <p>To ensure presence when the CMN warranty indicator is equal to Y</p>
C039	<p>Invalid replacement item.</p> <p>Purpose:</p> <p>To ensure valid values: Y, N, or spaces.</p>
C041	<p>Invalid flow rate.</p> <p>Purpose:</p> <p>To ensure valid values: Spaces, QE, QF, or QG.</p>
C042	<p>Invalid ABG level.</p> <p>Purpose:</p> <p>To ensure only valid ABG levels are submitted.</p>
C043	<p>Invalid ABG date.</p> <p>Purpose:</p> <p>To ensure valid format: zeros if not used, or valid date.</p>
C044	<p>Invalid saturation level.</p> <p>Purpose:</p> <p>To ensure a valid format: numeric, spaces if not used.</p>
C045	<p>Invalid oximetry date.</p> <p>Purpose:</p> <p>To ensure a valid format: zeros if not used, or valid date.</p>
C047	<p>Invalid oximetry test condition.</p> <p>Purpose:</p> <p>To ensure valid values: 1, 2, 3, or spaces.</p>

Error Code	Explanation
C048	Invalid severity of illness. Purpose: To ensure valid values: N, Y, or spaces.
C049	Invalid route of administration. Purpose: To ensure valid values: 1, 3, 7, or spaces.
C050	Invalid impairment indicator. Purpose: To ensure valid values: N, Y, or spaces.
C051	Invalid method of administration. Purpose: To ensure valid values: 1, 2, 3, 4, or spaces.
C053	Invalid PB indicator. Purpose: To ensure valid values: N, Y, or spaces.
C054	Invalid type of therapy. Purpose: To ensure valid values: E, P, or spaces.
C055	Invalid frequency per week.

Error Code	Explanation
	<p data-bbox="418 310 542 346">Purpose:</p> <p data-bbox="418 380 716 415">To ensure valid values:</p> <p data-bbox="418 449 1317 520">If field 54 is P, frequency per week = number of feedings required per week.</p> <p data-bbox="418 554 1359 625">If field 54 is E, frequency per week = number of daily feedings (field 59) times 7.</p>
C058	<p data-bbox="418 659 821 695">Invalid enteral calories per day.</p> <p data-bbox="418 728 542 764">Purpose:</p> <p data-bbox="418 798 841 831">To ensure valid format: numeric.</p>
C062	<p data-bbox="418 865 862 900">Invalid transplant failure indicator.</p> <p data-bbox="418 934 542 970">Purpose:</p> <p data-bbox="418 1003 1304 1075">To ensure valid values: N, Y, or spaces. Must be spaces if Cert. Type equals 1 and Cat. equals 6.</p>
C065	<p data-bbox="418 1108 691 1144">Invalid facility name.</p> <p data-bbox="418 1178 542 1213">Purpose:</p> <p data-bbox="418 1247 1102 1281">To ensure valid values: valid facility name, or spaces.</p>
C066	<p data-bbox="418 1314 672 1350">Invalid facility city.</p> <p data-bbox="418 1383 542 1419">Purpose:</p> <p data-bbox="418 1453 862 1486">To ensure presence of facility city.</p>
C067	<p data-bbox="418 1520 683 1556">Invalid facility state.</p> <p data-bbox="418 1589 542 1625">Purpose:</p> <p data-bbox="418 1659 1359 1835">To ensure valid value: AK, AL, AR, AS, AZ, CA, CO, CT, DC, DE, FC, FL, FM, GA, GU, HI, IA, ID, IL, IN, KY, KS, LA, MA, MD, ME, MH, MI, MN, MO, MP, MS, MT, NB, NC, ND, NE, NH, NM, NJ, NV, NY, OH, OK, OR, PA, PR, PW, RI, SC, SD, TN, TX, UT, VA, VI, VT, WA, WI, WV, or WY.</p>
C068	<p data-bbox="418 1869 842 1904">Invalid transplant discharge date.</p>

Error Code	Explanation
	<p>Purpose:</p> <p>To ensure presence and valid date format.</p>
C069	<p>ABG or oximetry tests required on initial CMN.</p> <p>Purpose:</p> <p>To ensure valid values:</p> <ul style="list-style-type: none"> • Either ABG test data (fields 42-43), and/or oximetry test data (fields 44-47) must be supplied; or • Both ABG test data (fields 42-43), and oximetry test data (fields 46-47) must be supplied. Incomplete sets of test information are not allowed.
C076	<p>PEN pumps and electric wheelchairs with Medical Necessity of 99 must have a Type of Service A or P. Capped rental may not have a Medical Necessity of 99.</p> <p>Purpose:</p> <p>To ensure valid values for Medical Necessity and Type of Service fields.</p>
C077	<p>Invalid contractor number for Host site.</p> <p>Purpose:</p> <p>To ensure that the transaction contractor number matches the header contractor number.</p>
C078	<p>Invalid scheduled re-certification date, or necessity length for parenteral nutrition or pump.</p> <p>Purpose:</p> <p>To ensure valid values:</p> <p>If Cert. Type = 1 and DMEPOS Category 7/HCPCS Category 20, B9004, or B9006: Initial Cert. Date must be plus 6 months, or less, and not blanks and Necessity Length must be 6 months, or less.</p>
C100	<p>HIC number not valid for equatable conversion. The HIC Number indicated on the HUCM must be valid for equatable conversion.</p>

Error Code	Explanation
	<p data-bbox="418 310 542 346">Purpose:</p> <p data-bbox="418 380 1375 453">To ensure the railroad board beneficiary HIC number converts to a valid Social Security HIC number.</p>
C101	<p data-bbox="418 485 1375 556">Carrier number must be a valid DMERC Number. The number indicated on the HUCM transaction is not equal to a valid DMERC HIC Number.</p> <p data-bbox="418 590 542 625">Purpose:</p> <p data-bbox="418 659 1375 730">To ensure that the CMN auxiliary maintenance transaction contractor number is found on the carrier locality code/address table.</p>
C102	<p data-bbox="418 762 1375 909">Surname must match beneficiary surname. The surname indicated on the HUCM transaction does not match the surname on the Beneficiary record. As of January 1, 2003, CWF will accept apostrophes, hyphens, and periods in a beneficiary's name.</p> <p data-bbox="418 940 542 976">Purpose:</p> <p data-bbox="418 1010 1375 1079">To ensure that the CMN auxiliary maintenance transaction beneficiary surname matches the master beneficiary surname.</p>
C103	<p data-bbox="418 1110 1016 1146">First initial must match beneficiary first initial.</p> <p data-bbox="418 1178 542 1213">Purpose:</p> <p data-bbox="418 1247 1375 1323">To ensure the CMN auxiliary maintenance transaction beneficiary initial matches the master beneficiary initial.</p>
C104	<p data-bbox="418 1354 1375 1465">Date of birth must match beneficiary date of birth. The Date of Birth indicated on the HUCM transaction does not match the Date of Birth on the Beneficiary record.</p> <p data-bbox="418 1497 542 1533">Purpose:</p> <p data-bbox="418 1566 1375 1640">To ensure that the CMN auxiliary maintenance transaction beneficiary date of birth matches the master beneficiary date of birth.</p>
C105	<p data-bbox="418 1671 969 1707">Sex code must match beneficiary sex code.</p> <p data-bbox="418 1738 542 1774">Purpose:</p> <p data-bbox="418 1808 1375 1877">To ensure that the CMN auxiliary maintenance transaction beneficiary sex code matches the master beneficiary sex code.</p>

Error Code	Explanation
C106	<p>No matching CMNAUX initial record. A matching initial CMNAUX record must exist to accept the HUCM transaction.</p> <p>Purpose:</p> <p>To ensure the CMN auxiliary maintenance transaction has a matching record on the CMN auxiliary file.</p>
C107	<p>No matching CMNAUX revision/re-certification record.</p> <p>Purpose:</p> <p>To ensure a matching revision or re-certification CMNAUX record exists on the CMN Auxiliary file.</p>
C108	<p>HUCM initial CMN not found. No initial certification was found with the initial Certification Date indicated on the HUCM transaction.</p> <p>Purpose:</p> <p>To ensure a matching Certification Date exists on the CMN Auxiliary file.</p>
C109	<p>HUCM revision or re-certification not found. No revision or re-certification was found with the revision or re-certification Date indicated on the HUCM transaction.</p> <p>Purpose:</p> <p>To ensure a matching record is found on the CMN Auxiliary file.</p>
C110	<p>Contractor numbers must match. Only the originating contractor (DMERC) can update, or delete an existing initial, revision, or re-certification HUCM transaction. This edit is waived if the existing occurrence is a skeleton CMN.</p> <p>Purpose:</p> <p>To ensure that only an eligible contractor can make a change to an HUCM transaction.</p>
C111	<p>HCPCS code is not valid.</p> <p>Purpose:</p> <p>To ensure only valid HCPCS codes are submitted.</p>

Error Code	Explanation
C112	<p>HCPCS code is not valid for the DMEPOS category.</p> <p>Purpose:</p> <p>To ensure that the HCPCS code on the HUCM is valid for the DMEPOS category indicated on the HUCM transaction.</p>
C113	<p>HUCM update must contain original medical necessity length.</p> <p>Purpose:</p> <p>To ensure that when an HUCM update transaction is received, the medical necessity length on the transaction matches the length originally submitted.</p>
C115	<p>Skeleton CMN cannot be revised or re-certified. A skeleton CMN cannot be revised, or re-certified, except for the setting of the Discontinue Date.</p> <p>Purpose:</p> <p>To ensure that a skeleton CMN cannot be revised or re-certified, except for the setting of the Discontinue Date.</p>
C116	<p>HCPCS code has been cross-referenced to a new National Code. New certifications for this item must use the current HCPCS code.</p> <p>Purpose:</p> <p>To ensure that only current HCPCS codes are accepted.</p>
C117	<p>Invalid type of service.</p> <p>Purpose:</p> <p>To ensure the type of service is spaces or matches a code on the HCPCS file.</p>
C200	<p>Invalid initial certification date.</p> <p>Purpose:</p> <p>To ensure that when adding a subsequent initial certification the initial Certification Date of the HUCM transaction is greater than the initial Certification Date of the current CMNAUX occurrence.</p>

Error Code	Explanation
C201	<p>Initial certification not greater than end date of an existing certification, or if a TENs unit, the initial certification not greater than, or equal to, the End Date of an existing certification.</p> <p>Purpose:</p> <p>To ensure that when adding a new initial certification, the HUCM initial Certification Date follows the prior Certification Date, unless the certification is for a TENs unit, then the Certification Date must be the same as, or greater than, the prior Certification Date, or if medical necessity length is 99, the prior Certification must be discontinued.</p>
C202	<p>Useful life of prior item not expired.</p> <p>Purpose:</p> <p>To ensure that an HUCM transaction to add a CMN has an initial certification prior to the end of the Useful Life Period of the current CMNAUX occurrence for the item. This transaction is permitted only for replacement items, or if the previous CMN has been discontinued, and the initial date is greater than the previous CMN's Discontinue Date.</p>
C203	<p>EPO permitted for ESRD Method II beneficiaries only.</p> <p>Purpose:</p> <p>To ensure that an initial CMN for EPO can be added only if the beneficiary had selected ESRD Method II when the CMN was issued.</p>
C300	<p>Revision date is after the certification end date.</p> <p>Purpose:</p> <p>To ensure that the revision date on an HUCM transaction cannot be after the termination date of the certification.</p>
C302	<p>New revision must be later than a prior revision.</p> <p>Purpose:</p> <p>To ensure that an HUCM revision date cannot be later than the date on the most current CMNAUX revision.</p>
C303	<p>Purchased DMEPOS item cannot be revised.</p>

Error Code	Explanation
	<p>Purpose:</p> <p>To ensure that a certification for a purchased item in DMEPOS Category 1-4, 9, A, and PEN pumps in Category 7 cannot be revised.</p>
C400	<p>Re-certification dates do not match.</p> <p>Purpose:</p> <p>To ensure that an HUCM re-certification date is equal to, greater than, or within the 30 days preceding the current certification's scheduled re-certification date.</p>
C401	<p>Discontinued certifications cannot be re-certified.</p> <p>Purpose:</p> <p>To ensure that the HUCM re-certification date is not after the CMNAUX discontinue date.</p>
C402	<p>New re-certification must follow prior re-certification.</p> <p>Purpose:</p> <p>To ensure that an HUCM re-certification date follows the date on the most current CMNAUX re-certification.</p>
C403	<p>Cannot re-certify old certifications.</p> <p>Purpose:</p> <p>To ensure that re-certifications are accepted for the current certification only.</p>
C404	<p>Re-certification re-tests required.</p> <p>Purpose:</p> <p>When adding the first oxygen re-certification, and the ABG Level was > 55, or the Saturation Level was > 88 on the initial CMN, either ABG test results (fields "42-43"), or oximetry test results (fields 44-47) must be supplied.</p>
C405	<p>ABG/Oximetry retest not performed within 61-90 days.</p>

Error Code	Explanation
-------------------	--------------------

Purpose:

When adding the first oxygen re-certification, and the ABG Level was > 55, or the Saturation Level was > 88 on the initial CMN, the ABG, or Oximetry Test Date must be within 61-90 days of the initial Certification Date.

C406	Re-certification of parenteral nutrient and PEN pumps (HCPCS Codes B9004 or B9006) for lifetime cannot take place PRIOR to 6 months from the initial certification date.
------	--

Purpose:

To ensure that re-certifications take place within the required timeframe.

80.12 - Utilization Alert Codes

CWF Edit Alert (<http://cms.csc.com/cwf/downloads/docs/pdfs/editalrt.pdf>)

Alert Codes are sent to the Satellite when CWF believes that there is a potential problem or error in the claim. **The presence of an alert indicates that the Satellite should examine the information and make adjustments if necessary.**

Utilization Alert Codes

Alert Code	Explanation
-------------------	--------------------

5370	Part B
------	--------

This edit deactivated with R2003200.

Mammography claim missing the certificate number, or certificate number is not numeric.

5371	Part B
------	--------

This edit deactivated with R2003200.

Mammography certificate number does not match on mammography facility ID #.

Alert Code	Explanation
5372	<p>Part B</p> <p>This edit deactivated with R2003200.</p> <p>Mammography bill submitted with service From Date not equal to, or greater than, certification Start Date and service From Date not less than, or equal to, the certification Stop Date.</p>
5512	<p>DMEPOS</p> <p>Beneficiary has received emergency supplies at least once before.</p>
7701	<p>OP</p> <p>Outpatient claims with statement From Dates 01/01/1998 and later require HCPCS Code 90999 and a Modifier between G1 and G5 when the Revenue Code is equal to 0820, 0821, or 0829.</p> <p>Claims 1998 thru 12/31/02 alert is valid and claims from 01/01/2003 forward alert is deactivated and changed to Consistency Edit 58#4.</p>
C114	<p>CMN</p> <p>Claims History Alert. A HUCM delete transaction has been accepted and an entire certification, revision, or re-certification has been deleted. However, claims had been accepted for this item during the deleted certification period. The HUCM disposition is set to "AL" if this condition occurs.</p>
D911	<p>DMEPOS</p> <p>Purchase decision for a capped rental item must be received prior to the thirteenth rental month. For capped rental items, a purchase decision Modifier ("BP," "BR," or "BU") must be present on the claim for the eleventh rental month.</p>
D920	<p>DMEPOS</p> <p>No CMN was found for the submitted HCPCS, but the line item was successfully validated against a skeleton CMN for a commonly down coded HCPCS.</p>

Alert Code	Explanation
D926	DMEPOS Capped Rental, Electric Wheelchair, or PEN Pump rental months recalculated based on paid claims history data.
D927	DMEPOS Inexpensive and routinely purchased item rental payments recalculated based on paid claims history data and may be suspect.

80.13 - Beneficiary Other Insurance Information (HUBO) Maintenance Transaction Error Codes

(Rev. 1038, Issued: 08-25-06; Effective: 01-01-07; Implementation: 01-02-07)

(CWF EditMnts (<http://cms.csc.com/cwf/downloads/docs/pdfs/editmnts.pdf>))

HUBO (Beneficiary Other Insurance Information) Maintenance Transaction edit rejects are denoted by a value of "BO" in the disposition field on the Reply Record. A Trailer 08 containing up to four error codes will always follow. Listed below are the possible BOxx Maintenance Transaction error codes with a general description. **Each error must be corrected and the transaction resubmitted to CWF.**

The "50xx" series of Beneficiary edits that are returned on claim transaction response records that receive a Disposition "50," "51," etc. can also be returned on this maintenance transaction. The narrative description for these error codes is in the claim transaction edit sections.

HUBO Maintenance Transaction Error Codes

Error Code	Explanation
BO01	Beneficiary Health Insurance Number is missing, or invalid.
BO02	Beneficiary Surname is missing, or invalid.
BO03	Beneficiary Date of Birth is missing, or invalid.
BO04	Beneficiary Sex Code is invalid.
BO05	The Contractor Number is not equal to "11120."
BO06	The Date of Accretion is invalid.
BO07	The Deletion Date is invalid.

Error Code	Explanation
BO08	The Document Control Number is invalid.
BO09	The Action Type is missing, or invalid.
BO10	The Update Date is invalid.
BO11	The Insurance Coverage Type is missing, or invalid.
BO12	The Insurer Name or Address Info is invalid.
BO13	The Insurance Policy Number is invalid.
BO14	The Insurance Effective Date is invalid.
BO15	The Termination Date is invalid.
BO16	The Identifier Number is invalid.
BO17	The COBA Number is invalid.
BO18	The Plan ID Number is invalid.
BO19	The Other Insurer Number is invalid.
BO20	No match for update or delete found on BOI file.
BO21	Duplicate occurrence exists on the BOI file.
BO22	Record already deleted on BOI file.

Effective with January 2, 2007, the CWF shall accept and process a HUBO transaction that either updates an existing Beneficiary Other Insurance (BOI) auxiliary record **or** adds a new BOI auxiliary record occurrence.

If the CWF receives an incoming HUBO transaction whose COBA identification number (ID) and 'beneficiary supplemental eligibility-from date' (CCYYMMDD) match the equivalent elements within an existing BOI auxiliary record, it shall overlay the existing record with the incoming record. However, if the CWF receives an incoming HUBO transaction whose COBA ID and 'beneficiary supplemental-from date' do **not** match the equivalent elements within an existing BOI auxiliary record, it shall create a new BOI auxiliary record occurrence.

For purposes of applying COBA eligibility files to the BOI auxiliary file, the CWF maintainer shall redefine Action Type '0- Add' as '1-Add/Update.' For purposes of applying COBA eligibility files to the BOI auxiliary record, the CWF shall now accept and

process **only** two Action Types—‘1 - Add/Update’ and ‘2 – Delete’—from the COBC as part of the COBA crossover process.

The CWF shall continue to apply the applicable ‘BO’ edits that would relate to add/update or delete actions accomplished via the HUBO transaction.

80.14 - Consolidated Claims Crossover Process

(Rev. 1568; Issued: 08-01-08; Effective Date: 01-01-09; Implementation Date: 01-05-09)

A. The Mechanics of the CWF Claims Selection Process and BOI and Claim-based Reply Trailers

1. CWF Receipt and Processing of the Coordination of Benefits Agreement Insurance File (COIF)

Effective July 6, 2004, the COBC will begin to send copies of the Coordination of Benefits Agreement Insurance File (COIF) to the nine CWF host sites on a weekly basis. The COIF will contain specific information that will identify the COBA trading partner, including name, COBA ID, address, and tax identification number (TIN). It will also contain each trading partner’s claims selection criteria exclusions (claim or bill types that the trading partner does not want to receive via the crossover process) along with an indicator (Y=Yes; N=No) regarding whether the trading partner wishes its name to be printed on the Medicare Summary Notice (MSN). During the COBA parallel production period, which is estimated to run from July 6, 2004, to October 1, 2004, CWF will exclusively return an “N” MSN indicator to the Medicare contractor.

The CWF shall load the initial COIF submission from COBC as well as all future weekly updates.

Upon receipt of a claim, the CWF shall take the following actions:

- a. Search for a COBA eligibility record on the BOI auxiliary record for each beneficiary and obtain the associated COBA ID(s) [NOTE: There may be multiple COBA IDs];
- b. Refer to the COIF associated with each COBA ID (NOTE: CWF shall pull the COBA ID from the BOI auxiliary record) to obtain the COBA trading partner’s name and claims selection criteria;
- c. Apply the COBA trading partner’s selection criteria; and
- d. Transmit a BOI reply trailer 29 to the Medicare contractor only if the claim is to be sent, via 837 COB flat file or National Council for Prescription Drug Programs (NCPDP) file, to the COBC to be crossed over. (See Pub.100-04, Chap. 28, §70.6 for more information about the claim file transmission process involving the Medicare contractor and the COBC.)

Effective with the October 2004 systems release, CWF shall read the COIF submission to determine whether a Test/Production Indicator “T” (test mode) or “P” (production mode) is present. CWF will then include the Test/Production Indicator on the BOI reply trailer 29 that is returned to the Medicare contractor. (See additional details below.)

2. BOI Reply Trailer 29 Processes

For purposes of eligibility file-based crossover, if CWF selects a claim for crossover, it shall return a BOI reply trailer 29 to the Medicare contractor. The returned BOI reply trailer 29 shall include, in addition to COBA ID(s), the COBA trading partner name(s), an “A” crossover indicator that specifies that the claim has been selected to be crossed over, the insurer effective and termination dates, and a 1-digit indicator [“Y”=Yes; “N”=No] that specifies whether the COBA trading partner’s name should be printed on the beneficiary MSN. Effective with the October 2004 systems release, CWF shall also include a 1-digit Test/Production Indicator “T” (test mode) or “P” (production mode) on the BOI reply trailer 29 that is returned to the Medicare contractor.

B. MSN Crossover Messages

As specified above, during the COBA parallel production period (July 6, 2004, to October 1, 2004), CWF will exclusively return an “N” MSN indicator via the BOI reply trailer, in accordance with the information received via the COIF submission. If a Medicare contractor receives a “Y” MSN indicator during the parallel production period, it shall ignore it.

Beginning with the October 2004 systems release, when a contractor receives a BOI reply trailer 29 from CWF that contains a Test/Production Indicator “T” (test mode), it shall ignore the MSN Indicator provided on the trailer. Instead, the Medicare contractor shall follow its existing procedures for inclusion of trading partner names on MSNs for those trading partners with whom it has existing Trading Partner Agreements (TPAs).

Beginning with the October 2004 systems release, when a contractor receives a BOI reply trailer 29 from CWF that contains a Test/Production Indicator “P” (production mode), it shall read the MSN indicator (Y=Yes, print trading partner’s name; N=Do not print trading partner’s name) returned on the BOI reply trailer 29. (Refer to Pub.100-4, chapter 28, §70.6 for additional details.)

*Effective January 5, 2009, when CWF returns a BOI reply trailer (29) to a Medicare contractor that contains **only** a COBA ID in the range 89000 through 89999, the contractor’s system shall suppress all crossover information, including name of insurer and generic message#35.1, from all beneficiary MSNs. (See chapter 28, §70.6 for details regarding additional Medicare contractor requirements.)*

*In addition, the contractor shall **not** issue special provider notification letters following their receipt of COBC Detailed Error Reports when the claim’s associated COBA ID is within the range 89000 through 89999 (see chapter 28, §70.6.1 for more details.)*

C. Electronic Remittance Advice (835)/Provider Remittance Advice Crossover Messages

Beginning with the October 2004 release, when CWF returns a BOI reply trailer (29) that contains a “T” Test/Production Indicator to the Medicare contractors, they shall not print information received from the BOI reply trailer (29) in the required crossover fields on the 835 Electronic Remittance Advice or other provider remittance advice(s) that is/are in production. Contractors shall, however, populate the 835 ERA (or provider remittance advice(s) in production) with required crossover information when they have existing agreements with trading partners.

Beginning with the October 2004 release, when CWF returns a BOI reply trailer (29) that contains a “P” Test/Production Indicator to the Medicare contractors, they shall use the returned BOI trailer information to take the following actions on the provider’s 835 Electronic Remittance Advice:

1. Record code 19 in CLP-02 (Claim Status Code) in Loop 2100 (Claim Payment Information) of the 835 ERA (v. 4010-A1). [NOTE: Record “20” in CLP-02 (Claim Status Code) in Loop 2100 (Claim Payment Information) when Medicare is the secondary payer.]
2. Update the 2100 Loop (Crossover Carrier Name) on the 835 ERA as follows:
 - NM101 [Entity Identifier Code]—Use “TT,” as specified in the 835 Implementation Guide.
 - NM102 [Entity Type Qualifier]—Use “2,” as specified in the 835 Implementation Guide.
 - NM103 [Name, Last or Organization Name]—Use the COBA trading partner’s name that accompanies the first sorted COBA ID returned to you on the BOI reply trailer.
 - NM108 [Identification Code Qualifier]—Use “PI” (Payer Identification.)
 - NM109 [Identification Code]—Use the first COBA ID returned to you on the BOI reply trailer. (See line 24 of the BOI aux. file record.)

If the 835 ERA is not in production and the contractor receives a “P” Test/Production Indicator, it shall use the information provided on the BOI reply trailer (29) to populate the existing provider remittance advices that it has in production.

*Effective January 5, 2009, if CWF returns **only a COBA ID range 89000 through 89999** on a BOI reply trailer (29) to a Medicare contractor, the contractor’s system shall suppress all crossover information (the entire 2100 loop) on the 835 ERA.*

Effective *January 5, 2009*, when a beneficiary's claim is associated with more than one COBA ID (i.e., the beneficiary has more than one health insurer/benefit plan that has signed a national COBA), CWF shall sort the COBA IDs and trading partner names in the following order:

1) Eligibility-based Medigap (*30000-54999*); 2) Claim-based Medigap (*55000-59999*); 3) Supplemental (*00001-29999*); 4) TRICARE (*60000-69999*); 5) Other Insurer (*80000-88999*); 6) Medicaid (*70000-79999*); and 7) *Other—Health Care Pre-Payment Plan [HCPP] (89000-89999)*. When two or more COBA IDs fall in the same range (see item 24 in the BOI Auxiliary File table above), CWF shall sort numerically within the same range.

3. CWF Treatment of Non-assigned Medicaid Claims

When CWF receives a non-assigned Medicare claim for a beneficiary whose BOI auxiliary record contains a COBA ID with a current effective date in the Medicaid eligibility-based range (*70000-77999*), it shall reject the claim by returning edit 5248 to the Part B contractor's system only when the Medicaid COBA trading partner is in production mode (Test/Production Indicator=P) with the COBC. At the same time, CWF shall only return a Medicaid reply trailer 36 to the Part B contractor that contains the trading partner's COBA ID and beneficiary's effective and termination dates under Medicaid when the Medicaid COBA trading partner is in production mode with the COBC. CWF shall determine that a Medicaid trading partner is in production mode by referring to the latest COBA Insurance File (COIF) update it has received.

If, upon receipt of CWF edit 5248 and the Medicaid reply trailer (36), the Part B contractor determines that the non-assigned claim's service dates fall during a period when the beneficiary is eligible for Medicaid, it shall convert the assignment indicator from "non-assigned" to "assigned" and retransmit the claim to CWF. After the claim has been retransmitted, the CWF will only return a BOI reply trailer to the Part B contractor if the claim is to be sent to the COBC to be crossed over.

Effective with October 1, 2007, CWF shall cease returning an edit 5248 and Medicaid reply trailer 36 to a Durable Medical Equipment Medicare Administrative Contractor (DMAC). In lieu of this procedure, CWF shall only return a BOI reply trailer (29) to the DMAC for the claim if the COBA Insurance File (COIF) for the State Medicaid Agency indicates that the entity wishes to receive non-assigned claims.

NOTE: Most Medicaid agencies will not accept such claims for crossover purposes.

If CWF determines via the corresponding COIF that the State Medicaid Agency does not wish to receive non-assigned claims, it shall exclude the claim for crossover. In addition, CWF shall mark the excluded claim with its appropriate claims crossover disposition indicator (see §80.15 of this chapter for more details) and store the claim with the information within the appropriate Health Insurance Master Record (HIMR) detailed history screen.

DMACs shall no longer modify the provider assignment indicator on incoming non-assigned supplier claims for which there is a corresponding COBA ID in the 'Medicaid' range (70000-77999).

4. Additional Information Included on the HUIP, HUOP, HUUH, HUHC, HUBC and HUDC Queries to CWF

Beneficiary Liability Indicators on Part B and DMAC CWF Claims Transactions

Effective with the January 2005 release, the Part B and DMAC systems shall be required to include an indicator 'L' (beneficiary is liable for the denied service[s]) or 'N' (beneficiary is not liable for the denied service[s]) in an available field on the HUBC and HUDC queries to CWF for claims on which all line items are denied. The liability indicators (L or N) will be at the header or claim level rather than at the line level.

Currently, the DMAC shared system is able to identify, through the use of an internal indicator, whether a submitted claim is in the National Council for Prescription Drug Programs (NCPDP) format. The DMAC shared system shall pass an indicator "P" to CWF in an available field on the HUDC query when the claim is in the NCPDP format. The indicator "P" shall be included in a field on the HUDC query that is separate from the fields used to indicate whether a beneficiary is liable for all services denied on his/her claim.

The CWF shall read the new indicators passed via the HUBC or HUDC queries for purposes of excluding denied services on claims with or without beneficiary liability and NCPDP claims.

Beneficiary Liability Indicators on Part A CWF Claims Transactions

Effective with October 2007, the CWF maintainer shall create a 1-byte beneficiary liability indicator field within the header of its HUIP, HUOP, HUUH, and HUHC Part A claims transactions (valid values for the field=L or N).

As Part A contractors adjudicate claims and determine that the beneficiary has payment liability for any part of the fully denied services or service lines, they shall set an 'L' indicator within the newly created beneficiary liability field in the header of their HUIP, HUOP, HUUH, and HUHC claims that they transmit to CWF. In addition, as Part A contractors adjudicate claims and determine that the beneficiary has no payment liability for any of the fully denied services or service lines—that is, the provider must absorb all costs for the fully denied claims—they shall include an 'N' beneficiary indicator within the designated field in the header of their HUIP, HUOP, HUUH, and HUHC claims that they transmit to CWF.

Upon receipt of an HUIP, HUOP, HUUH, or HUHC claim that contains an 'L' or 'N' beneficiary liability indicator, CWF shall read the COBA Insurance File (COIF) to determine whether the COBA trading partner wishes to receive 'original' fully denied claims with beneficiary liability (crossover indicator 'G') or without beneficiary liability

(crossover indicator 'F') or 'adjustment' fully denied claims with beneficiary liability (crossover indicator 'U') or without beneficiary liability (crossover indicator 'T').

CWF shall deploy the same logic for excluding Part A fully denied 'original' and 'adjustment' claims with or without beneficiary liability as it now utilizes to exclude fully denied 'original' and 'adjustment' Part B and DMAC/DME MAC claims with and without beneficiary liability, as specified elsewhere within this section.

If CWF determines that the COBA trading partner wishes to exclude the claim, as per the COIF, it shall suppress the claim from the crossover process.

CWF shall post the appropriate crossover disposition indicator in association with the adjudicated claim on the HIMR detailed history screen (see §80.15 of this chapter).

In addition, the CWF maintainer shall create and display the new 1-byte beneficiary liability indicator field within the HIMR detailed history screens (INPL, OUTL, HHAL, and HOSL), to illustrate the indicator ('L' or 'N') that appeared on the incoming HUIP, HUOP, HUUH, or HUHC claim transaction.

CWF Editing for Incorrect Values

If a Part A contractor sends values other than 'L' or 'N' in the newly defined beneficiary liability field in the header of its HUIP, HUOP, HUUH, or HUHC claim, CWF shall reject the claim back to the Part A contractor for correction. Following receipt of the CWF rejection, the Part A contractor shall change the incorrect value placed within the newly defined beneficiary liability field and retransmit the claim to CWF.

5. Modification to the CWF Inclusion or Exclusion Logic for the COBA Crossover Process

Beginning with the October 2006 release, the CWF or its maintainer shall modify its COBA claims selection logic and processes as indicated below. The CWF shall continue to include or exclude all other claim types in accordance with the logic and processes that it had in place prior to that release.

D. New Part B Contractor Inclusion or Exclusion Logic

The CWF shall read the first two (2) positions of the Business Segment Identifier (BSI), as reported on the HUBC claim, to uniquely include or exclude claims from state-specific Part B contractors, as indicated on the COBA Insurance File (COIF).

E. Exclusion of Fully Paid Claims

The CWF shall continue to exclude Part B claims paid at 100 percent by checking for the presence of claims entry code '1' and determining that each claim's allowed amount equals the reimbursement amount and confirming that the claim contains no denied services or service lines.

The CWF shall continue to read action code '1' and determine that there are no deductible or co-insurance amounts for the purpose of excluding Part A original claims paid at 100 percent. In addition, CWF shall determine that the Part A claim contained a reimbursement amount before excluding a claim with action code '1' that contained no deductible and co-insurance amounts and that the claim contained no denied services or service lines.

F. Claims Paid at Greater than 100 Percent of the Submitted Charge

The CWF shall modify its current logic for excluding Part A original Medicare claims paid at greater than 100 percent of the submitted charges as follows:

In addition to meeting the CWF exclusion criteria for Part A claims paid at greater than 100 percent of the submitted charges, CWF shall exclude these claims only when there is no deductible or co-insurance amounts remaining on the claims.

NOTE The current CWF logic for excluding Part B original Medicare claims paid at greater than 100 percent of the submitted charges/allowed amount (specifically, type F ambulatory surgical center claims, which typically carry deductible and co-insurance amounts) shall remain unchanged.

G. Claims with Monetary or Non-Monetary Changes

The CWF shall check the reimbursement amount as well as the deductible and co-insurance amounts on each claim to determine whether a monetary adjustment change to an original Part A, B, or DMAC claim occurred.

To exclude non-monetary adjustments for Part A, B, and DMAC claims, the CWF shall check the reimbursement amount as well as the deductible and co-insurance amounts on each claim to confirm that there were no monetary changes on the adjustment claim as compared to the original claim.

Effective with April 1, 2008, the CWF shall also include total submitted/billed charges as part of the foregoing elements used to exclude adjustment claims, monetary as well as adjustment claims, non-monetary. (See sub-section N, "Overarching Adjustment Claim Exclusion Logic," for details concerning the processes that CWF shall follow when the COBA trading partner's COIF specifies exclusion of **all** adjustment claims.)

H. Excluding Adjustment Claims When the Original Claim Was Also Excluded

When the CWF processes an adjustment claim, it shall take the following action when the COIF indicates that the "production" COBA trading partner wishes to receive adjustment claims, monetary **or** adjustment claims, non-monetary:

- Return a BOI reply trailer 29 to the contractor if CWF locates the original claim that was marked with an ‘A’ crossover disposition indicator **or** if the original claim’s crossover disposition indicator was blank/non-existent;
- Exclude the adjustment claim if CWF locates the original claim and it was marked with a crossover disposition indicator other than ‘A,’ meaning that the original claim was excluded from the COBA crossover process.

CWF shall **not** be required to search archived or purged claims history to determine whether an original claim had been crossed over.

The CWF maintainer shall create a new ‘R’ crossover disposition indicator, as referenced in a chart within §80.15 of this chapter, to address this exclusion for customer service purposes. The CWF maintainer shall ensure that adjustment claims that were excluded because the original claim was not crossed over shall be marked with an ‘R’ crossover disposition indicator after they have been posted to the appropriate Health Insurance Master Record (HIMR) detailed history screen.

I. Excluding Part A, B, and DMAC Contractor Fully Paid Adjustment Claims Without Deductible and Co-Insurance Remaining

The CWF shall apply logic to exclude Part A and Part B (including DMAC) adjustment claims (identified as action code ‘3’ for Part A claims and entry code ‘5’ for Part B and DMAC claims) when the COIF indicates that a COBA trading partner wishes to exclude adjustment claims that are fully paid and without deductible or co-insurance amounts remaining.

Effective with October 1, 2007, the CWF shall develop logic as follows to exclude fully paid Part A adjustment claims without deductible and co-insurance remaining:

- 1) Verify that the claim contains action code ‘3’;
- 2) Verify that there are no deductible and co-insurance amounts on the claim;
- 3) Verify that the reimbursement on the claim is greater than zero; and
- 4) Confirm that the claim contains no denied services or service lines.

Special Note: Effective with October 1, 2007, CWF shall cease by-passing the logic to exclude Part A adjustments claims fully (100 percent) paid in association with home health prospective payment system (HHPPS) types of bills 329 and 339. The CWF shall exclude such claims if the COBA Insurance File (COIF) designates that the trading partner wishes to exclude “adjustment claims fully paid without deductible or co-insurance remaining” or if these bill types are otherwise excluded on the COBA Insurance File (COIF).

The CWF shall develop logic as follows to exclude Part B or DMAC fully paid adjustment claims without deductible or co-insurance remaining:

- 1) Verify that the claim contains an entry code '5';
- 2) Verify that the allowed amount equals the reimbursement amount; and
- 3) Confirm that the claim contains no denied services or service lines.

The CWF maintainer shall create a new 'S' crossover disposition indicator for adjustment claims that are paid at 100 percent. The CWF maintainer shall ensure that excluded adjustment claims that are paid at 100 percent shall be marked with an 'S' crossover disposition indicator after they have been posted to the appropriate HIMR detailed history screen. In addition, the CWF maintainer shall add "Adj. Claims-100 percent PD" to the COBA Insurance File Summary screen (COBS) on HIMR so that this exclusion will be appropriately displayed for customer service purposes.

J. Excluding Part A, B, and DMAC Contractor Adjustment Claims That Are Fully Denied with No Additional Liability

The CWF shall apply logic to exclude Part A and Part B (including DMAC) fully denied adjustment claims that carry no additional beneficiary liability when the COIF indicates that a COBA trading partner wishes to exclude such claims.

Effective with October 1, 2007, the CWF shall apply logic to the Part A adjustment claim (action code '3') where the entire claim is denied **and** the beneficiary has no additional liability as follows:

- 1) Verify that the claim was sent as action code '3'; and
- 2) Check for the presence of an 'N' beneficiary liability indicator in the header of the fully denied claim. (See the "Beneficiary Liability Indicators on Part A CWF Claims Transactions" section above for additional information.)

The CWF shall apply logic to the Part B and DMAC adjustment claims (entry code '5') where the entire claim is denied **and** the beneficiary has **no** additional liability as follows:

- 1) Verify that the claim was sent as entry code '5'; and
- 2) Check for the presence of an 'N' liability indicator on the fully denied claim.

The CWF maintainer shall create a new 'T' crossover disposition indicator for adjustment claims that are 100 percent denied with no additional beneficiary liability. The CWF maintainer shall ensure that excluded adjustment claims that were entirely denied and contained no beneficiary liability shall be marked with a 'T' crossover disposition indicator after they have been posted to the appropriate HIMR detailed history screen. In

addition, the CWF maintainer shall add “Denied Adjs-No Liab” to the COBS on HIMR so that this exclusion will be appropriately displayed for customer service purposes.

K. Excluding Part A, B, and DMAC Contractor Adjustment Claims That Are Fully Denied with No Additional Liability

The CWF shall apply logic to exclude Part A and Part B (including DMAC) fully denied adjustment claims that carry additional beneficiary liability when the COIF indicates that a COBA trading partner wishes to exclude such claims.

Effective with October 1, 2007, the CWF shall apply logic to the Part A adjustment claim (action code ‘3’) where the entire claim is denied **and** the beneficiary has additional liability as follows:

- 1) Verify that the claim was sent as action code ‘3’; and
- 2) Check for the presence of an ‘L’ beneficiary liability indicator in the header of the fully denied claim. (See the “Beneficiary Liability Indicators on Part A CWF Claims Transactions” section above for additional information.)

The CWF shall apply logic to exclude Part B and DMAC adjustment claims (entry code ‘5’) where the entire claim is denied **and** the beneficiary has additional liability as follows:

- 1) Verify that the claim was sent as entry code ‘5’; and
- 2) Check for the presence of an ‘L’ liability indicator on the fully denied claim.

The CWF maintainer shall create a new ‘U’ crossover disposition indicator for adjustment claims that are 100 percent denied with additional beneficiary liability. The CWF maintainer shall ensure that excluded adjustment claims that were entirely denied and contained beneficiary liability shall be marked with a ‘U’ crossover disposition indicator after they have been posted to the appropriate HIMR detailed history screen. In addition, the CWF maintainer shall add “Denied Adjs-Liab” to the COBS on HIMR so that this exclusion will be appropriately displayed for customer service purposes.

L. Excluding MSP Cost-Avoided Claims

The CWF shall develop logic to **exclude** MSP cost-avoided claims when the COIF indicates that a COBA trading partner wishes to exclude such claims.

The CWF shall apply the following logic to **exclude** Part A MSP cost-avoided claims:

- Verify that the claim contains one of the following MSP non-pay codes: E, F, G, H, J, K, Q, R, T, U, V, W, X, Y, Z, 00, 12, 13, 14, 15, 16, 17, 18, 25, and 26.

The CWF shall apply the following logic to **exclude** Part B and DMAC MSP cost-avoided claims:

- Verify that the claim contains one of the following MSP non-pay codes: E, F, G, H, J, K, Q, R, T, U, V, W, X, Y, Z, 00, 12, 13, 14, 15, 16, 17, 18, 25, and 26.

The CWF maintainer shall create a new ‘V’ crossover disposition indicator for the exclusion of MSP cost-avoided claims. The CWF maintainer shall ensure that excluded MSP cost-avoided claims shall be marked with a ‘V’ crossover disposition indicator after they have been posted to the appropriate HIMR detailed history screen. In addition, the CWF maintainer shall add “MSP Cost-Avoids” to the COBS on HIMR so that this exclusion will be appropriately displayed for customer service purposes.

M. Excluding Sanctioned Provider Claims from the COBA Crossover Process

Effective with April 2, 2007, the CWF maintainer shall create space within the HUBC claim transaction for a newly developed ‘S’ indicator, which designates ‘sanctioned provider.’

Contractors, including Medicare Administrative Contractors (MACs), that process Part B claims from physicians (e.g., practitioners and specialists) and suppliers (independent laboratories and ambulance companies) shall set an ‘S’ indicator in the header of a fully denied claim if the physician or supplier that is billing is suspended/sanctioned. NOTE: Such physicians or suppliers will have been identified by the Office of the Inspector General (OIG) and will have had their Medicare billing privileges suspended. Before setting the ‘S’ indicator in the header of a claim, the Part B contractor shall first split the claim if it contains service dates during which the provider is no longer sanctioned. This will ensure that the Part B contractor properly sets the ‘S’ indicator for only those portions of the claim during which the provider is sanctioned.

Upon receipt of an HUBC claim that contains an ‘S’ indicator, the CWF shall exclude the claim from the COBA crossover process. The CWF therefore shall not return a BOI reply trailer 29 to the multi-carrier system (MCS) Part B contractor for any HUBC claim that contains an ‘S’ indicator.

N. Overarching Adjustment Claim Exclusion Logic

“Overarching adjustment claim logic” is defined as the logic that CWF will employ, independent of a specific review of claim monetary changes, when a COBA trading partner’s COBA Insurance File (COIF) specifies that it wishes to exclude all adjustment claims.

New CWF Logic

Effective with April 1, 2008, the CWF maintainer shall change its systematic logic to accept a new version of the COIF that now features a new “all adjustment claims” exclusion option.

For the COBA eligibility file-based crossover process, where CWF utilizes both the BOI auxiliary record and the COIF when determining whether it should include or exclude a claim for crossover, CWF shall apply the overarching adjustment claim logic as follows:

- Verify that the incoming claim has an action code of 3 or entry code of 5 or, if the claim has an action or entry code of 1 (original claim), confirm whether it has an “A” claim header value, which designates adjustment claim for crossover purposes; and
- Verify that the COIF contains a marked exclusion for “all adjustment claims.” If these conditions are met, CWF shall exclude the claim for crossover under the COBA eligibility file-based crossover process.

If both of these conditions are met, CWF shall exclude the claim for crossover under the COBA eligibility file-based crossover process. **IMPORTANT:** Independent of the foregoing requirements, CWF shall continue to only select an adjustment claim for COBA crossover purposes if 1) it locates the matching original claim; and 2) it determines that the original claim was selected for crossover (see “H. Excluding Adjustment Claims When the Original Claim Was Also Excluded” above for more information).

New Crossover Disposition Indicator

Upon excluding the claim, CWF shall mark the claim as it is stored on the appropriate Health Insurance Master Record (HIMR) claim detail history screen with a newly developed “AC” crossover disposition indicator, which designates that CWF excluded the claim because the COBA trading partner wished to exclude all adjustment claims. (See §80.15 of this chapter for a description of this crossover disposition indicator.)

The CWF shall display the new indicator within the “eligibility file-based crossover” segment of the HIMR detailed claim history screen.

Exception Concerning COBA IDs in the Medigap Claim-based Range

CWF shall never apply the new overarching adjustment claim exclusion logic to incoming HUBC or HUDC claims whose field 34 (“Crossover ID”) header value falls within the range of 0000055000 to 0000059999, which represents the COBA identifier of a COBA Medigap claim-based crossover recipient, and for which there is not a corresponding BOI auxiliary record that likewise contains that insurer identifier. (See §80.17 of this chapter for more information concerning the COBA Medigap claim-based crossover process.)

O. Exclusion of Claims Containing Placeholder National Provider Identifier (NPI) Values

Effective October 6, 2008, the CWF maintainer shall create space within the header of its HUIP, HUOP, HUUH, HUHC, HUBC, and HUDC claims transactions for a new 1-byte “NPI-Placeholder” field (acceptable values=Y or space).

In addition, the CWF maintainer shall create space within page two (2) of the HIMR detail of the claim screen for 1) a new category “COBA Bypass”; and 2) a 2-byte field for the indicator “BN,” which shall designate that CWF auto-excluded the claim because it contained a placeholder provider value (see §80.15 of this chapter for more details regarding the “BN” bypass indicator).

NOTE: With the implementation of the October 2008 release, the CWF maintainer shall remove all current logic for placeholder provider values with the implementation of this new solution for identifying claims that contain placeholder provider values.

As contractors, including Medicare Administrative Contractors (MACs) and Durable Medical Equipment Medicare Administrative Contractors (DME MACs), adjudicate non VA MRA claims that fall within any of the NPI placeholder requirements, their shared system shall take the following combined actions:

- 1) Input a “Y” value in the newly created “NPI Placeholder” field on the HUIP, HUOP, HUUH, HUHC, HUBC, or HUDC claim transaction if a placeholder value exists on or is created anywhere within the SSM claim record (Note: Contractor systems shall include spaces within the “NPI Placeholder” field when the claim does not contain a placeholder NPI value); and
- 2) Transmit the claim to CWF, as per normal requirements.

Upon receipt of claims where the NPI Placeholder field contains the value “Y,” CWF shall auto-exclude the claim from the national COBA crossover process. In addition, CWF shall populate the value “BN” in association with the newly developed “COBA Bypass” field on page 2 of the HIMR Part B and DME MAC claim detail screens and on page 3 of the HIMR intermediary claim detail screen.

P. Excluding Physician Quality Reporting Initiative (PQRI) Only Codes Reported on 837 Professional Claims

Effective October 6, 2008, the CWF maintainer shall create space within the header of its HUBC claim transmission for a 1-byte PQRI indicator (valid values=Q or space).

In addition, CWF shall create a 2-byte field on page 2 of the HIMR claim detail in association with the new category “COBA Bypass” for the value “BQ,” which shall designate that CWF auto-excluded the claim because it contained only PQRI codes (see §80.15 of this chapter for more details regarding the bypass indicator).

Prior to transmitting the claim to CWF for normal processing, the Part B shared system shall input the value “Q” in the newly defined PQRI field in the header of the HUBC when all service lines on a claim contain PQRI (status M) codes.

Upon receipt of a claim that contains a “Q” in the newly defined PQRI field (which signifies that the claim contains only PQRI codes on all service detail lines, CWF shall auto-exclude the claim from the national COBA eligibility file-based and Medigap claim-based crossover processes. Following exclusion of the claim, CWF shall populate the value “BQ” in association with the newly developed “COBA Bypass” field on page 2 of the HIMR Part B claim detail screen.

6. CWF Requirements for Health Care Pre-Payment Plans (HCPPs) that Receive Crossover Claims

Effective January 5, 2009, at CMS’s direction, the COBC will assign all HCPP COBA participants a unique 5-byte COBA ID that falls within the range 89000 through 89999. The CWF system shall accept the reporting of this COBA ID range. (Refer to chapter 28, §70.6 for Medicare contractor requirements in association with HCPP crossovers.)

80.15 - Claims Crossover Disposition and Coordination of Benefits Agreement By-Pass Indicators

(Rev. 1568; Issued: 08-01-08; Effective Date: 01-01-09; Implementation Date: 01-05-09)

1. Claims Crossover Disposition Indicators

Effective with the October 2004 systems release, when a COBA trading partner is in production mode (Test/Production Indicator sent via the COIF submission=P), CWF shall annotate each processed claim on detailed history in the Health Insurance Master Record (HIMR) with a claims crossover disposition indicator after it has applied the COBA trading partner’s claims selection criteria. (See the table below for a listing of the indicators.) In addition, when a COBA trading partner is in production mode, CWF shall annotate each processed claim with a 10-position COBA ID (5-digit COBA ID preceded by 5 zeroes) to identify the entity to which the claim was crossed or not crossed, in accordance with the terms of the COBA.

CWF shall not annotate processed Medicare claims on the detailed history screens in HIMR when a COBA trading partner is in test mode (Test/Production Indicator sent via the COIF submission=T).

Once the claims crossover process is fully consolidated under the Coordination of Benefits Contractor (COBC), Medicare contractor customer service staff will have access to a CWF auxiliary file that will display the crossover disposition of each beneficiary claim. The crossover disposition indicators that will appear on the HIMR detailed history screens (INPH, OUTH, HOSH, PTBH, DMEH, and HHAH) are summarized below.

Effective with October 2006, the CWF maintainer shall update its data elements/documentation to capture the revised descriptor for crossover disposition indicators “E,” as reflected below. In addition, the CWF maintainer shall update its data elements/documentation to capture the newly added “R,” “S,” “T,” “U,” and “V” crossover disposition indicators, as reflected in the Claims Crossover Disposition Indicators table below.

Effective with July 2007, the CWF maintainer shall update its data elements/documentation to capture the newly added “W,” “X,” and “Y” crossover disposition indicators, as well as all other changes, reflected in the table directly below.

As reflected in the table below, the CWF maintainer is creating crossover disposition indicators “Z” and “AA” to be effective October 1, 2007. The CWF maintainer is creating and utilizing a new “AC” crossover disposition indicator as part of its COBA claims selection processing effective April 1, 2008.

Effective January 5, 2009, the CWF maintainer is creating crossover disposition indicators “AD” and “AE,” as indicated in the table below. The CWF shall utilize the “AD” indicator when an incoming claim does not meet any of the new adjustment, mass adjustment, or recovery audit contractor (RAC)-initiated adjustment inclusion criteria, as specified in §80.18 of this chapter. The CWF shall utilize the “AE” indicator when the COBA trading partner specifies that it wishes to exclude RAC-initiated adjustments and CWF does not otherwise exclude the claim for some other reason identified higher within its crossover exclusion logic hierarchy.

Claims Crossover Disposition Indicator	Definition/Description
A	This claim was selected to be crossed over.
B	This Type of Bill (TOB) excluded.
C	Non-assigned claim excluded.
D	Original Fully Paid Medicare claims without deductible and co-insurance remaining excluded.
E	Original Medicare claims paid at greater than 100% of the submitted charges without deductible or co-insurance remaining excluded (Part A). **Also covers the exclusion of Original Medicare claims paid at greater than 100% of the submitted charges excluded for Part B ambulatory surgical center (ASC) claims, even if deductible or co-insurance applies.

F	100% denied claims, with no additional beneficiary liability excluded.
G	100% denied claims, with additional beneficiary liability excluded.
H	Adjustment claims, monetary, excluded (not representative of mass adjustments).
I	Adjustment claims, non-monetary/statistical, excluded (not representative of mass adjustments).
J	MSP claims excluded.
K	This claim contains a provider identification number (ID) or provider state that is excluded by the COBA trading partner.
L	Claims from this Contractor ID excluded.
M	The beneficiary has other insurance (such as Medigap, supplemental, TRICARE, or other) that pays before Medicaid. Claim excluded by Medicaid.
N	NCPDP claims excluded.
O	All Part A claims excluded.
P	All Part B claims excluded.
Q	All DMERC claims excluded.
R	Adjustment claim excluded because original claim was not crossed over.
S	Adjustment fully paid claims with no deductible or co-Insurance remaining excluded.
T	Adjustment Claims, 100% Denied, with no additional beneficiary liability excluded.
U	Adjustment Claims, 100% Denied, with additional beneficiary liability excluded.
V	MSP cost-avoided claims excluded.
W	Mass Adjustment Claims—Medicare Physician Fee

	Schedule (MPFS) excluded.
X	Mass Adjustment Claims—Other excluded.
Y	Archived adjustment claim excluded.
Z	Invalid Claim-based Medigap crossover ID included on the claim.
AA	Beneficiary identified on Medigap insurer eligibility file; duplicate Medigap claim-based crossover voided
AB	Not Used ; already utilized in another current CWF application or process.
AC	All adjustment claims excluded.
<i>AD</i>	<i>Adjustment inclusion criteria not met.</i>
<i>AE</i>	<i>Recovery audit contractor (RAC)-initiated adjustment excluded.</i>

2. COBA By-Pass Indicators

Effective with the October 2008 release, the CWF maintainer shall begin to display COBA bypass indicators in association with claims posted on HIMR. These indicators will appear on page 2 of the PTBH and DMEH screens and on page 3 of the INPH, OUTH, HHAH, or HOSH screens. The COBA Bypass Indicators appear in the table directly below.

Claims Crossover By-Pass Indicator	Definition/Description
BN	CWF auto-excluded the claim because it contained a placeholder provider value.
BQ	CWF auto-excluded the claim because it contained only PQRI codes.

80.16 - Special Mass Adjustment and Other Adjustment Crossover Requirements

(Rev. 1189, Issued: 02-28-07, Effective: 07-01-07, Implementation: 07-02-07)

1. Developing a Capability to Exclude Mass Adjustment Claims Tied to the Medicare Physician Fee Schedule Updates and Mass Adjustment Claims-Other

Effective with July 2, 2007, the Common Working File (CWF) maintainer shall create a new header field for a one (1)-byte mass adjustment indicator within its HUBC, HUDC, HUOP, HUUH, and HUHC claims transactions. The valid values for the newly created field shall be 'M'—mass adjustment claim-Medicare Physician Fee Schedule (MPFS) and 'O'—mass adjustment claim-other. Further, effective with that date, the Coordination of Benefits Contractor shall send the CWF host sites a modified Coordination of Benefits Agreement Insurance File (COIF) that contains two new claims exclusion categories: mass adjustments-MPFS and mass adjustments-other.

Upon receipt of a claim that contains an 'M' indicator (new field) in the header of an HUBC, HUDC, HUOP, HUUH, or HUHC claim, CWF shall read the COIF to determine whether the COBA trading partner wishes to exclude the claim. If CWF determines that the trading partner wishes to exclude the mass adjustment-MPFS claim, it shall exclude the claim from the COBA crossover process.

Upon receipt of a claim that contains an 'O' indicator in the header of an HUBC, HUDC, HUOP, HUUH, or HUHC claim, which designates 'mass adjustment claim-other,' the CWF shall read the COIF to determine whether the COBA trading partner wishes to exclude the claim. If CWF determines that the trading partner wishes to exclude mass adjustment claims-other, it shall exclude the claim from the COBA crossover process.

Creation of New Crossover Disposition Indicators

In relation to its receipt of a claim that has either an 'M' or an 'O' header value, the CWF shall create two new crossover disposition indicators 'W' ("mass adjustment claim-MPFS") and 'X' ("mass adjustments claim-other excluded") on the Health Insurance Master Record (HIMR) detailed history screens in association with excluded processed claims for 'production' COBA trading partner. The CWF shall display each of the new crossover disposition indicators appropriately in association with the processed mass adjustment claim-MPFS on the HIMR detailed history screen. (See §80.15 of this chapter for further information.) In addition, the CWF maintainer shall develop and display two (2) new exclusion fields within the COBA Inquiry Screen (COBS) for 'mass adj.-M' (mass adjustments-MPFS) and 'mass adj.-O' (mass adjustments-other).

2. Developing a Capability to Treat Entry Code '5' and Action Code '3' Claims As Recycled 'Original' Claims For Crossover Purposes

Effective with July 2007, the CWF maintainer shall create a new header field within its HUBC, HUDC, HUOP, HUUH, and HUHC claims transactions for a 1-byte - adjustment indicator (valid values='N'--non adjustment claim for crossover purposes; 'A'--adjustment claim for crossover purposes; or space).

In instances when CWF returns an error code 5600 to a contractor, thereby causing it to reset the claim's entry code to '5' to action code to '3,' the contractor shall set a newly developed 'N' non-adjustment claim indicator ('treat as an original claim for crossover purposes') in the header of the HUBC, HUDC, HUOP, HUUH, HUOP, HUUH, HUOP,

HUHH, and HUHC claim in the newly defined field before retransmitting the claim to CWF. The contractor's system shall then resend the claim to CWF.

Upon receipt of a claim that contains entry code '5' or action code '3' with a non-adjustment claim header value of 'N,' the CWF shall treat the claim as if it were an 'original' claim (i.e., as entry code '1' or action code '1') for crossover inclusion or exclusion determinations. If CWF subsequently determines that the claim meets all other inclusion criteria, it shall mark the claim with an 'A' ("claim was selected to be crossed over") crossover disposition indicator.

Additional Contractor Requirements Following Receipt of a CWF Beneficiary Other Insurance (BOI) Reply Trailer 29 for Such Claims

Upon receipt of a Beneficiary Other Insurance (BOI) reply trailer (29) for the recycled claim, the contractors' systems shall ensure that, as part of their 837 flat file creation processes, they populate the 2300 loop CLM05-3 (Claim Frequency Type Code) segment with a value of '1' (original). In addition, the contractors' systems shall ensure that, as part of their 837 flat file creation process, they do not create a corresponding 2330 loop REF*T4*Y segment, which typically signifies 'adjustment.'

3. Developing a Capability to Treat Claims with Non-Adjustment Entry or Action Codes as Adjustment Claims For Crossover Purposes

In instances where contractors must send adjustment claims to CWF as entry code '1' or action code '1' (situations where the accrete claim cannot be processed at CWF), they shall set an 'A' indicator in a newly defined field within the header of the HUBC, HUDC, HUIP, HUOP, HUHH, or HUHC claim.

Upon receipt of a claim that contains entry code '1' or action code '1' with a claim adjustment indicator value of 'A,' the CWF shall take the following actions:

- Verify that, as per the COIF, the COBA trading partner wishes to exclude **either** adjustments, monetary or adjustments, non-monetary, **or both**; and
- Suppress the claim from crossover if the COBA trading partner wishes to exclude either adjustments, monetary or adjustments, non-monetary, or both.

(NOTE: The expectation is that such claims do **not** represent mass adjustments tied to the MPFS or mass adjustments-other.)

ByPassing of Logic to Exclude Adjustment Claim if Original Claim was Not Crossed Over

For purposes of excluding entry code '1' or action code '1' claims that contain an 'A' adjustment indicator value, CWF shall 1) assume that the 'original' claim that was purged from its online history was crossed over, and 2) bypass its logic for crossover disposition

indicator 'R' (cross the adjustment claim over only if the original claim was previously crossed over). Refer to §80.14 of this chapter for further details regarding this logic.

Actions to Take When Contractors Send Invalid Values

If contractors claim adjustment indicator values other than 'N,' 'A,' or space within the newly designated header field within their HUBC, HUDC, HUIP, HUOP, HUUH, and HUHC claims, CWF shall apply an edit to reject the claim back to the contractor. Upon receipt of the CWF rejection edit, the contractors' systems shall correct the invalid value and retransmit the claim to CWF for verification and validation.

Creation of a New Crossover Disposition Indicator For This Scenario

In relation to its receipt of a claim that has an 'A' header value, the CWF shall create a new crossover disposition indicator 'Y' ("archived adjustment claim-excluded") on the HIMR detailed history screens in association with excluded processed claims for 'production' COBA trading partners. The CWF shall display the new 'Y' crossover disposition indicator in association with the processed mass adjustment claim-MPFS on the HIMR detailed history screen. (See §80.15 of this chapter for further information.)

Additional Contractor Requirements Following Receipt of a CWF Beneficiary Other Insurance (BOI) Reply Trailer 29

If contractors receive a BOI reply trailer (29) on a claim that had an 'A' indicator set in its header, the contractors' systems shall ensure that, as part of their 837 flat file creation processes, they populate the 2300 loop CLM05-3 ('Claim Frequency Type Code') segment with a value that designates 'adjustment' rather than 'original' to match the 2330B loop REF*T4*Y that they create to designate 'adjustment claim.'

If a contractor's system does not presently create a loop 2330B REF*T4*Y to designate adjustments, it shall not make a change to do so as part of this instruction.

80.17 - Coordination of Benefits Agreement Medigap Claim-Based Crossover Process

(Rev. 1332, Issued: 08-31-07, Effective: 10-01-07, Implementation: 10-01-07)

In advance of October 1, 2007, CMS will issue for its participating Medicare providers' use a listing of claim-based Medigap crossover recipients along with their pre-existing Other Carrier Name and Address (OCNA) or N-key identifiers versus their current COBA Medigap claim-based crossover ID. For this purpose, CMS will be making a "Medigap Claim-based Billing Identifier" spreadsheet available on the Coordination of Benefits Contractor (COBC) Web site. The COBC will **not** populate the spreadsheet until after 1) it has signed a national crossover agreement with a Medigap insurer, and 2) that insurer has tested the Medigap claim-based crossover process with the COBC. Prior to October 1, 2007, the affected contractors will continue to cross claims over to their Medigap claim-based crossover recipients as normal during this timeframe. However, effective with claims submitted to Medicare on October 1, 2007, and after, participating providers will be expected to include this identifier on these incoming crossover claims for purposes of

triggering claim-based Medigap crossovers. Additionally, effective with October 1, 2007, claim-based Medigap crossovers will occur exclusively through the Coordination of Benefits Contractor (COBC) in the Health Insurance Portability and Accountability Act (HIPAA) American National Standards Institute (ANSI) X12-N 837 professional claim format (version 4010A1 or more current standard) and National Council for Prescription Drug Programs (NCPDP) claim format.

A. Changes to Contractor Up-Front Screening Processes for COBA Claim-based Medigap Crossovers

Effective with claims that the Part B contractors, including MACs, and DMACs cable to CWF on October 1, 2007, their internal processes for screening claims for Medigap claim-based crossovers shall be modified to accommodate the new Medigap claim-based COBA crossover process. The affected contractors' processes for screening claims for Medigap claim-based crossovers shall now feature a syntactic editing of the incoming COBA claim-based Medigap ID to ensure that the identifier begins with a "5" and contains 5 numeric digits. In addition, for incoming 837 professional and NCPDP claims, contractors shall ensure that the Medigap claim-based COBA ID is entered within the appropriately designated field, loop, or segment of the incoming Medicare claim.

If the claim fails the syntactic verification, the contractor shall not copy the identifier from the incoming claim and populate it within field 34 ("Crossover ID") of the HUBC or HUDC claim transaction that is sent to the Common Working File (CWF) for verification and validation. Instead, the contractor shall continue to follow its pre-existing processes for notifying the provider via the ERA or other remittance advice and the beneficiary via the MSN that the information reported did not result in the claim being crossed over. The affected contractors' screening processes for Medigap claim-based crossovers shall also continue to include verification that the provider participates with Medicare and that the beneficiary has assigned benefits to the provider.

If the provider-populated value for the Medigap claim-based ID passes the contractor's syntactic editing process, the affected contractors' systems shall copy the Medigap claim-based COBA ID value from the incoming claim to field 34 of the HUBC or HUDC claims transactions that are sent to CWF for verification and validation. The contractors shall populate the identifier in field 34 right-justified and prefixed with five zeroes.

B. CWF Validation of Values within Field 34 of the HUBC and HUDC Transactions

Upon receipt of HUBC and HUDC claims that contain a value within field 34 ("Crossover ID"), the CWF shall read the value that is present within the field for purposes of conducting a validity check. The CWF shall accept the following values as valid within field 34: a value within the range of 0000055000 to 0000059999, or spaces.

If the contractor has sent an inappropriate value in field 34 of the HUBC and HUDC claims transaction, CWF shall return an alert code 7704 on the "01" disposition response via the claim-based alert trailer 21. For customer service purposes, the CWF maintainer shall create a new crossover disposition indicator "Z" to accommodate the scenario of the

contractor sending an incorrect value within field 34 of the HUBC and HUDC transaction. (See §80.15 of this chapter for more information regarding this crossover disposition indicator.) At the point that CWF returns an alert code 7704 to the affected contractor, it shall take the following actions with respect to the claim:

1. Mark the claim with crossover disposition indicator “Z” (“invalid Medigap claim-based crossover ID included on the claim”); and
 - a. Display the indicator, together with the invalid COBA ID value from field 34, in association with the claim on the appropriate Health Insurance Master Record (HIMR) detailed history screen in the “claim-based crossover” segment.

See Pub.100-04 chapter 28, §70.6.4 for an explanation of contractor processes following receipt of a CWF alert code 7704 via a 21 trailer.

C. CWF Processing for COBA Claim-based Medigap Crossovers

Following receipt of an HUBC and HUDC claims transaction that contains a valid value within field 34 (a value within the range of 0000055000 to 0000059999 or spaces), CWF shall check for the presence of a Beneficiary Other Insurance (BOI) auxiliary record for the purpose of triggering eligibility file-based crossovers. CWF shall then read the COBA Insurance File (COIF) to determine the claims selection criteria for any eligibility file-based trading partners (all other COBA IDs) as well as for the Medigap claim-based insurer (range 0000055000 to 0000059999). If the HUBC or HUDC claim contains a valid COBA Medigap claim-based ID within field 34 but the valid ID cannot be found on the COIF, the CWF shall post the valid COBA Medigap claim-based ID without an accompanying crossover disposition indicator in association with the claim within the “claim-based crossover” segment of the appropriate HIMR claim detailed history screen.

If the claim meets the COBA trading partner’s selection criteria, as per the COIF, and none of the other scenarios presented below applies, CWF shall return a Beneficiary Other Insurance (BOI) reply trailer (29) to the contractor for purposes of having the contractor trigger a crossover to the COBC

Duplicate Check

The CWF shall perform a duplicate check to determine if the beneficiary is identified for crossover to a Medigap eligibility file-based insurer (COBA ID 30000-54999) and to a Medigap claim-based insurer (COBA ID 0000055000-0000059999). If CWF determines that the beneficiary is identified for crossover to both a “production” Medigap eligibility file-based insurer (COBA ID range=30000 to 54999) and a Medigap claim-based Medigap insurer (COBA ID range=0000055000 to 0000059999), it shall suppress the BOI reply trailer (29) for the claim-based Medigap insurer (COBA ID range=0000055000 to 0000059999).

Crossover Disposition Indicator “AA”

Effective with October 1, 2007, the CWF maintainer shall create a new crossover disposition indicator “AA” to accommodate the CWF duplicate check, where it has determined that the beneficiary’s claim is eligible for crossover to both a “production” Medigap eligibility file-based insurer and a Medigap claim-based crossover insurer. After CWF has determined that beneficiary has already been identified for Medigap eligibility file-based crossover, it shall take the following actions with respect to the claim:

1. Mark the associated claim with indicator “AA” (“beneficiary identified on Medigap insurer eligibility file; duplicate Medigap claim-based crossover voided);
2. Display this indicator, together with the affected claim-based Medigap COBA ID, in association with the claim on the appropriate HIMR detailed history screen in the “claim-based crossover” segment.

D. BOI Reply Trailer (29) Process

If CWF determines that the claim meets the trading partner’s claims selection criteria, it shall select the claim and return a BOI reply trailer 29 for the claim to the affected Medicare contractor. The CWF shall display the appropriate crossover disposition indicator for the claim-based crossover claim within the “claim-based crossover” segment of the HIMR claim detailed history screens. As with the COBA eligibility file-based crossover process (see §80.14 of this chapter for more details regarding this process), CWF shall display the COBA ID and accompanying crossover disposition indicator on claim detailed history screens, with the exception of circumstances where the valid ID cannot be located on the COIF, as discussed above, or the Medigap claim-based insurer is in “test” mode with the COBC. In these situations, only the COBA Medigap claim-based ID shall be displayed.

Modification of the CWF Sort Routine For Multiple COBA IDs and Accompanying Contractor Actions Following Receipt of the BOI Reply Trailer (29)

In light of the new COBA Medigap claim-based crossover process, the CWF sort routine for COBA IDs to be returned via the BOI reply 29 trailer shall be modified as follows: Medigap eligibility file-based (30000-54999), Medigap claim-based (55000-59999), supplemental (00001-29999), TRICARE for Life (60000-69999), Other insurer (80000-89999), and Medicaid (70000-79999). (NOTE: This information is also being updated in Pub.100-04, chapter 27 §80.14.)

Upon receipt of the BOI reply trailer (29), the affected contractors shall continue to utilize information from this source to populate the beneficiary’s MSN and provider ERA or other remittance advice in production in accordance with the existing guidance that appears in §80.14 of this chapter.

80.18 - Inclusion and Exclusion of Specified Categories of Adjustment Claims for Coordination of Benefits Agreement (COBA) Crossover Purposes

(Rev. 1568; Issued: 08-01-08; Effective Date: 01-01-09; Implementation Date: 01-05-09)

1. CWF Inclusion of Adjustment Claims

*Effective January 5, 2009, the CWF system shall 1) create the newly defined **inclusion** of adjustment claims option, along with 1-byte file displacement, within its version of the COIF; and 2) accept and process this new field when the COBC transmits it as part of its regular COIF updates.*

*Upon receipt of a COIF that features a COBA identification number (ID) with specifications to **include** adjustment claims only, the CWF shall select only those claims for COBA crossover that meet the following specifications:*

- 1) The claim's action code=3, entry code=5, or claim adjustment indicator="A"—all of which designate an "adjustment" claim; **and***
- 2) The claim meets no other exclusion criteria, as specified on the COIF, **or** does **not** meet the NPI placeholder value by-pass exclusion logic.*

With the implementation of this change, the CWF shall continue to select adjustment claims only if it previously selected the "original" claim for crossover (logic for adjustment indicator "R"; see §80.14 of this chapter for additional details regarding this logic).

If the incoming HUIP, HUOP, HUUH, HUHC, HUBC, or HUDC claim contains spaces in the new designated RAC adjustment indicator field, CWF shall select the claim in accordance with the COBA trading partner's claims selection criteria specified on the COIF.

2. CWF Inclusion of Two Categories of Mass Adjustment Claims for Crossover Purposes

*Effective January 5, 2009, the CWF system shall 1) create the newly defined **inclusion** of mass adjustment claims—MPFS updates and mass adjustment claims—other options, along with accompanying 1-byte file displacement indicators, within its version of the COIF; and 2) accept and process these new fields when the COBC transmits them as part of its regular COIF updates.*

*Upon receipt of a HUIP, HUOP, HUUH, HUHC, HUBC, or HUDC claim transaction, CWF shall take the following actions: 1) Verify that the claim transaction contains an "M" or "O" mass adjustment claim header indicator; 2) verify that the claim's action code=3, or entry code=5, or adjustment header indicator=A; 3) check the COIF to determine if the COBA trading partner wishes to include mass adjustment claims—MPFS or mass adjustment claims--other; 4) **include** the claim for crossover, unless the "original" claim was **not** crossed over (logic for crossover disposition indicator "R") **or** the claim meets any claims exclusion criteria as specified on the COIF.*

If the incoming HUIP, HUOP, HUUH, HUHC, HUBC, or HUDC claim contains spaces in the mass adjustment indicator field, CWF shall select the claim per the COBA trading partner's claims selection criteria, as specified on the COIF.

3. CWF Inclusion and Exclusion of Recovery Audit Contractor (RAC)-Initiated Adjustment Claims

*At CMS's direction, the COBC will modify the COIF to allow for the unique **inclusion** and **exclusion** of RAC-initiated adjustment claims. The CWF system shall 1) create the newly defined **inclusion** and **exclusion** of RAC-initiated adjustment options, along with accompanying 1-byte file displacement, on its version of the COIF; and 2) accept and process these new fields when the COBC transmits them as part of its regular COIF updates.*

Effective January 5, 2009, the CWF maintainer shall create a 1-byte RAC adjustment value in the header of its HUIP, HUOP, HUUH, HUHC, HUBC, and HUDC claims transactions (valid values= "R" or spaces.)

The CWF maintainer shall, in addition, include the 1-byte RAC adjustment indicator in the header of the claim that is posted to history on HIMR, thereby ensuring that CWF displays the indicator when a user accesses the INPH, OUTH, PTBH, DMEH, and related HIMR screens.

Contractor Actions

Through this instruction, all contractor systems shall develop a method for uniquely identifying all varieties of RAC-requested adjustments, which occur as the result of post-payment review activities.

Prior to sending their processed 11X and 12X type of bill RAC adjustment transactions to CWF for normal verification and validation, the Part A shared system shall input an "R" indicator in the newly defined header field of their HUIP claims transactions if the RAC-initiated adjustment claim meets either of the following conditions:

- 1) The claim resulted in Medicare changing its payment decision from paid to denied (i.e., Medicare paid \$0.00 as the result of the adjustment performed; **or***
- 2) The claim resulted in a Medicare adjusted payment that falls below the amount of the inpatient hospital deductible.*

*Prior to sending RAC-initiated adjustment claims **with all other type of bill designations** (bill types other than 11X and 12X) to CWF for normal processing, the Part A shared system shall input an "R" indicator in the newly defined header field of the HUOP, HUUH, and HUHC claim transaction.*

Prior to sending their processed RAC adjustment transactions to CWF for normal verification and validation, the Part B and Durable Medical Equipment Medicare Administrative Contractor (DMAC) shared systems shall input an “R” indicator in the newly defined header field of their HUBC and HUDC claim transactions. (See chapter 28, §70.6 for more details.)

CWF Actions

Upon receipt of a claim that contains an “R” in its header in the newly defined field, CWF shall take the additional following actions:

- 1) Verify that the claim’s action code=3, entry code=5, or header claim adjustment indicator=A;*
- 2) Check the COIF to determine if the COBA trading partner wishes to **include** RAC-initiated claims;*
- 3) **Include** the claim for crossover, **unless** the “original” claim was **not** crossed over (logic for crossover disposition indicator “R”) **or** the claim meets any other claims exclusions specified on the COIF; **or***
- 4) **Exclude** the claim if the COIF specifies exclusion of RAC-initiated adjustment claims.*

In addition, if the incoming HUIP, HUOP, HUUH, HUHC, HUBC, or HUDC claim contains spaces in the new designated RAC adjustment indicator field, CWF shall select the claim in accordance with the COBA trading partner’s claims selection criteria, as specified on the COIF.

80.19 - Health Insurance Portability and Accountability Act (HIPAA) 5010 and National Council for Prescription Drug Programs (NCPDP) D.0 Crossover Requirements

(Rev. 1568; Issued: 08-01-08; Effective Date: 01-01-09; Implementation Date: 01-05-09)

Effective January 5, 2009, the COBC will, at CMS’s direction, create a new 1-byte “5010 Test/Production Indicator” and a new 1-byte “NCPDP D.0 Test/Production Indicator” on the COBA Insurance File [COIF] (valid values= “N”—not applicable or not ready as yet; “T”—test; “P”—production).

The CWF maintainer shall 1) create these new fields, along with 1-byte file displacement, within its version of the COIF; and 2) accept and process these new fields when the COBC transmits them as part of its regular COIF updates. If the COBC transmits a value other than T, P, or N within the newly designated fields, CWF shall ignore the value.

In addition, the CWF maintainer shall add a new “5010 Test/Production Indicator” and an “NCPDP D.0 Test/Production Indicator” to the BOI reply trailer (29) format. (NOTE: CMS will issue a future instruction that addresses contractor and contractor shared system requirements for receipt of “T” or “P” 5010 and NCPDP D.0 indicators.)

*The CWF shall **not** post crossover disposition indicators in association with claims whose 5010 and NCPDP D.0 indicators are “N” or “T.” (Refer to §80.15 of this chapter for more information regarding claims crossover disposition indicators.)*

90 - CWF Adjustment Actions

(Rev. 1, 10-01-03)

A3-3816

The CWF performs only two types of internal adjustment actions: (1) correcting utilization on bills that are already posted and notifying the Satellite of that action using a Form CMS-L1001, and (2) canceling posted bills when CWF discovers an error in the posted utilization and notifying the Satellite of that action using a Form CMS-L1002. Section 90.1 describes the actions contractors are to take in response to these notices.

90.1 - Notification of Internal Adjustment Action(s) Taken by CMS

(Rev. 1, 10-01-03)

A3-3816.1

Forms CMS-L1001 and CMS-L1002, Notification of Internal Adjustment Action(s) Taken by CMS, are issued when CWF identifies and internally adjusts specific provider bills that were accepted and now reflect incorrect utilization of available benefits. Carriers and FIs are notified of these adjustments via Form CMS-L1001 for debit/credit and Form CMS-L1002 for cancel only.

These forms are used by CWF when merging two active Beneficiary Master Records for some reason (e.g., cross-reference process) or processing an out-of-sequence inpatient hospital or SNF claim that causes two benefit periods to become one benefit period. If CWF can determine what the correct benefits are, the Form CMS-L1001 is used to correct the utilization on a previously processed claim. However, if CWF cannot determine what the correct benefits are, the previously processed claim is cancelled and a Form CMS-L1002 is used.

Upon receipt of a Form CMS-L1001, the contractor must correct internal files and either recover any overpayment or pay any underpayment. Do not resubmit the claim to CWF.

Upon receipt of a Form CMS-L1002, the contractor must reprocess the claim and resolve the disposition of the claim. Resubmit the corrected claim to CWF as an initial claim. If this action results in a need for adjustment to other claims, the contractor adjusts those claims and submits them to CWF as adjustments. If one or more of the "other" claims requiring adjustment is a result of a Form CMS-L1001, the new debit is the claim to be

adjusted. The contractor uses Bill Type xxG to identify all adjustments made in response to a CWF notification. This includes those "other" claims to be adjusted as a result of a Forms CMS-L1001 or CMS-L1002.

Upon receipt of Forms CMS-L1001 and/or CMS-L1002, the contractor will also receive pertinent data to assist it in resolving any discrepancies. However, this information may not be sufficient by itself. If not, the contractor inquires into the CWF online system via the HIMR transaction for additional information.

Ensure that in-house records comply with the adjustment action. Also, the contractor notifies the provider. Beyond that, no further action is necessary.

NOTE: When scrambled utilization is detected and CMS can identify the appropriate beneficiaries, CWF initiates the necessary internal adjustment actions to remove utilization from the incorrect record. If a bill has not been posted for the correct record, the contractor submits one. The CWF cannot create the initial bill for the beneficiary's record.

100 - CWF Unsolicited Response

(Rev. 1, 10-01-03)

AB-01-111, AB-01-149, AB-02-002, AB-02-021, AB-02-023, AB-02-037, B-02-059, B-02-067, B-02-087, A-02-008, A-02-068, A-02-107

The CWF unsolicited response and automatic adjustment process is a means to retroactively adjust certain paid claims where subsequent claims or other subsequent actions are the first indicator that payment was inappropriate. Examples are:

- Home health agency (HHA)
- Medicare Quality Partnerships Demonstration (formerly referred to as "Medicare Centers of Excellence Demonstration")
- Medicare Provider Partnership Demonstration
- Skilled nursing facility (SNF)

The CWF sends an unsolicited response to carriers and/or FIs in response to these inappropriate claims. Edit codes usually are in the AB crossover categories.

When the carrier or FI receives an unsolicited response they are required to review each designated line item for possible recovery of payment. Claims subject to these unsolicited response edits are outlined in the following sections.

100.1 - Claims Related to an HH PPS Episode

(Rev. 1, 10-01-03)

AB-01-111, A-02-008

The CWF sets an error code for paid therapy and non-routine supply claims that contain line items for a date of service that is within a home health episode that is subject to HH PPS consolidated billing. These claims would have been processed prior to the posting of a claim for a HH PPS episode.

Upon receipt of a HH PPS claim, CWF will search paid claims history to determine whether any services subject to consolidated billing related to the HH PPS episode period were paid by any FI or carrier. CWF will compare the period between the HH claim from and through date (which represent the episode start date and the date of discharge) to the line item service dates of the claims on history. Services that must be consolidated in the HH PPS claim will be identified. CWF will generate an unsolicited response, with a trailer containing the identifying information regarding the claim subject to consolidated billing and a trailer containing line item specific information that identifies all the individual services on that claim that fall within the HH claim dates. The unsolicited response will have all necessary information to identify the claim, including document control number and health insurance claim number. CWF will electronically transmit this unsolicited response to the FI or carrier that originally processed the claim with consolidated services. These unsolicited responses will be included in the existing unsolicited response file. The unsolicited responses in that file that are claims to be adjusted for consolidated billing will be identified with a unique transaction identifier and disposition code. The previously paid claim will not be canceled and will remain on CWF paid claims history, pending subsequent adjustment.

Upon receipt of the unsolicited response file, the FI shared system software will read the line item information in the new trailer for each claim and perform an automated adjustment to each claim. Carriers will perform a manual adjustment. The adjustment will line-item deny the services subject to consolidated billing. The adjusted claims will then be returned to CWF, so that the claim on CWF paid claims history is replaced with the adjusted record. FIs will return the claims with action code "3." Carriers and durable medical equipment regional carriers (DMERCs) will return the claims with entry code "5." Carriers must return both the covered and the denied services to CWF on the adjustment claim. FIs must return only the covered lines to CWF on the adjustment claim.

When CWF adjusts the claim on history, the deductible will be updated on the beneficiary's file and the corrected deductible information will be returned to the FI or carrier in Trailer 11.

Any monies due back to Medicare resulting from these denials will be recovered using current recovery procedures.

In the event that a denial is reversed upon appeal, based upon evidence that the home health claim information on CWF that generated the denial was inaccurate, an override procedure for the CWF denial is available to permit payment to be made.

In cases where all services on the claim are identified in CWF as subject to consolidated billing, the claim will be adjusted by the FI or carrier shared system to line item deny all the services on the claim. Carriers must return these fully denied claims to CWF, in order to reflect the denial actions in CWF paid claims history and to update the information in CMS' National Claims History file. Carrier and DMERC systems will use existing processes for the submission of fully denied claims. FIs should hold fully denied claims resulting from these changes until instructions are released.

110 - Crosswalk to CWF Documentation

(Rev. 1, 10-01-03)

<u>TABLECO</u>	Table of Codes - Equatable BIC to BIC
<u>TBLEMANT</u>	Maintenance Facility Model - describes three facilities: HCPCS File (HCPCCMNT), Edit Table (MANTCEDT), and Carrier Locality and Address File (MANTCKAR). There is a Terminal User Guide, which describes the use of the facilities. The facilities are modeled with Data Flow Diagrams, which depict the process and contains narratives for each.
<u>TRANSCLM</u>	CMS Claims Transactions
<u>TRANSINT</u>	CWF Internal Transactions
<u>TRANSMNT</u>	CMS Maintenance Transactions Return Codes - This chapter identifies the processing of Return Codes for CMS Maintenance and Out Of Service Area Processing for Part B Query and Part B Payment Record transactions.
<u>XREF</u>	Cross Reference - Phase II - The Purpose of the project is to give CMS the capability of correcting Beneficiary records that were erroneously loaded to two separate Hosts (specifically for 3,000 to 5,000 Beneficiaries, which were originally sent to the Mid-Atlantic Host, and the South-Western Host). It also allows CMS to correct situations where two HIC Numbers exist for the same Beneficiary because of a clerical error. The volume of these corrections is expected to be low, but the project will be an on-going process, not a one-time fix.
