

Trails Management Program - Goals

- **to reduce the risk of damage and injury to property, human life, and health, and sensitive natural and cultural resources from social trail use at LANL**
- **to facilitate the establishment of a safe, viable network of linked trails across the Pajarito Plateau that traverse land holdings of various private and government entities for recreational use and for alternate transportation purposes without posing a threat to DOE and NNSA mission support work at LANL or disrupting LANL operations**
- **to maintain the security of LANL operations**
- **to respect the wishes of local Pueblos to maintain access to traditional cultural properties (TCPs) by Pueblo members while also preventing unauthorized public access to adjacent Pueblo lands and other lands identified as both religious and culturally sensitive areas to Native American communities**
- **to adapt trail use at LANL to changing conditions and situations in a responsive manner.**
