4. Compile, maintain and display incident status information for Incident Command Post (ICP) staff:

- Sort data into required categories of information (i.e. geographic area, population, facilities, environmental values at risk, location of facilities, etc.).
- Determine appropriate map displays.
- Review all data for completeness, accuracy, and relevancy prior to posting.
- Plot incident boundaries, location of perimeters, facilities, access routes, etc. on display maps in Planning area.
- Develop additional displays (weather reports, incident status summaries, etc.), as necessary.
- Ensure displays and maps are kept up to date.

5. Provide photographic services and maps:

- Photographic services may be used to document operations and intelligence activities, public information activities, and accident investigations.
- Issue disposable or digital cameras to Field Observers and Operations personnel as appropriate.
- Ensure photographs are processed at the end of each operational period.
- Request or develop additional and specialized maps as required.
- Provide Incident Map(s) for Incident Action Plan (IAP).

6. Provide situation evaluation, prediction and analysis for Command and Operations; prepare information on alternative strategies:

- Review current and projected incident and resource status.
- Develop alternative strategies.
- Identify resources required to implement contingency plan.
- Document alternatives for presentation to Incident Commander and Operations and inclusion in the written IAP, using the ICS Form 204, Contingency Plan.

7. Interview Operations personnel coming off duty to determine effectiveness of strategy and tactics, work accomplished and left to be accomplished.
