

**Agenda**  
**Water Coordinators Meeting**  
CSREES 2005 National Water Quality Conference, La Jolla

Monday, 11:00 – 2:00

Purpose: To engage the water quality coordinators throughout the nation in the development of the upcoming USDA “Roadmap for Water: Research, Education and Extension.” The Roadmap will provide:

- Vision of water resources issues
  - Water quantity
  - Water quality
  - Human dimensions
- Framework to help set priorities
  - Research
  - Education
  - Extension
- Opportunity to seek meaningful partnerships

**11:00** Introduction and Purpose: Art Gold, Co-Chair, National Integrated Water Quality Program CSL.

**11:10** The CSREES Roadmap for Water Resources. Mike O’Neill, National Program Leader, Water Resources.

**11:40** Breakout Sessions:

We will break into small group and explore potential issues and goals for research, extension and education related to:

- Water Quality
- Water Quantity
- Human Dimensions
- Technology

**12:10:** Break for Lunch (in foyer)

**12:35** Resume Breakout Session Discussion (working lunch)

**1:00** Report Back to the Entire Group

**1:30** Demonstration: New Multi-media tools for Extension Applications: Dr. Steve Poe, Professor, University of Arizona.

**2:00 Adjourn**
