

## Small Business Profile: VERMONT

In Vermont, small businesses are vital to the financial well-being of the state's economy. Their contribution is essential for economic growth since they make up almost all employer firms in the state. As entrepreneurs and innovators, small business owners represented a diverse group in 2004 and continued to keep the state's economy productive. The *Small Business Profile* provides information on the performance of small businesses in the state using the most current federal data available.

**Number of Businesses.** There were an estimated 74,957 small businesses in Vermont in 2004.<sup>1</sup> Of the 21,335 firms with employees, an estimated 96.8 percent, or 20,649, were small firms. In 2004, the estimated number of employer businesses increased by 2 percent. The number of self-employed persons (including incorporated) decreased overall by 10.1 percent, from 53,511 in 2003 to 48,091 in 2004. Non-employer businesses numbered 54,308 in 2002, an increase of 4.2 percent since 2001, based on the most recent data available. (Sources: U.S. Dept. of Labor, Employment and Training Administration; U.S. Dept. of Commerce, Census Bureau; U.S. Dept. of Labor, Bureau of Labor Statistics.)

**Women-Owned Businesses.** In 2002 women-owned firms totaled 19,002, an increase of 12 percent from 1997, and generated \$1.5 billion in revenues. Firms owned jointly by women and men numbered 9,839 with revenues of \$2.5 billion. Women represented 32 percent of the self-employed persons in the state. (Sources: U.S. Dept. of Labor, Bureau of Labor Statistics; U.S. Dept. of Commerce, Census Bureau.)

**Minority-Owned Businesses.** In 2002, Hispanic-owned firms numbered 452, a decrease of 50 percent from 1997. Black-owned firms numbered 211, an increase of 26 percent; Asian-owned firms numbered 429, an increase of 44 percent; American Indian and Alaska Native-owned firms numbered 300, a decrease of 60 percent; and the number of Native Hawaiian and other Pacific Islander-owned businesses was unavailable.<sup>2</sup> (Source: U.S. Dept. of Commerce, Census Bureau.)

<sup>1</sup> The Office of Advocacy's estimate of the total number of state small businesses is based on the percent of small businesses (2002 Census Bureau firm size data) multiplied by the total number of employer businesses in 2004 (Employment and Training Administration). To this total is added the 2002 number of non-employer firms (Census Bureau). See *Business Estimates from the Office of Advocacy*, [www.sba.gov/advo/research/rs258tot.pdf](http://www.sba.gov/advo/research/rs258tot.pdf).

<sup>2</sup> Minority owners may be in more than one minority group.

**Business Turnover.** There were an estimated 2,322 new employer businesses in 2004, 9.4 percent more than the previous year. Business terminations numbered 2,578 in 2004, a decrease of 0.2 percent. Business bankruptcies increased by 9 percent and totaled 85 in 2004. (Sources: U.S. Dept. of Labor, Employment and Training Administration; Administrative Office of the U.S. Courts; U.S. Dept. of Commerce, Census Bureau.)

**Employment.** Small firms with fewer than 500 employees numbered 18,427 in 2002 and employed 162,099 individuals, or 62.8 percent of the state's non-farm private sector (Table 1).<sup>3</sup> Net job gains among firms with fewer than 20 employees totaled 1,106, while large firms with 500 or more employees lost 452 jobs between 2001 and 2002 (Table 2). (Source: U.S. Dept. of Commerce, Census Bureau, Statistics of U.S. Businesses.)

**Small Business Income.** Non-farm proprietors' income, a partial measure of small business income, increased by 6.3 percent, from \$1.6 billion in 2002 to \$1.7 billion in 2003. (Source: U.S. Dept. of Commerce.)

**Finance.** Commercial bank lenders are an important source of small business loans, and small firms usually rely on them for financing. Over the last 10 years the number of banks in Vermont has declined (Table 3). The Office of Advocacy has identified banks in each state that make the most loans to small businesses. This information is available in its banking studies at [www.sba.gov/advo/research/lending.html](http://www.sba.gov/advo/research/lending.html).
