

## Bibliography

### Bibliography of Publications Relating to the Oral Health of American Indians/Alaska Natives

#### Articles

Abramowitz J, Berg LE. A four-year study of the utilization of dental assistants with expanded functions. *J Amer Dent Assoc* 1973;87:623-636.

Abramowitz J, Mecklenburg RE. Quality of care in dental practice: the approach of the Indian Health Service. *J Pub Health Dent* 1972;32(2):90-97.

Abramowitz J. Planning for the Indian Health Service. *J Pub Health Dent* 1971;31(2):70-78.

Abramowitz J. A children's dental program for American Indians. *J Amer Dent Assoc* 1970;28:395-405.

Arnim SS, Aberle SBD, Pitney EH. Dental changes in a group of Pueblo Indian children. *J Amer Dent Assoc* 1937;24:478-480.

Bang G, Kristofferson T. Dental caries and diet in an Alaskan Eskimo population. *Scand J Dent Res* 1972;80:440-444.

Boggs DG, Schork MA. Determination of optimal time lapse for recall of patients in an incremental dental care program. *J Amer Dent Assoc* 1975;90:644-653.

Boggs DC, Schork MA. Motivation and retention of dental officers in the Indian Health Service. *J Pub Health Dent* 1974;34:146-160.

Bothwell E, Eberling S, Reifel N. The World Health Organization international collaborative study of oral health outcomes (ICS-II): preliminary results from Indian communities. US Public Health Service, Indian Health Service 1994.

Broderick E, Mabry J, Robertson D, Thompson J. Baby bottle tooth decay in Native American children in Head Start centers. *Pub Health Rep* 1989;104(1):50-54.

Bruerd, B. The baby bottle tooth decay prevention project: 1990 five-year evaluation report to the Indian Health Service (contract #0-650652). USPHS 1991.

Bruerd B, Jones C, Krise D. Preventing baby bottle tooth decay in Native American children in Head Start centers. Submitted for publication December 1996.

Bruerd B, Jones C. Preventing baby bottle tooth decay: eight year results. Pub Health Rep 1996;3:63-65.

Bruerd B. Smokeless tobacco use among Native American school children. Pub Health Rep 1990;105(2):196-201.

Bruerd B, Kinney MB, Bothwell E. Preventing baby bottle tooth decay in American Indian and Alaska Native communities: a model for planning. Pub Health Rep 1989;104(6):631-640.

Bruerd B. The baby bottle tooth decay prevention project: 1990 five-year evaluation report to the Indian Health Service (contract # 0-650652). USPHS, IHS 1991.

Cady, FC. Indian dental service. J Amer Dent Assoc 1934;21:1099-1104.

Centers for Disease Control. Dental caries in American Indian and Alaskan Native children. MMWR 1985 July;34:400-401.

Centers for Disease Control and Prevention. Smokeless tobacco use in rural Alaska. MMWR 1987;36(10):140-143.

Clark N, Corbin S. The evolution of standards for naturally occurring fluorides: an example of scientific due process. Pub Health Rep 1983;98(1):53-56.

Collins RJ, Broderick EB, Herman DJ. Dental manpower planning in the Indian Health Service. J Pub Health Dent 1993;53(2):109-114.

Collins RJ. Dental caries in American Indians and Alaska Native children. US Public Health Service, Indian Health Service, Rockville 1985.

Collins RJ. General practice residency training and subsequent clinical production. J Dent Education 1983;47(9):609-614.

Corry DR, Cannavale LF. Expanded functions training for dental assistants in the Indian Health Service. J Amer Dent Assoc 1972;85:1343-1348.

Crump MC. Differential diagnosis in endodontic failure. Dent Clin North Am 1979;23(4):617-622.

Cunningham MA, Field H, Phair WP, Jakobsen J. Dental disease in an American Indian (Sac/Fox) population. Unpublished data, University of Iowa, 1984.

Curzon ME, Curzon JA. Dental caries in Eskimo children of the Keewatin District in the Northwest Territories. J Can Dent Assoc 1970;36:342-345.

Curzon ME, Curzon JA. Dental caries prevalence in the Baffin Island Eskimo. *Pediatr Dent* 1979;1:169-174.

Dahlberg AA. Emergence of the permanent teeth in Pima Indian children. *J Dent Res* 1958;37:1123-1140.

Dental Services for Indians: Annual report, US Public Health Service, Indian Health Service (multiple years available) 1972.

Douglass JM, O'Sullivan DM, Tinanoff N. Temporal changes in dental caries levels and patterns in a Native American preschool population. *J Pub Health Dent* 1996;56(4):171-175.

Etzel R, Jones DB, Schlife CM, Lyke JR, Spierto FW, Middaugh JP. Passive smoking and tobacco chewing among Alaska children: measuring saliva cotinine. *J Smoking-Related Dis* 1992;3(2):161-165.

Fasano RJ, Zwemer TJ. Incidence of dental disease among the Navajo Indians in Monument Valley, Utah. *J Dent Res* 1969;48:328.

Foster LW. Dental conditions in White and Indian children in Northern Wisconsin. *J Amer Dent Assoc* 1942;29:2251-2253.

Grewe JM et al. Prevalence of malocclusion in Chippewa Indian children. *J Dent Res* 1968;47:302-305.

Grimm CW, Broderick EB, Jasper B, Phipps KR. A comparison of dental caries experience in Native American and Caucasian children in Oklahoma. *J Pub Health Dent* 1994;54(4):220-227.

Grossi SG, Skrepcinski FB, DeCaro T, Robertson DC, Ho AW, Dunford RG, Genco RJ. Treatment of periodontal disease in diabetics reduces glycosylated hemoglobin. *J Perio* (in press).

Grossi SG, Skrepcinski FB, DeCaro T, Zambon JJ, Cummins D, and Genco RJ. Response to periodontal therapy in diabetics and smokers. *J Periodontol* 1996;67:1094-1102.

Hicks MA. A study of the eruption pattern of the permanent dentition of Navajo children. Abstracted Proc 1st Joint Meet of the Clin Soc and Commissioned Officers Assoc, USPHS, Baltimore, MD, May 1966, p. 6.

Holm AK. Caries in the preschool child: international trends. *J Dent Res* 1990;18:291-295.

Jenny J, Cons NC, Kohout FJ, Jakobsen J. Differences in need for orthodontic treatment between Native Americans and the general population based on DAI scores. *J Pub Health Dent* 1991;51(4):234-238.

Jones D, Schlife C, Phipps K. An oral health survey of Head Start children in Alaska: oral health status, treatment needs, and cost of treatment. *J Pub Health Dent* 1992;52(2):86-93.

Kastle LM, Marianos D, Chang R, Phipps KR. The assessment of nursing caries and its relationship to high caries in the permanent dentition. *J Pub Health Dent* 1992; 52(2):64-68.

Kelly M, Bruerd B. The prevalence of baby bottle tooth decay among two Native American populations. *J Pub Health Dent* 1987;47(2):94-97.

Klein H, Palmer CE. Dental caries in American Indian children. US Treasury Dept, Public Health Service. Public Health Bulletin No. 239, December 1937. GPO Washington 1938.

Lai-hing Tse G. Descriptive statistics of the Navajo oral health survey, Shiprock, New Mexico. March 1988. Indian Health Service, Window Rock, AZ.

Lathrop RL. Expanded functions from the perspective of dental assistants of the Indian Health Service. *J Amer Dent Assoc* 1971;82:591-599.

Lathrop RL. Expanding the functions of dental assistants; an evaluation of suggestions. *J Pub Health Dent* 1968;28:83-118.

Lisager M, Rowland DL. The UCLA-Whiteriver dental project. *J Pub Health Dent* 1974;34(2):94-103.

Ludwig TG, Bibby BG. Geographic variation in the prevalence of dental caries in the United States. *Caries Res* 1969;3:32-43.

Malvitz DM, Broderick EB. Assessment of a dental disease prevention program after three years. *J Pub Health Dent* 1989;49(1):54-58.

Mayall JT. Dental morphology of Indians and Eskimos: its relationship to the prevention of dental caries. *J Can Dent Assoc* 1972;4:152-154.

Mecklenburg RE. A data system for dental program administration. *J Amer Dent Assoc* 1970;80:601-609.

Mecklenburg RE. Dental public health residency of the Indian Health Service. *J Pub Health Dent* 1970;30(3):163-171.

Merrill RG. Occlusal anomalous tubercles on premolars of Alaskan Eskimos and Indians. *Oral Surg* 1964;17:484-496.

Morris DH. Maxillary premolar variation among the Papago Indians. *J Dent Res* 1967;46:736-738.

Morris DH. Morphological analysis and age in the permanent dentition of young American Indians. *Amer J Phys Anthropol* 1966;75:91-96.

Myers GS, Lee M. Comparison of oral health in four Canadian Indian communities. *J Dent Res* 1974;53:385-392.

Niendorff W. The oral health of Native Americans: a chart book of recent findings, trends and regional differences. Graphical presentations of selected data from the 1991 oral health survey of dental patients conducted by the Indian Health Service. August 1994 (unpublished).

Niendorff WJ. Closing the gap: dental diseases. Chapter in Fritz ME and Rundle DG, Closing the health parity gap. National Health Policy Task Force, The Carter Center of Emory University, Atlanta, GA, November 1985.

Niendorff WJ. Selected findings from the oral health survey of FY1983-84. *Indian Health Service Dental Newsletter* 1985 July;24(3):47-51.

Nixon J. The Indian Health Service study of the expanded-duty dental auxiliary II. *J Pub Health Dent* 1980;40(2):99-117.

Nixon JR, Hagen JW, Lathrop RL. Pilot project: Corrective orthodontic program for Indian children in the Portland Area Indian Health Service. Abstracted Proc 15th Annual USPHS Prof Assoc Mtg, Houston, TX, May 1980, p. 5. (Complete article available IHS HQ West office.)

O'Sullivan DM, Douglass J, Champany R, Eberling S, Tetrev S, Tinanoff N. Dental caries prevalence and treatment among Navajo preschool children. *J Pub Health Dent* 1994;54(3):139-144.
