WOMEN'S BUSINESS CENTER PROGRAM INITIAL GRANT PROGRAM ANNOUNCEMENT

I FUNDING OPPORTUNITY DESCRIPTION

A OVERVIEW

The Women's Business Center (WBC) Program was established by Women's Business Ownership Act of 1988 (Public Law No. 100 -533) as the Women's Business Demonstration Pilot, providing grants to private nonprofit organizations to aid and encourage the development and growth of small women-owned businesses through long-term training and counseling. The program was expanded and made permanent in 1997. The WBC Sustainability grant program, established in 1999, was replaced with the WBC Renewable grant program in 2007.

The mission of the WBC Program is to act as the catalyst for providing in-depth, substantive, outcome-oriented business services to women entrepreneurs, both nascent and established businesses, a representative number of which are socially and economically disadvantaged. This mission is accomplished through the award of financial assistance to private, 501(c) certified nonprofit organizations to enable them to affect substantial economic impact in their communities, as measured by successful business start-ups, job creation and retention, and increased company revenues.

B PURPOSE OF THIS PROGRAM ANNOUNCEMENT

The Women's Business Center Program initial grant was created to enable economic development organizations to establish community-based women's business centers that provide in-depth, substantive, outcome-oriented technical assistance services to nascent and existing women entrepreneurs, resulting in substantial economic impact as measured by successful business start-ups, job creation and retention, and increased company revenues. A representative number of clients must be socially and economically disadvantaged,

The Act requires the applicant to demonstrate how well it has provided service to its market and how it plans to serve that market during the next 5 years. Award amounts are subject to the availability of funds (i.e. funds appropriated by Congress).

C PROGRAM AUTHORITY

Program authority is detailed in the Small Business Act, §§ 2(h) and 29 (15 U.S.C. §§ 631(h) and 656), as amended.

D PROJECT DURATION

WBC Renewable Grants are awarded on a competitive basis for a period of up to five years, comprising one base year and four option years. Exercise of each option year is

dependant upon the Web's performance during the previous year and the availability of funds.

E LEVERAGING RESOURCES - A MEASURE OF EFFECTIVENESS RATING CRITERIA

Collaboration with SBA Resources

Webs, Small Business Development Centers (Specs) and SCORE, with assistance from SBA district offices, are to work collaboratively to coordinate their efforts to expand services and avoid duplication. When a WBC is located in a community with these other SBA resource partners, the WBC should make every attempt to coordinate with them to offer training and other forms of assistance to its clients.

Webs are encouraged to fully utilize the resources of other federal, state and local government agencies, academic and private-sector programs that aid small businesses in order to provide seamless, non-duplicative, business development assistance.

Leverage and Diversity of Funding Streams

Webs are encouraged to seek complimentary sources of funding for WBC activities which strengthen and expand the reach and capabilities of WBC services.

F OVERSIGHT

The WBC Program is managed by the Assistant Administrator of the Office of Women's Business Ownership under the direction of the Associate Administrator for Entrepreneurial Development.

The district office technical representative (DOTR) is the primary contact for the WBC locally, and is responsible for monitoring and oversight of the WBC cooperative agreement. This includes on-site visits, programmatic and financial reviews, reporting any issues that may arise to OWBO, and coordination of SBA resource partner efforts. (For more information, see section B #10 SBA Responsibilities.)

Based on the New Markets Tax Credit (NMTC) Program definitions: NMTC program supports activities in eligible Low-Income Communities (LICs), which are defined by statute as population census tracts with a poverty rate of 20 percent or greater or a median family income at or below 80 percent of the applicable area median family income.

Start-up business – See Client

Success Story – A story about a client who has benefited from assistance provided by the WBC, who has an established business (preferably three years). Stories should be approximately two pages long (double spaced) and should include –

- Who, what, where, when
- Why the subject is a success story
- How they were assisted by the WBC
- Anecdotes about the subject, location, obstacles overcome, etc.
- Quotes from the principal, if available

NOTE: Success stories are used for media, speeches, congressional testimony, etc. SBA cannot use the story unless it has been through the clearance process, which begins at the District Office with the local public information officer.

Training - An activity or event in which counselors, staff or external trainers from a resource partner, district office, or SBA co-sponsor deliver a structured program of knowledge, information or experience on an entrepreneurial or business-related subject. The training must last for a minimum of one hour.

Co-hosted training (collaborative) - Meets the definition of “training” and further defined as an activity where each host organization actively participates and contributes substantially to the training.

Online Training - Online training is a structured program of knowledge, information or experience on an entrepreneurial or business-related subject. It must be of a quality and substantive nature, and must include a registration process as well as an evaluation process (e.g. 1-5 star ranking). The training must be for a minimum of 30 minutes and a course evaluation must be made available. Online training may be synchronous or asynchronous:

- **Synchronous** - A group of clients proceed through the training module(s) or program as a group.
- **Asynchronous** - A client individually proceeds through the training module(s) or program individually and is self-paced.

Travel hours - The amount of time spent traveling to and from a location (separate from assigned post-of-duty) to meet with businesses or individual clients. If meeting with more than one client, travel time is counted only once.

Total hours of training - The total number of hours the trainer spends teaching the training session.

Underserved Market(s) - CRA designated areas (12 CFR 228.12)

Section 228.12 Definitions

Defines key terms used in the regulation, the section cited here is the definition:

- (i) Low-or moderate-income geographies;
- (ii) Designated disaster areas; or
- (iii) Distressed or underserved non-metropolitan middle-income geographies designated by the Board, Federal Deposit Insurance Corporation, and Office of the Comptroller of the Currency, based on—
 - (A) Rates of poverty, unemployment, and population loss; or
 - (B) Population size, density, and dispersion. Activities revitalize and stabilize geographies designated based on population size, density, and dispersion if they help to meet essential community needs, including needs of low- and moderate-income individuals.

Women’s Business Center – An SBA Women’s Business Center is an organization funded, in part, by a grant from the SBA to provide technical assistance, such as training, counseling, and mentoring to women entrepreneurs, both nascent and existing businesses. The WBC may exist within the framework of a larger economic development organization and may make use of the resources provided by that organization, but must operate as a separate entity.

- The WBC clients reported to SBA must be those receiving services from the WBC, not from the larger organization.
- The WBC finances must be accounted for separately from the parent organization.
- Budgeted WBC funds must only be used for WBC Program purposes.
- As a WBC grant recipient the primary client focus must be women, the organization cannot exclude male clients, but must target women.

Woman Owned Business – A small business concern that is not less than 51 percent owned by one or more women and the management and daily business operations of which are controlled by one or more women.

G ADDITIONAL RESOURCES AND PARTNERSHIPS

1 BUSINESS MATCHMAKING

WBCs are encouraged to participate in SBA Business Matchmaking events. Business Matchmaking provides a means for small businesses to be matched with procurement representatives from government agencies and major corporations with actual contract opportunities. Business Matchmaking is offered at no cost to its participants—buyers or sellers. The events combine education and counseling by pairing expert small business

advisors and topical experts with networking and matchmaking through face-to-face events. There is also an online network at <http://www.businessmatchmaking.com/online.shtml>

2 CO-SPONSORSHIP AGREEMENTS

If one or more organizations and the SBA are involved with a WBC as co-sponsors of an activity, a co-sponsorship agreement must be executed by the SBA, the WBC, and all other co-sponsors in accordance with the SBA's Co-sponsorship SOP 90 75 2 or revised equivalent.

H FREQUENTLY ASKED QUESTIONS

Question: Is a small business development center (SBDC) eligible to apply for an award under this program announcement?

Answer: No. An SBDC is not a legal entity; it is a project funded under a federal grant program. However, the *recipient organization* of the SBDC federal grant is eligible to apply for a WBC grant if it is a private, nonprofit organization and meets the WBC eligibility requirements. In addition, host organizations that house service centers as part of an SBDC network may also be eligible for a WBC grant if all eligibility requirements are met.

Question: Are colleges and universities eligible to apply?

Answer: Yes. A college or university may apply if it is a private, nonprofit organization.

Question: May SBDCs provide cash or in-kind match to the WBC project?

Answer: No. SBDCs are funded with federal monies, which are matched from non-federal sources. Because the WBC recipient may not use federal funds as match, SBDC federal funds may not be used as match. SBDC matching funds, as well as program income derived from an SBA SBDC grant, also may not be used as match. However, the SBDC's *recipient organization* may donate non-federal funds and in-kind donations to the WBC project as match.

Question: May Community Development Block Grant (CDBG) funds be used as match?

Answer: Yes. If CDBG Program requirements are met and the funds are used for the WBC grant project.

Question: What are the key aspects of a successful women's business center?

Answer: Adequate funds; a good financial management system; a strong board of directors with proven fundraising capability; a committed staff with strong entrepreneurial experience; a program that meets the unique needs of the service area's business women; a strong marketing plan; and close ties with the local SBA district office, its resource partners and the local business community.

Question: Should the Standard Form 424, Application for Federal Assistance (face page), indicate the total amount to be funded for the 3-year period?

Answer: No. The estimated funding (block 15) must indicate the proposed amount for each budget period. A Standard Form 424 must be submitted with each year's budget proposal.

Question: Is an applicant permitted to include a plan to provide private procurement certification to women business owners?

Answer: No. The WBC Program does not include this activity. For information on Small Disadvantaged Business (SDB) certification, see <http://www.sba.gov/services/specialaudiences/minorities/index.html>.

Question: Is a faith-based organization eligible to apply for a WBC grant?

Answer: Yes, as long as it meets the eligibility requirements stated in Section IV.

The budget is the applicant’s estimate of the total cost of performing the project or activity for which grant support is requested. The budget is to be based upon the cost of performing the project, including federal and private sources. All proposed costs reflected in the budget must be necessary to the project, reasonable and otherwise allowable under applicable cost principles and agency policies. All costs must be justified and itemized by unit cost on the budget worksheets at the end of this document. All forms contained in the financial application package must be completed accurately and in full.

a Section A – Budget Summary

Provide justification of cost for each budget category on worksheets A-10 through A-12, which are enclosed for your convenience, and show a complete breakdown of all cost elements summarized in Section B. You may use these worksheets for the detailed budget information listed below or a reasonable facsimile, BUT each budget line item pertinent to your submission MUST ALSO be completed on the application.

The itemization must reflect the total requirements for funding from federal and non-federal sources.

h Indirect Charges

Enclose budget worksheets or reasonable facsimile if sufficient space is not provided. Enter the indirect cost rate, date, and agency that issued the rate. If the applicant does not have an approved rate, see instructions (section K, above) to receive a provisional rate with the SBA only.

i Justification of Costs

All proposed costs require justification and narrative explanation

j Miscellaneous or Contingency Costs

No miscellaneous or contingency costs may be included in the budget. Contributions to a contingency reserve or any similar provision made for events, the occurrence of which cannot be foretold, are unallowable.

k Proposal Costs

This program announcement does not commit the U.S. Small Business Administration or any federal agency to pay any costs incurred in the preparation and submission of a proposal.

L HOW TO PREPARE THE INDIRECT RATE PROPOSAL

Facilities and administration costs are also called indirect costs. Indirect costs are incurred for common or joint objectives and cannot be readily identified with a particular grant, contract or other activity of the organization. Reimbursement of indirect costs are generally be made by establishing an indirect cost rate, which is:

- a device for determining fairly and conveniently, within the boundaries of sound administrative cost principles, what proportion of indirect cost each one of the entity programs or funding sources should bear.
- the ratio between the total indirect expenses and some direct cost base.

An indirect cost rate is established on the basis of an indirect cost proposal and supporting documentation submitted by an organization to the federal agency with the largest dollar value of awards with the organization, according to OMB Circular A-122. This is called the “cognizant agency,” and it is responsible for negotiating and approving an indirect cost rate for nonprofit entities on behalf of all federal agencies.

If the Small Business Administration is the cognizant agency, your organization must include a review for indirect rate determination in its annual audit. In doing this, a rate will be established by an auditor for your organization and can therefore be used by other federal agencies.

However, until such time the audit and indirect rate determination are complete, the SBA will approve a provisional rate for **SBA grant programs only**. To assist in this matter you are required to submit the following information as outlined below:

2 ORGANIZATIONAL COST

- a List of all expenditures for the recipient (fiscal or calendar year).
- b Indicate whether the cost item is direct or indirect cost.
- c Indirect cost must be labeled as overhead or general and administrative.
- d Cost must be grouped according to the programs and/or projects for your organization.
- e Include general ledger account number and account description.
- f Include employee name, total salary and leave (sick, holiday, vacation), and indicate full-time or part-time (reminder: indicate direct and/or indirect).
- g Include a list of fringe benefits (direct and/or indirect).

You may provide any other information you deem necessary to establish a rate for the allocation of indirect cost. If you have any questions, contact the SBA Division of Procurement & Grants Management at Electronic.Grants@sba.gov. ***Only eligible entities should contact the SBA.***

For purposes of filling out the SF 424A, document your indirect costs on Worksheet A-12 (in Worksheets at the end of this section).

If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the department or agency to which this proposal is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.
