

5th Annual ORNL Community Shares Campaign: 2007-2008

Community Shares funds over 50 nonprofit organizations, addressing a broad range of issues such as hunger, health care, domestic violence, social justice, animal welfare, education and the environment. Since 2003, when UT-Battelle first enabled employees to give to Community Shares through payroll deduction, contributions have grown phenomenally -- about 25% per year -- to reach >\$33,000 in 2006. We invite you to join your fellow ORNL employees in funding a world of change in Tennessee!
