

**Ball Aerospace & Technology Corp**  
Summary of  
Application for Private Remote-Sensing System

Private Remote Sensing System License Public Summary

On November 21, 2000, the National Environmental Satellite, Data and Information Service of the National Oceanic and Atmospheric Administration, an agency of the Department of Commerce, granted a license to Ball Aerospace & Technology Corp. of 1600 Commerce Street, Boulder, Colorado to operate a private, commercial, space-based, remote sensing system.

The system will include a SAR (synthetic aperture radar) low earth orbiting satellite capable of illuminating targets with an x-band antenna capable of achieving up to 1-meter resolution.

For further information please contact, Liam Weston, Advanced Systems Sr. Manager for Ball Aerospace & Technologies Corp. at the address above or call (303) 939-6236 or email [lweston@ball.com](mailto:lweston@ball.com).
