

## Data Table

Print this table, then use it to record your best estimate of the percent cover of *Fucus gardneri*, mussels, and barnacles from 1990 to 2004. We assume that the percent cover of each species was 0 in 1989. To help you "calibrate" your estimates, we've included our estimates of percent cover in 1990.

<b>Year</b>	<b><i>Fucus gardneri</i> (percent cover)</b>	<b>Mussels (percent cover)</b>	<b>Barnacles (percent cover)</b>
1989	0	0	0
1990	50	5	5
1991			
1992			
1993			
1994			
1995			
1996			
1997			
1998			
1999			
2000			
2001			
2002			
2003			
2004
