1. A bus is any vehicle with a seating capacity of at least 11 persons (including the driver) used primarily to carry passengers. It excludes vehicles used for personal transportation by the owner or with the owner's permission.
 2. School bus certificate is required. For further information contact Manitoba Education, Citizenship and Youth, Pupil Transportation at (204) 945-6900.
 3. Mopeds are not allowed to be driven on highways with a speed limit exceeding 80 km/h, but may cross these highways.

Basic Class 5 Licensing Requirements

Who must take a driver test

You must take a driver test for the class of vehicle you wish to drive if you:

- have never been licensed for that class of vehicle;
- have not held a Manitoba licence within the past four years; or
- hold a licence from outside Canada, the United States or other jurisdictions whose licences are not exchangeable.

You may be required to be re-tested if you:

- have been involved in traffic accidents or convictions;
- have had your licence suspended; or
- have a disease or disability that may affect your ability to drive safely.

When you first apply for a Driver's Licence

We'll need legal documents proving:

- your date of birth,
- your identity (including signature, legal name, and photograph),
- you're a Manitoba resident,
- you're entitled to be in Canada.

The documents must be originals—not birth registrations and laminated certificates that read “void if laminated” on the back.

You can combine different documents to prove your identity. Check the documents chart to see which documents we'll accept.

Graduated Driver Licensing

Drivers who applied for their first Class 5 Driver's Licence on or after April 1, 2002 are in the Graduated Driver Licensing (GDL) Program and are subject to the GDL stages and restrictions.

Manitoba Class 5 Driver's Licence Stages are:

- L** Learner Stage (minimum 9 months)*
- I** Intermediate Stage (minimum 15 months)**
- F** Full Stage

* *Supervising driver must be fully licensed driver for at least 3 years and have under .05 blood alcohol content.*

If you don't have proper documents for your signature and photograph, we'll need a declaration from a guarantor with your other identification documents.

For information about the Declaration of Guarantor form, please visit www.mpi.mb.ca. You'll find this form in the Forms Section of this book, or see any Autopac Agent.

** *A driver is only required to complete the Intermediate Stage once. Therefore, time served in the Intermediate Stage in Class 6 will be applied to the Intermediate Stage in Class 5.*

Application and test requirements

An applicant for a Class 5 Learner Stage licence must be a minimum of 16 years of age. At age 15½, an applicant may apply for a Class 5 Learner Stage Licence if enrolled in a high school driver education course.

Consent of either a parent or legal guardian is required if the applicant is under 18 years of age.

A) Knowledge Test—Written

- i) For a **Class 5** licence: Before writing the test, you must register as a Manitoba Public Insurance customer and provide proper identification documents. The most convenient way to register is through an Autopac agent as soon as possible. The test assesses your knowledge of traffic laws, safe driving practices and recognition of road signs. (It is not an open book test; cellular phones or electronic devices cannot be used during the test.) The test charge is \$10 (subject to change) per test. **If you are in GDL and fail the written test, there is a seven-day waiting period to retake it. Only one written test per class of licence is allowed per day – If you are outside of the GDL program you are eligible to repeat a written test the next working day.**

If an applicant is under 18 years of age, parent or legal guardian approval is required to take the written test. (See Forms Section.) Driver education students under the age of 16 must provide a completed driver education form before taking the written test for a driver's licence.

- ii) After passing the written test and meeting the visual and medical standards, in order to drive you will be required to purchase a licence for \$20 plus insurance charges of up to \$45 (subject to change), plus any applicable insurance surcharges.

B) Visual and Medical Requirements

Applicants who fail to meet minimum vision standards, with or without corrective lenses, cannot obtain a driver's licence. If corrective lenses are required for driving, this will be indicated on your licence. Applicants who fail to meet the minimum medical or vision standards may have their licence suspended until further information is filed. A vision and/or medical report may be required.

Before taking a written test, an applicant for a driver's licence who has a disease or disability that may affect their ability to drive safely must inform Medical Records, 1075 Portage Avenue, Box 6300, Winnipeg, Manitoba R3C 4A4 (204) 985-1900 or toll free at 1-866-617-6676.

If a medical report is required, it must be approved by Medical Records before you can take the written driver examination test or enrol in the driver education course.

Manitoba Health will **not** pay for third party requests for a medical report including any related examinations, tests or telephone calls to the physician. Applicants are responsible for these costs.

C) Road Test

The Class 5 road test not only measures your ability to operate a Class 5 vehicle, it also identifies errors that need to be corrected. You will be required to operate your vehicle in typical traffic situations in a safe and legal manner. You will be judged on your driving skills. Only authorized Manitoba Public Insurance employees may ride with you during the test.

Please ensure you check in 15 minutes before your appointment time. You must supply a vehicle in good working order and a Vehicle Registration Certificate confirming the vehicle is properly registered and insured. The vehicle must have adequate seating for the driver examiner. Failure to do so will result in the cancellation of the road test. Road tests will not be conducted in heavy or agricultural equipment.

Applicants for a driver's licence who have not held a driver's licence any time prior to April 1, 2002, from any jurisdiction, are subject to a nine-month learning period before they are eligible to take a road test. **Only one test per class of licence is allowed per day – If you are outside of GDL you are eligible to repeat a road test the next working day.** An applicant who demonstrates dangerous driving during their road test may have to obtain permission from the registrar before attempting another road test. **If you are in GDL and fail the road test, there is a 14-day waiting period to retake it.**

If you currently hold an out of country driver's licence or currently hold a Manitoba driver's licence higher than a Class 5L/5A or 6L/6A, and are taking a road test, a test failure will result in declassifying your driver's licence to a Learner or Authorized Stage. This will require you to have a supervising driver with you when driving a motor vehicle.

Change of name or address

You are required to notify your Autopac agent or Manitoba Public Insurance within 15 days of any change in your name or address.
