

**The Tale of the Michigan Mosquito Control Association's
2004 Entertainment Night
(part of the 18th Annual MMCA Conference!)**

People often ask us what OUR favorite tune is...that's a tough question to answer...but we are all VERY fond of this next melody...it means a LOT to us! We hope it finds a very special place in your hearts...

Just sit right back and you'll hear a tale, we hope you think it's slick
You MMCA folks and guests are one good-lookin' mix

Doesn't he make you sick?

Trying to beat the West Nile Virus sure can raise some fears
But you've been doing more than swatting 18 Super Years!

You all deserve a cheer!

With Lives and Health and FUN at stake you must work good and fast
No sweat, you MMCA folks can really kick some (hey!)

Remember we've got class!

You gain Control, from smart Research; great Industry; Teaching too
In 4 Districts – You're Itchin' to pass the test!

THANKS FOR GIVING YOUR BEST!

Presented at the 2004 MMCA 18th Annual State Convention
At the fabulous Grand Rapids Hilton Hotel on 2/5/04 by Family Tradition!
