\*You should check with the journal before changing the release date.

## Review of NIHMS submission statement

### Submission Statement

I acknowledge and confirm:

**Grant Compliance** — I am submitting an electronic version of my final manuscript that is the result of research supported, in whole or in part, with direct costs by the National Institutes of Health. This submission is voluntary and fulfills the existing requirement to provide publications as part of NIH grant progress reports.

**Public Release** — I permit public release of this manuscript via PubMed Central **6 months** after the official date of final publication in the journal **Ultrasound quarterly**.

**Copyright Compliance** — This public release permission is consistent with any copyright agreement about this manuscript that I have made with the journal publisher.

**Content** — This manuscript has been peer reviewed and accepted for publication and includes all modifications resulting from the peer review process. It may contain confidential information that must not be publicly disclosed prior to publication of the paper in the journal named above.
