JULY COMMITTEE RECOMMENDATION

Critique:

MAY/JUNE 1974 REVIEW

Request: \$2,850,409

Committee Recommendation: \$2,200,000

Overall Assessment by Individual Reviewers: Above Average to Superior

Critique:

Program leadership strong and viable, competent program staff, past performance impressive, perceptive in establishing goals and objectives to support accomplishment of those goals, proposals congruent with goals and mesh well. Excellent CHP relationships, well done proposal that shows high degree of strength.

Reduced recommendation based on whether the large number of new activities could be realistically accomplished in the time-frame remaining for the program.
