Mildred Lakes Trail #822

Hood Canal District – Quilcene Office
295142 Highway 101 S. P.O. Box 280
Quilcene, WA 98376 (360) 765-2200

ACCESS: Travel US Highway 101 to FS Road #25 (Hamma Hamma Recreation Area) 14 miles north of Hoodport. Turn left on to FS Rd. #25, follow for 14 miles to the end of the road and the Mildred Lakes Trailhead. Road #25 is paved for first 8 miles.

FACILITIES: There is ample parking on both sides of the bridge. There is a toilet, but no potable water.

SETTING: Dense conifer forest and mountain lakes.

TRAIL INFORMATION: This way trail is no more than a path established by hikers and fishermen over the years. It is not maintained. The elevation gain on this trail is deceiving as it climbs up steeply, then down, then up again and then down to the lakes. It is well established to Huckleberry Creek, but beyond this point it becomes steep and difficult to follow. Because of the primitive characteristics of this trail, it is strongly recommended that boots with lug soles and high tops be worn when hiking this trail.
