The Federal Buildings Fund finances the activities of the Public Buildings Service which provides space and services for Federal agencies in a relationship similar to that of landlord and tenant.

The Fund, established in 1975, replaces direct appropriations by using income derived from rent assessments which approximate commercial rates for comparable space and services. Rent and other income to the Fund is as follows:

The Federal Buildings Fund program consists of the following activities financed from rent charges:

Construction and acquisition of facilities.—Space is acquired through the construction or purchase of facilities and prospectus-level extensions to existing buildings. All costs directly attributable to site acquisition, construction, and the full range of design and construction services and management and inspection of construction projects are funded under this activity.

Repairs and alterations.—Repairs and alterations of public buildings as well as associated design and construction services are funded under this activity. Protection of the Government's investment, health and safety of building occupants, transfer of agencies from leased space, and cost effectiveness are the principal criteria used in establishing priorities. Primary consideration is given to repairs to prevent deterioration and damage to buildings, their support systems, and operating equipment. This activity also provides for conversion of existing facilities and non-prospectus extensions.

Installment acquisition payments.—Payments are made for liabilities incurred under purchase contract authority and lease purchase arrangements. The periodic payments cover principal, interest, and other requirements.

Rental of space.—Space is acquired through the leasing of buildings including space occupied by Federal agencies in U.S. Postal Service facilities, 174 million rentable square feet in 2006, and 180 million rentable square feet in 2007.

Building operations.—Services are provided for Government-owned and leased facilities, including cleaning, utilities and fuel, maintenance, miscellaneous services (such as moving, evaluation of new materials and equipment, and field supervision), and general management and administration of all real property related programs including salaries and benefits paid from the Federal Buildings Fund. The following list shows the 2006 and 2007 direct program (estimated square feet and expenses in millions):

This appropriation covers relocation costs involved in moving agencies from valuable underutilized property, targeted for public sale, to facilities determined to be more economically suitable to their needs. Relocation and disposal is considered when the benefit/cost ratio is at least 2:1. The sale of these valuable underutilized properties would provide significant revenue to the Treasury and would far outweigh the relocation costs involved.

No appropriation is requested for this program in 2007. GSA will solicit relocation proposals from agencies.

The expenses of Transportation Audit Contracts and Contract Administration activities are financed from overcharges collected from carriers on transportation bills paid by the Government as a result of post payment audits. In 1986, Public Law 99–627 granted GSA the authority to conduct prepayment audits and to delegate this authority to Federal agencies, upon their request; permanent authority to pay transportation audit contractors from carrier overcharges collected; and authority to transfer net overpayments collected to the Treasury. In 1998, with the passage of the Travel and Transportation Act, the prepayment audit of transportation bills became mandatory. The Act's changes were fully implemented in October 2000.

In 2005, \$14 million of carrier overcharges were collected, and \$1 million was returned to the U.S. Treasury, resulting in net receipts of \$13 million.

The General Supply Fund (GSF) financed certain activities within the Federal Supply Service (FSS) and Federal Technology Service (FTS). The 2006 and 2007 President's Budgets propose to merge the General Supply Fund and the Information Technology Fund to establish the Acquisition Services Fund (ASF). This consolidation brings together the combined operations of the two Services under one umbrella to finance the Federal Acquisition Service (FAS). As a result of the Funds and operations consolidation, only 2005 financial and employment data for the General Supply Fund are reflected.

The former Federal Supply Service (FSS), financed by the General Supply Fund, offered Federal agencies an extensive range of commercial services and more than 4 million commercial products. FSS was organized into five business lines: Global Supply, Commercial Acquisition, Personal Property Management, Travel and Transportation and Vehicle Acquisition and Leasing Services. The Federal Technology Service (FTS), Professional Services business line provided assistance to Federal agencies in the areas of acquisition, project and financial management. These business lines have been merged into the Federal Acquisition Service (FAS) and the

2006 and 2007 financial and employment data are reflected in the Acquisition Services Fund.

The proposed Acquisition Services Fund (ASF) merges the programs and activities currently performed under two separate revolving funds, the General Supply Fund and the Information Technology Fund, and finances the major activities of the Federal Acquisition Service (FAS). FAS was formed through the consolidation of the Federal Supply Service and the Federal Technology Service. The FAS is organized around three major business portfolios that deliver total solutions to customer agencies. These portfolios are Integrated Technology Services (ITS), the General Supplies and Services (GSS), and the Travel, Motor Vehicle and Card Services (TMVCS).

ACQUISITION SERVICES FUND-Continued

The ITS Portfolio provides customer agencies with the full range of information technology and telecommunications, products and services provided by the former FSS and FTS organizations. Operations within this portfolio include; Multiple-Award Schedules (MAS) and Government-wide Acquisition Contracts (GWACS) for information technology and telecommunications products and services and related professional services. Through the consolidation of these businesses within one organization, FAS will be able to provide customers support at any level to meet their technology and telecommunications requirements. ITS operations aggregate and leverage the Federal government's buying power to obtain a full range of end to end IT and telecommunications products and services at a significant savings for customer agencies.

The GSS Portfolio provides customer agencies a wide range of general products such as furniture, office supplies and hardware products. This portfolio also provides personal property disposal services to customer agencies. These services were provided by the former FSS through three separate business lines. Consolidation of these functions into one portfolio will enable FAS to establish a supply chain mechanism that is appropriate for each product type. This refinement of the supply process will increase efficiency and improve customer service.

The TMVCS Portfolio provides customer agencies with a broad scope of services that include travel and relocation services, freight management, motor vehicle acquisition, fleet management, and charge card services. These services were provided by the former FSS through three separate business lines. All of the programs within the TMVCS portfolio are national programs that conduct highly leveraged buys for government-wide use. Additionally, all of these programs depend upon e-tools to interact with customers and carry out their missions; and charge cards are used to a large extent as a common acquisition channel within these programs.

In addition, GSA is proposing a new general provision that would amend existing law to permit the Administrator, after consulting with the Office of Management and Budget, to retain surplus funds generated by the operation of the Acquisition Services Fund in an amount not to exceed \$40 million in any given fiscal year and use those funds for E-Gov initiatives.

Provides for Government-wide policy development, support, and evaluation functions associated with real and personal property, supplies, vehicles, aircraft, information technology, acquisition, transportation and travel management. This account also provides for the Federal Procurement Data Center, Regulatory Information Service Center, the Catalog of Federal Domestic Assistance, and the Committee Management Secretariat.

The Government-wide Policy account provides for the activities of both the Office of Government-wide Policy, and the Office of the Chief Acquisition Officer. The Office of Government-wide Policy, working cooperatively with other agencies, provides the leadership needed to develop and evaluate the implementation of policies designed to achieve the most cost-effective solutions for the delivery of administrative services and sound workplace practices, while reducing regulations and empowering employees.

The Office of the Chief Acquisition Officer was established in the Government-wide Policy account during 2004. The Office of the Chief Acquisition Officer now performs all functions previously performed by the acquisition policy arm of the Office of Government-wide Policy. This action was initiated pursuant to the Services Acquisition Reform Act of 2003 (SARA), as enacted in Title XIV of the National Defense Authorization Act for Fiscal Year 2004, P.L. 108–136.

This appropriation provides agency-wide audit and investigative functions to identify and correct management and administrative deficiencies within GSA, which create conditions for existing or potential instances of fraud, waste and mismanagement. The audit function provides internal audit and contract audit services. Contract audits provide professional advice to GSA contracting officials on accounting and financial matters relative to the negotiation, award, administration, repricing, and settlement of contracts. The 2007 Budget continues an expanded effort to conduct pre-award audits and contract performance assessments of governmentwide contracts funded by reimbursement of \$5.4 million from the Acquisition Services Fund. Internal audits review and evaluate all facets of GSA operations and programs, test internal control systems, and develop information to improve operating efficiencies and enhance customer services. The investigative function provides for the detection and investigation of improper and illegal activities involving GSA programs, personnel, and operations.

This program will support interagency "electronic government" or "E-Gov" initiatives, i.e., projects that will use the Internet or other electronic methods to provide individuals, businesses, and other government agencies with simpler and more timely access to Federal information, benefits, services, and business opportunities. The program would also further the Administration's implementation of the Government Paperwork Elimination Act (GPEA) of 1998, which calls upon agencies to provide the public with optional use and acceptance of electronic information, services, and signatures, when practicable. In addition to the \$5 million requested for this appropriation, it is proposed that an additional \$40 million will be made available for this activity from surplus revenues generated in the Acquisition Services Fund. Proposals for funding will be required to meet capital planning guidelines and include adequate documentation to demonstrate a sound business case, attention to security and privacy, and a way to measure performance against planned results. In addition, a small portion of the money could be used for awards to those project management teams that delivered the best product to meet customer needs.

The Services Acquisition Reform Act of 2003 (SARA), Title XIV of the National Defense Authorization Act for Fiscal Year 2004, authorized the Acquisition Workforce Training Fund to ensure that the Federal acquisition workforce has the business acumen necessary to make effective decisions. The Acquisition Workforce Training Fund is used to develop training to foster a highly qualified workforce vested with the skills and perspectives it needs to function strategically in the changing environment of the 21st century. The fund is managed by the Federal Acquisition Institute at GSA and supports the training of the acquisition workforce of all the executive agencies except the Department of Defense (DOD). The fund is credited with 5% of the fees collected from non-DOD agencies under Government-wide acquisition contracts, multiagency contracts, and multiple-award schedule contracts.

The Federal Citizen Information Center (FCIC) Fund provides for the efficient operation of the FCIC's Activities. Under the revolving fund, the FCIC's activities are financed from monies deposited to the Fund, consisting of annual appropriations from the general funds of the Treasury, reimbursements from agencies, fees collected from the public, gifts for undertaking Federal information activities, and other income incident to FCIC activities.

Administrative expenses.—The FCIC maintains close working relationships with more than 40 Federal departments and agencies to identify, develop, promote, and make Federal information easily accessible to the public. The FCIC promotes

public awareness of this information through a variety of channels. These channels include Internet websites located at FirstGov.gov (the US Government's official web portal), Pueblo.gsa.gov, ConsumerAction.gov, Kids.gov, and Info.gov. FCIC operates a toll-free National Contact Center (1-800-FED-INFO) for responding to citizen telephone and e-mail inquiries about the Federal Government. FCIC also publishes and distributes the quarterly Consumer Information Catalog, which lists Federal publications available to citizens through Pueblo, Colorado, and the Consumer Action Handbook, which provides information to citizens for resolving consumer problems. FCIC operates these information outlets as part of the USA Services E-Gov initiative, which seeks to make government more citizen-centric. Additionally, FCIC has awarded operates a government-wide contracting vehicle (FirstContact) through which agencies can quickly and easily obtain contact center services to support their needs to communicate with the public. Administrative expenses are funded by the direct appropriation, by fees collected from agencies and the public, and by revenue received through FCIC's gift

Publications distribution.—The FCIC bills agencies and in turn reimburses the Government Printing Office for the costs of distributing free publications to the public.

This fund provides for management and administration, and centralized internal and external reimbursable administrative support functions.

Centralized administration.—Centralized administrative support services are funded through reimbursable funding from GSA's benefiting accounts and from external sources including small agencies and commissions for services provided. Reimbursable services include administrative, information resources management, financial and management support, legal advice and services, and equal employment opportunity; budgetary policy and liaison activities with Congress and OMB; and management review and oversight of financial management systems and GSA contracting activities. This funding provides liaison with the Small Business Administration on national minority business proposals and contracts to ensure that minority and small businesses receive a fair share of the agency's business. This activity is also responsible for implementation and execution of the functions and duties under sections 8 and 15 of the Small Business Act (P.L. 95-507).

The Panama Canal Act of 1979 established the Panama Canal Commission to operate and maintain the interoceanic waterway. Pursuant to Public Law 104–106, the Commission was a wholly-owned government corporation and was funded by a revolving fund. In accordance with the Panama Canal Treaty, the United States transferred ownership of the Canal to the Republic of Panama on December 31, 1999. Funds shown were for the settlement of remaining accident and contract claims against the Commission. Public Law 108–309, Sec. 121, amended the Panama Canal Act to terminate the Panama Canal Commission on October 1, 2004, and transferred the Panama Canal Revolving Fund to the General Services Administration (GSA). GSA will use the funds to pay for outstanding liabilities and costs of terminating the Commission and the Office of Transition Administration.

ADMINISTRATIVE PROVISIONS—GENERAL SERVICES ADMINISTRATION

(INCLUDING TRANSFERS OF FUNDS)

SEC. 601. The appropriate appropriation or fund available to the General Services Administration shall be credited with the cost of operation, protection, maintenance, upkeep, repair, and improvement, included as part of rentals received from Government corporations pursuant to law (40 U.S.C. 129).

SEC. 602. Funds available to the General Services Administration shall be available for the hire of passenger motor vehicles.

SEC. 603. Funds in the Federal Buildings Fund made available for fiscal year [2006] 2007 for Federal Buildings Fund activities may be transferred between such activities only to the extent necessary to meet program requirements: Provided, That notice of any

proposed transfers shall be [approved] *submitted* in advance [by] *to* the Committees on Appropriations.

SEC. 604. Except as otherwise provided in this title, [no funds made available by this Act shall be used to transmit a fiscal year 2007] it is the sense of the Congress that projects to be included in the 2008 request for United States Courthouse construction [that: (1) does not] will (1) meet the design guide standards for construction as established and approved by the General Services Administration, the Judicial Conference of the United States, and the Office of Management and Budget; [and (2) does not] (2) reflect the priorities of the Judicial Conference of the United States as set out in its approved 5-year construction plan[: Provided, That the fiscal year 2007 request must]; and (3) be accompanied by a standardized courtroom utilization study of each facility to be constructed, replaced, or expanded.

SEC. 605. None of the funds provided in this Act may be used to increase the amount of occupiable square feet, provide cleaning services, security enhancements, or any other service usually provided through the Federal Buildings Fund, to any agency that does not pay the rate per square foot assessment for space and services as determined by the General Services Administration in compliance with the Public Buildings Amendments Act of 1972 (Public Law 92–313).

SEC. 606. From funds made available under the heading "Federal Buildings Fund, Limitations on Availability of Revenue", claims against the Government of less than \$250,000 arising from direct construction projects and acquisition of buildings may be liquidated from savings effected in other construction projects with prior notification to the Committees on Appropriations.

[Sec. 607. The General Services Administration shall conduct a program to promote the use of stairs in all Federal buildings.]

[SEC. 608. No funds shall be used by the General Services Administration to reorganize its organizational structure without approval by the House and Senate Committees on Appropriations through an operating plan change.]

[Sec. 609. In the case of any General Services Administration (GSA) project subject to its published design criteria or specifications of any solicitations for offers issued for construction of a Federal building or courthouse and to the extent GSA utilizes, references or relies on any sustainable building rating systems that award credit for certified wood products, GSA shall ensure credit under its procedures and requirements to any project that uses wood or wood products certified by a credible third party sustainable forest certification program, including the Sustainable Forestry Initiative and the Forest Stewardship Council: *Provided*, That not later than 60 days after enactment of this Act, the Administrator shall report to the relevant congressional committees of jurisdiction on the progress and next steps toward recognition of other credible sustainable building rating systems within the GSA sustainable building procurement process.]

[Sec. 610. For purposes of the eTravel system, no less than 23 percent of all subcontracted dollars shall be allocated to small businesses.]

Sec. 607. Acquisition Services Fund.—(a) 40 U.S.C. 321 is amended as follows:

- (1) In the heading, strike "General Supply" and insert "Acquisition Services".
- (2) In subsection (a), strike "General Supply" and insert "Acquisition Services" and add "(the Fund)" following "Acquisition Services Fund". After the initial sentence, add the following new paragraph: "The Fund shall replace the General Supply Fund and the Information Technology Fund. Capital assets and balances remaining in the General Supply Fund and the Information Technology Fund as in existence immediately before [insert date 60 days after enactment] shall be transferred to the Acquisition Services Fund and shall be merged with and be available for the purposes of the Acquisition Services Fund. Any liabilities, commitments, and obligations of the General Supply Fund and the Information Technology Fund as in existence immediately before [insert date 60 days after enactment] shall be assumed by the Acquisition Services Fund.".

"(A) the net proceeds of disposal of surplus personal property;

"(B) receipts from carriers and others for loss of, or damage to, personal property; and

"(C) receipts from agencies charged fees pursuant to rates

established by the Administrator.";

(c) strike the heading and text of paragraph (3) and insert the following paragraph: "COST AND CAPITAL REQUIREMENTS.— The Administrator shall determine the cost and capital requirements of the Fund for each fiscal year and shall develop a plan concerning such requirements in consultation with the Chief Financial Officer of the General Services Administration. Any change to the cost and capital requirements of the Fund for a fiscal year shall be approved by the Administrator. The Administrator shall establish rates to be charged agencies provided, or to be provided, a supply of personal property and non-personal services through the Fund, in accordance with the plan."; and

(d) add paragraph (4) to read as follows: "DEPOSIT OF FEES.— Fees collected by the Administrator under section 313 of this title may be deposited in the Fund, to be used for the purposes of

the Fund.".

(4) In subsection (c)—

(a) in subparagraph (1)(A)—

(i) strike "and" at the end of clause (i);

(ii) insert "and" after the semicolon at the end of clause (ii); and

(6) In subsection (f), strike the heading and strike the text of subparagraphs (f)(1) and (f)(2) and insert the following new paragraph: "TRANSFER OF UNCOMMITTED BALANCES.—Following the close of each fiscal year, after making provision for a sufficient level of inventory of personal property to meet the needs of Federal Agencies, the replacement cost of motor vehicles, and other anticipated operating needs reflected in the cost and capital plan developed under subsection (b), the uncommitted balance of any funds remaining in the Fund shall be transferred to the general fund of the Treasury as miscellaneous receipts."

(7) Conforming and Clerical Amendments—

(a) 40 U.S.C. 322 is repealed.

(b) The table of sections for chapter 3 of Title 40, United States Code, is amended by striking the items relating to sections 321 and 322 and inserting the following: "321. Acquisition Services Fund".

(c) 40 U.S.C. 573 is amended by striking "General Supply Fund" both places it appears and inserting "Acquisition Services Fund".

(d) 40 U.S.C. 604(b) is amended in the heading and the text by striking "General Supply Fund" and inserting "Acquisition Services Fund".

(e) 40 U.S.C. 605 is amended—

(i) in the heading and the text of subsection (a) by striking "General Supply Fund" and inserting "Acquisition Services Fund"; and

(ii) in subsection (b)(2), by striking "321(f)(1)" and inserting "321(f)" and by striking "General Supply Fund" and inserting

"Acquisition Services Fund".

(b) From any uncommitted balances of the Acquisition Services Fund, as defined in 40 U.S.C. 321(f), as amended, the Administrator may, after consulting with the Office of Management and Budget, retain not to exceed \$40,000,000 in fiscal year 2007, to be available for allocation to Federal agencies for government-wide Electronic Government projects, authorized under 44 U.S.C. 3604: Provided, That such allocations may not be made until 10 days after a proposed spending plan and explanation for each project to be undertaken has been submitted to the Committees on Appropriations.

SEC. 608. Notwithstanding any other provision of law, hereafter, the Administrator of General Services may retain the net proceeds from the sale of real and related personal property under the custody and control of the Administrator, otherwise authorized by law, and deposit such proceeds in the Federal Buildings Fund, to be used for the General Services Administration's real property capital needs: Provided, That all net proceeds realized under this section shall only be used as authorized in annual appropriations Acts: Provided further, That for the purposes of this section, the term "net proceeds" means the sums received, less the costs of the disposition, and the term "real property capital needs" means the expenses necessary and incident to the agency's real property capital acquisition, improvements, and dispositions. (Transportation, Treasury, Housing and Urban Development, the Judiciary, the District of Columbia, and Independent Agencies Appropriations Act, 2006.)
