	<p>of action to increase participation.</p> <p>2) It was pointed out that the recommendation of getting 50% of the 8th and 11th grade students to participate in every county needs to be reworked. In large schools it isn't necessary to survey half the students to get a good sample size. Currently there is a ceiling (200 or 250?) on the number surveyed in large schools.</p> <p>3) Tony reported on a recommendation made to the Governor's Council (Aug. meeting) to continue to support OHT. ORI is working on a web page for users to show their support of the survey, how they use the data and how they've benefited from the data.</p> <p>4) It was also noted that the Board of County Commissioners is an important group to make aware of the OHT and it's importance to their communities.</p> <p>5) Continuing annual data collection was suggested.</p> <p><i>Handouts</i> A one-page summary of the meeting was provided, and a one-page paper on the OHT survey and its wider impact was provided.</p>	<p>SEOW in Oct. and Nov.</p> <p>This will be added to the work plan.</p> <p>This will be added to the work plan</p>	<p>ORI will work on the web page</p> <p>Ann U will help with this</p>	
County data profiles	<p>1.) Karen LaPointe is assisting with compiling the remaining county data. Vital statistics data, FARS data and Oregon Healthy Teens data for 204 and 2005-06 are complete. OHT data for 2001, 2002 and 2003 are partially entered.</p> <p>2.) It was suggested that information about school district participation and total county participation be included.
