 - VI. Organization
 - VII. Funded Operational Projects
- Appendix

I. Geography

A. Map of the Region is attached

B. Boundary conflicts

The regional boundaries may change as the RMP's centered in the medical schools at Cincinnati, Cleveland and Toledo expand.

C. Geographic Area

The Ohio State University and its College of Medicine are located essentially in the geographical center of the state of Ohio at Columbus, which is the state capital. This College of Medicine is the largest in the state, the other three being located in Toledo, Cleveland, and Cincinnati.

At the direction of the Ohio Board of Regents, the Ohio State University College of Medicine proposes the establishment of a regional medical program for Heart Disease, Cancer, Stroke and related diseases throughout the sixty-one counties which compose the central and southern two-thirds of the state.

CONGRESSIONAL DISTRICTS

TED W. BROWN
 Secretary of State

Map of Ohio showing Congressional Districts established
 by act of the 107th General Assembly.

OS-RMP REGION OUTLINED IN PURPLE

II. Demography

A. Population: As of 1965, there were roughly 4.5 million people residing in this region.

1. Roughly 73% urban
2. Roughly 92% white
3. Median age: 29.5 years (U.S. - 29.5 years)

B. Health statistics: Mortality rate

1. Rate for heart disease: 381/100,000 (high)
2. Rate for cancer: 150/100,000 (average)
3. Rate for CNS vascular lesions: 113/100,000 (high)

C. Facilities statistics:

1. Ohio State University Medical School
2. There are 14 nursing schools, all located in major cities.
3. There are 9 medical technology facilities, all in major cities.
4. There are 8 X-ray technology facilities.
5. There is one cytotechnology facility located at Ohio State University.
6. There is a total number of 100 hospitals in the region, (the majority being non-federal) with a total number of 19,384 beds.
7. There is a Cancer Clinic located in Columbus, utilized for diagnosis, some patient care, and teaching in the field of cancer.
8. Ohio State University provides cardiovascular services, with a 30-bed Cardiology ward, an 8-bed CCU and an active out-patient clinic.

D. Personnel facilities

1. There are 4,529 M.D.'s and 470 D.O.'s within this region.
2. The number of physical therapists number 248 and there are also 53 medical social workers.
3. There are 20,429 registered nurses in this region.

III. Politics

A. Governor: James A. Rhodes (R), 1967-1971

B. Senators:

1. Stephen M. Young (D), 1964-1971
Member, Public Works Committee
Member, Special Committee on Agina
2. William B. Saxbe (R), 1968-1975
Member, Labor and Public Welfare Committee
Member, Special Committee on Aging

C. Congressmen:

1. William H. Harsha (R)
Member, Public Works Committee
2. Clarence E. Miller (R)
Member, Public Works Committee
3. Frank T. Bow (R)
Member, House Appropriations Committee
4. John M. Ashbrook (R)
Member, Education and Labor Committee
5. C. W. Whalen, Jr. (R)
6. William McCulloch (R)
7. D. L. Latta (R)
8. C. J. Brown, JR. (R)
9. Jackson E. Betts (R)
10. Samuel L. Devine (R)
11. Chalmers P. Wylie (R)
12. Wayne Hayes (D)
13. Donald E. Lukens (R)

V. Historical Review

May 1966 President Novice G. Fawcett, Ohio State University, appoints Regional Advisory Committee for the Ohio State Regional Medical Program.

June 1966 First Planning Application submitted to DRMP by OSRMP - \$1,683,500 DC 1st year.

June 2-3, 1966 Planning Application reviewed by Special Ad Hoc Review Group, DRMP. Recommended deferral of application because of vague status of Regional Advisory Group, excessive budget and other considerations. Agreed to furnish RMP staff assistance.

June 21-22, 1966 National Advisory Council recommended deferral of application pending staff consultation and assistance to applicant.

October 10, 1966 Revised initial Planning Application submitted to DRMP - \$132,300 DC 1st year.

February 1967 Council recommended approval of the application for an amount not to exceed \$100,000.

April 1967 01 Planning award made for \$98,805 DC.

November 1967 Letter from Dr. Andrews, Program Director, Ohio State RMP to Dr. Vincent J. Carolla, Operations Officer, requesting an extension of current support until June 30, 1968 in the amount of \$24,701.

December 1967 01S1 - extension of planning award made for \$24,701 DC.

April 1968 01S2 - Approval of application for Mobile Coronary Care Unit for \$164,502 DC.

April 1968 02 Planning grant submitted to DRMP - \$1,766,458 DC; total - \$1,122,528 (DC) (first year). Includes 4 feasibility studies.

May 1968 National Advisory Council recommended approval conditional upon:

1. Reduction of about 50 percent of funds for core planning for first year.
2. Site visit by a technical team of computer specialists to clarify questions concerning the computer assisted study.

June 1968 02 Planning award - \$920,962 DC. for core staff and four feasibility studies.

September 1968 Submitted first operational proposal for 5 projects.

December 1968 Site visit (Samuel Proger, M.D. Miss Joanna Biers, Kevin Bunnell, Ed.D., Mr. Glenn Lamson, Mrs. Patricia McDonald.

Comments: The site visitors concluded their review with an overall favorable impression of the Ohio State Regional Medical Program. Many aspects of the program are still in the developing stages and there are some unanswerable questions about the program. However, the site visitors thought that what the Region is working toward is good, and that they could confidently report finding a viable Region which should become an operational regional medical program.

February 1969

Council approves proposal with recommendations suggested by Committee.

Main comments:

1. Reviewers accepted the recommendations of the site visit report.
2. Noted that the development of local planning committees to achieve local involvement, is a creditable component.
3. Core staff is making desirable efforts to contact persons in the periphery about the RMP.
4. Involvement of physicians, allied Health personnel, and hospital administrators has been accomplished.

March 1969

Second operational proposal with 5 projects and core staff renewal.

April 1969

Third operational proposal with one project.

May 1969

01 Operational award - \$199,374 DC.
Core support to be awarded later in an amended award.

June 1969

First operational award amended to (\$194,367).

1. Continue planning as core.
2. Award support for two projects.
3. Authorize use of unexpended balance.

August 1969

Fourth operational proposal with three projects.

December 1969

Fifth operational proposal.

V. Core Staff

- A. The Ohio State Regional Medical Program office is located at 1480 West Lane in Columbus, Ohio.
- B. The following is a list of the major Core staff and their positions:

Neil C. Andrews, M.D.	Coordinator (80%)
Charles H. White, Ph.D.	Associate Coordinator (100%)
Braxton E. Tewart	Dir., Div. of Field Relations (100%)
Gerald D. Fry	Asst. Dir, Field Relations (100%)
John P. Minton, M.D.	Cancer Programs (50%)
John H. Melvin, M.D.	Stroke Programs (50%)
Robert C. Ringe, Ph. D.	Dir., Div. of Public Information (100%)
John A. Carniscioni	Dir., Div. of Evaluation (50%)
William J. Ranieri	Dir., Div. of Hospital Services (100%)

BIOGRAPHICAL INFORMATION

1) Neil C. Andrews, M.D.

- a) Born Spokane, Washington, 1916
- b) B.A., University of Oregon, 1940
- c) M.D., University of Oregon Medical School, 1943
- d) M.M.Sc., Ohio State University, 1950
- e) Professor of Thoracic Surgery, Ohio State University
- f) Assistant Dean, Ohio State University, College of Medicine
- g) Coordinator, Chemotherapy of Solid Tumors, Department of Surgery, Ohio State University
- h) Coordinator of the Ohio State Regional Medical Program

2) Charles H. White, Ph.D.

- a) Born Muskogee, Oklahoma, 1929
- b) B.M., University of Michigan, 1953
- c) M.M., University of Michigan, 1959
- d) Ph.D., Ohio State University
- e) Assistant Professor, College of Medicine, 1967
- f) Program Director, Medical Education Specialists Fellowship Program, 1967
- g) Associate Director, Ohio State Regional Medical Program, 1968
- h) Associate Coordinator, Ohio State Regional Medical Program, 1969

3) Robert C. Ringe, Ph.D.

- a) B.A., Capital University, Columbus, 1960
- b) M.A., Ohio State University, 1962
- c) PH.D., Ohio State University, 1969
- d) Research Fellow in the Division of Medical Education, College of Medicine, O.S.U.
- e) Director of Public Information, Ohio State Regional Medical Program.

4) Marilyn G. Fitch

- a) Born Akron, Ohio, 1944
- b) B.A., Ohio State University (Journalism)
- c) Assistant Editor of Publication, Landmark Farm Bureau Cooperative Association, 1967-July 1968.
- d) Assistant Editor, Ohio State Regional Medical Program

5) Braxton E. Tewart

- a) B.Sc., Ohio State University, 1949
- b) Executive Director, Dade County Unit of American Cancer Society, 1952-1955.
- c) Director of Field Services, 1955-1958
- d) Executive Dir. Nebraska Div. of American Cancer Society, 1958-62
- e) Executive Dir. Essex Cty Heart Assoc. 1965 -
- f) Part time program Associate of N.J. RMP, 1967
- g) Director, Division of Field Relations, OS/RMP

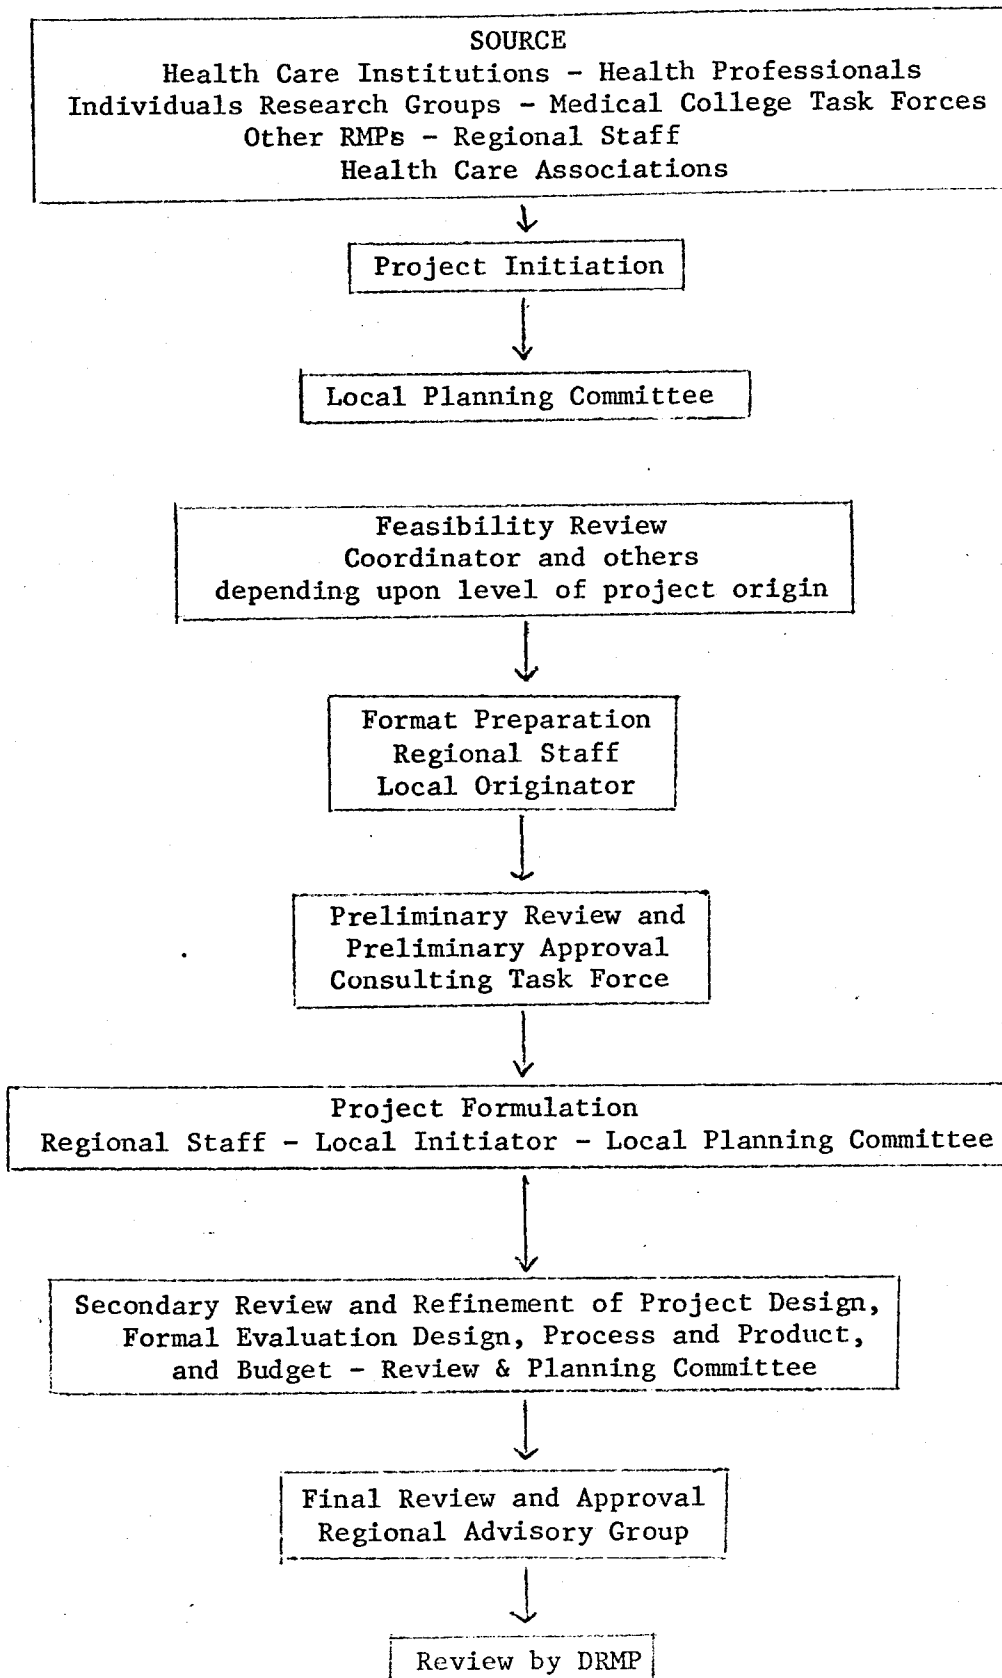

6) Gerald D. Fry

- a) Born Ancona, Illinois, 1915
- b) B.A., Bowling Green State University, 1936
- c) M.A., Ohio State University, 1937
- d) Employee of Kansas Community Chest Statistical Dept., 1937-40
- e) Field Representative, Missouri TB Association, 1940-44
- f) Executive Director, Dallas T.B. Association, 1944-46
- g) Executive Director, T.B. Society of Columbus and Franklin Cty. 1946-66
- h) Program Director, American Cancer Society, 1966
- i) Assistant Director, Field Relations, OS/RMP

7) John L. Melvin, M.D.

- a) Born Columbus, Ohio, 1935
- b) B. Sc., Oberlin College, Ohio State University, 1955
- c) M.D., Ohio State University, 1960
- d) M.M.Sc., Ohio State University, 1966
- e) Assistant Professor, Dept. of Physical Medicine, College of Medicine, Ohio State University, 1966 -
- f) Chairman, Stroke Task Force Committee, Ohio State RMP, 1967 -
- g) Member, RAG, Ohio State RMP, 1969 -

Project Flow Chart

VI. Organization

A. Regional Advisory Group

1. Grantee appoints the chairman of the RAG.
2. RAG consists of 36 members including 9 physicians, 1 hospital associate executive, 1 hospital administrator, and 1 business executive.
3. Members appointed by President
4. Meets at least 3 times per year and on call.

B. Steering Committee

1. composed of 12 members of the Regional Advisory Group
2. functions: review all grant requests prior to their presentation to the total RAG.

C. A chart of the organization is attached.

D. Local Planning Committees

1. Members - 7-15 representing a cross section of the various health professions and agencies in the community.
2. Meet at set regular intervals.
3. Functions:
 - a. To analyze and review the specific heart, cancer and stroke health needs of local communities
 - b. To generate and develop policies, proposals and programs which will satisfy these assessed needs.

VII. Funded Operational Projects

#1 -- CORONARY CARE UNIT EDUCATION

Objectives: This is a training program for practicing nurses, nurse-educators, and physicians. It is a cooperative effort between the Central Ohio Heart Association and the Ohio State University College of Medicine. Hospitals in 10 cities will serve as the "core" of each surrounding geographical area. Two nurses will be selected from each core hospital for intensive training in Columbus as nurse educators. Seminars for physicians will be held in core hospitals. There will be two programs for training practicing RN's. A full-time, 2-week course will be given in Columbus; courses will be offered in the core hospitals one evening per week in 2-hour periods for a total time of 33 weeks. If course space is available, applicants will be accepted for the program in Columbus from outside the area of the Central Ohio Heart Association. (The COHA covers 47 of the 61 counties within the OSRMP.) Audiovisual equipment and supplies are requested in order to investigate the types of aids needed by the core hospitals to insure adequate presentation of professional materials.

#2 -- A REHABILITATION TRAINING PROJECT FOR HEALTH PROFESSIONALS (LICKING COUNTY MEMORIAL HOSPITAL)

Objectives: A model stroke rehabilitation unit will be developed in phases, which consist of placint completed stroke patients on a single unit; acquiring aid-to-daily living equipment; and organizing an occupational therapy unit. A beginning faculty will be designed from among existing personnel at the hospital and additional faculty will be recruited in order to expand educational activities into homes, nursing homes, and continuing education programs. The project director, assisted by consultants in medical education, will develop instruments for evaluation. The types of measures to be developed are discussed in the application. One goal of this project is to develop a body of educational materials and training experiences.

#3 -- CAREERS IN HEALTH SCIENCE PROGRAM

Objectives: This project is designed to stimulate interest among high school students in health science careers. It will be directed by volunteers and existing staff of the Ohio Academy of Sciences. The Academy previously has engaged in a number of recruitment activities which can be modified to the health sciences.

#4 -- SUDDEN DEATH: A MOBILE CORONARY CARE UNIT

Objectives: Funded 7/1/68 from earmarked funds; this is appropriated to continue 2 more years. It is viewed as an investigation and fact-finding activity; to investigate the events leading to either "sudden death" or myocardial infarction outside the hospital; and to study the effectiveness of preventive and therapeutic efforts.

#5 -- THE DEVELOPMENT OF A CRITICAL DATA BASE FOR PLANNING

Objectives: Funded as feasibility study 7/1/68. Original purpose was to develop Data Bank to assist in assessment of health needs and resources of community served by OSRMP. Undertaken by the Division of Community Health of the Department of Preventive Medicine at Ohio State. Data Bank is intended to serve needs of other agencies, institutions and regional medical programs in the State.

#6 -- PROPOSAL FOR THE USE OF COMPUTER-ASSISTED INSTRUCTION IN MEETING INFORMATION NEEDS OF LOCAL COMMUNITY HEALTH PRACTITIONERS

Objectives: Funded as feasibility study. Activity constitutes continuing effort, within the health field, to establish and evaluate a computer-based information network having CAI capabilities. Project will expand the small network established during the first year in 4 community hospitals to additional hospitals throughout the Region. This expansion includes provisions for cost sharing by local communities.

#7 -- COUNCILS FOR CONTINUING EDUCATION: A PROJECT TO DEVELOP COORDINATED PROGRAMS FOR HEALTH PROFESSIONALS

Objectives: Seeks to develop a mechanism for coordinated programs of continuing education. An area or local council for continuing education will be established in Springfield, Ohio. Educational needs and desires of health personnel in the area will be studied, and Educational Programs developed. Bibliography of resources available locally will be prepared. Council will serve as a clearinghouse of information about programs that would benefit health personnel.

#8 -- COUNCIL FOR CONTINUING HEALTH EDUCATION: A PROJECT TO
DEVELOP ORGANIZED EDUCATION PROGRAMS FOR HEALTH
PROFESSIONALS

Objectives: To develop a Council for Continuing Education composed of the leadership from all health professions in the Greater Portsmouth Ohio area. Generally intends to coordinate existing continuing education opportunities, to create new programs to meet documented needs, to act as a clearinghouse for information, and to evaluate the total program.

APPENDIX

CURRICULUM VITAE

Neil C. Andrews, M.D.

- Born:** March 31, 1916, Spokane, Washington
- Titles:** Professor of Thoracic Surgery, Ohio State University
Assistant Dean
Ohio State University, College of Medicine
Coordinator, Chemotherapy of Solid Tumors, Department of Surgery,
Ohio State University
Coordinator of The Ohio State Regional Medical Program
- Education:** B.A. University of Oregon 1940
M.D. University of Oregon Medical School 1943
M.M.Sc. Ohio State University 1950
- Married:** Mary Marthella Glover, Portland, Oregon March 20, 1943
- Children:** Joan Corbly Andrews Born March 4, 1954
David Corbly Andrews Born March 15, 1956
- Career:** Internship, Union Memorial Hospital, Baltimore, Maryland 1943
Assistant Surgical Resident, Union Memorial Hospital, Baltimore,
Maryland 1944
Resident in Surgery, Jefferson Hospital, Roanoke, Virginia 1944-45
Assistant Resident, Department of Research Surgery, Ohio State
University 1947-49
Instructor, Department of Anatomy, Ohio State University 1947-51
Instructor, Department of Research Surgery, Ohio State University
1947-52
Resident, Department of Research Surgery, Ohio State University
1949-50
Chief of Surgery, Ohio Tuberculosis Hospital 1950-66
Attending Staff, University Hospitals 1950-
Assistant Professor, Division of Thoracic Surgery, Ohio State
University 1952-57
Consultant, Veterans Administration Hospital, Chillicothe, Ohio 1953-
Consultant, Veterans Administration Hospital, Dayton, Ohio 1954-
Associate Professor, Division of Thoracic Surgery, Ohio State
University 1957-67
Area Consultant in Thoracic Surgery, Veterans Administration 1960-
Coordinator, Chemotherapy of Solid Tumors, Department of Surgery,
Ohio State University 1961-
Consultant in Thoracic Surgery, Ohio Tuberculosis Hospital 1966-
Assistant Dean and Coordinator of Research and Training, Ohio
State University College of Medicine 1966-
Program Director, The Ohio State Regional Medical Program 1966-67
Coordinator, The Ohio State Regional Medical Program 1967-
Professor, Division of Thoracic Surgery, Ohio State University 1967-
- Awards:** Diplomate, American Board of Surgery 1952
Diplomate, Board of Thoracic Surgery, 1953

Associations, Societies, and Offices Held

- ✓ Ohio Thoracic Society - 1949
 - 1960-63 Program Committee
 - 1963-64 Secretary-Treasurer
 - 1964-65 Vice President
 - 1965-66 President

- ✓ Academy of Medicine, Columbus and Franklin County - 1950
 - 1961-62 Education and Program Committee
 - 1966- Medical Advisory Committee to the Tuberculosis Society of Columbus and Franklin County

- ✓ Ohio State Medical Association - 1950

- ✓ American Medical Association - 1950

- Columbus Surgical Society - 1950
 - 1962-63 Program Committee

- ✓ Ohio Chapter, American College of Chest Physicians - 1950
 - 1964-65 Secretary-Treasurer
 - 1965-66 Vice President
 - 1966-67 President

- ✓ American Thoracic Society - 1951
 - 1961-63 Committee on Surgery
 - 1965- Committee on Research

- National Tuberculosis Association - 1951

- ✓ American Association for Thoracic Surgery - 1956
 - 1956-57 Associate Member
 - 1958- Active Member

- Central Surgical Association - 1957

- Ohio Chapter, American College of Surgeons - 1957

- ✓ American College of Surgeons - 1957

- ✓ American College of Chest Physicians - 1958
 - 1957-58 Fellowship
 - 1959-60 Committee on Graduate Nursing Education
 - 1963- Committee on Bronchoesophagology
 - 1965- Governor, State of Ohio
 - 1966- Committee on Emphysema
 - 1967-68 Committee, Tenth International Congress on Diseases of the Chest
 - 1967- Committee on Cancer
 - 1968- Scientific Program Committee-Chairman for Annual Meeting, 1969

Co of Medicine Appointments

- 1963-68 Medical Isotopes Committee
1965-68 Chairman
- 1963- Institutional Grant Committee of the American Cancer Society
1967- Chairman
- 1966-68 Admissions Committee
- 1966- Executive Committee of the College of Medicine
- 1966- Research Committee
1966- Secretary
- 1968- Information Services Committee
- 1968- Committee on Medical Communications -
School of Allied Medical Professions

Co of Medicine Appointments

- 1963-68 Medical Isotopes Committee
1965-68 Chairman
- 1963- Institutional Grant Committee of the American Cancer Society
1967- Chairman
- 1966-68 Admissions Committee
- 1966- Executive Committee of the College of Medicine
- 1966- Research Committee
1966- Secretary
- 1968- Information Services Committee
- 1968- Committee on Medical Communications -
School of Allied Medical Professions

University Hospital Appointments

- 1961-62 Radioisotopes and Radiation Safety Committee
- 1962- Cancer Committee
1962- Chairman
- 1963-68 Medical Isotopes Committee
1965-68 Chairman
- 1963- Medical Records Committee
- 1963- Chemotherapy for Solid Tumors Committee
1963- Chairman
- 1964-65 Medical Staff Representative to the Executive Committee of The
Ohio State University Hospital
- 1965-66 Utilization Committee
- 196 Executive Committee of The Ohio State University Hospital
- 1966- Pharmacy and Therapeutics Committee
