

The 2009 NACD Stewardship topic is soil.

DIG IT! The Secrets of Soil is the theme.

Stewardship Week is April 29 – May 3, 2009

NACD, Smithsonian's National Museum (NMNH) of Natural History and the Soil Science Society of America are collaborating on the education materials.

The soils education material title is the same as the current exhibit at the Smithsonian NMNH. The exhibit will be in Washington, DC until January 2010 and then will travel through 2013 to 10 sites across the US.
