

# Pesticide Recertification Courses 2009

Sponsored by  
Integrated Plant  
Protection Center  
and  
Oregon State University  
Extension Service

November 23, 2008

To: Oregon Commercial and Public Pesticide Applicators,  
Pesticide Consultants, Operators, and Dealers

Annually, the OSU Extension Service offers training related to pest and pesticide management. While these training courses permit pesticide applicators to earn credits towards pesticide license recertification, our purpose is more than simply maintaining a license. As we learn more about pest and pesticide management, we can utilize pesticides in a more responsible, effective, and efficient manner. This makes good sense for agriculture, forestry, the general population, and the environment.

Course programs in this catalog are as complete as possible. Recertification credit hours have not been confirmed by the Oregon Department of Agriculture in all cases. However, our estimates should be close.

Remember, ODA is the institution granting a pesticide license. Since 1978, ODA has provided two methods by which pesticide applicators and consultants may become recertified: 1) successfully complete the required examination(s), or 2) attend short courses or other training programs approved by ODA for this purpose.

In order to become recertified by the credit hour accumulation method, an individual must accumulate a total of 40 credit hours during their five-year certification period. A maximum of 15 credit hours will be recognized in any one calendar year. If you have questions about recertification credits please call ODA, Pesticides Division at (503) 986-4635. For greater clientele convenience, exams for pesticide applicators are now administered in most community colleges. For specific information on these testing sites, call ODA, Pesticides Division. Much of this information is available on ODA's website at: <http://oregon.gov/ODA/PEST/html>.

To reduce costs, a single registration form is provided in this catalog. Course registration may vary, so **please pay close attention to the instructions given in each course outline.**

Suggestions and comments for improving the overall quality of these training programs should be directed to Tim Stock, IPPC/OSU, 2040 Cordley Hall, Corvallis, Oregon, 97331-2915, tel. (541) 737-6279 or 737-3541.

Sincerely,

Tim Stock, Coordinator  
Pesticide Safety Education Program  
[stockt@science.oregonstate.edu](mailto:stockt@science.oregonstate.edu)

**CHEMICAL APPLICATORS  
SHORT COURSE**

Holiday Inn Portland Airport  
8439 NE Columbia Boulevard, Portland OR  
**January 6-7, 2009**

Fee: \$175-two days,  
\$105-one day  
After December 21: \$215-two  
days, \$130-one day  
15 credit hours anticipated for  
OR, WA, CA, ID

Tuesday, January 6, 2009

- 0700 Registration
- 0800 The Long Term Health Effects Of  
Pesticide Exposure
- 0900 Dutch Elm Disease - Identification And  
Management
- 0945 Break
- 1000 Oregon Department of Agriculture  
Update
- 1045 PURS Update
  
- 1115 Pesticide Legislative Update -  
Federal and State
- 1200 Lunch (*included in registration*)
- 1300 Silent Invaders And Invasive Species
  
- 1430 Exposure And Dose. What's My Risk?
  
- 1515 Break
- 1530 What You Need To Know About  
Respirator Training
- 1615 NOAA Study On Low-Concentrated  
Pesticides in Water And Implications  
For Salmon
- 1700 Adjourn

Wednesday January 7, 2009

- 0800 Diagnosing Root Problems In The  
Landscape: Avoiding Unnecessary  
Pesticide Use For Non-Pathogenic  
Diseases, Part 1
- 0900 The Role Of Soil In Pesticide Fate And  
IPM
- 1000 Break
- 1015 Diagnosing Root Problems In The  
Landscape: Avoiding Unnecessary  
Pesticide Use For Non-Pathogenic  
Diseases, Part 2
- 1115 Turf Problems In Parks
  
- 1200 Lunch (*included in registration*)
- 1300 Application Technologies For Ornamental  
And Turf

General Session

Helen Murphy  
University of Washington  
Bob Nelson, Clackamas  
Community College

# Oregon Pesticide Safety Education Manual

The *Oregon Pesticide Safety Education Manual* is the basic manual for all pesticide applicators in Oregon. This 273 page reference manual will help prepare you for the Oregon "private applicator" and the "laws and safety" examinations, administered by the Oregon Department of Agriculture. Questions for these exams will be taken from material presented in this manual. **This manual is also intended to serve as a reference source for those who are already certified to apply pesticides.**

The sale price of \$22.50 (plus \$6.00 shipping/handling) for the manual reflects production and distribution costs incurred by the OSU Extension Service. Visa and MasterCard are accepted. Request pickup at your local county extension office to save shipping/handling charge.
