FSH 6709.11 – HEALTH AND SAFETY CODE HANDBOOK			
6709.11-2008-1	6709.11_20	S 6709.11-2008-1 New pages: 2 pages Removed: 2 pages	See Digest below Effective: January 10, 2008

Digest:

22.48g – Felling, Bucking and Limbing Techniques. Establishes specific Regional direction to paragraphs 1 and 7 – prohibiting the use of two individuals at the stump during any tree felling operation using a chain saw. The only exception to this would be during a formal training/certification session conducted by a “C” faller/certifier. It also prohibits workers from being any closer than 2-1/2 tree lengths of trees being felled.

Supersedes FSH Supplement 6709.11-2007-2, without change to paragraph 9.
