# GENERAL INFORMATION

## GENERAL REGISTRATION FACTS

Students are officially registered for courses only when they have complied with all of the procedures applying to registration, including full payment of tuition and fees, and validation of student I.D.

For students who register by mail, tuition and applicable fees are payable in full on the due date specified on the bill received from Student Accounts. For students who register on-site, tuition and applicable fees are payable at the time of registration.

Delaware State University regularly mails bills to students, but cannot assume responsibility for their receiving bills. If students do not receive bills on or before the beginning of the semester, it is the student's responsibility to contact the Office of Student Accounts at (302) 857-6240 to obtain information relative to their bill or go online at <http://www.desu.edu> to view their bill.

## EARLY REGISTRATION

All students returning to Delaware State University following the current semester of residence should pre-register during the period prescribed in the Academic Calendar. Returning students who do not pre-register prior to on-site registration will be assessed a \$30.00 failure to pre-register fee. An additional \$30.00 will be assessed if students register during the late registration period.

## ON-SITE REGISTRATION

Each year one week prior to the start of classes for the fall and spring semesters, Delaware State University gives non-enrolled students an opportunity to register in person. During this three day period, new students who did not enroll during one of the Summer New Student Orientation sessions and returning students who did not register prior to this period are advised by their academic departments' designees and permitted to register. All billing issues must be handled during this period to avoid being deleted from courses on the registration purge date.

## LATE REGISTRATION

Any student who did not pre-register or participate in on-site registration may register during the Late Registration Period. Late Registration: Session I – May 24-25; Session II – July 5-6. The late registration fee is an additional \$30.00.

## DROP/ADD

To drop or add a course, students may obtain approval from their advisor or department chair and go online and adjust their schedule or obtain a DROP/ADD form from the Department Chair. The form is to be turned in to the Academic Department through the late registration period and to the Registrar's Office thereafter, bearing the required signatures. Students may drop or add courses as indicated on the Academic Calendar. A drop fee of \$10.00 per course will be assessed after late registration. Students who DROP courses which result in a credit on their student account must request a refund through the Office of Student Accounts. Students requesting to drop or add classes after the last day to drop or add courses must obtain the signature of their academic dean as well as their instructor and advisor/chair.

## OFFICIAL WITHDRAWAL (302) 857-7381

To officially withdraw from all courses, students must complete a Withdrawal Form in the Counseling Office. The office is located in the Education and Humanities Building, room 123.

## COURSE CHANGES AFTER PUBLICATION

Every effort is made to have course information accurate at the time of publication, however, departments may need to make changes to their courses after publication. Students are advised to consult the department or our website at <http://www.desu.edu> for changes.

The University reserves the right to cancel courses due to insufficient enrollment and other reasons.

## ACADEMIC CREDIT

Credit will not be granted for a course in which the student is not officially registered.

## STUDENT I.D.

(302) 857-7345

Returning students who need a replacements I.D. may obtain one for \$100 (Make payment at the Cashier's Office before reporting to be photographed). Only those students who have satisfied all financial obligations to the University may have their student I.D. validated. A validated I.D. card is required for entrance to the dining hall and to access library resources. Delaware teachers are required to have a validated I.D. card.

## COURSE NUMBERING

Undergraduate course numbers are 000-499. Graduate course numbers are 500 and above.

## SECTION/CRN NUMBERS

Main campus section #s are 00-39 for day classes and 90-95 for evening classes (e.g., classes offered at or after 4:00 p.m.). Courses with section numbers 79 (undergraduate) and 62 (graduate) indicate courses that are offered at the Georgetown site. Sections 86, 87 or 88 (undergraduate) and 62, 63 or 65 (graduate) indicate course offerings at the Wilmington sites.

CRN #	DEPT. #	CRSE. #	SECTION #

# Notification of Rights under FERPA for Delaware State University Students

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records: They are:

(1) The right to inspect and review the student's education records within 45 days of the day the University receives a request for access.

Students should submit to the registrar, dean, head of the academic department, or other appropriate official, written requests that identify the record(s) they wish to inspect. The University official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the University official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

(2) The right to request the amendment of the student's education records that the student believes are inaccurate or misleading.

Students may ask the University to amend a record that they believe is inaccurate or misleading. They should write the University official responsible for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading.

If the University decides not to amend the record as requested by the student, the University will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

(3) The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the University in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the University has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the University discloses education records without consent to officials of another school in which a student seeks or intends to enroll.

(4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by Delaware State University to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office  
U.S. Department of Education  
400 Maryland Avenue, SW  
Washington, D.C. 20202-4605

## Directory Information

The Family Educational Rights and Privacy Act permits the release of directory-type information to third parties outside the institution without written consent of the student provided the student has been given the opportunity to withhold such disclosure.

The University releases, upon inquiry to third parties outside the University, directory information without written consent of the student. Directory information includes name, address, telephone number, college, class, major, dates of attendance, and degree and honors and awards conferred. Students may withhold directory information by going to the Office of Records & Registration.

Note: While the withholding request may be made at any time, students wishing to have directory information withheld from the student directory should submit their requests no later than three weeks prior to the first day of fall semester classes.
