**Re: Section 403(r)(6) Notification**

Dear Sir or Madam:

In accordance with the requirements of section 403(r)(6) of the Federal Food, Drug and Cosmetic Act, Melaleuca, Inc., notifies FDA that it has begun using the following statements:

- It helps maintain healthy arterial walls; it helps prevent LDL ("bad") cholesterol oxidation; and it helps promote healthy blood platelet activity.
- PROVEXCV also includes a proprietary blend of additional ingredients shown to powerfully nourish blood vessels and strengthen capillary wall structures.
- PROVEXCV is the most potent, natural heart-protecting preparation available today.

These statements contain the statutory disclaimer. The name of the dietary supplement is PROVEXCV™, and the relevant dietary ingredients are grape seed extract, ginkgo biloba extract, bilberry extract, grape skin extract, quercitin powder, and fungal and plant proteases.

I certify that the foregoing is complete and accurate, and that Melaleuca, Inc., has substantiation that the statements are truthful and not misleading.

Very truly yours,

Melaleuca, Inc.
