

Safe Holiday Light Decorating

- ◆ Use only Underwriters' Laboratories (UL) or Factory Mutual (FM) labeled lights.
- ◆ Inspect new and old strings of lights for frayed or damaged cords. Discard damaged light strings.
- ◆ Unplug lights to change bulbs.
- ◆ Do not overload circuits.
- ◆ Use no more than three strings of lights per extension cord.
- ◆ String outdoor lights through hooks or insulated staples, not tacks or nails.
- ◆ Do not pull or tug light strings to hang or remove.
