C&P Maintenance and Operations (non-BDN)-2008

PART I - A

PART I: SUMMARY INFORMATION AND JUSTIFICATION

In Part I, complete Sections A. B, C, and D for all capital assets (IT and non-IT). Complete Sections E and F for IT capital assets.

OMB Text Limitations - SHORT ANSWER(250 Characters), MEDIUM ANSWER(500 Characters) and LONG ANSWER(2500 Characters)

Section A: Overview (All Capital Assets)

I.A.1) Date of Submission (mm/dd/yyyy)

Sep 11, 2006

I.A.2) Agency

029 - Department of Veterans Affairs

I.A.3) Bureau

00 - Agency Wide Initiatives

I.A.4) Name of this Investment:(SHORT ANSWER)

C&P Maintenance and Operations (non-BDN)-2008

I.A.5) Unique Project(Investment) Identifier: Update the UPI using the Exhibit 53 tab.

029-00-01-13-01-1260-00

I.A.6) What kind of investment will this be in FY2008? (Please NOTE: Investments moving to O&M ONLY in FY2008, with Planning/Acquisition activities prior to FY2008 should not select O&M. These investments should indicate their current status.)

Operations and Maintenance

I.A.7) What was the first budget year this investment was submitted to OMB?

FY2001 or earlier

I.A.8) Provide a brief summary and justification for this investment, including a brief description of how this closes in part or in whole an identified agency performance gap: (LONG ANSWER)

The mission of the Compensation program is to provide monthly payments to veterans in recognition of the effects of disabilities, diseases, or injuries incurred during active military service (VA Strategic Goal/Objective 1.2). The mission of the Pension program is to provide monthly payments to wartime veterans who are permanently and totally disabled as a result of disability not related to military service (VA Strategic Goal / Objective 3.2). In total more than 3.2 million veterans benefit from these services. This Exhibit's applications are used to assist C&P Services as they support the restoration of a veteran's capabilities to the extent possible thus improving their quality of life, strategic goal # 1 of the VA. These applications provide the vehicle through which veterans are rated, awarded benefits and paid any monies, which are not paid under the Benefits Delivery Network (BDN – reference Exhibit 300). VBA continues to work towards consolidation of like functions, enhanced web access and deployment of service-oriented tools in an effort to streamline our business processes. These systems are maintained during that consolidation effort to ensure continued custom services through the timeliness and accuracy of claims processing. Within this Exhibit are systems supporting web access and submission of claims, financial systems managing benefit payments using the U.S. Standard General Ledger, interfaces to Social Security Administration and the Department of Defense, electronic veteran folders to replace older paper systems and interfaces to more than 220 VA facilities throughout the VA network to ensure veterans folders to replace older paper systems and interfaces to more than 220 VA facilities throughout the VA network to ensure veterans receive all the services they are entitled to receive.

I.A.9) Did the Agency's Executive/Investment Committee approve this request?

Yes

I.A.9.a) If "yes," what was the date of this approval?

I.A.10) Did the Project Manager review this Exhibit?

Yes

I.A.11) Project Managers Contact Information

ProSight

		Project Managers Names (SF	IORT ANSWER)	PM Phone	E-mail (SHORT ANSWER)
Pri	mary in-house	Bernadette Pessagno		202-273-7065	bernadette.passagno@vba.va.gov

		- Privatization of Military Housing
		- Research & Development Investment Criteria
		- Housing & Urban Development Management & Performance
		- Broadening Health Insurance Coverage through State Initiatives
		- "Right Sized" Overseas Presence
Yes	Coordination of VA and DoD Programs and Systems	- Coordination of VA & DoD Programs and Systems

I.A.13.b) Briefly describe how this asset directly supports the identified initiative(s)?(MEDIUM ANSWER)

This Exhibit supports expanded E-Gov and coordination of VA & DOD programs and systems through C&P web-based applications that are accessible by business partners, veteran service organizations and veterans. The web-based applications support veteran claims submission, and data sharing with DOD.

It supports VA Strategic Goal Objective 1.2 and 3.2 by maintaining the applications needed to perform disability ratings and awarding compensation and pension benefits.

I.A.14) Does this investment support a program assessed using the Program Assessment Rating Tool (PART)? (For more information about the PART, visit www.whitehouse.gov/omb/part.)

No

I.A.14.a) If "yes," does this investment address a weakness found during a PART review?

No

I.A.14.b) If "yes," what is the name of the PARTed program? (SHORT ANSWER)

I.A.14.c) If "yes," what rating did the PART receive?

I.A.15) Is this investment information technology? (See section 53.8 for definition)

Yes

I.A.16) What is the level of the IT Project? (per CIO Council PM Guidance)

Level 1

I.A.17) What project management qualifications does the Project Manager have? (per CIO Council PM Guidance)

Qualification Status	Qualification Status for XML Submission	Description
1	(1) Project manager has been validated as qualified for this investment	(1) - Project manager has been validated as qualified for this investment.
		(2) - Project manager qualification is under review for this investment.
		(3) - Project manager assigned to investment, but does not meet requirements.
		(4) - Project manager assigned but qualification status review has not yet started.
		(5) - No Project manager has yet been assigned to this investment.

I.A.18) Is this investment identified as "high risk" on the Q4 - FY 2006 agency high risk report (per OMB's 'high risk" memo)?

Yes

I.A. 19) Is this project (investment) a Financial Management System? (see section 53.3 for definition)

Yes

I.A.19.a) If so, does this project (investment) address a FFMIA (Federal Financial Managers Integrity Act) compliance area?

Yes

I.A.19.a.1) If yes, which compliance area?

US Standard General Ledger

I.A. 19.a.2) If "no," what does it address? (MEDIUM ANSWER)

I.A.19.b) If "yes," please identify the system name(s) and system acronym(s) as reported in the most recent financial systems inventory update required by Circular A–11 section 52 (LONG ANSWER)

Among the systems maintained under this Exhibit is the Financial and Accounting System (FAS). This application performs accounting services for Compensation and Benefit's veteran claims payments.

I.A.20) What is the percentage breakout for the total FY2008 funding request for the following? (This should total 100%)

Percentage of Total Investment

	% Hardware		11.00
	% Software		9.00
	% Services		80.00
	% Others		
Mem No	 If this project produces information dissemination products for the public, are these procorandum 05-04 and included in your agency inventory, schedules and priorities? PART I - B

PART I: SUMMARY INFORMATION AND JUSTIFICATION

In Part I, complete Sections A. B, C, and D for all capital assets (IT and non-IT). Complete Sections E and F for IT capital assets.

OMB Text Limitations - SHORT ANSWER(250 Characters), MEDIUM ANSWER(500 Characters) and LONG ANSWER(2500 Characters)

Section B: Summary of Funding (All Capital Assets)

I.B.1) FILL IN TABLE IN CURRENT VALUES (in millions)

(Estimates for BY+1 and beyond are for planning purposes only and do not represent budget decisions)

Provide the total estimated life-cycle cost for this investment by completing the following table. All amounts represent budget authority in millions, and are rounded to three decimal places. Federal personnel costs should be included only in the row designated "Government FTE Cost," and should be EXCLUDED from the amounts shown for "Planning," "Full Acquisition," and "Operation/Maintenance." The total estimated annual cost of the investment is the sum of costs for "Planning," "Full Acquisition," and "Operation/Maintenance." For Federal buildings and facilities, life-cycle costs should include long term energy, environmental, decommissioning, and/or restoration costs. The costs associated with the entire life-cycle of the investment should be included in this report.

Category of Funds	PY-1 and Earlier	PY 2006	CY 2007	BY 2008
Planning				
Budgetary Resources	3.700	0.000	0.000	0.000
Acquisition				
Budgetary Resources	18.100	0.000	0.000	0.000
Total, Sum of Stages				
Total, Resources (Plan & Acq)	21.800	0.000	0.000	0.000
Operations & Maintenance				
Budgetary Resources	65.544	35.868	6.011	31.660
Total, All Stages Resources	87.344	35.868	6.011	31.660
Government FTE Costs	28.010	9.450	9.771	11.475
Govt. FTE Numbers	280	93	97	110
T. I. A.H.O. D		45.640	45 500	10.107
Total, All Stages Resources + FTE	115.354	45.318	15.782	43.135

Government FTE Costs SHOULD NOT be INCLUDED as part of the TOTAL, All Stages Resources represented.

Note: 1) For the cross-agency investments, this table should include all funding (both managing partner and partner agencies). 2) Total, All Stages Resources should equal Total, All Stages Outlays.

I.B.2) Will this project require the agency to hire additional FTE's?

Yes

I.B.2.a) If Yes, How many and in what year? (MEDIUM ANSWER)

An estimated eight new IT Technical employees are needed if FY2008. As the VBA move to a unified WEB based common services platform, there is a need to acquire and train the technical staff required to maintain and support this environment. The cost of maintaining contractor support to perform the same role is more than twice the cost of Government FTEs.

I.B.3) If the summary of spending has changed from the FY2007 President's budget request, briefly explain those changes. (LONG ANSWER)

The funding summary has changed, an explanation of that change in included in section 1.B.4. The baseline shown in this Exhibit 300 is the latest approved by the Office of Management and Budget (OMB). A revised baseline reflecting the amounts shown in the BY 2008 Summary of Funding table is pending OMB approval.

PART I - C

PART I: SUMMARY INFORMATION AND JUSTIFICATION

In Part I, complete Sections A. B, C, and D for all capital assets (IT and non-IT). Complete Sections E and F for IT capital assets.

OMB Text Limitations - SHORT ANSWER(250 Characters), MEDIUM ANSWER(500 Characters) and LONG ANSWER(2500 Characters)

Section C: Acquisition/Contract Strategy (All Capital Assets)

I.C.1) If earned value is not required or will not be a contract requirement for any of the contracts or task orders above, explain why? (LONG ANSWER)

Contract supports Operations and Maintenance work in Steady State environment and as such, an EVMS is not required per VA Directive 6061.

I.C.2) Do the contracts ensure Section 508 compliance?

Yes

I.C.2.a) If the Contracts WILL NOT ensure Section 508 Compliance, explain why:

I.C.3) Is there an acquisition plan which has been approved in accordance with agency requirements?

No

I.C.3.a) If "yes," what is the date?

I.C.3.b) If "no," will an acquisition plan be developed?

Yes

I.C.3.b.1) If "no," briefly explain why: (MEDIUM ANSWER)

PART I - D

PART I: SUMMARY INFORMATION AND JUSTIFICATION

In Part I, complete Sections A. B, C, and D for all capital assets (IT and non-IT). Complete Sections E and F for IT capital assets.

OMB Text Limitations - SHORT ANSWER(250 Characters), MEDIUM ANSWER(500 Characters) and LONG ANSWER(2500 Characters)

Section D: Performance Information (All Capital Assets)

I.D.1) In order to successfully address this area of the exhibit 300, performance goals must be provided for the agency and be linked to the annual performance plan. The investment must discuss the agency's mission and strategic goals, and performance measures must be provided. These goals need to map to the gap in the agency's strategic goals and objectives that this investment is designed to fill. They are the internal and external performance benefits this investment is expected to deliver to the agency (e.g., improve efficiency by 60%, increase citizen participation by 300% a year to achieve an overall citizen participation rate of 75% by FY 2xxx, etc.). The goals must be clearly measurable investment outcomes, and if applicable, investment outputs. They do not include the completion date of the module, milestone, or investment, or general goals, such as, significant, better, improved that do not have a quantitative or qualitative measure.

For Existing IT projects that have previously submitted Exhibit 300s:

--> If you completed Table 1 last year, please use Table 1 to report for fiscal year 2005 and Table 2 for fiscal years 2006 through at least 2009.

--> If you completed only Table 2 last year, please use Table 2 to report for fiscal years 2006 through at least 2009.

For projects that are submitting Exhibit 300s for the first time:

--> Use Table 2.

--> Report on Performance Measures for at least two years, i.e., FY 2008 and 2009, FY 2009 and 2010.

--> If the project will have data for 2007 that you wish to include, add extra lines in Table 2 and complete all information in this single table.

--> At least one performance goal should be met by BY+1.

PERFORMANCE INFORMATION TABLE 2:

Please use Table 2 and the FEA Performance Reference Model (PRM) to identify the performance information pertaining to this major IT Investment. Map all Measurement Indicators to the corresponding "Measurement Area" and "Measurement Grouping" identified in the PRM. There should be at least one Measurement Indicator for at least four different Measurement Areas (for each fiscal year).

Fiscal Year	Measurement Area	Measurement Grouping	Measurement Indicator	Baseline	Planned Improvements to the Baseline	Actual Results
2005 Mission and Business Results Services		Increase the overall customer satisfaction rate for both Compensation and Pension Benefits. The Strategic target is 90%. (VA Strategic objectives 1.2 & 3.2)	FY 2004 (Compensation 59%) (Pension 66%)	FY 2005 Plan for Compensation 55%, FY2005 Plan for pension 65%. Note that the 2004 baselines were better than the Plan above.	Achieved Compensation actuals of 55%, Pension actuals of 65%.	
2005 Processes and Activities Timeliness		Improve average days to process Compensation and Pension claims. The strategic target for Compensation is 90 days, the Strategic target for Pension is 78 days (VA Strategic objectives 1.2 & 3.2)	Average # of days for Compensation 105, average # of days for Pension 91.	Average # of days for Compensation 100, average # of days for pension 89.	Achieved average # of days for Compensation 105, average # of days for pension 91.	
2005	Customer Results	Accuracy of Service or Product Delivered	Improve the national accuracy rate. Strategic goal 98% (Strategic objective 1.2 & 3.2).	For FY2004 the core rating work for Compensation was 84% accurate, core rating work for Pension was 87%.	The target accuracy rating for Compensation is was 84% The target accuracy, rating for Pension was 87%.	Achieved Compensation and Pension accuracy rating goals.
2005	Technology	Response Time	Improve system	95% of	Sustain application	Exceeded target

			response time	transactions complete in less than 5 seconds	transaction response time to 5 seconds or less	goal, average response time is under 2 second.
2006	Mission and Business Results	Customer Services	Increase the overall customer satisfaction rate for both Compensation and Pension Benefits. The Strategic target is 90%. (VA Strategic objectives 1.2 & 3.2)	FY 2005 Compensation actuals 55%, Pension actuals 65%.	Improve to a Compensation level of 80% Pension actuals 80%.	
2006	Processes and Activities	Timeliness	Improve average days to process Compensation and Pension claims. The strategic target for Compensation is 90 days, the Strategic target for Pension is 78 days (VA Strategic objectives 1.2 & 3.2)	Average # of days for Compensation 105, average # of days for Pension 91	Improve to Average # of days for Compensation 96, average # of days for pension 82.	
2006	Customer Results	Accuracy of Service or Product Delivered	Improve the national accuracy rate. Strategic goal 98% (Strategic objective 1.2 & 3.2).	For FY2005 The target accuracy rating for Compensation is 84% The target accuracy, rating for Pension is 87%.	The target accuracy rating for Compensation is was 86% The target accuracy, rating for Pension was 90%.	
2006	Technology	Response Time	Improve system response time	96% of transactions complete in less than 5 seconds	Sustain applications transaction response time to 5 seconds or less	
2007	Mission and Business Results	Customer Services	Increase the overall customer satisfaction rate for both Compensation and Pension Benefits. The Strategic target is 90%. (VA Strategic objectives 1.2 & 3.2)	FY2006 Compensation satisfaction level 80%, Pension satisfaction level 80%.	Improve to a Compensation level of 85% Pension level of 85%.	
2007	Processes and Activities	Timeliness	Improve average days to process Compensation and Pension claims. The strategic target for Compensation is 90 days, the Strategic target for Pension is 78 days (VA Strategic objectives 1.2 & 3.2)	Average # of days for Compensation 96, average # of days for pension 82.	Improve to Average # of days for Compensation 94 average # of days for pension 80.	
2007	Customer Results	Accuracy of Service or Product Delivered	Improve the national accuracy rate. Strategic goal 98% (Strategic objective 1.2 & 3.2).	For FY2006 The target accuracy rating for Compensation is 86% The target accuracy, rating for Pension is 90%.	The target accuracy rating for Compensation is 90%. The target accuracy, rating for Pension is 94%.	
2007	Technology	Response Time	Improve system response time	97% of transactions complete in less than 5 seconds	Sustain applications transaction response time to 5 seconds or less	

2008	Mission and Business Results	Customer Services	Increase the overall customer satisfaction rate for both Compensation and Pension Benefits. The Strategic target is 90%. (VA Strategic objectives 1.2 & 3.2)	FY2007 Compensation satisfaction level 85%, Pension satisfaction level 85%.	Improve to a Compensation level of 90% Pension level of 90%.	
2008	Processes and Activities	Timeliness	Improve average days to process Compensation and Pension claims. The strategic target for Compensation is 90 days, the Strategic target for Pension is 78 days (VA Strategic objectives 1.2 & 3.2)	Average # of days for Compensation 94 average # of days for pension 80.	Improve to Average # of days for Compensation 92 average # of days for pension 78.	
2008	Customer Results	Accuracy of Service or Product Delivered	Improve the national accuracy rate. Strategic goal 98% (Strategic objective 1.2 & 3.2).	For FY2007 The target accuracy rating for Compensation is 90%. The target accuracy, rating for Pension is 94%.	The target accuracy rating for Compensation is 95% The target accuracy, rating for Pension was 95%.	
2008	Technology	Response Time	Improve system response time	97.5% of transactions complete in less than 5 seconds	Sustain applications transaction response time to 5 seconds or less	

PART I - E

PART I: SUMMARY INFORMATION AND JUSTIFICATION

In Part I, complete Sections A. B, C, and D for all capital assets (IT and non-IT). Complete Sections E and F for IT capital assets.

OMB Text Limitations - SHORT ANSWER(250 Characters), MEDIUM ANSWER(500 Characters) and LONG ANSWER(2500 Characters)

Section E: Security and Privacy (IT Capital Assets only)

System/Application Level Information:

In order to successfully address this area of the business case, each question below must be answered at the system/application level, not at a program or agency level. Systems supporting this investment on the planning and operational systems security tables should match the systems on the privacy table below. Systems on the Operational Security Table must be included on your agency FISMA system inventory and should be easily referenced in the inventory (i.e., should use the same name or identifier).

All systems supporting and/or part of this investment should be included in the tables below, inclusive of both agency owned systems and contractor systems. For IT investments under development, security and privacy planning must proceed in parallel with the development of the system(s) to ensure IT security and privacy requirements and costs are identified and incorporated into the overall lifecycle of the system(s).

I.E.1) Identified the IT security costs for the system(s) and have integrated those costs into the overall costs of the investment:

Yes

I.E.2) Is identifying and assessing security and privacy risks a part of the overall risk management effort for each system supporting or part of this investment.

Yes

I.E.3) Have any weaknesses, not yet remediated, related to any of the systems part of or supporting this investment been identified by the agency or IG?

Yes

I.E.3.a) If "yes," have those weaknesses been incorporated into the agency's plan of action and milestone process?

No

PART I - F

PART I: SUMMARY INFORMATION AND JUSTIFICATION

In Part I, complete Sections A. B, C, and D for all capital assets (IT and non-IT). Complete Sections E and F for IT capital assets.

OMB Text Limitations - SHORT ANSWER(250 Characters), MEDIUM ANSWER(500 Characters) and LONG ANSWER(2500 Characters)

Section F: Enterprise Architecture (EA) (IT Capital Assets only)

In order to successfully address this area of the business case and capital asset plan you must ensure the investment is included in the agency's EA and Capital Planning and Investment Control (CPIC) process, and is mapped to and supports the FEA. You must also ensure the business case demonstrates the relationship between the investment and the business, performance, data, services, application, and technology layers of the agency's EA.

 $\it I.F.1)$ Is this investment included in your agency's target enterprise architecture?

Yes

I.F.1.a) If "no," please explain why? (LONG ANSWER)

I.F.2) Is this investment included in the agency's EA Transition Strategy?

by phone or in person

Yes

I.F.2.a) If "yes," provide the investment name as identified in the Transition Strategy provided in the agency's most recent annual EA Assessment. (MEDIUM ANSWER)

One VA Target Architecture.

I.F.2.b) If "no," please explain why? (LONG ANSWER)

SER		managemen detailed guid	nt, customer relation	ponents funded by onship managemen omponents, please	nt, etc.). Provide th	is information in th	ne format of th

	NOTE:		
		revious question(I.F.3) should be	e entered in this column. Please enter

multiple rows for FEA SRM Components supported by multiple TRM Service Specifications
(b*) - In the Service Specification field, Agencies should provide information on the specified technical standard or vendor product mapped to the FEA TRM Service Standard, including model or version numbers, as appropriate.
I.F.5) Will the application leverage existing components and/or applications across the Government (i.e., FirstGov, Pay.Gov, etc)?
No
I.F.5.a) If "yes," please describe. (LONG ANSWER)
I.F.6) Does this investment provide the public with access to a government automated information system?
No
I.F.6.a) If "yes," does customer access require specific software (e.g., a specific web browser version)?

PART III - A

Part III: For "Operation and Maintenance" investments ONLY (Steady State)

Part III should be completed only for investments identified as "Operation and Maintenance" (Steady State) in response to Question 6 in Part I, Section A above.

OMB Text Limitations - SHORT ANSWER(250 Characters), MEDIUM ANSWER(500 Characters) and LONG ANSWER(2500 Characters)

Section A - RISK MANAGEMENT (All Capital Assets)

In order to successfully address this issue on the business case and capital asset plan, you must have performed a risk assessment at the initial concept, included mandatory risk elements defined below and demonstrate active management of the risk throughout the life-cycle of the investment.

For all investments, both IT and non-IT, you must discuss each of the following risks and present your plans to eliminate, mitigate, or manage risk, with milestones and completion dates. If there is no risk to the investment achieving its goals from a risk category, indicate so. If there are other risks identified, include them. Risk assessments should include risk information from all stakeholders and should be performed at the initial concept stage and then monitored and controlled throughout the life-cycle of the investment. Risk assessments for all investments must include: 1) schedule ; 2) initial costs; 3) life-cycle costs); 4) technical obsolescence; 5) feasibility; 6) reliability of systems; 7) dependencies and interoperability between this investment and others; 8) surety (asset protection) considerations; 9) risk of creating a monopoly for future procurements; 10) capability of agency to manage the investment; and 11) overall risk of investment failure.

In addition, for IT investments, risk must be discussed in the following categories 12) organizational and change management; 13) business; 14) data/info; 15) technology; 16) strategic; 17) security; 18) privacy; and 19) project resources. For security risks, identify under the Description column the level of risk as high, medium, or basic. What aspect of security determines the level of risk, i.e., the need for confidentiality of information, availability of information or the system, reliability of the information or system? Under the Current Status column, list the milestones remaining to mitigate the risk.

Moreover, for each risk category with a probability of occurrence of at least medium and impact of at least medium, please indicate whether or not the costs to mitigate the risk have been incorporated into your lifecycle cost estimates in the summary of spending stages section of this Exhibit 300. If not, please also indicate why in your response.

III.A.1) Does the investment have a Risk Management Plan?

Yes

III.A.1.a) If "yes," what is the date of the plan?

Jan 19, 2007

III.A.1.b) Has the Risk Management Plan been significantly changed since last year's submission to OMB?

No

III.A.1.c) If "yes," describe any significant changes: (LONG ANSWER)

III.A.2) If there currently is no plan, will a plan be developed?

III.A.2.a) If "yes," what is the planned completion date?

III.A.2.b) If "no," what is the strategy for managing the risks? (LONG ANSWER)

PART III - B

Part III: For "Operation and Maintenance" investments ONLY (Steady State)

Part III should be completed only for investments identified as "Operation and Maintenance" (Steady State) in response to Question 6 in Part I, Section A above. OMB Text Limitations - SHORT ANSWER(250 Characters), MEDIUM ANSWER(500 Characters) and LONG ANSWER(2500 Characters)

III.B) Cost and Schedule Performance:

III.B.1) Was operational analysis conducted?

No

III.B.1.a) If "yes," provide the date the analysis was completed.

III.B.1.b) If "yes," what were the results? (LONG ANSWER)

III.B.1.c) If "no," please explain why it was not conducted and if there are any plans to conduct operational analysis in the future: (LONG ANSWER)

VA policy, Directive 6061, requires the use of post implementation reviews and operational analysis (OA) on operations and maintenance efforts for sustainment (system operation/steady state) investments to promote more effective management oversight. VA has published an Operational Analysis Guide that contains procedures for Operations Managers to perform an Operational Analysis on steady state investments. Managers are to examine the performance of an operating asset investment and measure that performance against established goals.

Operations Managers accomplish the analysis by determining the outcomes with respect to goals of the investment, utilizing performance measures, in four major performance areas:

1. Strategic – Determine how well the investment supporting VA strategic goals and objectives;

2. Financial – Compare current (actual) costs to planned costs;

3. System Technical Operations – Examine technical standard achievement in such areas as throughput, maintainability, reliability, help desk, quality; and

4. User/Customer Satisfaction – Assess levels of customer satisfaction; examine usage trends, complaint logs, change order requests, and other evidence that the system is meeting user requirements.

After gathering data in each of these areas managers perform a gap analysis and an innovation assessment. Operations Managers then recommend whether or not the existing system should be a) continued with no additional investment, b) enhanced, c) terminated, or d) migrated to another similar system. This input provides feedback to the Capital Planning and Investment Control process.

Operations Managers must report the results of the annual VA Operational Analysis to VA Enterprise Program Management Office (EPMO). This program will provide an initial OA Annual Report to the EPMO on May 31, 2007 to facilitate VA business decisions.

Commencing in January 2007, this program will provide the status of each major performance area listed above to VA EPMO as part of the Monthly Performance Review. VA EPMO has published data requirements and procedures for this monthly reporting.

III.B.2) Complete the following table to compare actual performance against the current performance baseline and to the initial performance baseline. In the Current Baseline section, for all milestones listed, you should provide both the baseline and actual completion dates (e.g., "03/23/2003"/ "04/28/2004") and the baseline and actual total costs (in \$ Millions).

III.B.2.a) What costs are included in the reported Cost/Schedule Performance information (Government Only/Contractor Only/Both)? (Per OMB requirements Cost/Schedule Performance information should include both Government and Contractor Costs).

Contractor and Government

III.B.2.b) Complete the following table to compare actual performance against the current performance baseline and to the initial performance baseline. In the Current Baseline section, for all milestones listed, you should provide both the baseline and actual completion dates (e.g., "03/23/2003"/ "04/28/2004") and the baseline and actual total costs (in \$ Millions).

Description of Milestone	Current BL Completion Date Planned	Current BL Completion Date Actual
Prior Years Ongoing Maintenance and Operations	Sep 30, 2003	Sep 30, 2003
Ongoing Maintenance and Operations	Sep 30, 2004	Sep 30, 2004
Ongoing Maintenance and Operations	Sep 30, 2005	Sep 30, 2005
Ongoing Maintenance and Operations	Sep 30, 2006	Sep 30, 2006

Ongoing Maintenance and Operations	Sep 30, 2007	
Ongoing Maintenance and Operations	Sep 30, 2008
