

## Yellowstone National Park [www.nps.gov/yell](http://www.nps.gov/yell)

### Education

*The following centennial proposal is certified as eligible for Centennial Challenge funding consideration in fiscal year 2008. Funding for the Centennial Challenge requires legislation.*

#### **Inspiring Future Yellowstone Stewards: A No Child Left Inside Initiative**

Location: Wyoming  
Partner(s): The Yellowstone Park Foundation  
Partner Website: [www.ypf.org](http://www.ypf.org)  
Total Cost: \$325,632  
Proposal # 137643

**Summary:** This project will enhance the well-established, highly regarded Formal Education program at Yellowstone National Park and further the goals of the Future of America's National Parks Report through a "No Child Left Inside" initiative. This project includes: day programs for visiting school groups, regional outreach programs, Junior Ranger programs, community/park based workshops, and summer camps. Since children are mandated to attend school, school groups are most representative of a true cross section of the regional population and potentially the most critical audience we reach. Designated ranger-teachers will provide curriculum-based instruction to K-12 students and their accompanying teachers and chaperones. Rangers will also provide residential (multi-day, overnight) programs for teachers through workshops and tribal youth and elders through a cross-cultural exchange program.
