

Shipping

Standard USPS shipping is included in the price of the services.

STANDARD: Most orders for ILR services or products are processed and packed within two working days of placement. They are then shipped in the US via standard United States Postal Service (USPS) Mail and should arrive within 5-7 days.

Customers requiring faster shipping for their orders can request 1-day, 2-day or other special shipping at their expense. We use FEDEX, UPS, DHL and EXPRESS USPS MAIL, depending on the circumstances and the preference of the customer. Please contact the ILR office by phone or by e-mail if you require special shipping on your order.
