Thank you.

Opportunity Information**Solicitation Number:** DE-RP52-09NA28681**Title:** PERSONNEL SECURITY AND FACILITY CLEARANCE PROGRAMS SUPPORT SERVICES**Description:****PERSONNEL SECURITY AND FACILITY CLEARANCE PROGRAMS SUPPORT SERVICES**

The Department of Energy (DOE), National Nuclear Security Administration (NNSA) hereby issues a competitive solicitation for security and safeguards support services to the NNSA's Personnel Security Department (PSD). The U.S. DOE's NNSA Service Center is committed to meaningfully increasing the involvement of the small business community in supporting its technical, scientific, and security endeavors. As part of this effort, this Solicitation will be a Small Business set-aside for security and safeguards support services. The applicable North American Industry Classification System (NAICS) code for this acquisition is 541690 with a size standard of \$6.5 million. The contract period of performance is anticipated to be up to 5 years (2 year base and 3 one year options).

The NNSA mission includes being a responsible steward of the Nation's nuclear weapons. The NNSA is a vital contributor to reducing the global nuclear danger through its national security, nuclear safety, nonproliferation activities, and nuclear materials stabilization by supporting a safe, secure, reliable stockpile, and the safe dismantlement and disposal of excess nuclear weapons. The multi-disciplined NNSA Service Center security and safeguards programs are the first line of defense against the insider threat and are designed to protect our most vital national assets. These programs directly support weapons and national security objectives through an integrated nuclear weapon technology infrastructure and core competencies that ensure safety, security, and reliability of the enduring stockpile; ensure the safe and secure dismantlement of nuclear weapons; ensure the safe and secure staging of nuclear components and materials awaiting permanent disposition; ensure proper classification and controlled information guidance is provided to the NNSA; and provide for the protection of government property and personnel located at the NNSA Service Center and other sites located on Kirtland Air Force Base in Albuquerque, New Mexico.

The NNSA personnel security program is an integral component of the integrated NNSA Service Center security and safeguards program by ensuring that only trustworthy individuals receive/maintain a DOE access authorization to classified matter or special nuclear material. The personnel security program also performs key tasks associated with NNSA Human Reliability Program, Homeland Security Presidential Directive-12, and the Facility Clearance and Foreign Ownership, Control and Influence programs.

The RFP along with the applicable attachments for this procurement is provided as an attachment to this web page (scroll to the bottom of the web page). The solicitation and all amendments will be available for viewing on the DOE-E-center Industry Interactive Procurement System (IIPS) website <http://e-center.doe.gov/> and at the FedBizOpps website <http://www.fbo.gov/>. It is incumbent upon all interested parties to review the

sites frequently for any updates and amendments (if any) and to verify successful transmission in accordance with the Proposal Submission instructions in the "IIPS user Guide for Contractors," prior to the proposal due date and time. All questions or inquires regarding this solicitation are to submitted electronically via the Doe-E-Center IIPS website to Ray Cruz , Contract Specialist.

Proposals are due NO LATER than January 30, 2009, 4:00 Mountain Standard Time.
