SMALL BUSINESS SOURCES SOUGHT ANNOUNCEMENT FOR PERSONNEL SECURITY AND FACILITY CLEARANCE PROGRAMS SUPPORT SERVICES

The U.S. Department of Energy's (DOE) National Nuclear Security Administration (NNSA) is committed to meaningfully increasing the involvement of the small business community in its technical, scientific, and security endeavors. As part of this effort, this sources sought announcement is intended to determine whether this acquisition for security and safeguards support services is intended for a Small Business set-aside. The NNSA mission includes being a responsible steward of the nuclear weapons. The NNSA is a vital contributor to reducing the global nuclear danger through national security, nuclear safety, nonproliferation activities, and nuclear materials stabilization supporting a safe, secure, reliable stockpile, and the safe dismantlement and disposal of excess weapons. The multi-disciplined NNSA Service Center security and safeguards programs are designed to protect our most vital national assets and are designed to protect our most vital national assets. The programs directly support weapons and national security objectives through an integrated research technology infrastructure and core competencies that ensure safety, security, and reliability of the enduring stockpile; ensure the safe and secure dismantlement of nuclear weapons; ensure the secure staging of nuclear components and materials awaiting permanent disposition; ensure that classification and controlled information guidance is provided to the NNSA; and provide for the protection of government property and personnel located at the NNSA Service Center and other sites including Kirtland Air Force Base in Albuquerque, New Mexico. The NNSA personnel security program

component of the integrated NNSA Service Center security and safeguards program by ensuring trustworthy individuals receive/maintain a DOE access authorization to classified matter or information material. The personnel security program also performs key tasks associated with NNSA Human Resources Program, Homeland Security Presidential Directive-12, and the Facility Clearance and Foreign Control and Influence programs.

The purpose of this announcement is solely to determine the availability of small businesses interested and capability to provide personnel security program support services for the NNSA and its supported sites. A draft performance based work statement (PBWS) for this procurement is provided as an attachment to this web page (scroll to the bottom of the web page). The estimated value of this procurement is approximately \$43 to \$50 million over a five-year period, and a cost plus fixed fee level of effort contract is contemplated. The estimated date for RFP issuance is 1st Qtr FY09. Small businesses are requested to submit a statement of capability (SOC) that includes the following information:

- (1) Company Name and Mailing Address.
- (2) Point of Contact (name, title, telephone number).
- (3) Type of Small Business (Small Business, Small Disadvantaged Business, Woman-Owned Business, Veteran-Owned Business, etc.).
- (4) A statement indicating how your company determined it meets the size qualifications under the American Industry Classification System (NAICS) Code 541690, which has a corresponding revenue ceiling of \$6.5 million.
- (5) A brief statement describing how your company might propose to perform the percentage of work specified in Federal Acquisition Regulation 52.219-14(b)(1) under any of the following business structures:
 - (a) a single small business performs a majority of the tasks outlined in the PBWS as a prime contractor;
 - (b) an affiliation and/or team of small businesses performs the entire or majority portion of the PBWS as a prime contractor;
 - (c) a single or affiliation/team of small businesses join with a large business to perform the entire PBWS (Note: If more than one firm is contemplated, include the capabilities of other firms and identify which aspects of the PBWS would likely be performed by which firm).
- (6) A brief summary of your company experience and past performance within the last 5 years related to the requirements outlined in the PBWS. Each company experience summary should include (a) contract/project title and ID number, (b) brief description of the client/customer point of contact (name, address, phone), (c) dollar value of the contract/project, (d) period of performance of contract/project, (e) relevance of contract/project to the PBWS, and (f) performance rating demonstrating the capability of the firm(s) to successfully perform the work in the PBWS.

This announcement is being used solely to determine if sufficient small business interest and capability exists to set aside this acquisition for Small Business; this is not a request for proposals, and is not considered to be a proposal. Large businesses shall not respond to this announcement but may team with a small business or a team of small businesses. SOC's shall not exceed ten letter size (8.5"x11") pages using 12-point font; any pages submitted in excess of ten pages will not be considered. SOC's must be submitted electronically via email to Reina Serino at RSerino@doeal.gov. The submittal of SOC's is Friday, June 13, 2008 at 10:00AM Mountain Standard Time; any SOC's submitted after the time and date specified above will not be reviewed. Any questions pertaining to this announcement must be submitted electronically by clicking the Submit Question button located on the web solicitation. Assistance in registering with IIPS is available by clicking the Help button located on the e-Center home page at <http://e-center.doe.gov>.
