## Foreword

**A Guide to HMDA Reporting: Getting It Right!** will assist you in complying with the Home Mortgage Disclosure Act as implemented by Regulation C. The *Guide* was written to address the needs of financial institution managers and employees responsible for HMDA compliance.

The *Guide* was developed by the member agencies of the Federal Financial Institutions Examination Council (FFIEC)—the Office of the Comptroller of the Currency (OCC), the Federal Deposit Insurance Corporation (FDIC), the Office of Thrift Supervision (OTS), the Board of Governors of the Federal Reserve System (Board), and the National Credit Union Administration (NCUA)—and the Department of Housing and Urban Development (HUD).

This new edition of the *Guide* reflects the substantial amendments to Regulation C that take effect on January 1, 2004. Other changes to the *Guide*, such as breaking it into more chapters and adding references to the regulation and staff commentary, are intended to make it more useful as a training and compliance guide. The “Questions and Answers” section has been omitted from the Guide, but will be available on the web site of the FFIEC ([www.ffiec.gov/hmda](http://www.ffiec.gov/hmda)).

The *Introduction* reviews HMDA’s purposes and data collection, reporting, and disclosure requirements. It also summarizes management’s responsibilities. The remaining parts of the Guide describe in more detail:

- what information a covered institution must collect,
- how the information should be reported on the HMDA loan/application register, and

- how the data will be disclosed to the public by the institution and the FFIEC.

The FFIEC produces a public disclosure statement for every covered institution and for every metropolitan statistical area (MSA) and metropolitan division (MD). The disclosures and other HMDA data are available from the FFIEC, by accessing the FFIEC Internet site, [www.ffiec.gov/hmda](http://www.ffiec.gov/hmda), by sending an e-mail to [hmdahelp@frb.gov](mailto:hmdahelp@frb.gov), or by calling the Board’s HMDA Assistance Line, (202) 452-2016.

This *Guide* is a general statement of the requirements of HMDA and Regulation C, not a verbatim restatement of the law. To comply fully with HMDA, you must be familiar with

- Regulation C (reproduced in Appendix C to this *Guide*), including its Appendices A and B (reproduced in Appendices A and B to this *Guide*),
- the Staff Commentary to Regulation C (reproduced in Appendix D to this *Guide*), and
- informal guidance the Board may issue from time to time on the web site of the FFIEC (for example, in the form of Questions and Answers).

The *Guide* merely supplements, and does not substitute for, those sources. For further information about compliance, contact your federal supervisory agency (see Appendix G to this *Guide*).

The FFIEC welcomes suggestions for changes or additions that might make this *Guide* more helpful. Write to FFIEC, 3501 Fairfax Drive, Room 3086 Arlington, VA 22226. Or send e-mail to [ffiec-suggest@frb.gov](mailto:ffiec-suggest@frb.gov).

## Introduction

### Purposes of HMDA

The Home Mortgage Disclosure Act, enacted by Congress in 1975 and made permanent in 1988, requires depository and nondepository lenders to collect and publicly disclose information about housing-related loans and applications for such loans, including several applicant/borrower characteristics. HMDA is implemented by the Federal Reserve Board's Regulation C (12 CFR Part 203) and a staff commentary (12 CFR Part 203, Supp. I).

The housing-loan data that lenders must disclose under HMDA:

- show whether financial institutions are serving the housing credit needs of their neighborhoods and communities;
- assist in directing government officials and private investors to areas that may need investment; and
- help identify possible discriminatory lending patterns and assist regulatory agencies in enforcing compliance with antidiscrimination statutes.

HMDA does not prohibit any activity, nor is it intended to encourage unsound lending practices or the allocation of credit.

### Data Collection, Reporting, and Disclosure in a Nutshell

As implemented by Regulation C, HMDA requires covered depository and nondepository institutions to collect and publicly disclose information about applications for, originations of, and purchases of home purchase loans, home improvement loans, and refinancings. Whether an institution is covered depends generally on its asset size, its location, and whether it is in the business of residential mortgage lending.

The regulation's coverage criteria are illustrated in diagrams in the next chapter, *Who Must Report*.

There are three categories of loans that must be reported: home purchase, home improvement, and refinancing. Each has a specific definition, which may vary from your institution's use of the term. You will find the definitions in the chapter *Data Reporting in General*. There you will also find a list of types of transactions that are not reportable under HMDA.

Every loan application, origination, and purchase that falls into one or more of the three categories must be reported. With some exceptions, for each transaction the lender reports data about:

- the loan, such as its type and amount;
- the property, such as its location and type;
- the disposition of the application, such as whether it was denied or resulted in an origination; and
- the applicant (namely, ethnicity, race, sex, and income).

That information must be recorded on a form known as the HMDA loan/application register (variously known as the HMDA-LAR, the LAR, or the register). A summary of the instructions for completing the LAR appears in the chapter *Completing the LAR Step by Step*.

Additional information essential to reporting property location appears in the chapter *Sources of Geographic Information (Geocoding Tools)*.

---

## Introduction

An institution must transmit its LAR to the processing agency indicated by its supervisory agency, ordinarily in electronic form, and preferably by Internet e-mail as an encrypted file (hmdaencr.enc) attachment. Instructions concerning transmittal can be found in *Submitting the LAR*. Every reporting institution must also disclose its LAR to the public after deleting information that might compromise consumer privacy. See *Disclosing the Data*.

The FFIEC, on behalf of the agencies, creates a series of tables from each institution's data. Every institution must make its tables available to the public. In addition, the FFIEC will prepare and release tables that aggregate all reporting institutions' data by metropolitan statistical area or metropolitan division. Those disclosures are discussed in more detail in *Disclosing the Data*.

### Management's Responsibilities

If your institution is required to comply with HMDA, management must ensure that:

- Procedures are in place for collecting and maintaining accurate data regarding each loan application, loan origination, and loan purchase—for home purchase loans, home improvement loans, and refinancings.
- The individuals assigned responsibility for preparing and maintaining the data understand the regulatory requirements and are given the resources and tools needed to produce complete and accurate data.

- Appropriate record entries are made on the LAR within thirty calendar days after the end of the calendar quarter in which final action occurs (such as origination or purchase of a loan, or denial or withdrawal of an application). For loans sold, the type of purchaser may be added later.
- An officer of the institution monitors the collection of the loan/application data during the course of the year for compliance with the reporting instructions, reviews the data, and certifies the accuracy of the data submitted to the institution's processing agency at year-end.
- The loan/application data are submitted annually on time (by March 1 following the calendar year of the data), and the institution responds promptly to any questions that may arise during processing of the data submitted.

**Administrative sanctions.** Given the importance of accurate and timely submission of HMDA data, a violation of the reporting requirements may subject the reporting institution to administrative sanctions, including the imposition of civil money penalties, where applicable.

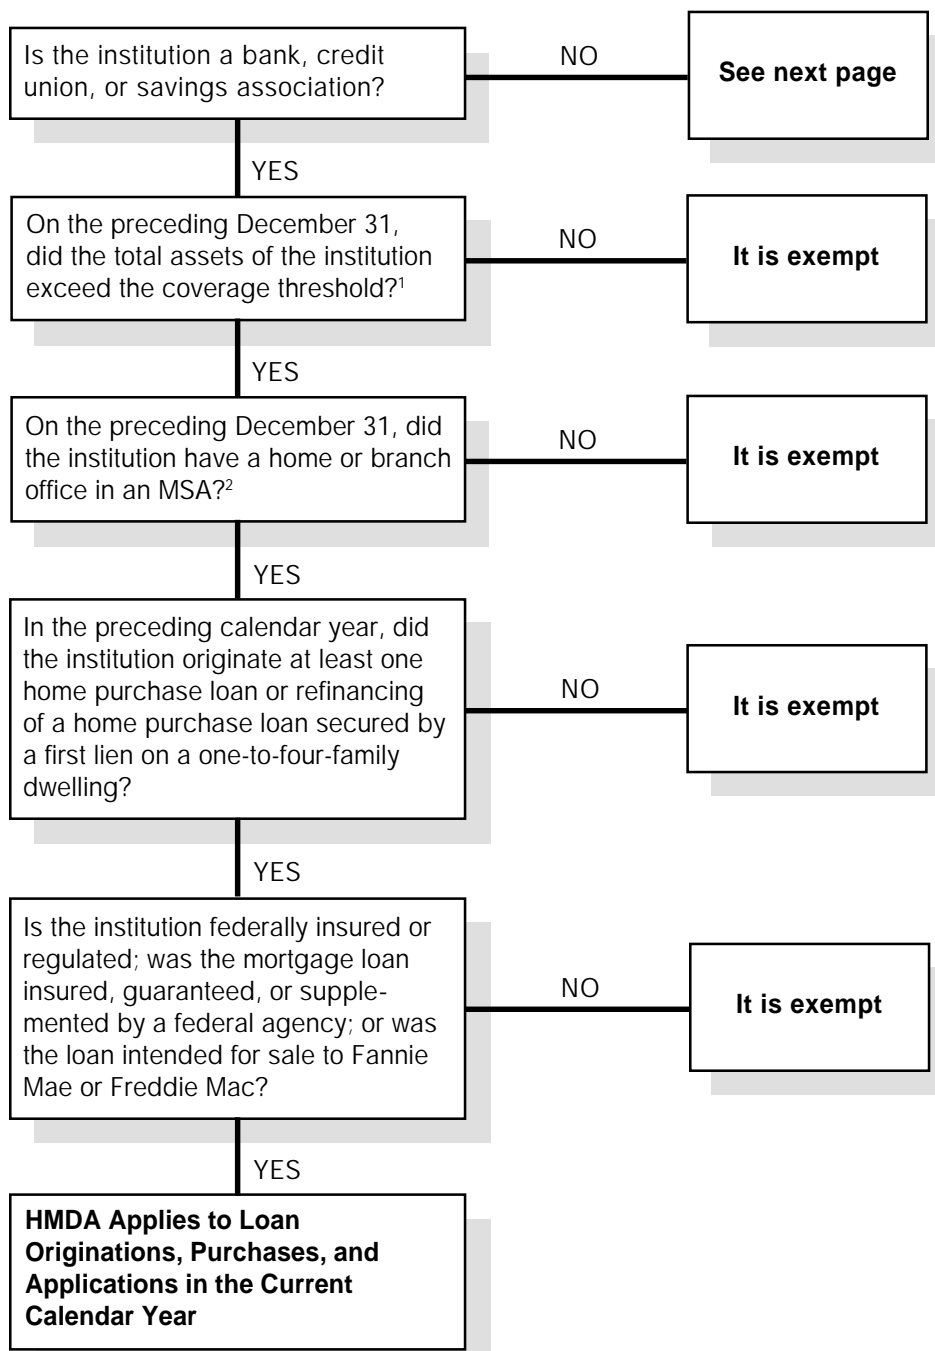

## Who Must Report

### Coverage Criteria for Depository Institutions

### Coverage Criteria

Whether a depository institution or non-depository institution is covered depends on its size, the extent of its business in an MSA, and whether it is in the business

of residential mortgage lending. The precise coverage criteria, codified in § 203.2(e) of Regulation C, are illustrated by the following diagrams.

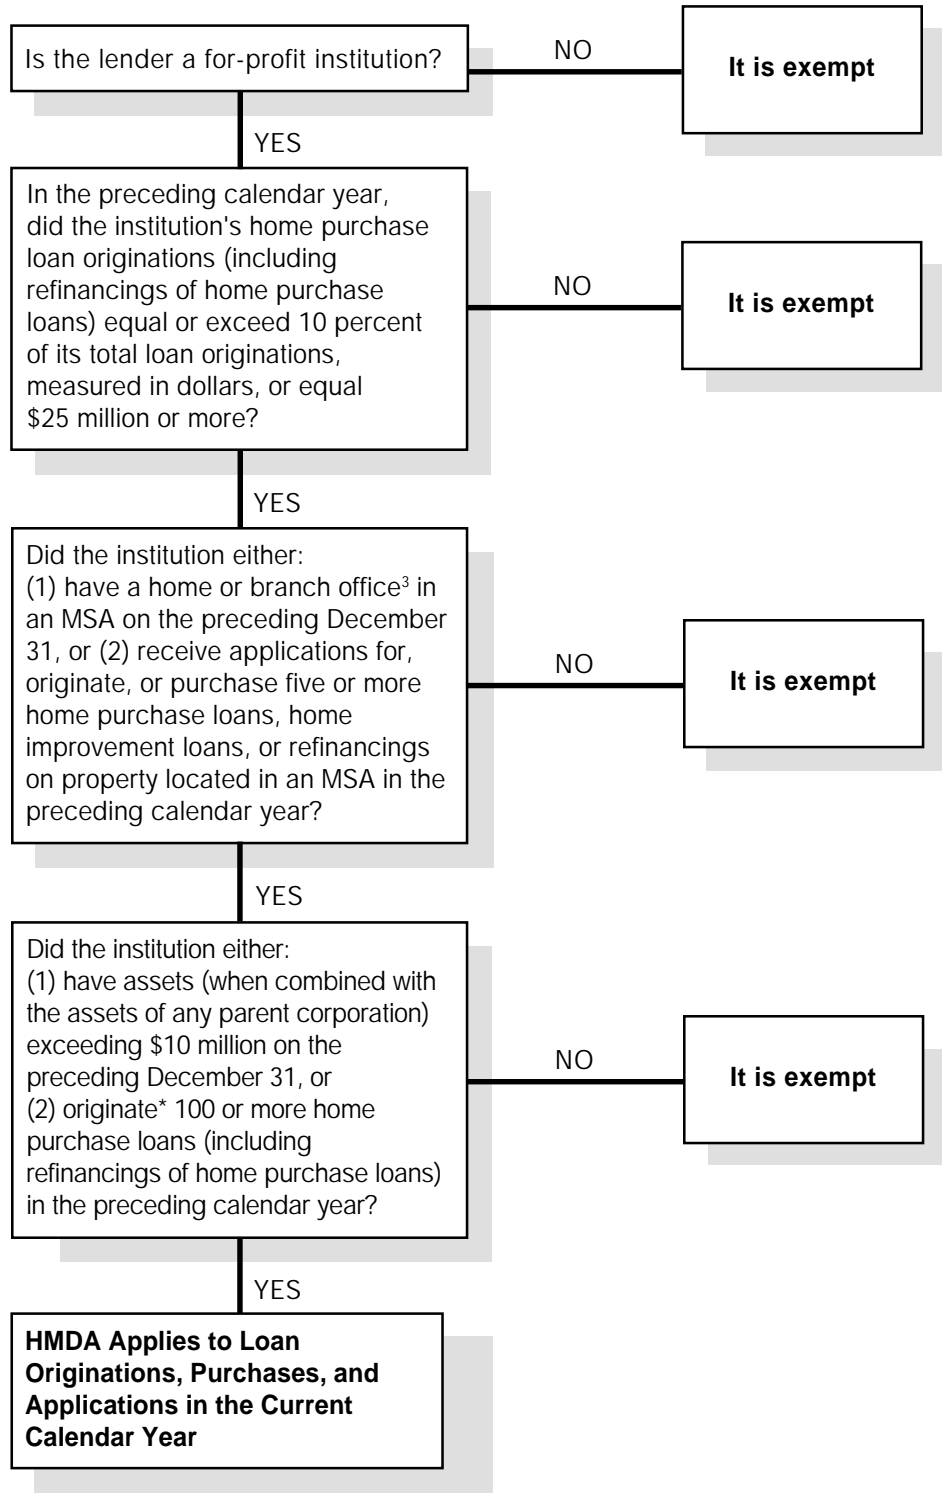

<sup>1</sup> Every December, the Federal Reserve Board will announce the threshold for the following year in the Federal Register. The asset threshold may change from year to year based on changes in the Consumer Price Index for Urban Wage Earners and Clerical Workers.

<sup>2</sup> See the next subchapter for the definition of a "branch office."

Coverage Criteria for Other Mortgage Lending Institutions

\* See staff comment 203.2(e)-4, Appendix D-4.

<sup>3</sup> See the next subchapter for the definition of a "branch office."

---

## Who Must Report

### Definition of a “Branch Office”

The term “branch office” appears in the coverage criteria for both depository and nondepository institutions. The term refers to offices of your institution, not to offices of affiliates or of other parties such as loan brokers. As defined in Regulation C at § 203.2(c), the term has different meanings for depository institutions and for nondepository institutions.

For a bank or other depository institution, branch office means an office approved as a branch by a supervisory agency (except that a branch office of a credit union is any office where member accounts are established or loans are made, whether or not the office has been approved as a branch by a federal or state supervisory agency). The term does not include other offices where the institution merely takes loan applications, nor does it include automated teller machines (ATMs).

For other types of institutions, such as mortgage companies, branch office refers to any office that takes applications from the public for home purchase loans, home improvement loans, or refinancings. Those entities also are considered to have a branch office in any MSA where in the preceding year they received applications for, originated, or purchased five or more loans for home purchase, home improvement or refinancing related to property located in that MSA—whether or not they had a physical office there. As a result, a nondepository lender not covered by HMDA in the current calendar year must keep sufficient geographic records of lending in the current calendar year to determine whether it is covered in the following year.

### Mergers and Acquisitions

When a merger or an acquisition takes place questions often arise about how and when to report HMDA data. The five scenarios described below should answer many questions. You can refer others to your federal supervisory agency for resolution.

- Two institutions merge, producing a successor institution whose assets exceed the asset threshold for coverage. Both were previously exempt because of asset size. The successor institution’s first HMDA data collection will be for the calendar year following the year of the merger. No data collection is required for the year of the merger.
- Two institutions merge, one covered and one exempt. The covered institution is the surviving institution. For the year of the merger, data collection for loan applications, origination, and purchases is required for the covered institution’s transactions and is optional for transactions handled in offices of the previously exempt institution.
- Two institutions merge, one covered and one exempt. The exempt institution is the surviving institution, or a new institution is formed. Data collection for loan applications, origination, and purchases is required for transactions of the covered institution that take place prior to the merger. Data collection is optional for transactions taking place after the merger date.
- Two covered institutions merge. The surviving or resulting institution must report complete data for the year in which the merger occurred; the institution has the option of filing a consolidated report or separate reports for that year.

---

## Who Must Report

If the institutions reported to different agencies before the merger, the reports for the year in which they merged and all subsequent reports must be submitted to the agency designated by the supervisory agency of the surviving or resulting institution to receive that institution's data.

For guidance on the Respondent ID (RID) number and agency code to use for HMDA reports in merger situations, e-mail the details of the merger to **HMDAHELP@frb.gov**.

- A covered institution purchases HMDA-related loans in bulk from another entity (for example, from a failing institution). As neither a merger with nor acquisition of an institution, nor an acquisition of a branch, is involved, the purchasing institution must report those loans as "purchased loans."

## Exemptions Based on State Law

State chartered institutions located in a state that has enacted a mortgage disclosure law may be granted an exemption from HMDA if they are subject to state law requirements that are substantially similar to federal requirements and there are adequate provisions for enforcement. Those institutions will submit the required information to their state supervisory agency. Institutions will be informed by their state supervisory agency when such an exemption has been granted. As of publication, no state exemptions are in effect.

## Brokered or Correspondent Loans: Who Reports?

When a covered institution makes a loan through a third party such as a broker, the institution, rather than the third party, reports the loan if the institution makes the credit decision. Data on loan applications that do not result in an origination must also be reported by the entity that makes the credit decision. Consult staff comments 203.1(c)-2 through -7 for more guidance.

## Data Reporting In General

### The Loan/Application Register (LAR)

HMDA requires covered institutions to compile and disclose on a calendar-year basis data about applications for, originations of, and purchases of home purchase loans, home improvement loans, and refinancings. Information about each application or loan, and about each applicant or borrower, is reported on a loan-by-loan, application-by-application basis on a loan/application register (LAR, or register). The LAR must be completed in accordance with Regulation C (Appendices A–C to this *Guide*) and the staff commentary (Appendix D to this *Guide*).

Appendix A to Regulation C (Appendix A to this *Guide*) prescribes the format of the LAR, including the fields' names, sizes, and order. An electronic copy of the LAR is available at [www.ffiec.gov/hmda](http://www.ffiec.gov/hmda). You need not use the form that appears in the appendix, but your layout must follow its format. The regulation does not prescribe the order in which the loans appear on your register, and the loans need not be grouped by type or other variable.

A LAR for a given calendar year must contain all reportable applications that reached final action (e.g., origination of a loan, denial of an application) in that year, regardless in which year the application was submitted. The LAR should exclude applications that have not yet reached a final action; those applications should appear on the LAR for the calendar year in which they reach final action.

### Separate or Combined Registers?

You may prefer to keep a separate register for each of the different categories of loans—or even separate registers at different branches. Keep in mind, however, that the application or loan identifiers must be *unique* within your institution. For example, if your report contains data from several branch offices, and each branch keeps its own register, assign codes or series of numbers to each branch to avoid duplication. Send all the registers for your institution to your processing agency in a consolidated report or automated file annually by March 1 following the calendar year of the data. See page 25.

**Quarterly updates.** Regulation C requires quarterly updates of the LAR. A covered institution must record a transaction on the LAR within thirty days after the end of the calendar quarter in which final action on the transaction is taken (such as origination or purchase of a loan, or denial of an application). Your regulator may require you to update the data more frequently than Regulation C requires.

### Practical Tips for Quarterly Updates:

- If you use an outside servicer to geocode property locations, make appropriate arrangements to have geocoding completed on a timely basis.
- In some cases you may be able to wait until the loan transaction is complete to determine the census tract number (for example, from the appraisal report) and still meet the quarterly updating requirement. But keep in mind that census tract numbers are also required for loan applications that are denied or withdrawn.

---

## Data Reporting in General

- For loans sold in a later quarter, the field for “type of purchaser” may be filled in later, after the sale.

**Annual submission.** An institution must send the LAR to the address indicated by its supervisory agency no later than March 1 following the calendar year of the loan data. See page 25.

### Transactions to be Reported

An application or loan is reported if it falls into one or more of the following three categories: home purchase loan, home improvement loan, or refinancing.

1. A **home purchase** loan is any loan secured by and made for the purpose of purchasing a dwelling.
2. A **home improvement** loan is (a) any dwelling-secured loan to be used, at least in part, for repairing, rehabilitating, remodeling, or improving a dwelling (or the real property on which the dwelling is located) or (b) any loan not secured by a lien on a dwelling to be used, at least in part, for one or more of those purposes that is classified as a home improvement loan by the institution.
3. A **refinancing** is any dwelling-secured loan that replaces and satisfies another dwelling-secured loan to the same borrower. See page 29.

**Home equity lines of credit** (HELOCs) for home purchase or improvement may be reported at the institution’s option. Report only the amount that is intended for home purchase or home improvement purposes. An institution that reports home equity credit line originations must also report any applications that do not result in an origination.

### Information to be Reported about Each Transaction

Every application, origination, and purchase that falls into one or more of the three categories (home purchase, home improvement, refinancing) must be reported as a separate line item on the LAR. With some exceptions, for each transaction the lender reports data about:

- the loan, such as type and amount;
- the property, such as location and type;
- the disposition of the application, such as originated or denied; and
- the applicant(s), namely, ethnicity, race, sex, and income.

For more detail, see *Completing the Register Step by Step* and Appendix A.

---

## Transactions Not to be Reported

The following transactions are excluded from reporting under HMDA:

- Loans made or purchased in a fiduciary capacity.
- Loans on unimproved land.
- Construction loans and other temporary financing (but construction-permanent loans must be reported).
- Purchase of an interest in a pool of mortgages, such as a mortgage participation certificate, a real estate mortgage investment conduit (REMIC), or a mortgage-backed security.
- Purchase solely of loan servicing rights.
- Loans acquired as part of a merger or acquisition, or as part of the acquisition of all of the assets and liabilities of a branch office (defined at page 5).
- The acquisition of only a partial interest in a home purchase or home improvement loan or a refinancing by your institution, even if you have participated in the underwriting and origination of the loan (such as in certain consortium loans).
- Prequalification requests for mortgage loans, as opposed to preapproval requests, which must be reported. See comment 203.2(b)-2.
- Assumptions not involving a written agreement between the lender and the new borrower.

# Completing the LAR Step by Step

For guidance on reporting applications taken before January 1, 2004 on which final action is taken after January 1, 2004, see staff comment 203.4(a)-4.

For each application or loan, every column field must be completed except "reasons for denial," which is optional under Regulation C. For institutions regulated by the OTS or OCC, however, completion of the "reasons for denial" is required by those agencies' regulations. (The regulation cite for OCC is 12 CFR 27.3(a)(1)(i); for OTS, it is 12 CFR 528.6)).

### Caveat

The following guide to completing the LAR is a general statement of the requirements of Regulation C. To be able to comply fully with the regulation, you must be familiar with the more detailed instructions in Regulation C (Appendix C to this *Guide*), including the field-by-field instructions in the regulation's Appendix A (Appendix A to this *Guide*), and in the staff commentary to Regulation C (Appendix D to this *Guide*).

For reader convenience, each section below contains references to relevant sections of Regulation C and the staff commentary.

## Application or Loan Information

- Identification number.** You may enter any identifier (up to 25 characters long) that can be used later to retrieve the particular loan or application to which the entry relates. To ensure consumers' privacy, it is strongly recommended that institutions not use applicants' or borrowers' names or social security numbers on the LAR.

The identifier must be unique among all entries from your institution. For example, if your report contains data from several branches, and each branch keeps its own register, make sure that you assign a code (or a series of numbers) to each branch to avoid duplication.

For more information, see Appendix A, I.A.1. and staff comment 203.4(a)(1)-4.

## Completing the LAR Step by Step

### **MULTIPURPOSE LOAN**

If a loan falls into more than one of the three categories, report the loan under just one category according to the following rule. If the loan is a home purchase loan, report it as such even if it is also a home improvement loan and/or refinancing; if the loan is not a home purchase loan but is a home improvement loan and a refinancing, report it as a home improvement loan. See staff comments 203.2(g)-5, .2(h)-7, and .4(a)(3)-2.

- **Occupancy.** For a one-to-four-family dwelling, including a manufactured home, indicate whether the property to which the loan or application relates will be the owner's principal dwelling. For multifamily dwellings (housing five or more families), and for any dwellings located outside MSAs or in MSAs where you do not have home or branch offices, you may enter either the code for "not applicable" or the code for the occupancy status. For more information, see Appendix A, I.A.6, and staff comment 203.4(a)(6)-1.
- **Loan amount.** Report the dollar amount granted or requested in thousands. For example, if the dollar amount was \$95,000, enter 95; if it was \$1,500,000, enter 1500. Round to the nearest thousand; round \$500 up to the next thousand. For example, if the loan was for \$152,500, enter 153. But if the loan was for \$152,499, enter 152. Do not report loans of less than \$500. If a preapproval request was denied and the borrower did not state a loan amount, enter 1. Further information

can be found in Appendix A, I.A.7. For guidance concerning counteroffers, multipurpose loans, HELOCs, and assumptions, see the staff comments to Regulation C § 203.4(a)(7).

For submissions in automated form, your reporting program should add leading zeros to the loan amount to fill out the column (for example, for a loan amount of \$95,000, enter 00095). Leading zeros are not required for submissions in paper form.

- **Request for preapproval.** If the loan applied for or originated is a home purchase loan, indicate whether the application or loan was initiated by a request for preapproval. If your institution does not have a covered preapproval program, enter the code for "not applicable." Those instructions are reflected in Appendix A, I.A.8. To determine whether your institution has a covered preapproval program, consult Regulation C § 203.2(b) and the staff comments to that provision. Do not report requests for prequalification. See comment 203.2(b)-2.

### Action Taken

- **Type of action.** Use the appropriate code to categorize the entry as a loan origination, a purchased loan, or an application (including a preapproval request) that did not result in an origination. For guidance concerning counteroffers, conditional approvals, and other circumstances, see Appendix A, I.B.1., and the staff comments to Regulation C § 203.4(a)(8).

■ **Date of action taken.** Enter the settlement or closing date for originations. For applications (including preapproval requests) that did not result in an origination, enter the date when the final action was taken (e.g., the application was denied or the file was closed for incompleteness) or when the notice of the action was sent to the applicant. For an application that was expressly withdrawn by the applicant, you may enter either the date shown on the applicant's letter or the date that you received the letter or notice. For guidance concerning applications that are approved but not accepted, see staff comment 203.4(a)(8)-5. For loans that you originate, see comment 203.4(a)(8)-6 for further guidance. For loans that your institution purchases, enter the date of the purchase. For more information, see Appendix A, I.B.2.

## Property Location

■ **MSA/MD number, state code, and county code.** Report the five-digit metropolitan statistical area (MSA) number or, if available, the five-digit metropolitan division (MD) number; the two-digit code for the state; and the three-digit code for the county. Enter those codes for any loan or loan application on property located in an MSA where you have a home or branch office. See page 5 for guidance on the meaning of "branch office." If the property is located outside the MSAs where you have a home or branch office (or outside any MSA) and you are not required to report data under the Community Reinvestment Act (CRA), you may enter the applicable codes or you may enter "NA" in every column. See page 15 for guidance on CRA reporting requirements. You may also enter "NA" for every geography field (including census tract) if a preapproval request was denied, or approved but not accepted by the applicant.

		Action Taken			Property Location				Ethnic

## Completing the LAR Step by Step

MSA/MD numbers, state codes, and county codes can be found in Appendix F. Codes are subject to change; updates will be posted on [www.ffiec.gov/hmda](http://www.ffiec.gov/hmda) as needed.

In the case of a nondepository institution, geographic data are also required for properties in any MSAs in which you originated, purchased, or received applications for five or more home purchase or home improvement loans in the preceding calendar year—whether or not your institution had a physical office there. See page 5. Therefore, a nondepository institution might enter geographic data routinely for any property in an MSA.

All covered institutions must report geographic data not just for loan applications and originations, but also for loans they purchase, even if the loan originator did not collect the geographic information.

- **Census tract number.** Use only the numbers assigned in the 2000 census. Numbers from a different year are not acceptable, as the FFIEC will use 2000 demographic data in preparing tables of the data submitted by reporting institutions.

Record each census tract number, showing any decimal points precisely as shown on Census Bureau documents. Add leading and trailing zeros to fill out the column, even though the number is not shown with leading or trailing zeros on the Census documents. For example, report census tract 8.02 as 0008.02, not 802, 0802, or 8; and report census tract 1012 as 1012.00.

You may enter “NA” for the census tract number if the property is located in a county with a population of 30,000 or less as of the 2000 census, even if the population later exceeded 30,000 (but you must enter the MSA number, state code, and county code). As of the 2000 census, every area of the country is in a census tract. Accordingly, Block Numbering Areas (BNAs) no longer exist.

For more instructions on reporting geographic information, see Appendix A, I.C and the staff comments to Regulation C § 203.4(a)(9).

Information about how to obtain reliable geographic information can be found in the chapter, *Sources of Geographic Information (Geocoding Tools)*.

Some institutions rely on appraisers to identify the census tract numbers. Others arrange for data processors to “geocode” loans. Whatever method you choose to follow, the ultimate responsibility for the accuracy of the data—and for ensuring that 2000 census tract numbers are used—rests with your institution. An incorrect entry for a particular census tract number is a violation unless your institution maintains reasonable procedures to avoid such errors—for example, by conducting periodic checks of the tract numbers obtained from your data processor, if you use one.

**Institutions subject to CRA reporting rules.** Under the Community Reinvestment Act (CRA) regulations, banks and savings associations not defined by those regulations as “small” must report the property location in all cases, even for properties located outside those MSAs in which they have a physical home or branch office (or outside of any MSA). The only exception to this rule is for property in a county with a population of 30,000 or less in the 2000 census. In that case, the bank or savings institution may enter either “NA” or the census tract number, at its option. See Appendix A, I.C.3 and 6.

Example: A bank subject to CRA with assets of \$3 billion receives an application for a loan on property located in a rural, non-MSA area. The bank must enter the property location as follows: for MSA, NA; for state, the correct state code; for county, the correct county code; and for census tract, the correct census tract number (unless the county has a population of 30,000 or less, in which case “NA” may be entered in the census tract field).

## Applicant Information

- Ethnicity, race, and sex of the applicant.** Report ethnicity, race, and sex both for loans that you originate and for loan applications that do not result in an origination. At your option, you may report those data for loans that you purchase. Report the data for the applicant and for the co-applicant, if there is one. If there is no co-applicant, use the numerical code for “no co-applicant” in the “co-applicant” column. For more information, see Appendix A, I.D., Appendix B, and the staff comments to Regulation C § 203.4(a)(10).
- Income of the applicant.** If an application relates to a one-to-four-family dwelling, enter the total gross annual income your institution relied on in making the credit decision. For example, if your institution relied on an applicant’s salary to compute a debt-to-income ratio, and also relied on the applicant’s annual bonus to evaluate creditworthiness, report the salary *and* the bonus. Report the amount in thousands, rounded to the nearest thousand (\$500 should be rounded up to the next thousand).

## Completing the LAR Step by Step

Enter "NA" if

- your institution does not take the applicant's income into account,
- the loan or application is for a multifamily dwelling,
- the transaction is a loan purchase and you choose not to collect the information, or
- the transaction is a loan to, or application from, an employee of your institution and you seek to protect the employee's privacy, even though you relied on his or her income, or
- the borrower or applicant is a corporation, partnership, or other entity that is not a natural person.

For more information, see Appendix A, I.D, and the staff comments to Regulation C § 203.4(a)(10).

### Sale of the Loan

- **Type of purchaser.** If you sell a loan in the same calendar year in which it was originated or purchased, you must identify the type of purchaser to whom it was sold. If the loan is sold to more than one purchaser, use the code for the entity purchasing the greatest interest. If you sell only a portion of the loan, retaining a majority interest, do not report the sale. If you do not sell the loan during the same calendar year, or if the application did not result in a loan origination, enter the code "0" (zero). For more information, see Appendix A, I.E., and staff comments 4(a)(11)-1 & -2.

### Reasons for Denial

- Recording reasons for denial is optional, except for institutions supervised by the OTS or OCC, which are required by those agencies' regulations to record denial reasons. You may provide as many as three reasons why a loan application was not approved. If your institution uses the model checklist provided by Regulation B to give reasons for credit denials, consult Appendix A, I.F, for guidance on which reasons correspond to the codes used in Regulation C. Leave this column blank if the "action taken" on the application is not a denial. For example, do not complete this column if the application was withdrawn or the file was closed for incompleteness.

### Loan Price and Lien Status

- **Rate spread.** For a home purchase loan, a refinancing, or a dwelling-secured home improvement loan that you originated, report the spread (difference) between the annual percentage rate (APR) and the applicable Treasury yield if the spread is equal to or greater than 3 percentage points for first-lien loans or 5 percentage points for subordinate-lien loans. Otherwise, report the code for "not applicable." For further instructions, consult Appendix A, I.G, and staff comment 203.4(a)(12)-1. A calculator to aid you in determining what number, if any, to report in this field can be found at [www.ffiec.gov/hmda](http://www.ffiec.gov/hmda). If you create your own calculator, you will need the Treasury yield data in the table "Treasury Securities of Comparable Maturity under Regulation C," available at the same web address.

■ **HOEPA Status.** Report whether each loan you originated or purchased is covered by the Home Ownership and Equity Protection Act of 1994 (HOEPA), as implemented in Regulation Z (12 CFR § 226.32). For further guidance, see Appendix A, I.G.3. Coverage under HOEPA, which requires special disclosures and regulates the terms of covered loans, is determined by comparing a loan's APR and its points and fees to triggers specified in the regulation. See 12 CFR § 226.32(a) and (b).

■ **Lien Status.** For every originated loan, report whether the loan is secured by a first or subordinate lien on a dwelling or is not secured by a dwelling. For every application that does not result in an origination, report whether the loan would be secured by a first or subordinate lien on a dwelling or would not be secured by a dwelling. Instructions can be found in Appendix A, I.H. Lien status is to be determined by reference to the best information readily available to the lender at the time of final action and to the lender's own procedures. For further guidance, see staff comment 203.4(a)(14)-1.

Applicant Information					Type of Purchaser of Loan	Reasons for Denial (optional)	Other Data		
Race		Sex		Gross Annual Income in thousands			Rate Spread	HOEPA Status	Lien Status

## Sources of Geographic Information (Geocoding Tools)

To report geographic data accurately, your institution will need information about MSA/MD boundaries, which are defined by the Office of Management and Budget. You can find MSA/MD numbers by county in Appendix F. You can also obtain information on current and historical MSA/MD boundaries at [www.census.gov](http://www.census.gov): select Subjects A–Z, then M, then Metropolitan and Metropolitan Statistical Areas, then Current lists of metropolitan and micropolitan statistical areas—metropolitan statistical areas and components.

A list of all valid census tract numbers in each MSA can be produced from the Census Data CD-ROM. The CD-ROM can be purchased via the FFIEC CRA/HMDA Data Order Form (item #303) that is located on the web ([www.ffiec.gov/hmda/orderform.htm](http://www.ffiec.gov/hmda/orderform.htm)). The list will help ensure that you are using only valid census tract numbers; however, the list is not a tool for “geocoding” your HMDA data.

You may choose from various products available from the U.S. Census Bureau for determining the correct 2000 census tract number for a given property. The Census Bureau, however, is not able to assist in preparing the LAR.

### **Do not use sources with 1990 census tract numbers.**

To report geographic data, you will also need one or more of the following tools:

- Census Tract Street Address Lookup Resources;
- Census Tract Outline Maps (Census 2000) along with an up-to-date local reference map;
- LandView® 5, a Census Bureau product with maps and a look-up application.

## Census Tract Street Address Lookup Resources

Several Internet-based products permit you to look up a census tract number, given a street address:

1. The U.S. Census Bureau’s American FactFinder (AFF) application, at <http://factfinder.census.gov/>.
2. The FFIEC’s application for HMDA and CRA reporters, at <http://www.ffiec.gov/geocode/default.htm>.
3. The Census Bureau’s LandView® 5 has a new feature that allows users to map and geocode an address to a census tract. LandView® 5, produced by the Census Bureau Geography Division, is an authoritative resource for determining census tract numbers for a given address or a specific location on the map.

Note: the U.S. Census Bureau has no plans to produce a Census 2000 TIGER/Census Tract Street Index®, though the Bureau is still producing other TIGER products.

## Census Tract Map Resources

**Census 2000 Tract Outline Maps.** The Census Tract Outline Map (Census 2000) product provides map sheets in Adobe® Acrobat® PDF file format (see Figure 1). Map sheets are available from the U.S. Census Bureau Map Products Internet page at [http://www.census.gov/geol/www/maps/CP\\_MapProducts.htm](http://www.census.gov/geol/www/maps/CP_MapProducts.htm).

The highly detailed maps are designed for a paper sheet size of 33 inches by 36 inches. In viewing the map images in PDF on the computer screen, the user can pan and zoom the image to locate the area of interest. Printing the entire map sheet on a much smaller sheet of paper will not provide a usable image. A user has two options for obtaining 33" x 36" copies:

- Use a large format plotter capable of printing 33" x 36" sheets. The plotter should have a PostScript card to ensure accurate reproduction of the colors and patterns of the original map. Plotter specifications for an HP 1055cm are provided at the U.S. Census Bureau Map products Internet page (above).
- Purchase a 33" x 36" copy from the U.S. Census Bureau, telephone 301-763-INFO (4636). The price is \$5.00 per map sheet, with a minimum order of 5 map sheets.

The maps show the boundaries and numbers of the census tracts as well as the named features underlying the boundaries. The outline maps do not show streets, street names, or address ranges within a census tract. Consequently, you may need to use the outline maps in combination with up-to-date local street maps.

Sources of Geographic Information (Geocoding Tools)

**LandView® 5.** LandView® 5 is a U.S. Census Bureau desktop mapping software product. (It may be ordered on a 2 DVD-ROM national set or on a custom CD-ROM for a state or group of states that will fit on the CD-ROM.) It runs on Macintosh operating systems and on Windows® 98, NT, Windows 2000, and XP.

LandView® 5 shows a detailed network of roads (containing address range information where available), rivers, and railroads along with jurisdictional and statistical boundaries (including census tracts). The information is based on the U.S. Census Bureau's Census 2000 TIGER/Lines files that reflect the street network and address ranges known to the U.S. Census Bureau as of late 1999. Besides producing custom map views that display selected user-specified map information (see Figure 2 below),

LandView® 5 also provides the capability of displaying the FIPS state and county codes, and census tract numbers for any location that a user selects on the map.

LandView® 5 also has an address finder feature that allows a user to rapidly locate a street intersection or street address range on a map for a given ZIP code. Ordering information, a fully functional demonstration copy of the software for Prince William County, Virginia, and a tutorial are available for download at: <http://landview.census.gov/geo/landview/lv5/lv5.html>.

## Submitting the LAR

### Officer's Certification and Contact Information

An officer of your institution must review the completed LAR and certify it is accurate before submitting it to your processing agency. Certification is made on the transmittal sheet that will accompany the loan/application register. A checklist to assist the officer in the review preceding certification appears in this *Guide* on page 24. A checklist for the person completing the LAR appears on the next page.

Verify that the transmittal sheet also includes the name, e-mail address, and telephone and facsimile numbers of a person at your institution who can answer questions about the report. Also verify that the transmittal sheet gives a record count of the total number of line entries on that particular submission. (If your institution has to resubmit data for any reason, the record count on the transmittal sheet must correspond to that submission.) A completed transmittal sheet must be part of your HMDA package whether you are required to submit the loan data in automated format or are permitted to submit it in paper form.

Remember that if your institution keeps separate registers for different branches or for different types of loans, all registers must be consolidated and submitted to your processing agency in a single package with one transmittal sheet.

Checklists for  
Completing and  
Certifying the  
LAR

### Checklist for Person Completing the LAR

**Regulation C requires that an officer certify the accuracy of the LAR. Before presenting the data to the certifying officer for review and signature, review the following checklist and make sure the answer to every question is “yes.” Also review the checklist provided on the next page for the certifying officer.**

	YES	NO
<b>A. Transmittal Sheet</b>		
1. Is a completed transmittal sheet included with your LAR in the automated submission (or, if your institution has 25 or fewer LAR entries and reports data in paper form, is the transmittal sheet attached to your loan register)? .....		
2. Does the transmittal sheet indicate the name and address where you want your institution's disclosure statement to be sent? .....		
3. Are the name, telephone and facsimile numbers, and e-mail address of the contact person provided? .....		
4. Does the transmittal sheet provide your institution's reporter and Federal tax identification numbers? .....		
5. Does the transmittal sheet provide a record count of the total number of line entries on that particular submission? (For example, if your institution has to resend data for any reason, the record count on the transmittal sheet must correspond to that submission.) .....		
6. If applicable, does the transmittal sheet contain the parent name, address, city, state, and zip code? .....		
<b>B. Loan/Application Register</b>		
1. Did you use the LAR format prescribed by the Federal Reserve Board? .....		
2. Does the register contain the consolidated loan data from the different divisions or branches of your institution, all of which must be submitted in one package? .....		
3. Has every column been properly completed (showing the data requested and the codes as applicable) leaving no column blank (except for the "Reasons for denial" column, which is optional for lenders other than those supervised by the OCC and OTS)? .....		
4. Are the Metropolitan Statistical Area (MSA) or Metropolitan Division (MD) numbers listed on the register five digits in length with no leading zeros? .....		
5. Do the census tract numbers listed on the register include zeros and decimal points? (Example: report census tract 8.02 as 0008.02, not 802, 0802, or 8.) .....		
6. Have the rate spreads listed on the register been entered to two decimal places, and do they include the decimal point and any leading or trailing zeros? .....		
7. Have you verified that no duplicate application or loan numbers appear in your institution's register—including the entries of any divisions or branches? (Adding a letter or digit in front of each identification number, for example, will help differentiate among the lending activity for various offices or branches.) .....		
8. Have the dollar amounts been reported in thousands and rounded to the nearest thousand? (Example: \$20,400 is 20; \$1.5 million is 1500.) .....		
9. If you meet the criteria for nonautomated submissions and are choosing to submit your register in paper form, has it been typewritten or computer printed and does it show the total number of pages? .....		
10. If you are sending your HMDA submission via e-mail, is your file properly encrypted using the FFIEC data entry software encryption utility? .....		

Checklists for  
Completing and  
Certifying the  
LAR

Checklist for the Certifying Officer

**Regulation C requires that an officer certify the accuracy of the LAR. The following checklist will help you in this review. The answer to each of questions 2–8 must be “yes.”**

	YES	NO
1. Has your institution acquired or merged with another institution during the reporting year? If so, refer to pages 5–6 of this Guide. ....		
2. If you report more than 25 entries, has your institution’s loan/application register been prepared in an automated format, using the correct format for automated reports, and following the instructions from your supervisory agency? .....		
3. Does your LAR use the same column headings in the same order as on the LAR provided in Appendix A to this Guide? (Column headings may be abbreviated, so long as the meaning remains clear.) .....		
4. Does the register include the consolidated loan data from all of your institution’s divisions or branches (including loans and applications handled by your commercial loan division, if applicable)? .....		
5. Does the register exclude loan data from any subsidiaries of your institution (which must report separately)? .....		
6. Does the register list the MSA or MD number, state and county codes, and 2000 census tract numbers for all entries for properties located in MSAs or MDs where you have a home or a branch office? .....		
7. Are all the census tract numbers on the register from the 2000 census tract series? .....		
8. If your institution is required under Community Reinvestment Act regulations to report property location outside MSAs or MDs where you have offices, have these data been entered? .....

## Submitting the LAR

### Editing the Data

Before submission, the data must be checked using edits supplied by the FFIEC. The edits are included in the agency-supplied data entry software, and are also available at [www.ffiec.gov/hmda/edits.htm](http://www.ffiec.gov/hmda/edits.htm). You may use equivalent edits incorporated in software you have purchased from vendors or have developed in-house.

Visit the HMDA web site ([www.ffiec.gov/hmda](http://www.ffiec.gov/hmda)), e-mail [HMDAHelp@frb.gov](mailto:HMDAHelp@frb.gov) or call the HMDA assistance line at (202) 452-2016 for more information about the edits.

### Transmitting the Data

A separate and complete LAR shall be transmitted for each institution. For example, submit one LAR for a bank and a separate LAR for a subsidiary of the bank (see Regulation C, 203.5(a)(2)).

Institutions that report 25 or fewer entries on their LAR may report the data in paper form. All others must submit HMDA reports in an automated, machine-readable form. To facilitate automated reporting, the agencies provide HMDA data entry software that can be downloaded free of charge from the FFIEC web site ([www.ffiec.gov/hmda/softinfo.htm](http://www.ffiec.gov/hmda/softinfo.htm)).

Internet e-mail of an encrypted file (hmdaencr.enc) is the encouraged method of transmission for respondents supervised by the FRS, FDIC, NCUA, OCC, OTS, or HUD. You must first install the Internet Submission software that is included on the free FFIEC HMDA data entry software provided by the agencies. When you are ready to export your data, select the "Export to Regulatory Agency via Internet E-mail" option in the data entry software and complete the steps as directed. Then, complete the instructions to prepare your HMDA submission for transmission over the Internet (see "Preparing the Submission for Internet E-mail Transmission" found in the FFIEC HMDA data entry software). The Internet e-mail addresses can be found in the Glossary of the data entry software and at [www.ffiec.gov/hmda/contact.htm](http://www.ffiec.gov/hmda/contact.htm). (Use of any other export option or Internet Submission product will result in the creation of a submission that is NOT acceptable.) Detailed instructions for Internet e-mail submission and file encryption of the HMDA data are included with the file formats on the web ([www.ffiec.gov/hmda/fileformats.htm](http://www.ffiec.gov/hmda/fileformats.htm)).

The other acceptable methods of automated transmission are diskette and CD-ROM pursuant to the applicable technical specifications. The technical specifications for respondents regulated by FRS, FDIC, NCUA, OCC, OTS, or HUD can be found on the FFIEC web site ([www.ffiec.gov/hmda/fileformats.htm](http://www.ffiec.gov/hmda/fileformats.htm)).

## Submitting the LAR

### Resubmitting the Data

An institution is expected to submit valid and accurate HMDA data that have been checked using edits approved for the particular calendar year. If an institution is to resubmit its data, it should send a complete resubmission; it should not send partial resubmissions.

If you are resubmitting, then, after you correct your data, follow the same steps you would in creating your initial submission (batch edit, export data, transmit data, receive edit report and sign off on the confirmation sheet).

Transmit the entire corrected file via Internet e-mail, CD-ROM, or diskette. (See the discussion on Internet e-mail transmissions on page 25.) Clearly mark your resubmission as a "Complete Resubmission of CCYY data." Also include the **reason for your resubmission** along with the other information asked for in the Internet e-mail, diskette, or CD-ROM file specifications (for example, respondent name, identification number, agency code, processing year, contact name, phone number, LAR count being transmitted, etc.).

If you choose the Internet e-mail option to transmit your data, send a complete resubmission to **hmdasub@frb.gov**. If you choose the diskette or CD-ROM option, mail (preferably overnight) the file to:

Federal Reserve Board  
Attention: HMDA Processing,  
(Enter Agency OCC, FDIC, OTS,  
NCUA or HUD)  
20<sup>th</sup> and Constitution Avenue MS N502  
Washington, DC 20551-0001

FRS resubmission addresses are available at **[www.ffiec.gov/hmda/contactFRS.htm](http://www.ffiec.gov/hmda/contactFRS.htm)**.

---

## Disclosing the Data

### Disclosure of a Modified LAR

Institutions must make their LAR data—modified to protect privacy interests of applicants and borrowers—available to the public upon request in electronic or printed form. **Three fields must be deleted: the application or loan number, the date the application was received, and the date the action was taken.** Aside from those three modifications, Regulation C does not permit deletions. Nor does Regulation C require any changes to the format or order of the data before their disclosure. Nevertheless, institutions are strongly encouraged to make the data available in census tract order, if possible.

A modified register must be available no later than March 31 for requests made on or before March 1 following the year to which the data relate, and within 30 days for requests made after March 1. The modified register must continue to be made available to the public for three years.

### Disclosure Statements Prepared by the FFIEC

Using data from each institution's LAR, the FFIEC will prepare and post to the Internet ([www.ffiec.gov/hmda](http://www.ffiec.gov/hmda)) a series of tables that will comprise the institution's disclosure statement.

An institution must make the statement available to the public for inspection and copying at its home office in printed or electronic form within three business days of the disclosure statement's posting to the Internet. In addition, if an institution has branch offices in other MSAs/MDs, it must make available an MSA/MD-specific disclosure in one of two ways:

- by making the statement available in at least one branch office in every MSA/MD other than the MSA/MD of the home office, within ten business days of receipt from the FFIEC, or
- by posting an address for requesting copies in every branch office in an MSA/MD (other than branches in the MSA/MD of the home office) and responding to written requests within fifteen calendar days.

The institution may charge a reasonable fee to cover costs incurred.

The disclosure statement must remain available to the public for five years, and an institution must post a notice about its availability in the lobby of its home office and each branch office located in an MSA/MD. See the suggested text for the poster in staff comment 203.5(e)-1.

### Aggregate Tables Prepared by the FFIEC

In addition to preparing individual disclosure statements, the FFIEC will combine the HMDA data submitted by all reporting institutions and produce aggregate tables for each MSA/MD. The FFIEC will also produce tables for each MSA/MD showing the lending patterns according to demographic characteristics provided by the Census Bureau, such as age of housing stock.

The FFIEC will make available copies of the individual disclosure statements, MSA/MD aggregate tables, and other HMDA data products on the FFIEC web site, [www.ffiec.gov/hmda](http://www.ffiec.gov/hmda).

## Glossary

**Branch office.** For banks and thrifts, a branch office is an office approved as a branch by a supervisory agency. For credit unions, a branch office is any office where member accounts are established or loans are made, whether or not the office has been approved as a branch by a federal or state agency. A branch office does not include offices of affiliates or loan brokers, offices of the institution where loan applications are merely taken, or ATMs and other electronic terminals.

For mortgage companies and other nondepository institutions, a branch office is an office where the institution takes applications from the public for home purchase or home improvement loans or refinancings. Those institutions also are considered to have a branch office in any MSA where, in the preceding year, they received applications for, originated, or purchased five or more home purchase or home improvement loans or refinancings (whether or not they had a physical office there).

**Census tract.** A census tract is a small geographic area. Census 2000 assigned census tract numbers to all areas of the U.S. and some U.S. territories and possessions. Census tract numbers are unique within a county. Institutions are required to use census tract numbers from the Census 2000 series.

**Dwelling.** Dwelling means any residential structure, whether or not attached to real property. It includes vacation or second homes and rental properties; multifamily as well as one-to-four-family structures; individual condominium and cooperative units; and manufactured and mobile homes. It excludes recreational vehicles such as boats and campers, and transitory residences such as hotels, hospitals, and college dormitories.

**Home improvement loan.** A home improvement loan is (a) any dwelling-secured loan to be used, at least in part, for repairing, rehabilitating, remodeling, or improving a dwelling or the real property on which the dwelling is located, and (b) any loan not secured by a lien on a dwelling (i) that is to be used, at least in part, for one or more of those purposes and (ii) that is classified as a home improvement loan by the institution.

**Home purchase loan.** A home purchase loan is any loan secured by and made for the purpose of purchasing a dwelling. See the definition of "dwelling."

**LAR.** The term LAR refers to the loan/application register format that has been prescribed for reporting HMDA data. Computer-generated reports must conform to the format of the LAR.

**MD.** MD stands for "metropolitan division." A metropolitan division is a subset of an MSA having a single core with a population of 2.5 million or more. For reporting and disclosure purposes of HMDA, an MD is the relevant geography, not the MSA of which it is a division.

**MSA.** MSA stands for "metropolitan statistical area." For purposes of HMDA, the term is interchangeable with "metropolitan area." The underlying concept of an MSA is that of a core area containing a large population nucleus, together with adjacent communities having a high degree of economic and social integration with that core. MSAs are composed of entire counties or county equivalents. Every MSA has at least one urbanized area with a population of 50,000 or more.

---

## Glossary

**Refinancing.** A refinancing is any dwelling-secured loan that replaces and satisfies another dwelling-secured loan to the same borrower. The purpose of the loan being refinanced is not relevant to determining whether the new loan is a refinancing for HMDA purposes. Nor is the borrower's intended use of any additional cash borrowed relevant to determining whether the loan is a refinancing, though the borrower's intended use of the funds could make the transaction a home improvement loan or a home purchase loan. See the definitions of "home purchase loan" and "home improvement loan." Also see the rule on multipurpose loans on page 12.

###### 2. **Date Application Received.**

- a. Enter the date the loan application was received by your institution by month, day, and year. If your institution normally records the date shown on the applica-

tion form you may use that date instead. Enter "NA" for loans purchased by your institution. For paper submissions only, use numerals in the form MM/DD/CCYY (for example, 01/15/2003). For submissions in electronic form, the proper format is CCYYMMDD.

###### 3. **Type of Loan or Application.**

Indicate the type of loan or application by entering the applicable code from the following:

- Code 1—Conventional (any loan other than FHA, VA, FSA, or RHS loans)
- Code 2—FHA-insured (Federal Housing Administration)
- Code 3—VA-guaranteed (Veterans Administration)
- Code 4—FSA/RHS-guaranteed (Farm Service Agency or Rural Housing Service)

###### 4. **Property Type.** Indicate the property type by entering the applicable code from the following:

- Code 1—One- to four-family dwelling (other than manufactured housing)
- Code 2—Manufactured housing
- Code 3—Multifamily dwelling

- a. Use Code 1, not Code 3, for loans on individual condominium or cooperative units.

- b. If you cannot determine (despite reasonable efforts to find out) whether the loan or application relates to a manufactured home, use Code 1.

### Form and Instructions for Completion of HMDA Loan/Application Register

5. **Purpose of Loan or Application.** Indicate the purpose of the loan or application by entering the applicable code from the following:

Code 1—Home purchase  
Code 2—Home improvement  
Code 3—Refinancing

- a. Do not report a refinancing if, under the loan agreement, you were unconditionally obligated to refinance the obligation, or you were obligated to refinance the obligation subject to conditions within the borrower's control.

6. **Owner Occupancy.** Indicate whether the property to which the loan or loan application relates is to be owner-occupied as a principal residence by entering the applicable code from the following:

Code 1—Owner-occupied as a principal dwelling  
Code 2—Not owner-occupied as a principal dwelling  
Code 3—Not applicable

- a. For purchased loans, use Code 1 unless the loan documents or application indicate that the property will not be owner-occupied as a principal residence.
- b. Use Code 2 for second homes or vacation homes, as well as for rental properties.
- c. Use Code 3 if the property to which the loan relates is a multifamily dwelling; is not

located in a metropolitan area; or is located in a metropolitan area in which your institution has neither a home nor a branch office. Alternatively, at your institution's option, you may report the actual occupancy status, using Code 1 or 2 as applicable.

7. **Loan Amount.** Enter the amount of the loan or application. Do not report loans below \$500. Show the amount in thousands, rounding to the nearest thousand (round \$500 up to the next \$1,000). For example, a loan for \$167,300 should be entered as 167 and one for \$15,500 as 16.

- a. For a home purchase loan that you originated, enter the principal amount of the loan.
- b. For a home purchase loan that you purchased, enter the unpaid principal balance of the loan at the time of purchase.
- c. For a home improvement loan, enter the entire amount of the loan—including unpaid finance charges if that is how such loans are recorded on your books—even if only a part of the proceeds is intended for home improvement.
- d. If you opt to report home-equity lines of credit, report only the portion of the line intended for home improvement or home purchase.
- e. For refinancings, indicate

---

the total amount of the refinancing, including both the amount outstanding on the original loan and any amount of "new money."

- f. For a loan application that was denied or withdrawn, enter the amount applied for.

- 8. **Request for Preapproval.** Indicate whether the application or loan involved a request for a preapproval of a home purchase loan by entering the applicable code from the following:

Code 1—Preapproval requested

Code 2—Preapproval not requested

Code 3—Not applicable

- a. Enter Code 2 if your institution has a covered preapproval program but the applicant does not request a preapproval.
- b. Enter Code 3 if your institution does not have a preapproval program as defined in section 203.2(b).
- c. Enter Code 3 for applications or loans for home improvement or refinancing, and for purchased loans.

## B. Action Taken.

- 1. **Type of Action.** Indicate the type of action taken on the application or loan by using one of the following codes.

Code 1—Loan originated

Code 2—Application approved but not accepted

Code 3—Application denied

Code 4—Application withdrawn

Code 5—File closed for incompleteness

Code 6—Loan purchased by your institution

Code 7—Preapproval request denied

Code 8—Preapproval request approved but not accepted (optional reporting)

- a. Use Code 1 for a loan that is originated, including one resulting from a request for preapproval.
- b. For a counteroffer (your offer to the applicant to make the loan on different terms or in a different amount from the terms or amount applied for), use Code 1 if the applicant accepts. Use Code 3 if the applicant turns down the counteroffer or does not respond.
- c. Use Code 2 when the application is approved but the applicant (or the loan broker or correspondent) fails to respond to your notification of approval or your commitment letter within the specified time. Do not use this code for a preapproval request.
- d. Use Code 4 only when the application is expressly withdrawn by the applicant before a credit decision is made. Do not use Code 4 if a request for preapproval is withdrawn; preapproval requests that are withdrawn are not reported under HMDA.

e. Use Code 5 if you sent a written notice of incompleteness under section 202.9(c)(2) of Regulation B (Equal Credit Opportunity) and the applicant did not respond to your request for additional information within the period of time specified in your notice. Do not use this code for requests for preapproval that are incomplete; these preapproval requests are not reported under HMDA.

2. **Date of Action.** For paper submissions only, enter the date by month, day, and year, using numerals in the form MM/DD/CCYY (for example, 02/22 2003). For submissions in electronic form, the proper format is CCYYMMDD.

a. For loans originated, enter the settlement or closing date.

b. For loans purchased, enter the date of purchase by your institution.

c. For applications and preapprovals denied, applications and preapprovals approved but not accepted by the applicant, and files closed for incompleteness, enter the date that the action was taken by your institution or the date the notice was sent to the applicant.

d. For applications withdrawn, enter the date you received the applicant's express withdrawal, or enter the date

shown on the notification from the applicant, in the case of a written withdrawal.

e. For preapprovals that lead to a loan origination, enter the date of the origination.

**C. Property Location.** Except as otherwise provided, enter in these columns the applicable codes for the metropolitan area, state, county, and census tract to indicate the location of the property to which a loan relates.

1. **Metropolitan Area.** For each loan or loan application, enter the metropolitan area number. Metropolitan area boundaries are defined by OMB; use the boundaries that were in effect on January 1 of the calendar year for which you are reporting. A listing of metropolitan areas is available from your supervisory agency or the FFIEC.

2. **State and County.** Use the Federal Information Processing Standard (FIPS) two-digit numerical code for the state and the three-digit numerical code for the county. These codes are available from your supervisory agency or the FFIEC.

3. **Census Tract.** Indicate the census tract where the property is located. Notwithstanding paragraph 6, if the property is located in a county with a population of 30,000 or less in the 2000 census (as determined by the Census Bureau's 2000 CPH-2 population

---

series)<sup>[1]</sup>, enter “NA” (even if the population has increased above 30,000 since 2000), or enter the census tract number.

4. **Census Tract Number.** For the census tract number, consult the U.S. Census Bureau’s Census Tract/Street Index for 2000; for addresses not listed in the index, consult the Census Bureau’s census tract outline maps. Use the maps from the Census Bureau’s 2000 CPH-3 series, or equivalent 2000 census data from the Census Bureau (such as the Census TIGER/Line file) or from a private publisher.<sup>[2]</sup>

5. **Property Located Outside Metropolitan Area.** For loans on property located outside the metropolitan areas in which an institution has a home or branch office, or for property located outside of any metropolitan area, the institution may choose one of the following two options. Under option one, the institution may enter the metropolitan area, state and county codes and the census tract number; and if the property is not located in any metropolitan area, it may enter “NA” in the metropolitan area column.

---

1. There is no Census Bureau data series by the name “CPH-2.” County population data can be found in Table 1 of PCH-1 Summary Population and Housing Characteristics (available at <http://www.census.gov/>) and other Census Bureau products.

2. There are no Census Bureau products by the name “Census Tract/Street Index for 2000” or “2000 CPH-3.” The Census Bureau’s American FactFinder has a street address lookup resource. See page 18 of this *Guide*. For a description of tract outline maps available from the Census Bureau, see pages 19–20.

(Codes exist for all states and counties and numbers exist for all census tracts.) Under this first option, the codes and census tract number must accurately identify the property location. Under the second option, which is not available if paragraph 6 applies, an institution may enter “NA” in all four columns, whether or not the codes or numbers exist for the property location.

6. **Data Reporting for Banks and Savings Associations Required to Report Data on Small Business, Small Farm, and Community Development Lending Under the CRA**

**Regulations.** If your institution is a bank or savings association that is required to report data under the regulations that implement the CRA, you must enter the property location on your HMDA/LAR even if the property is outside metropolitan areas in which you have a home or branch office, or is not located in any metropolitan area.

7. **Requests for Preapproval.** Notwithstanding paragraphs 1 through 6, if the application is a request for preapproval that is denied or that is approved but not accepted by the applicant, you may enter “NA” in all four columns.

#### **D. Applicant Information—Ethnicity, Race, Sex, and Income.**

Appendix B contains instructions for the collection of data on ethnicity, race, and sex, and also contains a sample form for data collection.

Appendix A  
to Part 203  
Form and

1. **Applicability.** Report this information for loans that you originate as well as for applications that do not result in an origination.
  - a. You need not collect or report this information for loans purchased. If you choose not to, use the codes for "not applicable."
  - b. If the borrower or applicant is not a natural person (a corporation or partnership, for example), use the codes for "not applicable."
2. **Mail, Internet, or Telephone Applications.** All loan applications, including applications taken by mail, Internet, or telephone must use a collection form similar to that shown in Appendix B regarding ethnicity, race, and sex. For applications taken by telephone, the information in the collection form must be stated orally by the lender, except for information that pertains uniquely to applications taken in writing. If the applicant does not provide these data in an application taken by mail or telephone or on the Internet, enter the code for "information not provided by applicant in mail, Internet, or telephone application" specified in paragraphs I.D.3., 4., and 5. (See Appendix B for complete information on the collection of these data in mail, Internet, or telephone applications.)
3. **Ethnicity of Borrower or Applicant.** Use the following codes to indicate the ethnicity of the applicant or borrower under column "A" and of any co-applicant or co-borrower under column "CA".

  - Code 3—Information not provided by applicant in mail, Internet, or telephone application
  - Code 4—Not applicable

  - Code 3—Black or African American
  - Code 4—Native Hawaiian or Other Pacific Islander
  - Code 5—White
  - Code 6—Information not provided by applicant in mail, Internet, or telephone application
  - Code 7—Not applicable
  - Code 8—No co-applicant

---

applicant information is unavailable because the loan has been purchased by your institution.

- c. If there is more than one co-applicant, provide the required information only for the first co-applicant listed on the application form. If there are no co-applicants or co-borrowers, use Code 5 (for ethnicity) and Code 8 (for race) for “no co-applicant” in the co-applicant column.

5. **Sex of Borrower or Applicant.**

Use the following codes to indicate the sex of the applicant or borrower under column “A” and of any co-applicant or co-borrower under column “CA”.

Code 1—Male

Code 2—Female

Code 3—Information not provided by applicant in mail, Internet, or telephone application

Code 4—Not applicable

- b. If there is more than one co-applicant, provide the required information only for the first co-applicant listed on the application form. If there are no

co-applicants or co-borrowers, use Code 5 for “no co-applicant” in the co-applicant column.

6. **Income.** Enter the gross annual income that your institution relied on in making the credit decision.

- a. Round all dollar amounts to the nearest thousand (round \$500 up to the next \$1,000), and show in thousands. For example, report \$35,500 as 36.

- b. For loans on multifamily dwellings, enter “NA.”

- c. If no income information is asked for or relied on in the credit decision, enter “NA.”

- d. If the applicant or co-applicant is not a natural person or the applicant or co-applicant information is unavailable because the loan has been purchased by your institution, enter “NA.”

**E. Type of Purchaser.** Enter the applicable code to indicate whether a loan that your institution originated or purchased was then sold to a secondary market entity within the same calendar year:

Code 0—Loan was not originated or was not sold in calendar year covered by register

Code 1—Fannie Mae

Code 2—Ginnie Mae

Code 3—Freddie Mac

Code 4—Farmer Mac

Code 5—Private securitization

savings bank or savings association  
Code 7—Life insurance company, credit union, mortgage bank, or finance company  
Code 8—Affiliate institution  
Code 9—Other type of purchaser

- a. Use Code 0 for applications that were denied, withdrawn, or approved but not accepted by the applicant; and for files closed for incompleteness.
- b. Use Code 0 if you originated or purchased a loan and did not sell it during that same calendar year. If you sell the loan in a succeeding year, you need not report the sale.
- c. Use Code 2 if you conditionally assign a loan to Ginnie Mae in connection with a mortgage-backed security transaction.
- d. Use Code 8 for loans sold to an institution affiliated with you, such as your subsidiary or a subsidiary of your parent corporation.

#### F. Reasons for Denial.

1. You may report the reason for denial, and you may indicate up to three reasons, using the following codes. Leave this column blank if the “action taken” on the application is not a denial. For example, do not complete this column if the application was withdrawn or the file was closed for incompleteness.

Code 1—Debt-to-income ratio  
Code 2—Employment history  
Code 3—Credit history  
Code 4—Collateral  
Code 5—Insufficient cash (downpayment, closing costs)  
Code 6—Unverifiable information  
Code 7—Credit application incomplete  
Code 8—Mortgage insurance denied  
Code 9—Other

2. If your institution uses the model form for adverse action contained in the Appendix to Regulation B (Form C-1 in Appendix C, Sample Notification Form), use the foregoing codes as follows:
  - a. Code 1 for: Income insufficient for amount of credit requested, and Excessive obligations in relation to income.
  - b. Code 2 for: Temporary or irregular employment, and Length of employment.
  - c. Code 3 for: Insufficient number of credit references provided; Unacceptable type of credit references provided; No credit file; Limited credit experience; Poor credit performance with us; Delinquent past or present credit obligations with others; Garnishment, attachment, foreclosure, repossession, collection action, or judgment; and Bankruptcy.

  - f. Code 7 for: Credit application incomplete.
  - g. Code 9 for: Length of residence; Temporary residence; and Other reasons specified on notice.

## G. Pricing-Related Data.

### 1. **Rate Spread.**

- a. For a home purchase loan, a refinancing, or a dwelling-secured home improvement loan that you originated, report the spread between the annual percentage rate (APR) and the applicable Treasury yield if the spread is equal to or greater than 3 percentage points for first-lien loans or 5 percentage points for subordinate-lien loans. To determine whether the rate spread meets this threshold, use the Treasury yield for securities of a comparable period of maturity as of the 15th day of a given month, depending on when the interest rate was set, and use the APR for the loan, as calculated and disclosed to the consumer under section 226.6 or 226.18 of Regulation Z (12 CFR part 226). Use the 15th day of a given month for any loan on which the interest rate was set on or after that 15th day through the 14th day of the next month. (For

example, if the rate is set on September 17, 2004, use the Treasury yield as of September 15, 2004; if the interest rate is set on September 3, 2004, use the Treasury yield as of August 15, 2004). To determine the applicable Treasury security yield, the financial institution must use the table published on the FFIEC's web site (<http://www.ffiec.gov/hmda>) entitled "Treasury Securities of Comparable Maturity under Regulation C."

- b. If the loan is not subject to Regulation Z, or is a home improvement loan that is not dwelling-secured, or is a loan that you purchased, enter "NA."
- c. Enter "NA" in the case of an application that does not result in a loan origination.
- d. Enter the rate spread to two decimal places, and use a leading zero. For example, enter 03.29. If the difference between the APR and the Treasury yield is a figure with more than two decimal places, round the figure or truncate the digits beyond two decimal places.
- e. If the difference between the APR and the Treasury yield is less than 3 percentage points for a first-lien loan and less than 5 percentage points for a subordinate-lien loan, enter "NA."

- ### 2. **Date the Interest Rate was Set.** The relevant date to use to

---

to Part 203  
Form and  
Instructions for  
Completion of HMDA  
Loan/Application  
Register

determine the Treasury yield is the date on which the loan's interest rate was set by the financial institution for the final time before closing. If an interest rate is set pursuant to a "lock-in" agreement between the lender and the borrower, then the date on which the agreement fixes the interest rate is the date the rate was set. If a rate is re-set after a lock-in agreement is executed (for example, because the borrower exercises a float-down option or the agreement expires), then the relevant date is the date the rate is re-set for the final time before closing. If no lock-in agreement is executed, then the relevant date is the date on which the institution sets the rate for the final time before closing.

3. **HOEPA Status.**

- a. For a loan that you originated or purchased that is subject to the Home Ownership and Equity Protection Act of 1994 (HOEPA), as implemented in Regulation Z (12 CFR 226.32), because the APR or the points and fees on the loan exceed the HOEPA triggers, enter Code 1.
- b. Enter Code 2 in all other cases. For example, enter Code 2 for a loan that you originated or purchased that is not subject to the requirements of HOEPA for any reason; also enter Code 2 in the case of an application that does not result in a loan origination.

**H. Lien Status.**

Use the following codes for loans that you originate and for applications that do not result in an origination:

- Code 1—Secured by a first lien.
- Code 2—Secured by a subordinate lien.
- Code 3—Not secured by a lien.
- Code 4—Not applicable (purchased loan).

- a. Use Codes 1 through 3 for loans that you originate, as well as for applications that do not result in an origination (applications that are approved but not accepted, denied, withdrawn, or closed for incompleteness).

- b. Use Code 4 for loans that you purchase.

**II. Federal Supervisory Agencies**

- A.** You are strongly encouraged to submit your loan/application register via Internet e-mail. If you elect to use this method of transmission and your institution is regulated by the Office of the Comptroller of the Currency, the Federal Deposit Insurance Corporation, the National Credit Union Administration, or the Office of Thrift Supervision, then you should submit your institution's files to the Internet e-mail address dedicated to that purpose by the Federal Reserve Board, which can be found on the web site of the FFIEC. ## Appendix B to Part 203

Form and Instructions  
for Data Collection on  
Ethnicity, Race, and  
Sex

### I. Instructions on Collection of Data on Ethnicity, Race, and Sex

You may list questions regarding the ethnicity, race, and sex of the applicant on your loan application form, or on a separate form that refers to the application. (See the sample form below for model language.)

### II. Procedures

**A.** You must ask the applicant for this information (but you cannot require the applicant to provide it) whether the application is taken in person, by mail or telephone, or on the Internet. For applications taken by telephone, the information in the collection form must be stated orally by the lender, except for that information which pertains uniquely to applications taken in writing.

**B.** Inform the applicant that the federal government requests this information in order to monitor compliance with federal statutes that prohibit lenders from discriminating against applicants on

these bases. Inform the applicant that if the information is not provided where the application is taken in person, you are required to note the data on the basis of visual observation or surname.

**C.** You must offer the applicant the option of selecting one or more racial designations.

**D.** If the applicant chooses not to provide the information for an application taken in person, note this fact on the form and then note the applicant's ethnicity, race, and sex on the basis of visual observation and surname, to the extent possible.

**E.** If the applicant declines to answer these questions or fails to provide the information on an application taken by mail or telephone or on the Internet, the data need not be provided. In such a case, indicate that the application was received by mail, telephone, or Internet, if it is not otherwise evident on the face of the application.

**SAMPLE DATA-COLLECTION FORM  
INFORMATION FOR GOVERNMENT MONITORING PURPOSES**

The following information is requested by the federal government for certain types of loans related to a dwelling in order to monitor the lender's compliance with equal credit opportunity, fair housing, and home mortgage disclosure laws. You are not required to furnish this information, but are encouraged to do so. You may select one or more designations for "Race." The law provides that a lender may not dis-

criminate on the basis of this information, or on whether you choose to furnish it. However, if you choose not to furnish the information and you have made this application in person, under federal regulations the lender is required to note ethnicity, race, and sex on the basis of visual observation or surname. If you do not wish to furnish the information, please check below.

### Section 203.1 Authority, purpose, and scope.

(a) **Authority.** This regulation is issued by the Board of Governors of the Federal Reserve System (“Board”) pursuant to the Home Mortgage Disclosure Act (“HMDA”) (12 U.S.C. 2801 *et seq.*), as amended. The information-collection requirements have been approved by the U.S. Office of Management and Budget (“OMB”) under 44 U.S.C. 3501 *et seq.* and have been assigned OMB numbers for institutions reporting data to the Office of the Comptroller of the Currency (1557-0159), the Federal Deposit Insurance Corporation (3064-0046), the Office of Thrift Supervision (1550-0021), the Federal Reserve System (7100-0247) and the Department of Housing and Urban Development (“HUD”) (2502-0529). A number for the National Credit Union Administration is pending.\*

(b) **Purpose.**

(1) This regulation implements the Home Mortgage Disclosure Act, which is intended to provide the public with loan data that can be used:

(i) To help determine whether financial institutions are serving the housing needs of their communities;

(ii) To assist public officials in distributing public-sector investment so as to attract private investment to areas where it is needed; and

(iii) To assist in identifying possible discriminatory lending patterns and enforcing antidiscrimination statutes.

(2) Neither the act nor this regulation is intended to encourage unsound lending practices or the allocation of credit.

(c) **Scope.** This regulation applies to certain financial institutions, including banks, savings associations, credit unions, and other mortgage lending institutions, as defined in section 203.2(e). The regulation requires an institution to report data to its supervisory agency about home purchase loans, home improvement loans, and refinancings that it originates or purchases, or for which it receives applications; and to disclose certain data to the public.

### Section 203.2 Definitions.

In this regulation:

(a) **Act** means the Home Mortgage Disclosure Act (“HMDA”) (12 U.S.C. 2801 *et seq.*), as amended.

(b) **Application.**

(1) **In general.** Application means an oral or written request for a home purchase loan, a home improvement loan, or a refinancing that is made in accordance with procedures used by a financial institution for the type of credit requested.

(2) **Preapproval programs.** A request for preapproval for a home purchase loan is an application under paragraph (b)(1) of this section if the request

\* Since publication of the Regulation, the OMB changed HUD’s assigned number to 2502-0539. In addition, the OMB assigned a number to the National Credit Union Administration of 3133-0166.

is reviewed under a program in which the financial institution, after a comprehensive analysis of the creditworthiness of the applicant, issues a written commitment to the applicant valid for a designated period of time to extend a home purchase loan up to a specified amount. The written commitment may not be subject to conditions other than:

(i) Conditions that require the identification of a suitable property;

(ii) Conditions that require that no material change has occurred in the applicant's financial condition or creditworthiness prior to closing; and

(iii) Limited conditions that are not related to the financial condition or creditworthiness of the applicant that the lender ordinarily attaches to a traditional home mortgage application (such as certification of a clear termite inspection).

(c) **Branch office means:**

(1) Any office of a bank, savings association, or credit union that is approved as a branch by a federal or state supervisory agency, but excludes free-standing electronic terminals such as automated teller machines; and

(2) Any office of a for-profit mortgage-lending institution (other than a bank, savings association, or credit union) that takes applications from the public for home purchase loans, home improvement loans, or refinancings. A for-profit mortgage-lending institution is also deemed to have a branch office in a metropolitan area if, in the preceding calendar year, it received applications for, originated, or purchased five or more home purchase loans, home improvement loans, or refinancings related to property located in that metropolitan area.

(d) **Dwelling** means a residential structure (whether or not attached to real property) located in a state of the United States of America, the District of Columbia, or the Commonwealth of Puerto Rico. The term includes an individual condominium unit, cooperative unit, or mobile or manufactured home.

(e) **Financial institution** means:

(1) A bank, savings association, or credit union that:

(i) On the preceding December 31 had assets in excess of the asset threshold established and published annually by the Board for coverage by the act, based on the year-to-year change in the average of the Consumer Price Index for Urban Wage Earners and Clerical Workers, not seasonally adjusted, for each twelve month period ending in November, with rounding to the nearest million;

(ii) On the preceding December 31, had a home or branch office in a metropolitan area;

(iii) In the preceding calendar year, originated at least one home purchase loan (excluding temporary financing such as a construction loan) or refinancing of a home purchase loan, secured by a first lien on a one- to four-family dwelling; and

(iv) Meets one or more of the following three criteria:

(A) The institution is federally insured or regulated;

(B) The mortgage loan referred to in paragraph (e)(1)(iii) of this section was insured, guaranteed, or supplemented by a federal agency; or

---

(C) The mortgage loan referred to in paragraph (e)(1)(iii) of this section was intended by the institution for sale to Fannie Mae or Freddie Mac; and

(2) A for-profit mortgage-lending institution (other than a bank, savings association, or credit union) that:

(i) In the preceding calendar year, either:

(A) Originated home purchase loans, including refinancings of home purchase loans, that equaled at least 10 percent of its loan-origination volume, measured in dollars; or

(B) Originated home purchase loans, including refinancings of home purchase loans, that equaled at least \$25 million; and

(ii) On the preceding December 31, had a home or branch office in a metropolitan area; and

(iii) Either:

(A) On the preceding December 31, had total assets of more than \$10 million, counting the assets of any parent corporation; or

(B) In the preceding calendar year, originated at least 100 home purchase loans, including refinancings of home purchase loans.

(f) **Home-equity line of credit** means an open-end credit plan secured by a dwelling as defined in Regulation Z (Truth in Lending), 12 CFR part 226.

(g) **Home improvement loan** means:

(1) A loan secured by a lien on a dwelling that is for the purpose, in whole or in part, of repairing, rehabilitating, remodeling, or improving a dwelling or the real property on which it is located; and

(2) A non-dwelling secured loan\* that is for the purpose, in whole or in part, of repairing, rehabilitating, remodeling, or improving a dwelling or the real property on which it is located, and that is classified by the financial institution as a home improvement loan.

(h) **Home purchase loan** means a loan secured by and made for the purpose of purchasing a dwelling.

(i) **Manufactured home** means any residential structure as defined under regulations of the Department of Housing and Urban Development establishing manufactured home construction and safety standards (24 CFR 3280.2).

(j) **Metropolitan area** means a metropolitan area as defined by the U.S. Office of Management and Budget.

(k) **Refinancing** means a new obligation that satisfies and replaces an existing obligation by the same borrower, in which:

(1) For coverage purposes, the existing obligation is a home purchase loan (as determined by the lender, for example, by reference to available documents; or as stated by the applicant), and both the existing obligation and the new obligation are secured by first liens on dwellings; and

(2) For reporting purposes, both the existing obligation and the new obligation are secured by liens on dwellings.

Section 203.3 Exempt  
institutions.

(a) **Exemption based on state law.**

(1) A state-chartered or state-licensed financial institution is exempt from the requirements of this regulation if the Board determines that the institution is subject to a state disclosure law that contains requirements substantially similar to those imposed by this regulation and that contains adequate provisions for enforcement.

(2) Any state, state-chartered or state-licensed financial institution, or association of such institutions, may apply to the Board for an exemption under paragraph (a) of this section.

(3) An institution that is exempt under paragraph (a) of this section shall use the disclosure form required by its state law and shall submit the data required by that law to its state supervisory agency for purposes of aggregation.

(b) **Loss of exemption.** An institution losing a state-law exemption under paragraph (a) of this section shall comply with this regulation beginning with the calendar year following the year for which it last reported loan data under the state disclosure law.

Section 203.4 Compilation of loan  
data.

(a) **Data format and itemization.** A financial institution shall collect data regarding applications for, and originations and purchases of, home purchase loans, home improvement loans, and refinancings for each calendar year. An institution is required to collect data regarding requests under a preapproval program (as defined in section 203.2

(b)) only if the preapproval request is denied or results in the origination of a home purchase loan. All reportable transactions shall be recorded, within thirty calendar days after the end of the calendar quarter in which final action is taken (such as origination or purchase of a loan, or denial or withdrawal of an application), on a register in the format prescribed in Appendix A of this part. The data recorded shall include the following items:

- (1) An identifying number for the loan or loan application, and the date the application was received.
- (2) The type of loan or application.
- (3) The purpose of the loan or application.
- (4) Whether the application is a request for preapproval and whether it resulted in a denial or in an origination.
- (5) The property type to which the loan or application relates.
- (6) The owner-occupancy status of the property to which the loan or application relates.
- (7) The amount of the loan or the amount applied for.
- (8) The type of action taken, and the date.
- (9) The location of the property to which the loan or application relates, by metropolitan area, state, county, and census tract, if the institution has a home or branch office in that metropolitan area.
- (10) The ethnicity, race, and sex of the applicant or borrower, and the gross annual income relied on in processing the application.

---

(11) The type of entity purchasing a loan that the institution originates or purchases and then sells within the same calendar year (this information need not be included in quarterly updates).

(12) For originated loans subject to Regulation Z, 12 CFR part 226, the difference between the loan's annual percentage rate (APR) and the yield on Treasury securities having comparable periods of maturity, if that difference is equal to or greater than 3 percentage points for loans secured by a first lien on a dwelling, or equal to or greater than 5 percentage points for loans secured by a subordinate lien on a dwelling. The lender shall use the yield on Treasury securities as of the 15th day of the preceding month if the rate is set between the 1st and the 14th day of the month and as of the 15th day of the current month if the rate is set on or after the 15th day, as prescribed in Appendix A to this part.

(13) Whether the loan is subject to the Home Ownership and Equity Protection Act of 1994.

(14) The lien status of the loan or application (first lien, subordinate lien, or not secured by a lien on a dwelling).

(b) **Collection of data on ethnicity, race, sex, and income.**

(1) A financial institution shall collect data about the ethnicity, race, and sex of the applicant or borrower as prescribed in Appendix B of this part.

(2) Ethnicity, race, sex, and income data may but need not be collected for loans purchased by the financial institution.

(c) **Optional data.** A financial institution may report:

(1) The reasons it denied a loan application;

(2) Requests for preapproval that are approved by the institution but not accepted by the applicant; and

(3) Home-equity lines of credit made in whole or in part for the purpose of home improvement or home purchase.

(d) **Excluded data.** A financial institution shall not report:

(1) Loans originated or purchased by the financial institution acting in a fiduciary capacity (such as trustee);

(2) Loans on unimproved land;

(3) Temporary financing (such as bridge or construction loans);

(4) The purchase of an interest in a pool of loans (such as mortgage-participation certificates, mortgage-backed securities, or real estate mortgage investment conduits);

(5) The purchase solely of the right to service loans; or

(6) Loans acquired as part of a merger or acquisition, or as part of the acquisition of all of the assets and liabilities of a branch office as defined in section 203.2(c)(1).

(e) **Data reporting for banks and savings associations that are required to report data on small business, small farm, and community development lending under CRA.** Banks and savings associations that are required to report data on small business, small farm, and community development lending under regulations that implement the Community Reinvestment Act of 1977 (12 U.S.C. 2901 *et seq.*) shall also col-

Disclosure)

lect the location of property located outside metropolitan areas in which the institution has a home or branch office, or outside any metropolitan areas.

Section 203.5 Disclosure and reporting.

(a) **Reporting to agency.**

(1) By March 1 following the calendar year for which the loan data are compiled, a financial institution shall send its complete loan/application register to the agency office specified in Appendix A of this part. The institution shall retain a copy for its records for at least three years.

(2) A subsidiary of a bank or savings association shall complete a separate loan/application register. The subsidiary shall submit the register, directly or through its parent, to the agency that supervises its parent.

(b) **Public disclosure of statement.**

(1) The Federal Financial Institutions Examination Council ("FFIEC") will prepare a disclosure statement from the data each financial institution submits.

(2) An institution shall make its disclosure statement (prepared by the FFIEC) available to the public at its home office no later than three business days after receiving it from the FFIEC.

(3) In addition, an institution shall either:

(i) Make its disclosure statement available to the public, within ten business days of receiving it, in at least one branch office in each other

metropolitan area where the institution has offices (the disclosure statement need only contain data relating to the metropolitan area where the branch is located); or

(ii) Post the address for sending written requests in the lobby of each branch office in other metropolitan areas where the institution has offices; and mail or deliver a copy of the disclosure statement within fifteen calendar days of receiving a written request (the disclosure statement need only contain data relating to the metropolitan area for which the request is made). Including the address in the general notice required under paragraph (e) of this section satisfies this requirement.

(c) **Public disclosure of modified loan/application register.** A financial institution shall make its loan/application register available to the public after removing the following information regarding each entry: the application or loan number, the date that the application was received, and the date action was taken. An institution shall make its modified register available following the calendar year for which the data are compiled, by March 31 for a request received on or before March 1, and within thirty calendar days for a request received after March 1. The modified register need only contain data relating to the metropolitan area for which the request is made.

(d) **Availability of data.** A financial institution shall make its modified register available to the public for a period of three years and its disclosure statement available for a period of five years. An institution shall make the data available for inspection and copying during the hours the office is normally open to the public for business. It may impose a

---

reasonable fee for any cost incurred in providing or reproducing the data.

(e) **Notice of availability.** A financial institution shall post a general notice about the availability of its HMDA data in the lobby of its home office and of each branch office located in a metropolitan area. An institution shall provide promptly upon request the location of the institution's offices where the statement is available for inspection and copying, or it may include the location in the lobby notice.

(f) **Loan aggregation and central data depositories.** Using the loan data submitted by financial institutions, the FFIEC will produce reports for individual institutions and reports of aggregate data for each metropolitan area, showing lending patterns by property location, age of housing stock, and income level, sex, ethnicity, and race. These reports will be available to the public at central data depositories located in each metropolitan area. A listing of central data depositories can be obtained from the Federal Financial Institutions Examination Council, Washington, D.C. 20006.

### Section 203.6 Enforcement.

(a) **Administrative enforcement.** A violation of the act or this regulation is

subject to administrative sanctions as provided in section 305 of the act, including the imposition of civil money penalties, where applicable. Compliance is enforced by the agencies listed in section 305(b) of the act (12 U.S.C. 2804(b)).

(b) **Bona fide errors.**

(1) An error in compiling or recording loan data is not a violation of the act or this regulation if the error was unintentional and occurred despite the maintenance of procedures reasonably adapted to avoid such errors.

(2) An incorrect entry for a census tract number is deemed a bona fide error, and is not a violation of the act or this regulation, provided that the institution maintains procedures reasonably adapted to avoid such errors.

(3) If an institution makes a good-faith effort to record all data concerning covered transactions fully and accurately within thirty calendar days after the end of each calendar quarter, and some data are nevertheless inaccurate or incomplete, the error or omission is not a violation of the act or this regulation provided that the institution corrects or completes the information prior to submitting the loan/application register to its regulatory agency.

## Appendix D

Official Staff  
Commentary on  
Regulation C  
Effective  
January 1, 2004

### Introduction

1. **Status.** The commentary in this supplement is the vehicle by which the Division of Consumer and Community Affairs of the Federal Reserve Board issues formal staff interpretations of Regulation C (12 CFR part 203).

### Section 203.1—Authority, Purpose, and Scope

#### 1(c) Scope.

1. **General.** The comments in this section address issues affecting coverage of institutions and exemptions from coverage.
2. **The broker rule and the meaning of “broker” and “investor.”** For the purposes of the guidance given in this commentary, an institution that takes and processes a loan application and arranges for another institution to acquire the loan at or after closing is acting as a “broker,” and an institution that acquires a loan from a broker at or after closing is acting as an “investor.” (The terms used in this commentary may have different meanings in certain parts of the mortgage lending industry, and other terms may be used in place of these terms, for example in the Federal Housing Administration mortgage insurance programs.) Depending on the facts, a broker may or may not make a credit decision on an application (and thus it may or may not have reporting responsibilities). If the broker makes a credit decision, it reports that decision; if it does not make a credit decision, it does not report. If an investor reviews an application and makes a credit decision prior to closing, the investor reports that

decision. If the investor does not review the application prior to closing, it reports only the loans that it purchases; it does not report the loans it does not purchase. An institution that makes a credit decision on an application prior to closing reports that decision regardless of whose name the loan closes in.

3. **Illustrations of the broker rule.** Assume that, prior to closing, four investors receive the same application from a broker; two deny it, one approves it, and one approves it and acquires the loan. In these circumstances, the first two report denials, the third reports the transaction as approved but not accepted, and the fourth reports an origination (whether the loan closes in the name of the broker or the investor). Alternatively, assume that the broker denies a loan before sending it to an investor; in this situation, the broker reports a denial.
4. **Broker’s use of investor’s underwriting criteria.** If a broker makes a credit decision based on underwriting criteria set by an investor, but without the investor’s review prior to closing, the broker has made the credit decision. The broker reports as an origination a loan that it approves and closes, and reports as a denial an application that it turns down (either because the application does not meet the investor’s underwriting guidelines or for some other reason). The investor reports as purchases only those loans it purchases.
5. **Insurance and other criteria.** If an institution evaluates an application based on the criteria or actions of a third party other than an investor (such as a government or private insurer or guarantor), the institution

---

must report the action taken on the application (loan originated, approved but not accepted, or denied, for example).

6. **Credit decision of agent is decision of principal.**

If an institution approves loans through the actions of an agent, the institution must report the action taken on the application (loan originated, approved but not accepted, or denied, for example). State law determines whether one party is the agent of another.

7. **Affiliate bank underwriting (250.250 review).**

If an institution makes an independent evaluation of the creditworthiness of an applicant (for example, as part of a preclosing review by an affiliate bank under 12 CFR 250.250, which interprets section 23A of the Federal Reserve Act), the institution is making a credit decision. If the institution then acquires the loan, it reports the loan as an origination whether the loan closes in the name of the institution or its affiliate. An institution that does not acquire the loan but takes some other action reports that action.

8. **Participation loan.** An institution that originates a loan and then sells partial interests to other institutions reports the loan as an origination. An institution that acquires only a partial interest in such a loan does not report the transaction even if it has participated in the underwriting and origination of the loan.

9. **Assumptions.** An assumption occurs when an institution enters into a written agreement accepting a new borrower as the obligor on an existing obligation. An institution reports as a home purchase loan an

assumption (or an application for an assumption) in the amount of the outstanding principal. If a transaction does not involve a written agreement between a new borrower and the institution, it is not an assumption for HMDA purposes and is not reported.

## Section 203.2—Definitions

### 2(b) Application.

1. **Consistency with Regulation B.**

Board interpretations that appear in the official staff commentary to Regulation B (Equal Credit Opportunity, 12 CFR part 202, Supplement 1) are generally applicable to the definition of an application under Regulation C. However, under Regulation C the definition of an application does not include prequalification requests.

2. **Prequalification.** A prequalification request is a request by a prospective loan applicant (other than a request for preapproval) for a preliminary determination on whether the prospective applicant would likely qualify for credit under an institution's standards, or for a determination on the amount of credit for which the prospective applicant would likely qualify. Some institutions evaluate prequalification requests through a procedure that is separate from the institution's normal loan application process; others use the same process. In either case, Regulation C does not require an institution to report prequalification requests on the HMDA/LAR, even though these requests may constitute applications under Regulation B for purposes of adverse action notices.

3. **Requests for preapproval.** To be a covered preapproval program, the written commitment issued under the program must result from a full review of the creditworthiness of the applicant, including such verification of income, resources, and other matters as is typically done by the institution as part of its normal credit evaluation program. In addition to conditions involving the identification of a suitable property and verification that no material change has occurred in the applicant's financial condition or creditworthiness, the written commitment may be subject only to other conditions (unrelated to the financial condition or creditworthiness of the applicant) that the lender ordinarily attaches to a traditional home mortgage application approval. These conditions are limited to conditions such as requiring an acceptable title insurance binder or a certificate indicating clear termite inspection, and, in the case where the applicant plans to use the proceeds from the sale of the applicant's present home to purchase a new home, a settlement statement showing adequate proceeds from the sale of the present home.

#### 2(c) Branch office.

1. **Credit union.** For purposes of Regulation C, a "branch" of a credit union is any office where member accounts are established or loans are made, whether or not the office has been approved as a branch by a federal or state agency. (See 12 U.S.C. 1752.)
2. **Depository institution.** A branch of a depository institution does not include a loan production office, the office of an affiliate, or the office of a

third party such as a loan broker. (But see Appendix A, paragraph I.C.6, which requires certain depository institutions to report property location even for properties located outside those metropolitan areas in which the institution has a home or branch office.)

3. **Nondepository institution.** For a nondepository institution, "branch office" does not include the office of an affiliate or other third party such as a loan broker. (But note that certain nondepository institutions must report property location even in metropolitan areas where they do not have a physical location.)

#### 2(d) Dwelling.

1. **Coverage.** The definition of "dwelling" is not limited to the principal or other residence of the applicant or borrower, and thus includes vacation or second homes and rental properties. A dwelling also includes a multifamily structure such as an apartment building.
2. **Exclusions.** Recreational vehicles such as boats or campers are not dwellings for purposes of HMDA. Also excluded are transitory residences such as hotels, hospitals, and college dormitories—whose occupants have principal residences elsewhere.

#### 2(e) Financial Institution.

1. **General.** An institution that met the test for coverage under HMDA in year 1, and then ceases to meet the test (for example, because its assets fall below the threshold on December 31 of year 2), stops collecting HMDA data beginning with year 3. Similarly, an institution that did not meet the

- 
- coverage test for a given year, and then meets the test in the succeeding year, begins collecting HMDA data in the calendar year following the year in which it meets the test for coverage. For example, a for-profit mortgage lending institution (other than a bank, savings association, or credit union) that, in year 1, falls below the thresholds specified in section 203.2(e)(2)(ii)(A) and (B), but meets one of them in year 2, need not collect data in year 2, but begins collecting data in year 3.
2. **Adjustment of exemption threshold for depository institutions.** Depository institutions with assets at or below \$35 million are exempt from collecting data for 2006.
  3. **Coverage after a merger.** Several scenarios of data-collection responsibilities for the calendar year of a merger are described below. Under all the scenarios, if the merger results in a covered institution, that institution must begin data collection January 1 of the following calendar year.
    - i. Two institutions are not covered by Regulation C because of asset size. The institutions merge. No data collection is required for the year of the merger (even if the merger results in a covered institution).
    - ii. A covered institution and an exempt institution merge. The covered institution is the surviving institution. For the year of the merger, data collection is required for the covered institution's transactions. Data collection is optional for transactions handled in offices of the previously exempt institution.
    - iii. A covered institution and an exempt institution merge. The exempt institution is the surviving institution, or a new institution is formed. Data collection is required for transactions of the covered institution that take place prior to the merger. Data collection is optional for transactions taking place after the merger date.
    - iv. Two covered institutions merge. Data collection is required for the entire year. The surviving or resulting institution files either a consolidated submission or separate submissions for that year.
  4. **Originations.** HMDA coverage depends in part on whether an institution has originated home purchase loans. To determine whether activities with respect to a particular loan constitute an origination, institutions should consult, among other parts of the staff commentary, the discussion of the broker rule under sections 203.1(c) and 203.4(a).
  5. **Branches of foreign banks—treated as banks.** A federal branch or a state-licensed insured branch of a foreign bank is a "bank" under section 3(a)(1) of the Federal Deposit Insurance Act (12 U.S.C. 1813(a)), and is covered by HMDA if it meets the tests for a depository institution found in section 203.2(e)(1) of Regulation C.
  6. **Branches and offices of foreign banks—treated as for-profit mortgage lending institutions.** Federal agencies, state-licensed agencies, state-licensed uninsured branches of foreign banks, commercial lending companies owned or

controlled by foreign banks, and entities operating under section 25 or 25A of the Federal Reserve Act, 12 U.S.C. 601 and 611 (Edge Act and agreement corporations) are not "banks" under the Federal Deposit Insurance Act. These entities are nonetheless covered by HMDA if they meet the tests for a for-profit nondepository mortgage lending institution found in section 203.2(e)(2) of Regulation C.

#### 2(g) Home improvement loan.

1. **Classification requirement for loans not secured by a lien on a dwelling.** An institution has "classified" a loan that is not secured by a lien on a dwelling as a home improvement loan if it has entered the loan on its books as a home improvement loan, or has otherwise coded or identified the loan as a home improvement loan. For example, an institution that has booked a loan or reported it on a "call report" as a home improvement loan has classified it as a home improvement loan. An institution may also classify loans as home improvement loans in other ways (for example, by color-coding loan files).
2. **Improvements to real property.** Home improvements include improvements both to a dwelling and to the real property on which the dwelling is located (for example, installation of a swimming pool, construction of a garage, or landscaping).
3. **Commercial and other loans.** A home improvement loan may include a loan originated outside an institution's residential mortgage lending division (such as a loan to improve an apartment building made through

the commercial loan department).

4. **Mixed-use property.** A loan to improve property used for residential and commercial purposes (for example, a building containing apartment units and retail space) is a home improvement loan if the loan proceeds are used primarily to improve the residential portion of the property. If the loan proceeds are used to improve the entire property (for example, to replace the heating system), the loan is a home improvement loan if the property itself is primarily residential. An institution may use any reasonable standard to determine the primary use of the property, such as by square footage or by the income generated. An institution may select the standard to apply on a case-by-case basis. If the loan is unsecured\*, to report the loan as a home improvement loan the institution must also have classified it as such.
5. **Multiple-category loans.** If a loan is a home improvement loan as well as a refinancing, an institution reports the loan as a home improvement loan.

#### 2(h) Home purchase loan.

1. **Multiple properties.** A home purchase loan includes a loan secured by one dwelling and used to purchase another dwelling.
2. **Mixed-use property.** A dwelling-secured loan to purchase property used primarily for residential purposes (for example, an apartment building containing a convenience store) is a home purchase loan. An institution may use any reasonable standard to determine the primary use of the property, such as by

\* Read: not secured by a dwelling.

---

square footage or by the income generated. An institution may select the standard to apply on a case-by-case basis.

3. **Farm loan.** A loan to purchase property used primarily for agricultural purposes is not a home purchase loan even if the property includes a dwelling. An institution may use any reasonable standard to determine the primary use of the property, such as by reference to the exemption from Regulation X (Real Estate Settlement Procedures, 24 CFR 3500.5(b)(1)) for a loan on property of 25 acres or more. An institution may select the standard to apply on a case-by-case basis.
4. **Commercial and other loans.** A home purchase loan may include a loan originated outside an institution's residential mortgage lending division (such as a loan for the purchase of an apartment building made through the commercial loan department).
5. **Construction and permanent financing.** A home purchase loan includes both a combined construction/permanent loan and the permanent financing that replaces a construction-only loan. It does not include a construction-only loan, which is considered "temporary financing" under Regulation C and is not reported.
6. **Second mortgages that finance the downpayments on first mortgages.** If an institution making a first mortgage loan to a home purchaser also makes a second mortgage loan to the same purchaser to finance part or all the home purchaser's downpayment, the institution reports each loan separately as a home purchase loan.

7. **Multiple-category loans.** If a loan is a home purchase loan as well as a home improvement loan, or a refinancing, an institution reports the loan as a home purchase loan.

## 2(i) Manufactured home.

1. **Definition of a manufactured home.** The definition in section 203.2(i) refers to the federal building code for factory-built housing established by the Department of Housing and Urban Development (HUD). The HUD code requires generally that housing be essentially ready for occupancy upon leaving the factory and being transported to a building site. Modular homes that meet all of the HUD code standards are included in the definition because they are ready for occupancy upon leaving the factory. Other factory-built homes, such as panelized and pre-cut homes, generally do not meet the HUD code because they require a significant amount of construction on site before they are ready for occupancy. Loans and applications relating to manufactured homes that do not meet the HUD code should not be identified as manufactured housing under HMDA.

## Section 203.4—Compilation of Loan Data

### 4(a) Data format and itemization.

#### 1. Reporting requirements.

- i. An institution reports data on loans that it originated and loans that it purchased during the calendar year described in the report. An institution reports these data even if the loans were subsequently sold by the institution.

---

Appendix D  
Official Staff  
Commentary on  
Regulation C  
Effective  
January 1, 2004

- ii. An institution reports the data for loan applications that did not result in originations—for example, applications that the institution denied or that the applicant withdrew during the calendar year covered by the report.
  - iii. In the case of brokered loan applications or applications forwarded through a correspondent, the institution reports as originations the loans that it approved and subsequently acquired per a pre-closing arrangement (whether or not they closed in the institution's name). Additionally, the institution reports the data for all applications that did not result in originations—for example, applications that the institution denied or that the applicant withdrew during the calendar year covered by the report (whether or not they would have closed in the institution's name). For all of these loans and applications, the institution reports the required data regarding the borrower's or applicant's ethnicity, race, sex, and income.
  - iv. Loan originations are to be reported only once. If the institution is the loan broker or correspondent, it does not report as originations the loans that it forwarded to another lender for approval prior to closing, and that were approved and subsequently acquired by that lender (whether or not they closed in the institution's name).
  - v. An institution reports applications that were received in the previous calendar year but were acted upon during the calendar year covered by the current register.
  - vi. A financial institution submits all required data to its supervisory agency in one package, with the prescribed transmittal sheet. An officer of the institution certifies to the accuracy of the data.
  - vii. The transmittal sheet states the total number of line entries contained in the accompanying data transmission.
2. **Updating—agency requirements.** Certain state or federal regulations, such as the Federal Deposit Insurance Corporation's regulations, may require an institution to update its data more frequently than is required under Regulation C.
  3. **Form of quarterly updating.** An institution may maintain the quarterly updates of the HMDA/LAR in electronic or any other format, provided the institution can make the information available to its regulatory agency in a timely manner upon request.
  4. **Transition rules for applications received before January 1, 2004, when final action is taken on or after January 1, 2004.** For applications received before January 1, 2004, on which final action is taken on or after January 1, 2004, data must be collected and reported on the HMDA/LAR under the revisions to Regulation C that take effect on January 1, 2004, subject to the exceptions for property type, loan purpose, requests for preapproval, applicant information, and rate spread set forth in this comment.
    - i. **Property type.** Lenders need not determine whether an application received before January 1, 2004, involves a manufactured home,

---

and may report the property type as 1- to 4-family.

ii. **Loan purpose.** For applications received before January 1, 2004, lenders may use the definitions of a home improvement loan and a refinancing that were in effect in 2003. For example, a lender need not report data on an application received before January 1, 2004, for a dwelling-secured loan made for the purpose of home improvement, if the lender did not classify the loan as a home improvement loan. Similarly, a lender may report data on an application for a refinancing received in 2003, where the new obligation will be, but the existing obligation was not, secured by a lien on a dwelling.

iii. **Requests for preapproval.** For requests received before January 1, 2004, lenders need not report requests for preapproval (as that term is defined in § 203.2(b)(2) of the revised Regulation C) that do not result in a traditional loan application. Lenders may, at their option, report requests for preapproval that are denied or that are approved but not accepted. In addition, lenders need not specify whether an application for a home purchase loan involved a request for preapproval, and should use Code 3 (Not Applicable) in the preapproval field on the HMDA/LAR.

iv. **Applicant information.** For applications received before January 1, 2004, lenders must collect data on race or national origin using the categories in effect in 2003, and must convert the data to the codes in effect in

2004 for reporting, using the following conversion guide:

(A) **Ethnicity.** The revised Regulation C requires lenders to request an applicant's ethnicity first (Hispanic or Latino, Not Hispanic or Latino), and then to request the applicant's race. The HMDA/LAR has been revised accordingly, so that ethnicity and race are distinct fields.

(1) If the applicant's race was identified as Hispanic (Code 4) in 2003, use Code 1 (Hispanic or Latino) for reporting ethnicity.

(2) If the applicant's race was identified as American Indian or Alaskan Native, Asian or Pacific Islander, Black, White, Other, or Not Applicable (Codes 1, 2, 3, 5, 6, or 8) in 2003, use Code 4 (Not Applicable) for reporting ethnicity.

(3) If the applicant did not provide information on race in a mail, Internet, or telephone application (Code 7) in 2003, use Code 3 (information not provided by applicant in mail, Internet, or telephone application) for reporting ethnicity.

(B) **Race.**

(1) If the applicant's race was identified as American Indian or Alaskan

Appendix D  
Official Staff  
Commentary on  
Regulation C  
Effective  
January 1, 2004

- Native, Black, or White in 2003, use the corresponding code for 2004. For example, if the applicant's race was identified as Black (Code 3) in 2003, use Code 3 (Black or African-American) for reporting race in 2004.
- (2) If the applicant's race was identified as Asian or Pacific Islander in 2003, use Code 2 (Asian).
- (3) If the applicant's race was identified as Hispanic in 2003, use Code 7 (Not Applicable).
- (4) If the applicant's race was identified as Other in 2003, use Code 7 (Not Applicable).
- (5) If the applicant did not provide information on race in a mail, Internet, or telephone application (Code 7) in 2003, use Code 6 (Information not provided by applicant in mail, Internet, or telephone application).
- (6) If the applicant's race was identified as Not Applicable (Code 8) in 2003, use Code 7 (Not Applicable).
- (C) **Sex.** For applications received before January 1, 2004, in which there is no co-applicant, the lender may use Code 4 (Not Applicable) in the field provided for the co-applicant's sex.
- v. **Rate Spread.** For applications received before January 1, 2004, in which the rate lock occurred before January 1, 2004, lenders may report NA (Not Applicable) for rate spread. For applications received before January 1, 2004, for which the rate lock occurred after January 1, 2004, lenders must calculate and report the rate spread in accordance with the rules set forth in new section 202.4(a)(12) [read: 203.4 (a)(12)] (*see* 67 FR 7222 (Feb. 15, 2002); 67 FR 43223 (June 27, 2002)).
- (A) **Example:** Assume an application is received on December 1, 2003; the rate lock occurs on December 26, 2003, and the loan is originated on January 15, 2004. The lender may report NA (Not Applicable) for rate spread.
- (B) **Example:** Assume an application is received on December 15, 2003; the rate lock occurs on January 3, 2004, and the loan is originated on January 15, 2004. The lender must calculate and report the rate spread in accordance with the rules in new section 202.4(a)(12) [read: 203.4 (a)(12)] (*see* 67 FR 7222 (Feb. 15, 2002); (*see* 67 FR 7222 (Feb. 15, 2002); 67 FR 43223 (June 27, 2002)).
- 4(a)(1) Application number and application date.**
1. **Application date—consistency.** In reporting the date of application, an

---

institution reports the date the application was received or the date shown on the application. Although an institution need not choose the same approach for its entire HMDA submission, it should be generally consistent (such as by routinely using one approach within a particular division of the institution or for a category of loans).

2. **Application date—application forwarded by a broker.** For an application forwarded by a broker, an institution reports the date the application was received by the broker, the date the application was received by the institution, or the date shown on the application. Although an institution need not choose the same approach for its entire HMDA submission, it should be generally consistent (such as by routinely using one approach within a particular division of the institution or for a category of loans).
3. **Application date—reinstated application.** If, within the same calendar year, an applicant asks an institution to reinstate a counteroffer that the applicant previously did not accept (or asks the institution to reconsider an application that was denied, withdrawn, or closed for incompleteness), the institution may treat that request as the continuation of the earlier transaction or as a new transaction. If the institution treats the request for reinstatement or reconsideration as a new transaction, it reports the date of the request as the application date.
4. **Application or loan number.** An institution must ensure that each identifying number is unique within the institution. If an institution's register contains data for branch

offices, for example, the institution could use a letter or a numerical code to identify the loans or applications of different branches, or could assign a certain series of numbers to particular branches to avoid duplicate numbers. Institutions are strongly encouraged not to use the applicant's or borrower's name or social security number, for privacy reasons.

5. **Application—year action taken.** An institution must report an application in the calendar year in which the institution takes final action on the application.

#### **4(a)(3) Purpose.**

1. **Purpose—statement of applicant.** An institution may rely on the oral or written statement of an applicant regarding the proposed use of loan proceeds. For example, a lender could use a check-box, or a purpose line, on a loan application to determine whether or not the applicant intends to use loan proceeds for home improvement purposes.
2. **Purpose—multiple-purpose loan.** If a loan is a home purchase loan as well as a home improvement loan, or a refinancing, an institution reports the loan as a home purchase loan. If a loan is a home improvement loan as well as a refinancing, an institution reports the loan as a home improvement loan.

#### **4(a)(6) Occupancy.**

1. **Occupancy—multiple properties.** If a loan relates to multiple properties, the institution reports the owner-occupancy status of the property for which property location is being reported. (See the comments to paragraph 4(a)(9), Property location.)

**4(a)(7) Loan amount.**

1. **Loan amount—counteroffer.** If an applicant accepts a counteroffer for an amount different from the amount initially requested, the institution reports the loan amount granted. If an applicant does not accept a counteroffer or fails to respond, the institution reports the loan amount initially requested.
2. **Loan amount—multiple-purpose loan.** Except in the case of a home-equity line of credit, an institution reports the entire amount of the loan, even if only a part of the proceeds is intended for home purchase or home improvement.
3. **Loan amount—home-equity line.** An institution that has chosen to report home-equity lines of credit reports only the part that is intended for home-improvement or home-purchase purposes.
4. **Loan amount—assumption.** An institution that enters into a written agreement accepting a new party as the obligor on a loan reports the amount of the outstanding principal on the assumption as the loan amount.

**4(a)(8) Type of action taken and date.**

1. **Action taken—counteroffers.** If an institution makes a counteroffer to lend on terms different from the applicant's initial request (for example, for a shorter loan maturity or in a different amount) and the applicant does not accept the counteroffer or fails to respond, the institution reports the action taken as a denial on the original terms requested by the applicant.

2. **Action taken—rescinded transactions.** If a borrower rescinds a transaction after closing, the institution may report the transaction either as an origination or as an application that was approved but not accepted.
3. **Action taken—purchased loans.** An institution reports the loans that it purchased during the calendar year, and does not report the loans that it declined to purchase.
4. **Action taken—conditional approvals.** If an institution issues a loan approval subject to the applicant's meeting underwriting conditions (other than customary loan commitment or loan-closing conditions, such as a clear-title requirement or an acceptable property survey) and the applicant does not meet them, the institution reports the action taken as a denial.
5. **Action taken date—approved but not accepted.** For a loan approved by an institution but not accepted by the applicant, the institution reports any reasonable date, such as the approval date, the deadline for accepting the offer, or the date the file was closed. Although an institution need not choose the same approach for its entire HMDA submission, it should be generally consistent (such as by routinely using one approach within a particular division of the institution or for a category of loans).
6. **Action taken date—originations.** For loan originations, an institution generally reports the settlement or closing date. For loan originations that an institution acquires through a broker, the institution reports either the settlement or closing date, or the

---

date the institution acquired the loan from the broker. If the disbursement of funds takes place on a date later than the settlement or closing date, the institution may use the date of disbursement. For a construction/permanent loan, the institution reports either the settlement or closing date, or the date the loan converts to the permanent financing. Although an institution need not choose the same approach for its entire HMDA submission, it should be generally consistent (such as by routinely using one approach within a particular division of the institution or for a category of loans). Notwithstanding this flexibility regarding the use of the closing date in connection with reporting the date action was taken, the year in which an origination goes to closing is the year in which the institution must report the origination.

7. **Action taken—pending applications.** An institution does not report any loan application still pending at the end of the calendar year; it reports that application on its register for the year in which final action is taken.

#### 4(a)(9) Property location.

1. **Property location—multiple properties (home improvement/refinance of home improvement).** For a home improvement loan, an institution reports the property being improved. If more than one property is being improved, the institution reports the location of one of the properties or reports the loan using multiple entries on its HMDA/LAR (with unique identifiers) and allocating the loan amount among the properties.
2. **Property location—multiple proper-**

**ties (home purchase/refinance of home purchase).** For a home purchase loan, an institution reports the property taken as security. If an institution takes more than one property as security, the institution reports the location of the property being purchased if there is just one. If the loan is to purchase multiple properties and is secured by multiple properties, the institution reports the location of one of the properties or reports the loan using multiple entries on its HMDA/LAR (with unique identifiers) and allocating the loan amount among the properties.

3. **Property location—loans purchased from another institution.** The requirement to report the property location by census tract in a metropolitan area where the institution has a home or branch office applies not only to loan applications and originations but also to loans purchased from another institution. This includes loans purchased from an institution that did not have a home or branch office in that metropolitan area and did not collect the property-location information.

4. **Property location—mobile or manufactured home.** If information about the potential site of a mobile or manufactured home is not available, an institution reports using the code for “not applicable.”

#### 4(a)(10) Applicant and income data.

1. **Applicant data—completion by applicant.** An institution reports the monitoring information as provided by the applicant. For example, if an applicant checks the “Asian” box

- the institution reports using the “Asian” code.
2. **Applicant data—completion by lender.** If an applicant fails to provide the requested information for an application taken in person, the institution reports the data on the basis of visual observation or surname.
  3. **Applicant data—application completed in person.** When an applicant meets in person with a lender to complete an application that was begun by mail, Internet, or telephone, the institution must request the monitoring information. If the meeting occurs after the application process is complete, for example, at closing, the institution is not required to obtain monitoring information.
  4. **Applicant data—joint applicant.** A joint applicant may enter the government monitoring information on behalf of an absent joint applicant. If the information is not provided, the institution reports using the code for “information not provided by applicant in mail, Internet, or telephone application.”
  5. **Applicant data—video and other electronic-application processes.** An institution that accepts applications through electronic media with a video component treats the applications as taken in person and collects the information about the ethnicity, race, and sex of applicants. An institution that accepts applications through electronic media without a video component (for example, the Internet or facsimile) treats the applications as accepted by mail.
  6. **Income data—income relied on.** An institution reports the gross annual income relied on in evaluating the creditworthiness of applicants. For example, if an institution relies on an applicant’s salary to compute a debt-to-income ratio but also relies on the applicant’s annual bonus to evaluate creditworthiness, the institution reports the salary and the bonus to the extent relied upon. Similarly, if an institution relies on the income of a cosigner to evaluate creditworthiness, the institution includes this income to the extent relied upon. But an institution does not include the income of a guarantor who is only secondarily liable.
  7. **Income data—co-applicant.** If two persons jointly apply for a loan and both list income on the application, but the institution relies only on the income of one applicant in computing ratios and in evaluating creditworthiness, the institution reports only the income relied on.
  8. **Income data—loan to employee.** An institution may report “NA” in the income field for loans to its employees to protect their privacy, even though the institution relied on their income in making its credit decisions.
- 4(a)(11) Purchaser.**
1. **Type of purchaser—loan-participation interests sold to more than one entity.** An institution that originates a loan, and then sells it to more than one entity, reports the “type of purchaser” based on the entity purchasing the greatest interest, if any. If an institution retains a majority interest, it does not report the sale.
  2. **Type of purchaser-swapped loans.** Loans “swapped” for mortgage-

---

backed securities are to be treated as sales; the purchaser is the type of entity receiving the loans that are swapped.

**4(a)(12) Rate-spread information.**

1. ***Treasury securities of comparable maturity.*** To determine the yield on a Treasury security, lenders must use the table entitled “Treasury Securities of Comparable Maturity under Regulation C,” which will be published on the FFIEC’s web site (<http://www.ffiec.gov/hmda>) and made available in paper form upon request. This table will provide, for the 15th day of each month, Treasury security yields for every available loan maturity. The applicable Treasury yield date will depend on the date on which the financial institution set the interest rate on the loan for the final time before closing. See Appendix A, Paragraphs I.G.1. and 2.

**4(a)(14) Lien status.**

1. ***Determining lien status for applications and loans originated.***
  - i. Lenders are required to report lien status for loans they originate and applications that do not result in originations. Lien status is determined by reference to the best information readily available to the lender at the time final action is taken and to the lender’s own procedures. Thus, lenders may rely on the title search they routinely perform as part of their underwriting procedures—for example, for home purchase loans. Regulation C does not require lenders to perform title searches solely to comply with HMDA reporting requirements. Lenders may rely on other infor-

mation that is readily available to them at the time final action is taken and that they reasonably believe is accurate, such as the applicant’s statement on the application or the applicant’s credit report. For example, where the applicant indicates on the application that there is a mortgage on the property or where the applicant’s credit report shows that the applicant has a mortgage—and that mortgage is not going to be paid off as part of the transaction—the lender may assume that the loan it originates is secured by a subordinate lien. If the same application did not result in an origination—for example, because the application is denied or withdrawn—the lender would report the application as an application for a subordinate-lien loan.

- ii. Lenders may also consider their established procedures when determining lien status for applications that do not result in originations. For example, a consumer applies to a lender to refinance a \$100,000 first mortgage; the consumer also has a home-equity line of credit for \$20,000. If the lender’s practice in such a case is to ensure that it will have first-lien position—through a subordination agreement with the holder of the mortgage on the home-equity line—then the lender should report the application as an application for a first-lien loan.

**4(c)(3) Optional data—home-equity lines of credit.**

1. An institution that opts to report home-equity lines reports the dispo-

sition of all applications, not just originations.

#### 4(d) Excluded data.

1. **Mergers, purchases in bulk, and branch acquisitions.** If a covered institution acquires loans in bulk from another institution (for example, from the receiver for a failed institution) but no merger or acquisition of the institution, or acquisition of a branch, is involved, the institution reports the loans as purchased loans.

### Section 203.5—Disclosure and Reporting

#### 5(a) Reporting to agency.

1. **Submission of data.** Institutions submit data to their supervisory agencies in an automated, machine-readable form. The format must conform to that of the HMDA/LAR. An institution should contact its federal supervisory agency for information regarding procedures and technical specifications for automated data submission; in some cases, agencies also make software available for automated data submission. The data are edited before submission, using the edits included in the agency-supplied software or equivalent edits in software available from vendors or developed in-house.
2. **Submission in paper form.** Institutions that report twenty-five or fewer entries on their HMDA/LAR may collect and report the data in paper form. An institution that submits its register in nonautomated form sends two copies that are typed or computer printed and must use the format of the HMDA/LAR (but need not use the form itself). Each page must be numbered along with the

total number of pages (for example, "Page 1 of 3").

3. **Procedures for entering data.** The required data are entered in the register for each loan origination, each application acted on, and each loan purchased during the calendar year. The institution should decide on the procedure it wants to follow—for example, whether to begin entering the required data, when an application is received, or to wait until final action is taken (such as when a loan goes to closing or an application is denied).
4. **Options for collection.** An institution may collect data on separate registers at different branches, or on separate registers for different loan types (such as for home purchase or home improvement loans, or for loans on multifamily dwellings). Entries need not be grouped on the register by metropolitan area, or chronologically, or by census tract numbers, or in any other particular order.
5. **Change in supervisory agency.** If the supervisory agency for a covered institution changes (as a consequence of a merger or a change in the institution's charter, for example), the institution must report data to its new supervisory agency beginning with the year of the change.
6. **Subsidiaries.** An institution is a subsidiary of a bank or savings association (for purposes of reporting HMDA data to the parent's supervisory agency) if the bank or savings association holds or controls an ownership interest that is greater than 50 percent of the institution.

7. **Transmittal sheet—additional data submissions.** If an additional data submission becomes necessary (for example, because the institution discovers that data were omitted from the initial submission, or because revisions are called for, that submission must be accompanied by a transmittal sheet.
8. **Transmittal sheet—revisions or deletions.** If a data submission involves revisions or deletions of previously submitted data, it must state the total of all line entries contained in that submission, including both those representing revisions or deletions of previously submitted entries, and those that are being resubmitted unchanged or are being submitted for the first time. Depository institutions must provide a list of the metropolitan areas in which they have home or branch offices.

**5(b) Public disclosure of statement.**

1. **Business day.** For purposes of section 203.5, a business day is any calendar day other than a Saturday, Sunday, or legal public holiday.
2. **Format.** An institution may make the disclosure statement available in paper form or, if the person requesting the data agrees, in automated form (such as by PC diskette or CD-ROM).

**5(c) Public disclosure of modified loan/application register.**

1. **Format.** An institution may make the modified register available in paper or automated form (such as by PC diskette or computer tape). Although institutions are not required to make the modified register available in census tract order, they are strongly

encouraged to do so in order to enhance its utility to users.

**5(e) Notice of availability.**

1. **Poster—suggested text.** An institution may use any text that meets the requirements of the regulation. Some of the federal financial regulatory agencies and HUD provide HMDA posters that an institution can use to inform the public of the availability of its HMDA data, or the institution may create its own posters. If an institution prints its own, the following language is suggested but is not required:

HOME MORTGAGE DISCLOSURE  
ACT NOTICE

The HMDA data about our residential mortgage lending are available for review. The data show geographic distribution of loans and applications; ethnicity, race, sex, and income of applicants and borrowers; and information about loan approvals and denials. Inquire at this office regarding the locations where HMDA data may be inspected.

2. **Additional language for institutions making the disclosure statement available on request.** An institution that posts a notice informing the public of the address to which a request should be sent could include the following sentence, for example, in its general notice: "To receive a copy of these data send a written request to [address]."

**Section 203.6—Enforcement**

**6(b) Bona fide errors.**

1. **Bona fide error—information from third parties.** An institution that

---

Commentary on  
Regulation C  
Effective  
January 1, 2004

obtains the property-location information for applications and loans from third parties (such as appraisers or vendors of "geocoding" services) is responsible for ensuring that the information reported on its HMDA/LAR is correct.

(d) Notwithstanding the provisions of subsection (a)(1), data required to be disclosed under this section for 1980 and thereafter shall be disclosed for each calendar year. Any depository institution which is required to make disclosures under this section but which has been making disclosures on some basis other than a calendar year basis shall make available a separate disclosure statement containing data for any period prior to calendar year 1980 which is not covered by the last full year report prior to the 1980 calendar year report.

(e) Subject to subsection (h), the Board shall prescribe a standard format for the disclosures required under this section.

(f) The Federal Financial Institutions Examination Council in consultation with the Secretary, shall implement a system to facilitate access to data required to be disclosed under this section. Such system shall include arrangements for a central depository of data in each primary metropolitan statistical area, metropolitan statistical area, or consolidated metropolitan statistical area that is not comprised of designated primary metropolitan statistical areas. These regulations shall also require the collection of data required to be disclosed under subsection (b)(4) with respect to loans sold by each institution reporting under this title, and, in addition, shall require disclosure of the class of the purchaser of such loans. Any reporting institution may submit in writing to the appropriate agency such additional data or explanations as it deems relevant to the decision to originate or purchase mortgage loans.

(C) It is the sense of the Congress that a depository institution should provide loan register information under this section in a format based on the census tract in which the property is located.

(3) A depository institution meets the disclosure requirement of paragraph (1) if the institution provides the information required under such paragraph in the form in which the institution maintains such information.

(4) Any depository institution which provides information under this subsection may impose a reasonable fee for any cost incurred in reproducing such information.

(5) The disclosure of the loan application register information described in paragraph (1) for any year pursuant to a request under paragraph (1) shall be made—

(B) Not later than 15 days after the receipt of a written request for any information required to be compiled under subsection (a), the home office of the depository institution receiving the request shall provide the information pertinent to the location of the branch in question to the person requesting the information.

(2) In complying with paragraph (1), a depository institution shall, in the sole discretion of the institution, provide the person requesting the information with—

### Section 306—Relation to State Laws

(a) This title does not annul, alter, or affect, or exempt any State-chartered depository institution subject to the provisions of this title from complying with the laws of any state or subdivision thereof with respect to public disclosure and recordkeeping by depository institutions, except to the extent that those laws are inconsistent with any provision of this title, and then only to the extent of the inconsistency. The Board is authorized to determine whether such inconsistencies exist. The Board may not determine that any such law is inconsistent with any provision of this title if the Board determines that such law requires the maintenance of records with greater geographic or other detail than is required under this title, or that such law otherwise provides greater disclosure than is required under this title.

(b) The Board may by regulation exempt from the requirements of this title any state-chartered depository institution within any state or subdivision thereof if it determines that, under the law of such state or subdivision, that institution is subject to requirements substantially similar to those imposed under this title, and that such law contains adequate provisions for enforcement. Notwithstanding any other provision of this subsection, compliance with the requirements imposed under this subsection shall be enforced under—

(1) section 8 of the Federal Deposit Insurance Act in the case of national banks, by the Comptroller of the Currency; and

(2) section 8 of the Federal Deposit

### Section 309—Effective Date

(a) In general. This title shall take effect on the one hundred and eightieth day beginning after the date of its enactment. Any institution specified in section 303(2)(A) which has total assets as of its last full fiscal year of \$10,000,000 or less is exempt from the provisions of this title. (2) The first adjustment made under paragraph (1) after the date of the

enactment of the Economic Growth and Regulatory Paperwork Reduction Act of 1996 shall be the percentage by which—

(B) such Consumer Price Index for the calendar year 1975.

(3) The dollar amount applicable under paragraph (1) for any calendar year shall be the amount determined in accordance with subparagraphs (A) and (B) of paragraph (2) and rounded to the nearest multiple of \$1,000,000.

[12 USC 2809. As added by act of Oct. 8, 1980 (94 Stat. 1658) and amended by act of Nov. 30, 1983 (97 Stat. 1266).]

### Section 311—Disclosure by the Secretary

Beginning with data for calendar year 1980, the Secretary shall make publicly available data in the Secretary's possession for each mortgagee which is not otherwise subject to the requirements of this title and which is not exempt pursuant to section 306(b) (and for each mortgagee making mortgage loans exempted under section 304(g)), with respect to mortgage loans approved (or for which completed applications are received) by the Secretary for insurance under title I or II of the National Housing Act. Such data to be disclosed shall

## Appendix F

### State and County Codes and MSA/MD Numbers

For use beginning with 2004 data collection

This appendix contains the information you will need to identify state and county codes and metropolitan statistical area/metropolitan division numbers.

The states are listed alphabetically and, under each state, every county in the state is listed alphabetically. State codes appear in parentheses after state names; county codes appear in parentheses after county names. Counties with populations of 30,000 or less are denoted with an asterisk (\*). For properties in those counties, you have the option to report "NA" in the census tract field even if you are a CRA data reporter. See Appendix A, I.C.3.

Next to each county in a metropolitan statistical area (MSA) appears the number of the MSA, as announced by the Office of Management and Budget (OMB) on June 6, 2003, or thereafter. Eleven MSAs having a single core with a population of 2.5 million or more (Boston, Chicago, Dallas, Detroit, Los Angeles, Miami, New York, Philadelphia, San Francisco, Seattle, and Washington) were subdivided into metropolitan divisions (MDs). For any county in an MD, the MD number is shown below instead of the MSA number. The MD number, not the MSA number, should be entered in the MSA/MD column.

The list also includes counties located in non-metropolitan areas. In those cases, report "NA" in the MSA/MD column.

Note that properties located in the following U.S. Territories are not HMDA reportable, and therefore, are excluded from the listing: American Samoa, Guam, Northern Mariana Islands, and the Virgin Islands.
