Comments:

Great! Finally! I am a 53 year old male. FICO of 720+ yet Capitol One increased my rate from 4.99% to 9.99% . I dropped them. The turn around time for all of our cards is horrible. Oh When I reviewe my credit reports and noted I had closed the Capitol One Card. When they checked Capitol One said it is stil active. Never got closed by consumer letter from the credit card. REGULATE THEM!!!
