

Thrift Savings Plan BULLETIN for Agency TSP Representatives

Subject: 2008 Spring Poster — “Here’s to Your Health and Your Wealth”

Date: April 24, 2008

In the past, the Thrift Savings Plan (TSP) has issued posters and other materials which could be used by the agencies and uniformed services to promote the TSP and encourage informed participation.

We are pleased to announce the publication of TSP’s Spring poster [“Here’s to Your Health and Your Wealth.”](#) It features healthy food items and savings imagery that will encourage participants to take a healthy attitude towards savings for retirement. The poster does not have an expiration date and can be displayed throughout the summer or until the Fall poster is distributed.

TSP will be issuing a supply of posters to all agency and service central distribution points; the posters will be arriving shortly. (The poster does not have a stock number, but shows the version date.) An electronic version of the poster is attached to this bulletin and is also available on the TSP Web site. Additional promotional materials can also be found on our web site. For example, the leaflet “Start on the Right Track” targets new hires and the leaflet “You’re here for us today...We’ll be there for you tomorrow” was specifically designed for the uniformed services. Please contact your authorized agency representative to order print versions of these materials. Materials cannot be ordered directly from the TSP.

Please display the posters in highly visible areas, such as employee lounges, hallways, cafeterias, etc. Even though employees may now join the TSP or change their elections at any time, it is important to remind them to periodically think about their TSP investments and the impact of their savings decisions on their future retirement security. The posters are an easy way to remind them.

A handwritten signature in cursive script that reads "Pamela-Jeanne Moran".

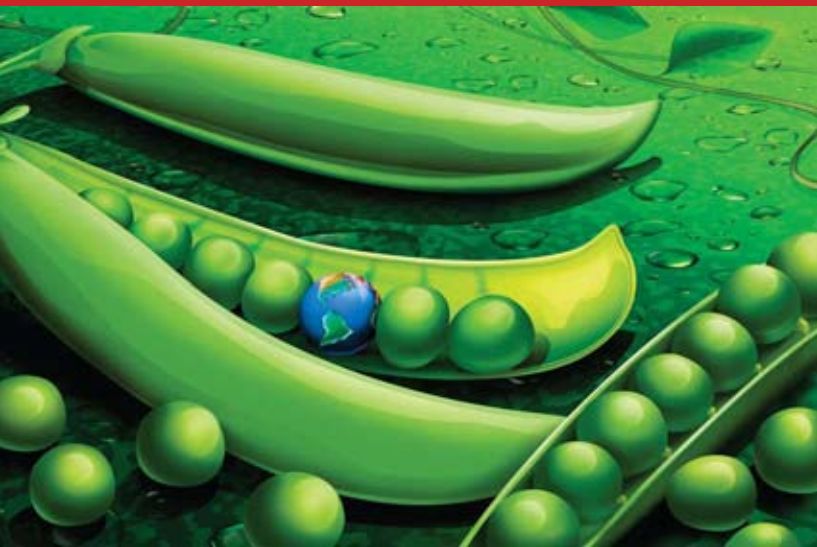

PAMELA-JEANNE MORAN
Director
Office of Participant Services
