MEMORANDUM FOR SEE DISTRIBUTION

SUBJECT: Appointment of Assistant Deputy Under Secretary's of Defense within AT&L

I'm pleased to announce the establishment of two new positions within the Office of Business Transformation. The first is the Assistant Deputy Under Secretary of Defense for Business Integration (ADUSD (BI)). Ms. Elizabeth McGrath will fill this position. The second is the Assistant Deputy Under Secretary of Defense for Strategic Sourcing and Acquisition Processes (ADUSD(SS&AP)). Mr. Mark Krzysko will fill this position.

Ms. McGrath will serve as the advisor and assistant on all issues regarding establishment of the Business Transformation Agency (BTA) and its relationship with the Principal Staff Assistants (PSA) within the Office of the Secretary of Defense (OSD). She will work directly with PSA organizations within OSD to ensure that appropriate support relationships are established between the BTA and the PSAs. The ADUSD (BI) will directly establish and oversee administrative support of the BTA, working with the BTA operations office to ensure budgetary, contract management, human resource management, and agency support functions operate using best industry and government practices. ADUSD (BI) will also facilitate the cooperative management of the BTA between the DUSD (BT) and DUSD (FM).

Mr. Krzysko will serve on the staff as AT&L's advisor on matters relating to acquisition and sourcing processes and initiatives across the Department of Defense. He will serve as the focal point linking the functional communities of DoD's Business Mission Area for specific strategic initiatives. This includes coalescing ongoing efforts throughout AT&L offices and engaging federal agencies to leverage, develop, and implement cohesive strategies for sourcing and acquisition that connect appropriately with federal level initiatives.

Mr. Krzysko will also support the Office of Management and Budget (OMB) & Office of Federal Procurement Policy (OFPP) as they establish federal direction for strategic sourcing. He will ensure the offices of the Deputy Under Secretary for Acquisition and Technology, Director, Acquisition Resources and Analysis, and Director, Defense Procurement and Acquisition Policy are aligned into a cohesive effort. He will also

provide advice and counsel to AT&L PSAs regarding formulation and development of policy that accelerates the integration of processes and systems to achieve an enterprise focused sourcing environment.

Both of these appointments are effective immediately.

Paul A. Brinkley
