

**WORLDWIDE  
SCIENCE.ORG**

*[www.WorldWideScience.org](http://www.WorldWideScience.org)*

**Making the world's  
science readily available  
to researchers and  
citizens everywhere**

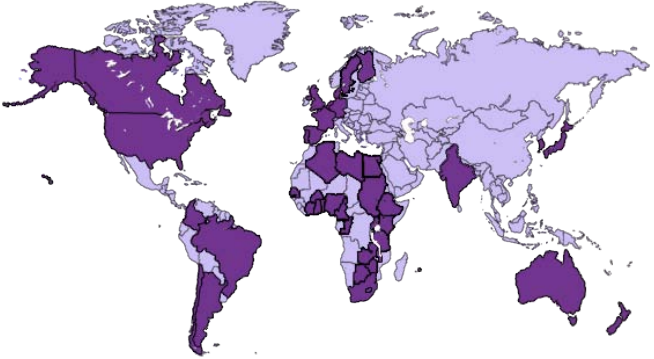

**WorldWideScience.org**

*www.WorldWideScience.org*

**Search over 200 million pages** of important science information across every inhabited continent with just one query!

**Explore a multitude of science sources** not readily available through any other search engine!

*“This international partnership will open this vast reservoir of knowledge in a rapid and convenient manner, something that will add great value to our existing knowledge.”*

–Dr. Raymond L. Orbach

U.S. Department of Energy Under Secretary for Science

These federated search tools dive into the deep Web to get the science information you need:

- **Science Accelerator** – DOE science research ([www.ScienceAccelerator.gov](http://www.ScienceAccelerator.gov))
- **Science.gov** – U.S. federal science research ([www.Science.gov](http://www.Science.gov))
- **WorldWideScience.org** – Global science research ([www.WorldWideScience.org](http://www.WorldWideScience.org))
