

reasonably fulfill its purpose of providing U.S. forces with reliable, effective, and efficient long-range detection of new-generation, quiet submarines, while the geographic restrictions and monitoring mitigation requirements constitute all practical means to avoid or minimize environmental harm from the alternative selected. In addition, this decision and implementation of this alternative provide for continued long-term monitoring and research, which will further enhance the understanding of the potential effects of anthropogenic sounds on the marine environment.

Actions requiring issuance of NMFS Letter(s) of Authorization (LOA[s]) are being addressed through NMFS rulemaking under 50 CFR part 216 and the Final Rule (**Federal Register**, 16 July 2002). Actions requiring issuance of incidental take statements (ITS[s]) are being addressed as part of the NMFS Biological Opinion on the U.S. Navy's proposed use of SURTASS LFA Sonar that has been prepared by NMFS in accordance with section 7 of the Endangered Species Act (ESA) of 1973, as amended (16 U.S.C. 1531 *et seq.*) (Consultation No. F/FPR/2000/00483, dated 30 May 2002).

Operational employment of the SURTASS LFA sonar system onboard the R/V Cory Chouest is contingent upon issuance of a LOA for that system, which the Navy anticipates being issued with an effective date of 15 August 2002 (30 days after the Final Rule is published in the **Federal Register**), in specific bio-geographic provinces approved for operations. Operational employment is also contingent upon issuance of an ITS concurrent with the above LOA and for the same specified bio-geographic provinces.

Operational employment of the second SURTASS LFA sonar system is contingent upon issuance of a LOA and ITS for that system, in specified bio-geographic provinces approved for operation. The LOA and ITS for this system will be requested by the Navy in accordance with the above regulations when appropriate.

Dated: July 16, 2002.

Donald R. Schregardus,

*Deputy Assistant Secretary of the Navy,
(Environment).*

DEPARTMENT OF EDUCATION

Notice of Proposed Information Collection Requests

AGENCY: Department of Education.

SUMMARY: The Acting Leader, Regulatory Information Management Group, Office of the Chief Information Officer, invites comments on the proposed information collection requests as required by the Paperwork Reduction Act of 1995.

DATES: Interested persons are invited to submit comments on or before September 23, 2002.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The Acting Leader, Regulatory Information Management Group, Office of the Chief Information Officer, publishes that notice containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g. new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Recordkeeping burden. OMB invites public comment.

The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology.

Dated: July 17, 2002.

William Burrow,

Acting Leader, Regulatory Information Management, Office of the Chief Information Officer.

Abstract: The Early Childhood Longitudinal Study, Birth Cohort (ECLS-B) is a nationally representative longitudinal study of children born in the year 2001. The 24 month followup represents the second round of data collection for members of this cohort. Children are assessed using state of the art assessment tools, parents are interviewed as well as child care providers. Together with the Kindergarten component of this early childhood studies program, the survey informs the research and general community about children's health, early learning, development and education experiences. The focus of this survey is on characteristics of children and their families that influence children's first experiences with the demands of formal schools as well as early health care and in- and out-of-home experiences.
