

OUR GOALS

creating **our future**

- Ⓞ Make safety and security integral to every activity we do
- Ⓞ Implement an information security system that reduces risk while providing exemplary service and productivity
- Ⓞ Establish excellence in environmental stewardship
- Ⓞ Assess the safety, reliability, and performance of LANL weapons systems
- Ⓞ Transform the Laboratory and the nation's nuclear weapons stockpile to achieve the 2030 vision, in partnership with the Complex
- Ⓞ Leverage our science & technology advantage to anticipate, counter, and defeat global threats and meet national priorities, including energy security
- Ⓞ Be the premier national security science laboratory and realize our vision for a capabilities-based organization
- Ⓞ Provide efficient, responsive, and secure infrastructure and disciplined operations that effectively support the Laboratory mission and its workforce
- Ⓞ Implement a performance-based management system that drives mission and operational excellence
- Ⓞ Deliver improved business processes, systems, and tools that meet the needs of our employees, reduce the cost of doing business, and improve the Laboratory's mission performance
- Ⓞ Communicate effectively with our employees, customers, community, stakeholders, and the public at large
- Ⓞ Develop employees and create a work environment to achieve employee and Laboratory success

“We will anticipate, innovate, and deliver science that matters.”
