

DEPARTMENT OF EDUCATION**Privacy Act of 1974; Computer Matching Program**

AGENCY: Department of Education.

ACTION: Notice of computer matching between the U.S. Department of Education and the Administration for Children and Families (ACF) Department of Health and Human Services (HHS) Office of Child Support Enforcement (OCSE).

SUMMARY: Pursuant to the Computer Matching and Privacy Protection Act of 1988 and the Office of Management and Budget (OMB) Guidelines on the Conduct of Matching Programs, this document gives notice of a computer matching program between the U.S. Department of Education (ED), and the Administration for Children and Families/Department of Health and Human Services/Office of Child Support Enforcement (OCSE).

Background

The Data Integrity Boards of OCSE and ED will approve a new computer matching agreement between the two agencies, effective as indicated in paragraph six of this notice. In accordance with the Privacy Act of 1974 (5 U.S.C. 552a), as amended by the Computer Matching and Privacy Protection Act of 1988 (Pub. L. 100-503), the Office of Management and Budget (OMB) Final Guidelines on the Conduct of Matching Programs (see 54 FR 25818, June 19, 1989), and OMB Circular A-130, we provide the following information:

1. *Participating Agencies.*

U.S. Department of Education (ED), recipient agency.

Administration for Children and Families/Department of Health and Human Services/Office of Child Support Enforcement (OCSE), source agency.

2. *Purpose of Match.*

The purpose of the match is to obtain address information on individuals who owe funds to the Federal Government under defaulted student loans or grant overpayments. ED will use this information to initiate independent collection of these debts under the provisions of the Debt Collection Act of 1982 when voluntary payment is not forthcoming. For individuals whose annual salary exceeds \$16,000, these collection efforts will include requests by ED of the employing entity to apply administrative and/or salary offset procedures until such time as the obligation is paid in full.

3. *Authority for Conducting the Match.*

The legal authority for conducting this match is contained in the Social Security Act (42 U.S.C. 653(j)) as amended (Pub.L. 106-113).

4. *Records and Individuals Covered by the Match.*

The systems of records maintained by the respective agencies under the Privacy Act of 1974, as amended, 5 U.S.C. 552a, from which records will be disclosed for the purpose of this computer match are as follows:

ED: 18-11-07 Student Financial Assistance Collection Files.

OCSE: 09-90-0074 the National Directory of New Hires (NDNH).

5. *Description of computer matching program.*

ED administers student financial assistance programs under the Higher Education Act of 1965 (HEA). OCSE maintains a database that consists of three separate components. The first component, the W4 table, contains all newly hired employees as reported from the State Directory of New Hires (SDNH) and directly from federal agencies. Component two, the QW table, contains quarterly wage information on individual employees, as received from federal agencies and states. The final component, the UI table, contains, unemployment insurance information of individuals who have received, or made application for, unemployment benefits, as reported by State Employment Security Agency or other State agencies responsible for the implementation of the Unemployment Insurance Program.

This matching agreement between ED and OCSE will assist ED in locating and collecting funds from delinquent debtors. The identifying elements that the two agencies will match are as follows:

ED: Names and SSNs of delinquent debtors.

OCSE: Names and SSNs of all newly hired employees and individuals who have received, or made application for, unemployment benefits.

OCSE will perform the computer match using all nine digits of the social security number (SSN) of the ED file against the OCSE computer database. OCSE will produce a file containing the name, SSN, current home address, employer and employer's address for each individual identified, based on the match. The file of matches will be returned to ED.

ED is responsible for verifying and determining that the data on the NDNH reply file is consistent with ED's source file and for resolving any discrepancies or inconsistencies on an individual basis. ED will also be responsible for making final determinations as to positive identification, amount of

indebtedness and recovery efforts, as a result of the match.

6. *Inclusive Dates of the Matching Program.*

The matching program will become effective 40 days after a copy of the agreement, as approved by the Data Integrity Board of each agency, is sent to Congress and OMB (or later if OMB objects to some or all of the agreement), or October 10, 2000, whichever date is later. The matching program will continue for 18 months after the effective date and may be extended for an additional 12 months thereafter, if the conditions specified in 5 U.S.C. 552a(o)(2)(D) have been met.

7. *Address for Receipt of Comments or Inquiries.*

If you wish to comment on this matching program or obtain additional information about the program including a copy of the computer matching agreement between ED and OCSE, contact Marian Currie, U.S. Department of Education, 400 Maryland Avenue, SW., room 5614, ROB-3, Washington, DC 20202-5400, telephone: (202) 708-4766; or, as a secondary contact: Adara L. Walton, 400 Maryland Avenue, SW., room 5614, ROB-3, Washington, DC 20202-5420, telephone: (202) 260-1852. If you use a telecommunications device for the deaf (TDD), you may call the Federal Information Relay Service (FIRS) at 1-800-877-8339.

During and after the comment period, you may inspect all public comments about this matching program in room 5614, Regional Office Building 3, Seventh and D Streets, SW., Washington, DC, between the hours of 8:30 a.m. and 4:00 p.m., Eastern time, Monday through Friday of each week except Federal holidays.

Assistance to Individuals With Disabilities in Reviewing the Comments

On request, we will supply an appropriate aid, such as a reader or print magnifier, to an individual with a disability who needs assistance to review the comments or other documents in the public record for this notice. If you want to schedule an appointment for this type of aid, you may call (202) 205-8113 or (202) 260-9895. If you use a TDD, you may call the Federal Information Relay Service at 1-800-877-8339.

Individuals with disabilities may obtain this document in an alternate format (e.g., Braille, large print, audiotape, or computer diskette) on request to the contact person listed in the preceding paragraph.

DEPARTMENT OF ENERGY**Department of Energy Draft Depleted Uranium Hexafluoride Materials Use Roadmap**

AGENCY: Office of Nuclear Energy, Science and Technology, Department of Energy.

ACTION: Notice of availability.

SUMMARY: The Department of Energy (DOE) has issued a draft Roadmap that it intends to use to guide any future research and development (R&D) activities for the materials associated with its depleted uranium hexafluoride (DUF₆) inventory and certain other depleted uranium. On August 2, 1999, DOE issued a Record of Decision (ROD) for Long-Term Management and Use of Depleted Uranium Hexafluoride. This ROD indicated that DOE has decided to promptly convert the DUF₆ inventory to a more chemically stable form. DOE is committed to conducting a program to effect this conversion as rapidly as is practical. In addition, DOE plans a parallel effort to conduct appropriate R&D to assure the most effective disposition of the converted depleted uranium product. This activity will include appropriate investments in the exploration of potential beneficial use of

the DU and other materials resulting from the conversion of the DUF₆, *i.e.*, fluorine and empty carbon steel storage cylinders, to achieve cost savings to the Government, contrasted to simply disposing of the materials. However, the Government will also carry out research activities necessary to assure the direct disposal of these materials if cost-effective and realistic beneficial uses are not found.

The Roadmap characterizes and analyzes paths for the eventual disposition of these materials, identifies the barriers that exist for those paths, and proposes research, development, and other activities in order to eliminate such barriers. The Roadmap also addresses other surplus depleted uranium, primarily in the form of DU trioxide and DU tetrafluoride.

DOE invites all interested parties to review the draft Roadmap and to submit comments. The draft Depleted Uranium Hexafluoride Materials Use Roadmap is available for downloading via the Internet at www.nuclear.gov.

DATES: Comments on the draft Roadmap will be accepted during a public comment period that ends on October 20, 2000. DOE will consider comments received after this date to the extent practicable.

ADDRESSES: Written comments, requests for further information, or requests for copies of the document may be submitted over the Internet by sending them to DUF6.comments@hq.doe.gov. Please annotate the message subject as dealing with the DUF₆ Materials Use Roadmap. Anyone without Internet access can request a hard copy of the Roadmap and/or submit comments by sending a fax with name and address to (301) 903-4905 or sending a card or letter to the Depleted Uranium Hexafluoride Management Program (NE-30), U.S. Department of Energy, 19901 Germantown Road, Germantown, MD 20874.

FOR FURTHER INFORMATION CONTACT: Mr. Robert R. Price, U.S. Department of Energy, Office of Nuclear Energy, Science and Technology, 19901 Germantown Road, Germantown, MD 20874. Telephone 301/903-9527, Facsimile 301/903-4905.

SUPPLEMENTARY INFORMATION:**Background**

On July 6, 1999, DOE issued the Final Plan for the Conversion of Depleted Uranium Hexafluoride as required by Public Law 105-204. In that final plan, DOE committed to develop a Depleted Uranium Hexafluoride Materials Use Roadmap in order to establish a corporate plan for the application of

DUF₆ and DUF₆-derived materials that will focus on potential Governmental uses of DUF₆ but will also incorporate limited analysis of established uses of DUF₆-derived materials in the private sector. This commitment supports the preferred alternative presented in the Final Programmatic Environmental Impact Statement for Alternative Strategies for the Long-Term Management and Use of Depleted Uranium Hexafluoride, DOE/EIS-0269, namely, to begin conversion of the DUF₆ inventory as soon as possible, either to uranium oxide, uranium metal, or a combination of both, while allowing for future uses of as much of this inventory as possible.

Issued in Washington, DC, August 31, 2000.

Director, Office of Nuclear Energy, Science and Technology.

DEPARTMENT OF ENERGY**Federal Energy Regulatory Commission**

[Docket No. RP00-507-000]

ANR Pipeline Company; Notice of Proposed Changes in FERC Gas Tariff

August 31, 2000.

Take notice that on August 25, 2000, ANR Pipeline Company (ANR) tendered for filing as part of its FERC Gas Tariff, Second Revised Volume No. 1, the following revised tariff sheet, to be effective September 25, 2000.

First Revised Sheet No. 101A

ANR states that this filing is made in compliance with the Commission's Order dated July 26, 2000 in the captioned proceeding.

ANR states that copies of the filing have been mailed to all affected customers and state regulatory commissions.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Sections 385.214 or 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed in accordance with Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party
