Food & Drug Administration
Re Docket # 98N-1265

JUL 30 10:37

In its present form the MOU
as well as the Compounding
Section 503B of the Modernization
act severely restricts the right
of physicians & patients to
obtain healthcare products
from the provider of their
choice & infringes on the
right of compounding pharmacists
to serve the public medical
needs.

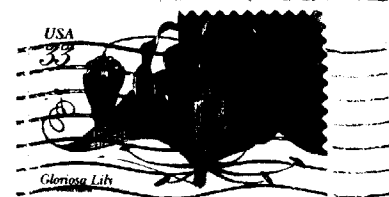

I have shown my doctor
for the very reason that
he can prescribe compounded
prescriptions not necessarily
what the average doctor
is prescribing.

has improved and my osteoporosis
stopped a new bone deposited.
I want him to have the
right to treat me in the
manner he deems the
best way
