Re Docket # 98P-0151/CP1

Please grant this petition to
prohibit the slaughter of downed animals.

Not only is it completely inhumane
and cruel to force sick or injured
animals into mobility but their
meat in the human part of the food
chain is dangerous to human health.
Schools should not be expected to place
contaminated food before children,
after all, these poor creatures are only
a small segment of the animals used
and should be humanely euthanized.

Sincerely,

Barbara C. Anderlik
