Re: Docket Number 98P-0151/CP1

To Whom it may concern:

It is well documented that the use (and abuse) of downed animals caused trouble suffering to living creatures and endangers the health of both animal and human meat eaters.

We urge that, as a public service and a humane action you grant the Farm Sanctuary's petition to prohibit the slaughter of downed animals.

More humane handling of those not yet downed would also be appreciated.
