Jane Henney, M. D. Commissioner
Food and Drug Administration
5200 Fishers Lane Room 1471
Rockville, MD 20857

Dear Ms. Henney:

I write to share my concern about what The Centers for Disease Control and Prevention considers an overuse of antibiotics in animal agriculture causing an antibiotic resistance in food-borne bacteria. I urge the Food and Drug Administration to ban the use of human antibiotics to make livestock grow faster.

Yours truly,
Leta Willhouse
