

Re: Antibiotics to promote
animal growth -

Dec. 21, 2000

The Centers for Disease Control & Prevention
The European Union
The World Health Organization

All agree that antibiotics, which ~~play~~ ~~have~~ ~~a~~ ~~role~~
in medicine, should not be used to promote
animal growth, because bacteria quickly
develop resistance to these drugs.

Please, ban this usage in the U.S. now!

Very truly yours,

Wacoum Cordale, 15 Orchard Ln, Winstown
